

MAXMADE LIMITED

Fixings

Fixings

SCREWS:

Various types of screws are held in stock for the fixing of capping's, ceiling suspension, and various ancillaries. In stock we have various white headed hex head and self drilling screws.

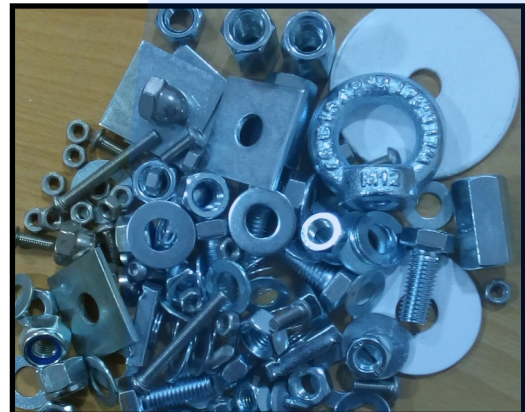

Maxmade Limited have been supplying the Clean Room and Temperature Controlled Building Industry since 1973. Initially only supplying specialist ceiling support systems and sheet metal fabrications.

Since this time, the company has gained a wealth of experience, and has developed its range of products to meet the new demands of this industry, and that of the Food Preparation Industry, including wall and door protection systems, wall and ceiling cladding systems and also supplying quality fixings and sealants to help complete the job.

A working solution

RIVETS:

A large range of rivets are available. 3.2mm 4mm and 4.8mm dia, in plain aluminum, white coated, and stainless finishes. Also available are coloured rivets to match the plastisol range of colours.

NUTS, BOLTS AND WASHERS:

A large range of nuts, bolts, washers are available to compliment our ceiling suspension assembly and other suspension and support requirements.

ANCHORS:

Various range of anchors for our protection system's are available, along with hammer fixings for base channels for example.

NYLON BOLTS, WASHERS, PVC NUTS, WASHERS AND COVERS: Used for fitting through cold room panels,. We stock a variety of Nylon and PVC bolts, nuts and washers. We also stock Insudiscs, and large threaded domed washers for additional suspension needs.
