REFERRAL LETTR – MAKROSAFE, JANICE CLARK

It is with great enthusiasm that we can recommend the services that Makrosafe offers.

We contacted a consultant, Janice Clark, in urgent need of assistance with our OHS system implementation, management and training. Within hours, Mrs. Clark managed to offer an affordable solution that catered for all our requirements and more.

Mrs. Clarke shows great confidence in Makrosafe and portrays great passion and loyalty towards the work that she does. Her enthusiasm knows no boundaries. The manner in which she immediately rendered support and guidance with our documentation, audits, inspections and system use, clearly displays the level of competency the organisation prides itself.

We thank Makrosafe for the great service rendered so far and commend them on the quick services rendered.

Yours sincerely,
