# LOAD RITE

## FEATURES AND OPTIONS

**MODELS TO  
FIT 19' - 26'  
INBOARDS!**

Custom dropped rear crossbar accommodates rudder and prop clearance. Steel bars protect keel, shaft, and prop. Fully adjustable pivoting support bunks conform to hull. Front mounted target bunks aid loading. Gleaming, corrosion resistant custom aluminum frames and fenders. Galvanized steel crossbars and torsion axle tubes for structural rigidity.

Custom extruded aluminum frame rails incorporate wire and fastener channels

Torsion axle and disc brakes standard

## LEGENDARY LOAD RITE QUALITY

Optional LED lighting, plastic bunk covers, stainless hardware and brake lines

Optional spare tire and mount, radial tires, and custom aluminum wheels
