Name of the programmes approved by the AICTE:

- 6.2 Aeronautical Engineering
- 6.3 Civil Engineering
- 6.4 Computer Science and Engineering
- 6.5 Electrical and Electronics Engineering
- 6.6 Electronics and Communication Engineering
- 6.7 Mechanical Engineering
- 6.8 Information Technology
- 6.9 Biotechnology
- 6.10 Communication Systems (M.E)
- 6.11 CAD / CAM (M.E)
- 6.12 Computer Science and Engineering (M.E.)
- 6.13 Master of Business Administration
- 6.14 Master of Computer Applications

7 Department wise Teaching Faculty

- 7.2 Aeronautical Engineering – 5 Faculties
- 7.3 Civil Engineering – 5 Faculties
- 7.4 Computer Science and Engineering – 9 Faculties
- 7.5 Electrical and Electronics Engineering – 5 Faculties
- 7.6 Electronics and Communication Engg. – 9 Faculties
- 7.7 Mechanical Engineering – 9 Faculties
- 7.8 Information Technology – 5 Faculties
- 7.9 Biotechnology – 9 Faculties
- 7.10 M.E. Computer Science and Engineering – 3 Faculties
 - M.E. CAD/CAM – 3 Faculties
 - M.E. Communication System – 3 Faculties
 - Master of Business Administration – 12 Faculties
 - Master of Computer Applications – 3 Faculties
 - Science & Humanities – 18 Faculties

15.3.Counseling / Monitoring

i. Counseling / Mentoring

All faculty members are playing the role of „Faculty Counselor“. One faculty counselor counsels 20 students, and he / she keeps track of the students' academics, attendance; sorts out problems; sends periodic reports to parents and apprises the Principal and the Head of the Department about the progress of the students. Students are free to approach the faculty counselor without inhibition about academics, administration, career and personal matters. The teacher monitors the same set of students year after year to realize overall progress at the end of the course.

ii. Career Counseling

Career Counseling is done with the help of counseling cell along with the support of department.

iii. Medical facilities

Campus is connected with Madha Medical College and Hospital which provides total health care and health protection with its infrastructure, experienced doctors and nurses, state of art equipment, patient care personnel who work round the clock to provide the highest standards of medical care.

iv. Student Insurance

- The college is providing the following medical assistance
All Students are covered under Group Insurance Scheme with Bajaj Allianz General Insurance Co. with Sum assured of Rs. 1,00,000/- for student who dies in accident, Rs. 1,00,000/- for the parent of the student who pays fees for the student and Rs. 50,000/- for Hospitalization and medical expenses.
- Free consultation
- Ambulance Service

- Madha Multispecialty hospital of the Madha Group of institutions, offers 24 hours medical assistance for the students of Madha Group of Institutions.
- Free Dental and medical check-up
- Concession in medical treatment for students and staff

v. Students Activity Body

Various Social service clubs have been formed such as Youth Red Cross (YRC) and National Service Scheme (NSS), where the students take active participation. To name a few,

- Blood Donation Camp
- Free Medical camp
- Free Dental /Eye Camp
- Health/ Hygiene awareness program
- Tree plantation program
- Cancer and HIV awareness program
- NSS Unit conducts 10 days Camp in the adapted village

vi. Cultural activities

Our college encourages the students to showcase their talents and skills through organizing cultural and sports events. The cultural events conducted in our college are:

- Fresher's Induction Day is conducted every year to welcome the first year students
- Inter-department cultural extravaganza is conducted every year. This is conducted as both off stage and on stage events. The off stage events are Rangoli, Face Painting, Photography, Fireless Cooking and Creating product from waste. The on stage events include Adaptune, Variety programme, Group Song and Group Dance. Prominent personalities from the Film and Television fraternity were invited as Chief Guest, Guests of Honour and judges.
- Women's day is conducted every year on 8th March to honour the womanhood.

vii. Sports activities

The college encourages the students to take part in both sports, games co-curricular and extracurricular activities. The students are participating in Inter zonal, zonal, All India level and Inter universities tournaments like TIES, Open tournaments and Inter Engineering Invitation games. The tournaments like volley ball/basket ball for boys and throw ball tournament for girls are conducted annually. Intramurals in sports and games for boys and girls are conducted every year. An exclusive department headed by physical Director is taking care of the sports activities. Physical director accompanies the students for Inter/Intra/Zonal/State/National level tournaments.

viii. Literary activities

Our central library is fully computerized by automating the issue of books with bar code reader. The college subscribes to most of the major technical journals includes IEEE, ACE, ASME, ASTM, J-GATE, McGraw-hill Access Engineer, Science Direct Journals etc. useful for researchers in various departments. Moreover NPTEL video classes are also available for various subjects. Besides central library, there are libraries in each department with ample volume of books, magazines and journals for easy access of reference books for faculties and research scholars. The library facilities available in the campus can be utilized by the staff and students with no time restriction. Students are provided one hour every week to use the resources in the library. The library can be utilized six days of the week from Monday to Saturday. Students can use the resources such as books, periodicals, Technical journals and publications and also access the Internet. The following is a summary of the resources available in the library.

- Books and References
- Additional books for meritorious students.
- Periodicals/Journals
- Resources for aptitude and entrance tests.
- Online journals
- Internet facility
- Reprographic Facility
- NPTEL study materials
- Air-conditioned audio-visual Hall for EDUSAT Programmes

ix. Technical activities / Tech Fest

- Every year each department conducts minimum one symposium and conference to kindle the mind of the students in pursuing research. Students interact with resource persons during the above events and develop their knowledge for doing the research.
- Department Professional Associations are always active in organizing the guest lectures and technical symposium, which aims at bringing the academicians and researchers from other institutions/organizations.

x. Industrial Visits / Tours

Each department is taking initiative to arrange minimum one Industrial Visit in a semester.

The industrial visit has the following benefits among the student communities

- It helps the students gain first hand functioning of the industry
- Provides an opportunity to plan, organize and engage in active learning experiences both inside and outside class room
- Provides an insight into the real working environment of the industry
- Helps to enhance their interpersonal skills and communications
- Helps to understand the do's and don'ts of the industrial practice

xi. Alumni activities

The institution has an Alumni Association which contributes for institutional, academic and infrastructure developments. Placements and Special lectures are arranged through the alumni.

Best Practices

Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Response:

Best practice 1 : Activity based Learning

1. Title of the Practice : Activity based learning

2. Objective of the Practice : The aim of the practice “Activity based learning” is to hone the leadership skills amongst the students in various activities including technical activities, extra and co-curricular activities being conducted within the campus with the competitive spirit amongst various departments and also would improve the networking across various departments and batches of students. This would enhance the confidence level of the students during campus interviews and also the technical knowledge of the students.

3. The Context:

There is a common practice of skilled students who are self motivated and who possess self confidence, participating in intercollegiate competitions. However, there still remained a few students with skills with less confidence who hesitate to participate in various activities such as paper presentations, symposia and conferences. To encourage students with skills and to expose their talents, this initiative was adopted for maximum participation of students in various activities. Analysis of this practice is done using statistics of participation of students in various activities and practices and the gradual improvement in excelling in their performance. The process was evaluated using the participation statistics in external competitions.

4. The practice: The responsibilities of students were assigned according to the interests and voluntary attitude of the students in organizing various activities such as advertising those activities within the campus and conducting the events successfully. The students were permitted to form their own committees for organizing the individual events. Creative thinking was enhanced amongst the students in bringing about innovativeness in the conduct of events and to communicate the same with the students’ community. Faculty meticulously guided the students to initiate the process and conduct the events successfully after proper planning. The level of students’ competency was also analyzed and was utilized to strengthen their hidden skills in an open forum.

5. Evidence of Success: The evidence of success is that students are able to perform independently and to

expose their skills without hesitation. The networking amongst all the students improved and they were able to identify their own senior mentors for their area of specialization.

6. Problems Encountered and Resources Required:

The major challenge for the affiliated institutions is balancing between the academic schedule and these activities.

Dedicated students who have creative ideas and faculties from different department to inspire, encourage and to support students in all ways.

Best Practice 2 :Technical Premier League

1. Title of the Practice: Technical Premier League

2. Objective of the practice :The aim of the practice “Technical Premier League” is to bring out the technical skills of the students by forming specific teams to participate in activities such as Technical Paper presentations, Project Presentations, Robo and Drone races etc.

3. The Context:

Students were assigned responsibilities of contacting HRs from leading industries as resource persons for various events for better interaction with industries.

Students were also provided with an open forum to interact with industrialists for future mentoring of their projects to take them forward towards various career options.

They were given an opportunity to award the winning students with the collected and available resources.

The students gain leadership and qualities to attain job readiness by being aware and participating in competitions raised to global standards.

The standard of projects are evaluated by Industry experts for real time applications.

4. The Practice:

The responsibilities of students were assigned according to the interests and voluntary attitude of the students in organizing various activities such as advertising those activities within the campus and conducting the events successfully. The students were permitted to form their own committees for organizing the individual events. Creative thinking was enhanced amongst the students in bringing about innovativeness in the conduct of events and to communicate the same with the students’ community.

Faculty meticulously guided the students to initiate the process and conduct the events successfully after proper planning. The level of students’ competency was also analyzed and was utilized to strengthen their hidden skills in an open forum.

5. Evidence of Success:

The evidence of success is that students are able to perform independently and to expose their skills without hesitation. The networking amongst all the students improved and they were able to identify their own senior mentors and mentors from other leading organizations for future enhancement of their projects in their area of specialization.

6. Problems Encountered and Resources Required:

The major challenge for the affiliated institutions is balancing between the academic schedule and these activities. The students learned time management and project management to complete their projects.

Dedicated students who have innovative thoughts and Project coordinators from different department to inspire, encourage and to support students in multiple ways.

Institutional Distinctiveness

Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words

Response:

Distinctive Feature: Holistic professional development through Training and PEC Technical Clubs

Internal Trainings:

Prathyusha Engineering college has high priorities in skill development of students to ensure career opportunities and is envisaged through internal trainings and practice portal training. PEC aims placing all the students irrespective of their academic performance. All students those whoever registers for placement will get placed in the Industries suiting to their technical skills, subject knowledge, interested domain, verbal and aptitude skills. Students with/without Backlog and History of arrears are also placed by imparting special placement training. Conducting the theory courses related to computer programming like Problem Solving using Python for all I Year students, C Programming, Data Structures, Database Management Systems, Web technologies and Internet Programming are conducted in compute laboratory. It is a unique practice at Prathyusha Engineering College which helps the students to practice hands-on of

all the concepts that they learn in the course.

The training departments identifies the requirements of various Industries while recruiting freshers and plans for equipping the students towards meeting the expectations of recruiters. These training departments add courses from their first year itself to mould them properly towards the employability skills.

Students are trained in Python, C, C++, Java Programming, aptitude skills, Soft skills, etc., by expert faculty members. Exclusive time slots are allocated for each batch of students from I Year to IV Year. The resources are computer labs specially designed for placement activities are utilized for the same. These labs provide unique sophistication towards the prime features like High Speed Internet Connectivity, high configured system, PC's, Monitor, head phones, speakers and Projectors.

The practice portal through skill rack is provided for all the students to practice coding in PYTHON/C/C++/JAVA, verbal as well as Aptitude to improve their employability skills. Problem solving at different complexity levels

Placement Trainings:

Apart from the knowledge in the regular curriculum courses, students are expected to have sound knowledge in problem solving, analytical thinking, leadership qualities, team playing skills, etc. Holistic development of making the students as a full fledged. Engineering Graduate is given

Company Oriented Trainings are conducted for the final year students towards the requirements of placing them in MNCs like TCS, INFOSYS, ACCENTURE, WIPRO, ZIFO, etc. Expert trainings for 30 hours to 90 hours on aptitude, verbal, soft skills and technical are organized according to the expectations of the Industries.

Technical Clubs:

Technical Clubs at Prathyusha Engineering College are unique of its kind and is a platform focusing on equipping the students with the necessary expertise in the domains of the students' interest. Through these technical clubs, seminars, Industry Expert Interactions, workshops and Guided self-learning sessions are arranged to enable continuous learning in the respective technologies. Alumni and higher semester students will guide the juniors in learning and doing projects. Project Exhibitions and various activities including paper presentation, Idea Generation, Quiz, etc are conducted by the student coordinators. Students are getting molded as a whole with the technical knowledge, problem solving skills, analytical skills, presentation, coordination, team playing skills and are becoming ready towards meeting the expectations of Industries

All students are encouraged to enroll in minimum 2 clubs out of which one being the Coding Club. Technical clubs on various domain including Data Science, IoT, Mobile Applications, Web application, Cyber security, Robotics Automation, Antenna Design, Signal Processing Image Processing, Wireless Sensor Networks, Auto CAD, Bike Assembly, Car Assembly, Manufacturing Process Club, Professional Lighting Design Club, Manufacturing Process, Electrical Wiring Club, ETAP Club, Architectural Club,

Enviro Club Structural Club, Bioinformatics Club etc., have been established and the faculty coordinators and student coordinators are organizing various activities for a consistent learning in the respective domains. Conducting Workshops in new domain such as ICT sales force, Amazon Web services, Gaming Hacking.

These Clubs are also associated with IEEE (Institution of Electrical and Electronic Engineers), Computer Society of India, ISTE and Institution of Engineers (IE), ISHRE Societies where students are members and are encouraged to organize events towards knowledge exchange by experts from Industries and Academia.

The main focus of the clubs and Centers of learning (COL) is to provide a platform where students can exchange knowledge, build awareness, generate interest and receive recognition, to promote a spirit of team work and brotherhood among all students of the institute, bridging difference in the state origin, and diversity of the cultures and foster the social aspect, to create a truly multi-cultural environment where students from diverse cultural backgrounds share each other's experiences in a most cordial manner, to inculcate leadership, entrepreneurship and innovation among students, to provide a platform for students to display their talents, drive their passions and explore new horizons and to provide opportunity to the students connect, communicate and collaborate with industry experts.

Skill Development Academy:

Students' skill development academy have been established through the MoUs executed with various Industry Partners and Educational Partners like INFOSYS CAMPUS CONNECT, Ni LabView Academy, COURSEERA, ORACLE ACADEMY, ICT ACADEMY, etc.

National level seminars, workshops and learning initiatives are conducted through these academies to prepare our students towards competing with the peers at world level. Focused trainings are conducted for pre-final year students in specific technologies to enable them to get placed in the domains of their interests. Value added courses on CLAD certification training through NI LABVIEW, INFYTO trainings through INFOSYS Campus Connect, Advanced Tool CATIA V5 Trainings, etc. are organized. These Academies are conducting workshops in current technologies such as sales force, Amazon Web services, Gaming & Hacking.

Internships:

Second, third and final year students of BE program are encouraged to undergo 1 week or 4 weeks long internship in leading organizations as a part of their curriculum. This enables them to get exposure to real time Industry practices. Students are encouraged to implement course-based projects as an outcome of their laboratory course. This method intends creative imitation leading to research and innovation. Course-based Projects are developed for the laboratory courses of every semester and are presented.
