President's Letter

Leadership Morgan Hill bounced back from our pandemic year hiatus with a full 23-member class in 2022. In 2021, we did a series of successful webinars in partnership with the City of Morgan Hill in lieu of convening a class with high risk of COVID exposure. Now in our 28 th year, the 18-member class of 2023 is well underway and we have begun recruitment for the 2024 class.

The 2022 class project is visible at both the north and south entries to town, beautiful welcoming monuments backed with a uniquely Morgan Hill mural. The class 2023 project is underway and will spruce up the Community Park picnic area and add a mural.

In addition to our successful 2022 class, we teamed with AAUW to conduct informative candidate nights for School District and MH City Mayor/Council candidates.

Every year we strive to improve our classes based on class and Board feedback. We adjust, sometime with minor tweaks, sometimes with wholesale revisions. Always with the objective of making it more beneficial, enabling class members to better serve the community.

Planning is underway for our annual Leadership Excellence Award gala celebration, this year honoring community volunteer Mario Banuelos at Guglielmo Winery on the evening of September 9. Tickets are available through our website.

A sincere and heartfelt thank you to our generous community supporters and donors. Your ongoing support allows us to sustain our vision to inspire, connect and serve for a better Morgan Hill. Indeed, our community has been made better both through class projects and through graduate involvement that move us forward in so many ways..

With your continuing support, our beautiful community will continue to thrive and be even more extraordinary!

Steve Tate, Board President

Operating Performance

2022 saw a return to normal operating procedures with most events being held in person, although a hybrid component is now commonplace.

Income

The annual LEAD event continues to be the largest source of funding for the organization. Tuition falls short of the program expenses, with donations making up for some of the deficit. An increase in tuition costs for future classes is expected to help close this gap.

Expenses

Operating expenses are evenly divided between three main categories. With income exceeding expenses this year, we were able to recoup some of the permanent fund that was used to cover a shortfall experienced during the pandemic.

Class of 2022 Project

From an article in Morgan Hill Life by Marty Cheek

Thanks to the Leadership Morgan Hill class of 2022, local streets will be a little more welcoming and safer. This year's class chose a goal of placing special signage to enhance the city's thoroughfares.

Their project includes two large signs welcoming visitors on Monterey Road that are now being erected, with one placed at the north and one at the south end of Morgan Hill, said class member. The project also adds 15 street signs designed and installed throughout the city promoting safety for drivers, cyclists and pedestrians.

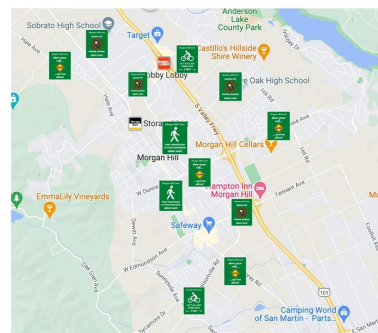

A third educational component focused on promoting auto, cycling and pedestrian safety, where class members spent many hours at Morgan Hill events such as the Chamber of Commerce's Friday Night Music Series to hand out bicycle reflectors, maps of MH bike trails, and stickers. Safety information will also be shared with all Morgan Hill Unified School District students and families.

"This three-part project evolved from brainstorming sessions that identified 22 great ideas to benefit and enhance the Morgan Hill community," said class member Mark Matthews. "Over nine months, this year's class worked together to develop, fundraise, design, and promote the project from inspiration to final execution."

The entire project was funded by donations from local businesses, non-profits and the sale of brick pavers that will be installed at the base of the two new "Welcome to Morgan Hill" gateway signs, he said.

"The class worked very hard to raise funds, prepare and receive approval of designs, work with a developer and initiate the installation," he said.

"We all agreed that Morgan Hill is a warm and caring community," said Michele Tellez, class of 2022 president. "Creating safety signs and educating the community about sharing the roads in a safe and respectful manner seemed like a great way to add value to our great little city."

Tomorrow's Leaders

Our purpose is to inspire people for leadership, serve our community and connect with others.

Program:

Our nine-month program is a hands on experience which includes structured evenings/full-day sessions, retreats, and interactive workshops, guided, by a group facilitator.

It provides opportunities to network, understand the needs in our community, by meeting leaders from local business, education, government, healthcare, and the non-profit sectors.

This experience will allow for you to explore interests, and further your leadership and volunteer skills while collaborating with your classmates to develop a unique community service project, start to finish!

**Nearly 500 people have graduated from our program and continue to make Morgan Hill a better place to live, work, and play. You can too!*
