The interior of your Thunderbird can sometimes be more difficult to restore and care for than the exterior. For that reason, the interior portion of your restoration project is crucial and will usually need for the most attention.

Because you are paying this much attention to detail you don't have the time to worry about upholstery that doesn't match in color, vinyl that doesn't have the right grain, or stitching that is not straight and uniform. Getting the correct upholstery items the first time around saves heartache, headaches, and money in the long run.

There is an ultimate benefit in restoring your Thunderbird's interior correctly-increased value of your car! A properly restored interior not only looks good but it can make you money too. It adds untold dollars to the resale value of your vehicle.

At Larry's we offer only concours-quality upholstery, made from the finest materials available to you.

There really is more to the construction of quality upholstery than meets the eyes, but with features like these and a surefire guarantee going into each piece, you can be assured that your interior will be first-class. Your reward will be your own satisfaction from doing the job right as well as the admiration of everyone who sees your restored Thunderbird.

# Upholstery Trim Kits

## The Most Economical Way to Purchase Your Upholstery!

Wouldn't you rather spend that time working on your car? Our Upholstery Trim Kits will save you time, money, and the inevitable 'forgetting things that I needed' syndrome!

**Each Upholstery Trim Kits Includes: Door Panels, Kick panels, Quarter Trim Panels & Rear Arm Rest Covers.**

## "For Owners and Lovers of Ford Thunderbirds 1955 - Present"

### The Pride of Ownership

As an owner or fan of a 1955-newer Thunderbird, you already know about the qualities that make it special— Styling, Power, Prestige... Things that others take notice of. These timeless, classic qualities add up to a thrilling package that others clamor to have. Nostalgia, Excitement, Pride of Ownership— things you have in common with a group that shares the same love for the four-seat Thunderbird.

Stabilizer Bars (Sway Bar) are an integral component of your Thunderbird's suspension system, providing increased handling and safety during most driving conditions. Larry's Stabilizer Bar Kits include all necessary bushings and hardware for easy installation. To optimize your suspension system restoration, you will want to install front and rear stabilizer bars, keeping your Thunderbird 'flat' during normal cornering. ## Surf City Garage Products That Offer The Ultimate Show Finish!

### Killer Chrome Perfect Polish

If you've ever dealt with tarnished chrome, you know it's ugly and hard to polish. Killer Chrome makes it easy. Chrome, aluminum, stainless and even brass, this stuff is Enthusiast Grade and can do it all. Its non-abrasive chemical formula means you can use it repeatedly to remove surface rust and oxidation with no fear of damage to your chrome or metal, unlike abrasive metal cleaners that can lead to expensive re-plating. It also works twice as fast as other polishes whether you apply it by hand or machine. Safely get rid of tarnish and get a killer mirror finish with Killer Chrome.

### Code Red Active Wheel Cleaner

Use Speed Demon on your dusty car and your jaw will drop. It's not magic, but using it is the closest you'll get to being a magician. Spray it on the surface, glass and chrome between wax sessions to keep your car looking brilliant. Dusty car? Doesn't matter. Dust particles are suspended so they never touch the surface, ever. It gives your car a brilliant shine, blocks contaminants and UV rays, has no buildup, no streaks and lasts three times longer than other spray detailers (thanks to high levels of #1 Carnauba wax). Take a deep breath, read that again, and go impress your friends with Speed Demon.

TCC 32.....12.99

### Beyond Black Tire Pro

What goes best with clean shiny wheels? Tires that look brand new. Nothing else helps your ride look its best more than clean wheels and tires, so use Beyond Black tire dressing. It's got a no sling, no gel formula. No thick, glossy look here. Beyond Black puts that straight-off-the-showroom-floor shine on your tires. It even helps extend their life and protect them from UV rays. What could be better? Oh yeah - it lasts for weeks.

TCC 33.....10.95

### Barrier Reef Carnauba Spray Wax

The deepest gloss. The easiest to use. Just two of the reasons that Barrier Reef has become the best-selling wax in the Enthusiast Market. But there's much more. It also provides the longest-lasting paint protection and is hand blended with the world's best Brazilian Carnauba for that deep, wet, reach-in-and-touch-the-paint-gloss. Try Barrier Reef just once and we guarantee you'll never use another wax on your ride.

TCC 34.....10.95

### Barrier Reef Carnauba Paste Wax Kit - applicator and towel

Detailing purists and enthusiasts obsessed with durability, incredible gloss and unparalleled beading ability have exclusively used paste wax for years. But even the most expensive paste waxes have well-earned reputations for being difficult to work with. Barrier Reef has finally changed all that and made the paste wax experience what it was meant to be. Starting with the best Carnauba in the world from the Brazilian rainforests, we added cutting edge advanced polymers and custom-blended the world's best paste wax,

one that improves on Mother Nature herself. It's not only the easiest-to-use paste wax on the planet, but it also creates a mile-deep gloss that looks like a reflecting pool of color.

### Black Max Vinyl, Rubber, & Trim Dressing

Got cloudy gray trim, but want the black back? Black Max here to save the day. Vinyl, rubber and plastic will look showroom new in minutes, no matter what color they are. Finally, a dressing that's a cream so it stays on the car, not dripping to the ground. Black Max contains powerful UV blockers to stop or prevent bleaching and cracking from the sun. The finish isn't greasy or glossy, so you get a perfect factory-new look. You don't have to apply this stuff often because it lasts through dozens of washes and even rain.

TCC 36.....11.95

### Top End Convertible Cleaner & Protectant

Ride with your convertible top down in the dead of winter to hide the stiff and dirty material? Or is it new and needs protection? Make it soft and supple with Top End, a cleaner, protectant and conditioner all in one single product. 100% safe on vinyl, canvas or fabric, Top End cleans stains and mildew, repels dirt and dust, protects against UV rays and extends the life of your top. Works great on vinyl/tonneau bed covers too. Use it regularly to prevent the stiffness that many convertibles are plagued with. Use Top End and you'll wish you could keep your top on even in nice weather just to show it off.

TCC 37.....9.95

### Black Edge Detailer

When it comes to your car's interior, nothing beats new leather - it's clean, soft and smooth, and it smells amazing. To maintain that original look and feel, you need to be sure to not only remove contaminants and grime, but also condition the leather. Voodoo Blend Leather Cleaner & Conditioner is an all-in-one formula that provides your leather with the best treatment possible. It removes all of the dirt and grime from leather first and, just like our Voodoo Blend Leather Rejuvenator, conditions and rejuvenates.

TCC 38.....12.95

## Thunderbird! "An Illustrated History of the Ford T-Bird"

**DETAILED!** Over 1000 sharp, new pictures of the Ford Thunderbird, many in full color!

**ACCURATE!** Low-mile originals or quality restorations used as models!

**LARGE SIZE!** hard-bound, with colorful wraparound protective dust jacket. Over 300 pages, 1000 illustrations, many in full color!

Written by Ray Miller, noted automotive historian, with photos by Glenn Embree, outstanding automotive photographer! Similar to their earlier works on Antique & Classic Automobiles!

**THUNDERBIRD!** is not an amateur's photo album. Neither is it a complex engineering notebook. It contains, to be sure, some significant changes, but also the trivia of the model years. Rather, it is what it set out to be, an accurate, authoritative, study of the characteristics that make for a "typical" model year. Future restorers will benefit from its compact, succinct, and definitive presentations. It is a book to be enjoyed by the curious, welcomed by the purist, and relished by the aficionado.

*Help maintain the Authenticity of your T-Bird!*

Each manual is carefully reproduced to give Thunderbird owners the look of an original-style manual. You'll find the pages filled with directions, instructions, specifications, etc. that apply to your particular vehicle. Original-Style Owners's Manuals are one of the final details to finish a great restoration project. Slip in your glove compartment or special document case for show or club outings.
