DEALER YARD TRAILER

LOADRITE

**IDEAL FOR
YARD-USE AND
HAUL OUTS**

**28T9700TG2
30T9700YTG2***

**Nothing but
top shelf
components!**

Designed with the needs of
a boat dealership in mind.
Unique system of 80 TPR rollers.
Fits a majority of powerboats.
Accepts a power winch.

The most useful trailer a dealership could own.

This is one tough trailer. When it's haul out season and the yard gets busy, you need a trailer like this that can carry the load. With a capacity of 9,700 lb., there aren't too many boats it can't handle. And with proper tie-downs, it will safely haul boats from 17' to 30'*. That's flexibility.

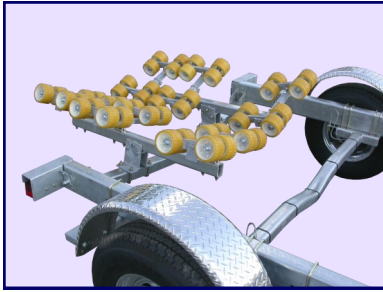

Some may call it a jack-of-all trades. Those who use it call it the *master of all trailers.*

YARD TRAILER TOUGH

- Ideal for yard use and haul outs
- Easily handles hulls from 17' to 30'*
