

Describe the consistency of the earth's layers.

Describe the consistency of the earth's layers.

Make a clay model of the earth's layers.

Geology 2 Information Pieces

Crust G-2
Mantle G-2
Outer Core G-2
Inner Core G-2
Layer of rock G-2
Plastic rock (thick, syrupy, slow liquid) G-2
Liquid G-2
Solid, due to intense pressure G-2

To Make Your MatchCard more durable:

- 1. Put the student MatchCard and instructor MatchCard back to back in a clear plastic page protector.*
- 2. Laminate the information pieces. Or you can make them sturdier by covering the paper with transparent tape prior to cutting the pieces out.*
- 3. For more ideas on how to use the MatchCards, and for keeping a notebook for review, see the Instructor's Guide.*
