## DENTISTRY EVOLVED

# PureLife Eco Score

We created the PureLife Eco Scores as a part of our goal to help our customers make informed purchase decisions by highlighting products with a significantly decreased impact on our environment and human health. It's simple: The Eco Score is equal to the number of eco-features a product holds. You can find all of these eco-features listed here on this page. The higher the Eco Score, the more sustainable and/or healthier the product.

## Reduced Impact on Human Health

These products are engineered with green technology or preferred chemistry that reduce or eliminate the negative health impacts caused by their traditional counterparts.

## Carbon Offset Shipping

At PureLife, we offset 100% of our carbon emissions from shipping through environmental projects. This means every product you buy contributes to protect the environment.

## Pollution Reduction

Products with this feature reduce environmental pollution from contaminants such as amalgam or bio-hazard waste.

## Sustainable Materials

Products with this feature utilize more sustainable materials, such as organic, biodegradable, or recycled content.

## Special Features

These products feature a unique environmental attribute, such as being manufactured in a facility that uses biofuels (like corn ethanol) instead of fossil fuels (like petroleum).

## Preferred or Reduced Packaging

Did you know that packaging materials make up over 30% of landfill waste? Products with this feature use recycled packaging and have reduced product packaging.

We are evolving the way you shop for dental supplies.

Learn more on the next page.

## The world has changed

Through the unprecedented challenges of the past year, our team has remained a close partner to dental professionals across the nation. We always prioritized our dental community to continuously ensure your reliable supply of the highest quality protection at affordable prices. We never stopped listening to your concerns and challenges during the industry shutdowns.

As restrictions and anxieties continue to persist around the country, now more than ever, the level of wellbeing and trust of your patients is at the core of your every day and will decide whether they feel comfortable to return to your chair.

### Dentistry needs to transform.

We know that as your supplier we can only play a small part in the orchestra that is your craft. However, we also know too well that countless dental professionals around the country are stuck wasting time, money, and human resource every single day on inefficiencies and lack of control in the sourcing of their supplies.

# We are proud to introduce DENTISTRY EVOLVED

Years in the making, this set of proprietary cutting-edge tools are built specifically with the contemporary challenges of dentistry in mind. Its absolute single-minded purpose is to empower you and every dental professional across the country to realize the true power of evolution in your supply management.

#### Cutting-Edge UX

Our intuitive web interface and fast load times make shopping for supplies easier than ever on any device 24/7.

#### Automated Free Goods

Never send a faxed invoice ever again. Choose your preferred free goods online and we will handle the rest.

#### PureDeals

Gain access to custom At-Cost pricing on selected products tailored specifically to your practice. View next page for details.

#### Order From History

Simply view your purchase history to reorder without having to look up individual items.

#### Schedule & Save

Never worry about your essentials again. Order your supplies with auto-ship subscriptions to gain guaranteed supply and unlock preferred pricing.

Coming soon.

#### Shopping Lists & Favorites

Organize yourself with customized lists and favorites to make shopping even easier.

#### Eco Score

When you see our Eco Score symbol on a product, rest assured that it offers a significantly decreased impact on our environment as well as the health of your patients and staff.

#### PureRewards

The most convenient and most rewarding loyalty program in Dentistry. View next page for details.

#### Online Payments & Tracking

Track all invoices and orders online and conveniently pay them with just a few clicks.

Let's evolve together.

PureLifeDental.com

# DENTISTRY REWARDED

Say good-bye to the complicated, inconvenient reward systems of the past. We designed the brand new PureRewards from the ground up to be the most convenient and most rewarding loyalty program in dentistry.

# Save up to 40%

on offers tailor-made for you.

Did you know? The best vendor deals are rarely published in quarterly promotions, sales sheets, or other trade materials. The ultimate deals are often negotiated directly with the vendor's sales representative based on a variety of factors:

- Is your practice located in an area where the vendor is actively looking to grow market share?
- Does your practice use products that qualify for extra incentives? Sometimes using one product in a family of brands but not the other, motivates the manufacturer to offer better discounts.
- Are you willing to try out a new brand or product for a certain procedure?
- Does your manufacturer's sales representative need to hit a certain goal this month to make their commission goals?

That's where PureDeals comes into play. And this changes from vendor to vendor, making it a tedious if not impossible task.

PureDeals automates and simplifies this process so you don't have to do the work. Our proprietary algorithm sifts through huge amounts of vendor and market data to match you up with the best possible deals available for your practice.

PureDeals is a brand-new innovation to the dental industry. As we continue to improve the algorithm, you will see our custom targeting offer you bigger and bigger savings.

 Smart Offers Just For You

# PURELIFE COLLECTION

The largest collection of eco- and health-conscious products at truly affordable prices.

PureLife entered the dental industry with one goal in mind: to make a substantial positive difference in human and environmental health. We believe that healthy patients, a healthy planet, and healthy profits can all be achieved—no trade-offs required. From gluten-free prophylaxis paste to dye-free topical anesthetic, we work hard to identify better products that keep your patients and staff healthy and happy. We also refuse to carry products that contain chemicals known to be harmful to our health, such as phenols and triclosan.

We believe our differences  
are our strengths.

Every aspect of our culture revolves around this truth, from encouraging each team member to bring their unique perspective to the table, to remaining open to new ideas to improve what we do every day. In order to continue innovating and growing towards the future, we need every voice heard.

Above all else, our team is passionate about our mission. Commitment to patients, to the earth, and business is not an easy trifecta to balance, but we believe in each practice's ability to do just that. From each call with customer service to each day in the warehouse with our hard-working teams, you'll find the core vision: To evolve dentistry and make our industry a better place.

Our search for the perfect gloves  
brought us to the far corners of the globe.

It is what makes PureLife gloves different.

We are known in the industry for offering our highest-quality gloves at an exceptional value. But what is the big difference to other brands? Well, at PureLife we like to take things all the way back to the source. We have personal relationships with our glove manufacturers in Malaysia, in fact, our CEO traveled there personally to ensure the highest quality assurance. Furthermore, some of our gloves (such as PureSkin and PureBliss) utilize BioFuels based on waste palm kernel shells to reduce their impact on the environment. Our responsibly sourced gloves have to pass many rigorous tests before they end up on your hands. Once quality testing is finalized, they are placed in our recycled packaging and get shipped out to you at factory-direct pricing.

Quality and value you can rely on right from the source with sustainability in mind. That is the PureLife difference.

\* Due to ongoing supply shortages, glove pricing and availability are subject to frequent changes. Maximum buying limits may apply. For current information, please call your PureLife sales rep or visit [www.PureLifeDental.com/Gloves.html](http://www.PureLifeDental.com/Gloves.html)

Gloves - Latex Powder-Free

**PUREBLISS LATEX POWDER-FREE**

**SS WHITE TRIMMING & FINISHING BURS**

SS WHITE

- 12-blade 7000 series is ideal for controlled contouring and finishing
- 20-blade 8000 series creates an ultra-smooth pre-polish on composites
- 30-blade 9000 series is ideal for final surface refinement and satin polishing
- Unique spiral design allows blades to continually remain in contact with the cutting surface, resulting in a smoother finish with less vibration

COLTENE/WHALEDENT

- Uniform coverage of natural diamonds
- 2-layer diamond coverage; initial layer is bonded to the steel shank for anti-vibration and a second layer is set to create full diamond coverage
- As one diamond layer wears down, new layers with sharp edges are exposed
- Swiss-made, providing enhanced quality

## ALPEN® X1 SINGLE USE - TURBOCUT®

COLTENE/WHALEDENT

- Single-use, individually-wrapped diamond burs
- Uniform coverage of natural diamonds
- Spiral-diamond plating causes a cooling and self-cleaning effect; spiral flute collects water from the aerosol mist and uses it to cool the preparation site
- Gamma sterilized for advanced infection control
- Swiss-made providing enhanced quality

## NTI® DIAMONDS

KERR DENTAL

- Utilizes Unimatrix® Bonding process, which minimizes clogging due to a uniform position of diamonds, providing more exposed diamond surfaces on the tips and edges for superior overall cutting ability
- Optimum grinding performance with minimal heat
- Friction grip (FG) and stainless steel shank

**ZIR-CUT™ DIAMONDS**

KERR DENTAL

- Exclusive Z-Grit diamond and bonding technology; reduces microfractures while adjusting porcelain or zirconia substructures
- Specialty shapes, perfect for crown & bridge removal and creating endodontic access through aluminous oxide and zirconia copings
- Concentric design minimizes vibration for smooth cutting and finishing
- Works efficiently with zirconia, ceramic, and all of today's advanced materials
- Available in FG and HP

Milling Blocks

**3M™ CHAIRSIDE ZIRCONIA**  
3M ORAL CARE

- Enables dentists to provide the results they want, and the esthetics their patients desire, for crown and bridge restorations
- Compatible with CEREC 4.6.0 software for the CEREC® SpeedFire furnace and designed to match the VITA classical shade guide
- Optimal blend of high strength and esthetics, with high flexural strength of 1000 MPa (fast fired)
- Eight shades and two block sizes for single-unit crowns and 3-unit bridges
- Fast sintering time of approximately only 20 minutes

**CEREC Intro Kit** 2159701  
1 each: Crown Block A1, Crown Block A3, Bridge Block A2 and 2 Crown Blocks A2 **\$130.99**

- CEREC Crown Blocks 20mm - BL 2159702
- CEREC Crown Blocks 20mm - A1 2159703
- CEREC Crown Blocks 20mm - A2 2159704

Cavity Liners

**ACTIVA BIOACTIVE BASE/LINER**  
PULPDENT CORP.

- BPA-free and moisture-tolerant
- Bioactive material with an ionic resin matrix, shock-absorbing resin component, and bioactive fillers that mimic the properties of natural teeth
- Chemically bonds to seal against microleakage and releases calcium, phosphate and fluoride ions to surrounding teeth to reduce sensitivity
- No bonding agents required
- Dentin shade and radiopaque

**Single Pack** 1472101  
1 x 5ml automix syringe + 20 automix tips with bendable 20ga metal cannula **\$136.99**

**Value Pack** 1472102  
2 x 5ml automix syringe + 40 automix tips with bendable 20ga metal cannula **\$245.99**

**BIODENTINE**  
SEPTODONT

- Bioactive dentin substitute
- Used to treat permanent dentin restorations, deep cavities, pulp capping, pulpotomies in the crown and root perforations, pulpal floor perforations, and internal/external resorptions in the root

- Provides a number of benefits including remineralization, preservation of pulp, and prevention of clinical failures
- Zero shrinkage

**5-Unit Dose Pack** 1661501  
5/box **\$99.99**

**15-Unit Dose Pack** 1661502  
15/box **\$248.99**

**DYCAL®**  
DENTSPLY SIRONA RESTORATIVE

- Radiopaque, calcium hydroxide cavity base/liner
- Rigid, self-setting material useful in pulp-capping, and as a protective base/liner under dental filling materials
- Easy to place, with ability to flow where needed while staying in place when necessary

**Complete Package - Dentin** 2223101  
**Complete Package - Ivory** 2223102

1 x 13gm base, 1 x 11gm catalyst + 1 mixing pad and 1 placement instrument **\$168.99**

**Standard Package - Dentin** 2223103  
**Standard Package - Ivory** 2223104

1 x 13gm base, 1 x 11gm catalyst + 1 mixing pad **\$114.99**

**6-Pack - Dentin** 2223105  
**6-Pack - Ivory** 2223106

6 x 13gm base, 6 x 11gm catalyst + 4 mixing pads **\$600.49**

**Placement Instrument** 2223107  
1 instrument **\$58.49**

**GC FUJI LINING™ LC (PASTE PAK)**  
GC AMERICA

- Paste-paste light-cured, glass ionomer lining material
- High-compressive strength and extremely low solubility
- Provides long-term fluoride release
- Excellent bonding to tooth structure, offering a durable marginal seal
- Delivers consistent mixes every time, no matter how large or small

**Starter Package** 5005601

1 x 7gm cartridge, 1 GC Paste Pak Dispenser + 1 mixing pad and 1 spatula **\$268.99**

**Cavity Liners Cont.**

Refill	5005602
1 x 7gm cartridge + 1 mixing pad	<b>\$192.99</b>

**GC FUJI LINING™ LC (POWDER/ LIQUID)**  
GC AMERICA

- Powder-liquid light-cured, glass ionomer lining material
- High-compressive strength and extremely low solubility
- Provides long-term fluoride release
- Excellent bonding to tooth structure, offering a durable marginal seal
- Radiopaque for easy post-operative diagnosis

<b>Intro 1:1 Package</b>	5005701
1 x 10gm powder, 1 x 6.8ml liquid + accessories	<b>\$287.49</b>

<b>Powder Refill</b>	5005702
10gm bottle	<b>\$168.99</b>

<b>Liquid Refill</b>	5005703
6.8ml bottle	<b>\$152.99</b>

**LIME-LITE ENHANCED**  
PULPDENT CORP.

- Cavity liner/base
- Releases favorable calcium, hydroxyl, phosphate and fluoride ions
- Chemically bonds to adhesives and composites
- Fluoride-releasing, light-cure and radiopaque
- Improved adhesion to dentin

<b>Kit</b>	2019701
4 x 1.2ml syringes + 20 applicator tips	<b>\$65.99</b>

<b>3ml Syringe</b>	2019702
1 syringe + 20 applicator tips	<b>\$39.49</b>

<b>Pink, Prebent Tips</b>	2019703
20/pack	<b>\$5.99</b>

<b>Pink, Prebent Tips - Value Pack</b>	2019704
100/pack	<b>\$23.49</b>

**IONOSIT BASELINER**  
DMG AMERICA

- Unique compensation for composite polymerization shrinkage stress through controlled expansion
- Fluoride release
- Radiopaque

<b>2-Pack</b>	1472301
2 x 1.5gm syringes + 20 luer-lock tips	<b>\$97.99</b>

<b>Office Pack</b>	1472302
2 operatory trays each, containing 5 x 0.3gm Saferinges + 1 applicator pad	<b>\$184.49</b>

**Temporary Filling Materials**

**CAVIT™ G**  
3M ORAL CARE

- Used for temporary filling of occlusion-loaded restorations
- High surface hardness
- Quick and void-free curing in a moist environment
- Slight expansion of the filling material ensures a well-sealed margin
- Pink in color

<b>Jar Refill</b>	2150901
28gm jar	<b>\$36.99</b>

<b>Tube Refill</b>	2150902
10 x 7gm tubes + 1 Cavit™ Key	<b>\$84.99</b>

**CAVIT™ G**  
3M ORAL CARE

- Used for temporary filling after endodontic treatment
- Reduces final hardness, increases adhesion
- Quick and void-free curing in a moist environment

<b>Jar Refill</b>	2151001
28gm jar	<b>\$36.99</b>

**CAVIT™ W**  
3M ORAL CARE

- Used for temporary filling of occlusion-loaded restorations
- High-surface hardness
- Quick and void-free curing in a moist environment
- Slight expansion of the filling material ensures a well-sealed margin
- White in color

<b>Jar Refill</b>	2159401
28gm jar	<b>\$36.99</b>

<b>Tube Refill</b>	2159402
10 x 7gm tubes + 1 Cavit™ Key	<b>\$84.99</b>

<b>Tube Key</b>	2159403
1/bx	<b>\$5.99</b>

**DUOTEMP®**  
COLTENE/WHALEDENT

- Eugenol-free, dual-curing, temporary filling material
- White in color and can be cured using both light and saliva
- High-marginal seal due to slight expansion
- Radiopaque and formulated from zinc oxide and zinc sulphate for optimal protection from bacteria

*continued on next page*

**Temporary Filling Materials Cont.**

<b>Standard Pack</b>	4511801
5gm syringe	<b>\$26.99</b>

<b>Economy Pack</b>	4511802
5 x 5gm syringes	<b>\$110.49</b>

**IRM®**  
DENTSPLY SIRONA RESTORATIVE

- Polymer-reinforced, zinc oxide eugenol restorative material
- Designed for intermediate restorations but can be used as a base under non-resin cements
- Available in powder/liquid form or unit doses

<b>Standard Pack - Ivory</b>	2223201
1 x 38gm powder and 1 x 14ml liquid	<b>\$112.49</b>

<b>Powder Refill</b>	2223202
38gm bottle	<b>\$74.99</b>

**ZOE B&T® BASE AND TEMPORARY FILLING MATERIAL**  
DENTSPLY SIRONA RESTORATIVE

- Polymer-reinforced, zinc oxide-eugenol composition restorative material
- Designed for intermediate restorations intended to remain in place for no longer than one year
- May also be used as a base under restorative materials and cements that do not contain resin components

<b>Standard Package</b>	2248701
1 package	<b>\$144.99</b>

<b>Powder Refill</b>	2248702
25gm bottle	<b>\$91.49</b>

<b>Liquid Refill</b>	2248703
4ml bottle	<b>\$60.99</b>

**Desensitizer**

**PURELIFE DESENSITIZER**  
PURELIFE DENTAL

- Equivalent to Gluma® formula
- Ideal antimicrobial when used with self-etch adhesives

<b>10ml Bottle</b>	1430401
1 bottle	<b>\$54.99</b>

**CERVITEC® PLUS**  
IVOCLAR VIVADENT

- Protective varnish with 1% chlorhexidine plus 1% thymol
- Professional bacterial control in patients with high caries risk
- Targeted treatment of particularly susceptible areas and seals exposed dentinal tubules

<b>Single Dose Refill</b>	4155101
20 x 0.25gm single doses	<b>\$176.99</b>

<b>Multi-Dose Assortment</b>	4155102
7gm tube	<b>\$211.99</b>

<b>Tube Refill</b>	4155103
2 x 7gm tubes	<b>\$281.99</b>

**GLUMA DESENSITIZER**  
KULZER

- For treating dentinal hypersensitivity
- 4th generation desensitizer

<b>5ml Bottle</b>	1430101
1 bottle	<b>\$155.49</b>

<b>Clinic Pack</b>	1430102
3 x 5ml bottles	<b>\$399.99</b>

<b>Single Dose</b>	1430103
40 x 0.075ml unit doses	<b>\$104.49</b>

**GLUMA DESENSITIZER POWER GEL**  
KULZER

- One-step gel formula desensitizer
- Green color indicator provides visual ease of placement and rinse-clean capability

<b>Syringe Kit</b>	1430201
4 x 1gm syringes, 20 brush cannulas, pictorial card	<b>\$165.99</b>

<b>Brush Cannulas</b>	1430202
60/pack	<b>\$24.99</b>

Desensitizer Cont.

**SDF PRO™ 38% SILVER DIAMINE FLUORIDE DESENSITIZER**  
GINGI-PAK

- Silver diamine fluoride desensitizer, used for the treatment of tooth hypersensitivity and for arresting carious lesion development
- Innovative two-step solution to minimize the risk of staining
- Highly effective biofilm inhibitor and provides caries prevention for at least one year
- Hardens both eroded enamel and exposed dentin, as well as improves acid and abrasion resistance
- Tinted blue color to aid in visual application and to detect difficult-to-see lesions

<b>Combo Kit</b>	<b>1310701</b>
1 x 8ml bottle Silver Diamine Fluoride, 2 8ml bottle Magnesium Chloride + 200 micro applicators	<b>\$149.49</b>
<b>Silver Diamine Fluoride Refill Kit</b>	<b>1310702</b>
2 x 8ml bottle + 200 micro applicators	<b>\$231.99</b>
<b>Magnesium Chloride Refill Kit</b>	<b>1310703</b>
2 x 8ml bottle + 200 micro applicators	<b>\$46.99</b>

**TEETHMATE DESENSITIZER**  
KURARAY

- Can be used to close exposed or prepared dentin and to prevent sensitivity before and after bleaching
- Occludes the dentinal tubules reducing the dentinal fluid movement and the consequent hypersensitivity
- Safe and effective tubule sealing with hydroxyapatite
- Doesn't contain glutaraldehyde or methacrylate

<b>Set</b>	<b>1471201</b>
1 x 4.8ml liquid, 1 x 6gm powder + 1 measuring spoon, 50 applicator brushes and 1 mixing dish	<b>\$132.99</b>

<b>Liquid Refill</b>	<b>1471202</b>
4.8ml bottle	<b>\$44.99</b>
<b>Powder Refill</b>	<b>1471203</b>
6gm bottle	<b>\$99.99</b>
<b>Measuring Spoon</b>	<b>1471204</b>
1 spoon	<b>\$11.49</b>
<b>Applicator Brushes</b>	<b>1471205</b>
50/box	<b>\$11.99</b>

Temporary Cements

**3M™ RELYX™ TEMP NE TEMPORARY CEMENT**  
3M ORAL CARE

- Non-eugenol, zinc oxide temporary cement for luting of indirect temporary restorations and temporary luting of permanent restorations
- Extremely low film thickness ensures optimal fit, strong adhesion and easy removal for provisional cementation
- Compatible with temporary crown and bridge materials, composite resin cements and composite resin core build-up materials

<b>Standard Pack</b>	<b>2150301</b>
1 x 36gm base, 1 x 16gm catalyst + mixing pad	<b>\$52.99</b>

**GC FUJI TEMP LT™ TEMPORARY CEMENT**  
GC AMERICA

- The first long-term, glass ionomer provisional & implant cement
- Non-runny consistency and low-film thickness
- Ionic bonding to tooth structures and metals to optimize marginal seal
- High fluoride-release and recharge
- Excellent insulation to help prevent thermal sensitivity

*continued on next column*

**INTEGRITY® TEMPGRIP® TEMPORARY CROWN & BRIDGE CEMENT**  
DENTSPLY SIRONA RESTORATIVE

- Zinc oxide, non-eugenol cement
- Smooth handling and easy removal; stays on crown and not the tooth
- Reliable strength; low film thickness, highly compressive and flexural

<b>Syringe</b>	<b>2223001</b>
2 x 9gm automix syringes + 50 mixing tips	<b>\$136.49</b>

Temporary Cements Cont.

<b>Mixing Tips</b>	<b>2223002</b>
50/pack	<b>\$95.99</b>

**NEXTEMP® TEMPORARY CEMENT PREMIER**

- Eugenol-free, resin-matrix formulated temporary cement
- Firm retention, easy removal; 4X greater retention than most zinc-oxide cements
- Two-Stage curing; 2 minutes, initial gel-set stabilizes temporary, allowing easy removal of excess, then final set occurs one minute later
- Contains chlorhexidine, an anti-bacterial agent, and potassium nitrate to reduce post-operative sensitivity
- Fluoride-releasing

<b>Standard Kit</b>	<b>4004401</b>
5ml automix syringe + 10 mixing tips	<b>\$39.99</b>
<b>Bulk Kit</b>	<b>4004402</b>
4 x 5ml automix syringes	<b>\$83.99</b>
<b>Automix Syringe Tips</b>	<b>4004303</b>

**PACTEMP TEMPORARY AUTOMIX NE**  
PAC-DENT

- Non-eugenol resin-based temporary cement
- Biocompatible with minimal post-op sensitivity
- Strong bonding
- Exceptionally easy to handle

<b>PacTemp Automix NE</b>	<b>1130701</b>
1 x 6gm syringe + 15 brown mixing tips	<b>\$31.49</b>
<b>Brown Mixing Tips</b>	<b>1130702</b>
30/bag	<b>\$26.49</b>

**SENSITEMP NEZO**  
SULTAN HEALTHCARE

- Non-eugenol, zinc oxide temporary cement formulation
- Ideal for all indications including inlays, onlays, crowns and bridges
- Contains potassium nitrate to help reduce post-operative sensitivity
- 2-3 minute total time

<b>5ml Syringe</b>	<b>2120501</b>
1 syringe + 10 mixing tips	<b>\$59.99</b>
<b>25ml Cartridge</b>	<b>2120503</b>
1 x 25ml cartridge + 15 mixing tips	<b>\$142.99</b>
<b>Brown Mixing Tips</b>	<b>2120502</b>
20/bag	<b>\$29.49</b>

**SENSITEMP RESIN**  
SULTAN HEALTHCARE

- High-strength, non-eugenol, resin-based temporary cement formulation
- Perfect for short- and long-term wear
- Contains potassium nitrate to help reduce post-operative sensitivity
- 4-5 minute total time

<b>5ml Syringe</b>	<b>2120601</b>
1 syringe + 10 mixing tips	<b>\$59.99</b>
<b>25ml Cartridge</b>	<b>2120602</b>
1 x 25ml cartridge + 15 mixing tips	<b>\$142.99</b>

**TEMP-BOND™ TEMPORARY CEMENT**  
KERR

- Temporary cement for trial cementing restorations or cementing temporary crowns and bridges
- Withstands mastication, seals the temporary restoration and prevents seepage
- Delivers optimal consistency for solid, complete seating of temporary restorations
- High-bond strength prevents leakage and sensitivity to cold and heat

<b>Tubes</b>	<b>5191701</b>
1 x 50gm tube base, 1 x 15gm tube accelerator + 1 mixing pad	<b>\$66.99</b>
<b>Unidose</b>	<b>5191702</b>
50 x 2.4gm unidoses + 1 mixing pad	<b>\$63.49</b>
<b>Automix Syringe</b>	<b>5191703</b>
2 x 11.8gm syringes + 20 mixing tips	<b>\$115.49</b>

**TEMP-BOND™ NE TEMPORARY CEMENT**  
KERR

- Non-eugenol, temporary cement for trial cementing restorations or cementing temporary crowns and bridges
- Will not inhibit the polymerization of permanent resin cements and acrylic temporaries
- Withstands mastication, seals the temporary restoration and prevents seepage
- Delivers optimal consistency for solid, complete seating of temporary restorations
- High-bond strength prevents leakage and sensitivity to cold and heat

- Blue, resin-modified glass ionomer for cementation of orthodontic bands
- Moisture-tolerant adhesion for easier bonding
- Long-term fluoride release for prevention of decalcification
- Light-curing within 20 sec

Starter Set	5007101
2 x 7.2ml cartridges + 1 GC Paste Pak Dispenser, 20 mixing tips and 1 mixing pad	<b>\$325.99</b>
Refill	5007102
2 x 7.2ml cartridges + 1 mixing pad	<b>\$243.99</b>
Mixing Tips	5007103
20/pack	<b>\$59.99</b>

Solvents

**ORANGE SOLVENT**  
SULTAN HEALTHCARE

- Used to dissolve ZOE and rubber-based materials for easy removal from instruments, mixing slabs and countertops
  - Contains lanolin
  - Non-irritating
- |                |                |
|----------------|----------------|
| 1 Quart Bottle | 2016401        |
| 1 bottle       | <b>\$36.49</b> |

Cement & Liner Accessories

**HU-FRIEDY CEMENT SPATULAS**  
HU-FRIEDY

- Used for mixing and loading various cements and other materials during crown and/or inlay/onlay preparations

#24 (4mm) - #40 Round	3340201
#A6 (25mm) - #40 Round	3340203
1/box	<b>\$37.49</b>
#24 (4mm) - #6 Satin Steel®	3340202
1/box	<b>\$40.99</b>
#324 (51mm with Ridge Blade) - #40 Round	3340204
1/box	<b>\$37.99</b>

**FUJI SPATULA**  
GC AMERICA

- Used to mix and load dental cement and other materials
- |         |               |
|---------|---------------|
| Spatula | 5007301       |
| 1/box   | <b>\$9.99</b> |

**GC ORTHO GEL CONDITIONER**  
GC AMERICA

- Orthodontic cleaning agent
  - 20% polyacrylic acid designed to mildly condition enamel
  - Increases bond strength without damaging enamel
- |                                    |                 |
|------------------------------------|-----------------|
| Syringe Pack                       | 5007201         |
| 3 x 1.4gm syringes + 25 brush tips | <b>\$133.99</b> |

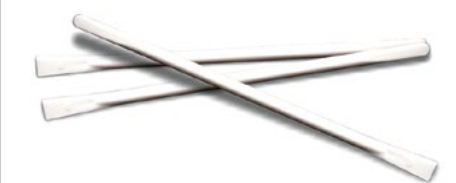

**IVOCLEAN**  
IVOCLAR VIVADENT

- Universal cleaning paste that effectively cleans bonding surfaces of prosthetic restorations after intraoral try-in
- Creates optimum conditions for the adhesive luting procedure for maximum bond strength

Refill	4157101
5gm bottle	<b>\$42.49</b>

**MIXING PADS**  
GC AMERICA

- #23 and #20 are size 3" x 4"
  - #22 is size 3" x 2 1/2"

Core Build-Up

**ABSOLUTE DENTIN™**  
PARKELL, INC

- High-strength core composite that preps like dentin
- Dual-cure; self cures in 4:00 or light cures in 40 seconds
- Densely filled (75%) with fluoride/barium glass
- Strong and stable flexural strength

4.4gm syringe	<b>\$55.99</b>

Core Build-Up Cont.

**COMPCORE™ AF DUAL-CURE CORE BUILD-UP PREMIER**

- Fluoride-releasing, automix composite core build-up material
- Provides exceptional performance and the enhanced light-curing properties save considerable time
- Material will stay put, even in difficult maxillary core build-ups, yet flows under pressure for excellent adaptation
- Greater translucency for a more natural tooth appearance to minimize the chance of shadows under ceramic crowns, yet providing good contrast and excellent radiopacity
- Utilizes exclusive Hyperbranched Technology™1 and nano-fillers for superior mechanical properties and long term clinical success

Cartridge STACK Intro Kit - White	4004501
Cartridge STACK Intro Kit - A3	4004502

Bonding

**ADPER™ EASY BOND SELF-ETCH ADHESIVE**  
3M ORAL CARE

- One-step, one-coat, self-etch adhesive that provides a fast and easy application, and strong bonding
- Less than 0.5% post-operative sensitivity
- Shorter application time of 35 seconds reduces risk of contamination
- Uniquely suited for the selective etch technique

<b>Bottle Refill</b>	2155102
5ml bottle	<b>\$179.99</b>

**ADPER™ PROMPT™ L-POP SELF-ETCH ADHESIVE**  
3M ORAL CARE

- L-Pop; unique one-step, unit-dose delivery
- Bonds to cut or uncut dentin and enamel without a separate etch step
- Extra-small applicator works well with very small preparations and hard-to-reach places

<b>Refill Pack</b>	2151101
40/box	<b>\$165.99</b>
<b>Giant Pack</b>	2151102

**ADPER™ SINGLE BOND PLUS ADHESIVE**  
3M ORAL CARE

- Fast, easy and convenient total-etch, single-component bonding agent
- Offers excellent bond strength to dentin and enamel
- Ethanol/water-based adhesive
- No shaking needed; stable nanofiller will not settle out of dispersion

<b>Bottle - Intro Kit</b>	2151303
1 x 6gm bottle, 2 x 3ml phosphoric etchant syringes + 60 brush tips, 25 etchant tips, 1 brush handle and 48 disposable mixing wells	<b>\$247.99</b>
<b>Bottle Refill</b>	2151304
6gm bottle	<b>\$233.49</b>

**ADHESE® UNIVERSAL ADHESIVE**  
IVOCLAR VIVADENT

- Single-component, light-cured adhesive for direct and indirect bonding procedures
- Compatible with all etching techniques
- Unique VivaPen® delivery for fast and convenient direct intra-oral application with minimal waste
- High-bond strength on wet and dry dentin and enamel
- Integrated protection against hypersensitivity

<b>VivaPen® System Kit</b>	4152201
2ml VivaPen® + 100 snap-on cannulas and 20 protective sleeves	<b>\$141.99</b>

**CLEARFIL PHOTO BOND**  
KURARAY

- 2-step, total-etch
- Enamel and dentin bonding agent for direct composite restorations
- Both light-cure and self-cure

<b>Kit</b>	<b>1451001</b>
1 x 6ml catalyst, 1 x 6ml universal, 1 x 6ml K-Etchant Gel + accessories	<b>\$236.99</b>
<b>Catalyst &amp; Universal</b>	<b>1451002</b>
1 x 6ml catalyst and 1 x 6ml universal	<b>\$220.99</b>
<b>Catalyst</b>	<b>1451003</b>
<b>Universal</b>	<b>1451004</b>
6ml bottle	<b>\$112.49</b>

**CLEARFIL SE BOND**  
KURARAY

- Proven 2-step self-etch bonding system, for direct restorations
- Simple, rapid light-cure bond
- Virtually no post-operative sensitivity
- Water-based, mild self-etch primer

<b>Kit</b>	<b>1450501</b>
1 x 6ml primer, 1 x 5ml bond + accessories	<b>\$253.49</b>
<b>Bond Refill</b>	<b>1450502</b>
5ml bottle	<b>\$169.99</b>
<b>Primer Refill</b>	<b>1450503</b>
6ml bottle	<b>\$73.99</b>
<b>Value Kit</b>	<b>1450504</b>
3 x 6ml primer, 3 x 5ml bond + accessories	<b>\$615.49</b>

**CLEARFIL SE BOND 2**  
KURARAY

- 2-step, self-etching universal adhesive for direct and indirect restorations
- Can be used with Clearfil DC Activator to create a dual-cure bonding agent for use with all indirect restorations and core build-up composites
- Durable surface treatments for all restorations such as zirconia, etchable ceramics and metal restorations.
- No hidden steps; no shaking or scrubbing required
- Ideal for bulk-fill composites

<b>Kit</b>	<b>1451301</b>
1 x 6ml primer, 1 x 5ml bond + 100 disposable brushes, 1 mixing dish, 1 light blocking plate and 1 outer case	<b>\$222.99</b>
<b>Value Pack</b>	<b>1451302</b>
3 x 6ml primer and 3 x 5ml bond	<b>\$542.49</b>
<b>Bond Refill</b>	<b>1451303</b>
5ml bottle	<b>\$149.49</b>
<b>Primer Refill</b>	<b>1451304</b>

**CLEARFIL UNIVERSAL BOND QUICK**  
KURARAY

- Single-bottle, universal adhesive with the new original MDP & Amide chemistry that provides a unique Rapid Bond Technology
- Amide monomer rapidly permeates dentin & enamel which eliminates waiting time that can reduce the risk of contamination
- Can be used in a total-etch, self-etch and selective-etch technique
- Reduces technique sensitivity and application time without compromising bond strengths, sealing or desensitizing
- Fluoride-releasing

<b>Bond Standard Kit</b>	<b>1451601</b>
1 x 5ml bottle of Universal Bond Quick, 1 x 3ml K-Etchant syringe + 20 needles tips, 1 dispensing dish, 1 light-blocking plate and 50 fine applicator brushes	<b>\$183.99</b>

**KATANA™**  
KURARAY

- Kuraray's original multi-layered translucent zirconia, now available for chairside use
- Original MDP adhesive monomer combined with AMIDE technology offers an exceptional bond strengthen to zirconia and tooth structure (dentin and enamel)

<b>Bonding Kit</b>	<b>1472801</b>
1 x 4.6ml Panavia™ SA Cement Plus automix Universal A2 syringe, 1 x 5ml Clearfil™ Universal Bond Quick bottle + 20 mixing tips, 50 applicator brushes and 1 mixing dish	<b>\$237.49</b>

**DENTASTIC UNO**  
PULPDENT CORP.

- For all direct bonding light-cure applications
- Effective, single-component adhesive for bonding
- Total-etch, one-step wet bonding

<b>Complete Kit</b>	<b>2100101</b>
2 x 6ml UNO, 1 x 5ml Etch-Rite, 20 applicator tips, 50 brush tips + brush handle	<b>\$167.49</b>
<b>Bottle Refill</b>	<b>2100102</b>
6ml bottle	<b>\$93.49</b>

**ECOSITE BOND**  
DMG AMERICA

- One-bottle universal bonding agent with optimal bond strength
- Offers dentists freedom with their etching mode
- Ideal for direct restorations of light-cured composite materials

<b>Bottle Refill</b>	<b>2253801</b>
5ml bottle	<b>\$127.49</b>

**EXCITE® F ADHESIVE**  
IVOCLAR VIVADENT

- Light-curing, fluoride-releasing, single-component adhesive suitable for total-etch
- Unique VivaPen® delivery for fast and convenient direct intra-oral application with minimal waste
- Acetone-free (alcohol-based solvent)
- Very high bond strength with reduced post-operative sensitivity
- Low film thickness with visible glossy layer during application

<b>Single Bottle Refill</b>	<b>4152302</b>

**Bonding Cont.**

**EXCITE® F DSC ADHESIVE**  
IVOCLAR VIVADENT

- Dual-cure, fluoride-releasing enamel and dentin adhesive suitable for total-etch
- One-step, one-coat system
- High-bond strength
- Patented initiator-coated applicator brush

<b>Single Dose Regular Brush Refill</b>	<b>4152401</b>
<b>Single Dose Small/Endo Brush Refill</b>	<b>4152402</b>
50 x 0.1gm single doses	<b>\$243.99</b>

**GLUMA COMFORT BOND & DESENSITIZER**  
KULZER

- All-in-one primer, bond and desensitizer
- Easy-to-use, no mixing
- 5th generation adhesive, total-etch
- For both moist or dry bonding techniques

<b>Bottle Refill</b>	<b>1450301</b>
4ml bottle	<b>\$208.99</b>

**G-AENIAL™ BOND**  
GC AMERICA

- One-step, self-etch bonding agent designed specifically for “selective etching” technique
- Improved bond strength to both enamel and dentin
- Excellent marginal integrity regardless of the technique and/or composite material
- HEMA-free for a long-lasting bond
- Easy application; 30 seconds from application to finish

*continued on next column*

<b>Starter Kit</b>	<b>5001001</b>
1 x 5ml bottle + 50 fine disposable applicators and 20 disposable dispensing dishes	<b>\$204.99</b>

<b>Refill</b>	<b>5001002</b>
5ml bottle	<b>\$143.49</b>

**GC FUJI BOND™ LC**  
GC AMERICA

- Flexible and desensitizing bonding agent for all direct placement, composite resin restorations
- Chemically bonds composite to dentin, enamel and cementum, which is then reinforced by the mechanical interlock of the hybrid layer
- Protects restoration from secondary decay
- Allows expansion and contraction of the resin restorative as well as the flexure of tooth without opening cavosurface margins
- Fluoride-releasing and no post-operative sensitivity

<b>Standard Set</b>	<b>5001201</b>
1 x 5gm powder, 1 x 7ml liquid + 1 x 5.7ml GC Cavity Conditioner	<b>\$433.49</b>

<b>Powder Refill</b>	<b>5001202</b>
5gm bottle	<b>\$220.49</b>

<b>Liquid Refill</b>	<b>5001203</b>
7ml bottle	<b>\$167.99</b>

**G-PREMIO BOND™**  
GC AMERICA

- Universal, 8th generation bonding agent compatible with total-etch, self-etch and selective etch techniques
- Ideal for direct and indirect restorations and treatment of hypersensitivity
- Low pH (1.5) provides effective and consistent bonding
- Can also be used to repair indirect restorations without the use of primer

<b>Ceramic Primer</b>	<b>1451506</b>
1 x 4ml bottle	<b>\$94.99</b>

**MONOBOND PLUS®**  
IVOCLAR VIVADENT

- Universal, single-component priming agent for all indirect restorative materials
- Combines three different functional methacrylates: silane methacrylate, phosphoric methacrylate and sulfide methacrylate
- Provides a strong, durable bond and a universal reaction time of 60 seconds
- Easy storage; no refrigeration required

<b>Bottle Refill</b>	<b>4158801</b>
5gm bottle	<b>\$118.49</b>

**ONE COAT 7 UNIVERSAL**  
COLTENE/WHALEDENT

- Light-cured, one-component bonding agent used with the self-etching, selectively etching or total etch technique for adhesive restoration
- One coat; no reapplication or waiting period required
- Low-evaporation formula; no volatile acetone-based solvents that quickly evaporate
- Nanofilled technology delivers a homogenous bond layer and improves mechanical properties
- Superior marginal integrity with low risk of marginal sensitivity and outstanding shear bond-strength

<b>Intro Kit</b>	<b>4512601</b>
1 x 5ml bottle, 1 x 2.5ml syringe etch gel + 50 black microbrushes, 20 application needles, 1 mixing well and 1 cover mixing well	<b>\$169.99</b>

**OPTIBOND™ EXTRA UNIVERSAL**  
KERR

- Two-component formulation brings together the power of a total-etch adhesive and the safety of a self-etch technique in one consistent protocol
- Primer component is very acidic and hydrophilic, resulting in unique nanoetching capability and outstanding dentin tubule penetration
- Adhesive component is hydrophobic, offering efficient polymerization to boost mechanical strength, bond durability and marginal integrity
- Very low pH for effective enamel etching and after curing, the pH neutralizes, creating outstanding compatibility with virtually all types of cements, composites and core build-up materials

**Bottle Kit** 5191201  
1 x 5ml primer, 1 x 5ml adhesive + 50 applicators, 25 mixing wells and 1 technique card **\$234.99**

50 x 0.18ml unidoses Primer, 50 x 0.18ml unidoses Adhesive + 100 applicators and 1 technique card **\$345.49**

**Primer Adhesive** 5191203 5191204  
5ml bottle **\$127.99**

**PARABOND®**  
COLTENE/WHALEDENT

- Chemical curing, self-conditioning adhesive system for enamel and dentin
- Seals the tooth surface and minimizes the risk of postoperative sensitivities
- Ideal for situations where light might not penetrate, such as for post cementation, metal crowns, deep cavities or opaque ceramic
- Universally applicable with chemically-, dual- and light-curing materials
- High-shear bond strength to dentin and enamel

**SONICFILL™ 3 BULK FILL COMPOSITE SYSTEM**  
KERR

- Sonic-activated bulk fill composite that acts as a flowable composite during placement, and as a non-sticky, easy to sculpt material after the sonic energy is removed
- Enhanced curing mechanism allows polymerization depths up to 5mm
- Rheological modifiers react to the sonic energy applied during placement, reducing viscosity to increase flowability, leading to better adaptation to margins and internal walls
- Nano-scale zirconsil (zirconium oxide and silica oxide) filler system allows for excellent gloss, wear resistance and reliability
- Low-shrinkage stress for lasting marginal integrity

OMNICHROMA®  
TOKUYAMA

- One-shade, universal composite
- The first universal composite that esthetically matches every patient, from A1 to D4, with a single shade
- Uniformly sized supra-nano spherical fillers allow OMNICHROMA® to match every one of the 16 VITA classical shades, thanks to Smart Chromatic Technology
- Wide color-matching ability eliminates the shade-taking procedure, reducing composite inventory and saving time and money
- Excellent physical-mechanical properties, including high-wear resistance, high compressive strength and exceptional handling

- Light-curing, radiopaque nanohybrid composite
- Highly esthetic appearance and natural shade blend is a result of nano-fillers and refractive index technology
- With the combination of nano-fillers, nano-pigments and nano-modifiers, the Tetric EvoCeram provides lower wear, low shrinkage stress and excellent polishability, all in one formulation
- Nano-sized fillers are smaller than visible light, resulting in the ability for light to pass through the composite to enhance the true-to-nature characteristics
- Long-term durability and outstanding physical properties

Assorted Kit 4150701

Composites - Universal Cont.

**TETRIC EVO-LINE**  
IVOCLAR VIVADENT

- The Tetric Evo family provides high-quality esthetic restorations for all cavity classes
- This comprehensive system kit includes all four types of restorative composites from the Tetric Evo-Line: Tetric EvoCeram<sup>®</sup>, EvoCeram<sup>®</sup> Bulk Fill, EvoFlow<sup>®</sup> and EvoFlow<sup>®</sup> Bulk Fill

**Cavifil System Kit** 4151402

55 x 0.2gm Cavifils (10 each: Tetric EvoCeram<sup>®</sup> A2, Tetric EvoCeram<sup>®</sup> A3, Tetric EvoFlow<sup>®</sup> A3, Tetric EvoCeram<sup>®</sup> Bulk Fill IVA, Tetric EvoFlow<sup>®</sup> Bulk Fill IVA, 5 each: Tetric EvoCeram<sup>®</sup> A2 Dentin), 1 x 2ml VivaPen Adhese<sup>®</sup> Universal + accessories **\$250.49**

**TETRIC<sup>®</sup> POWERFILL - CAVIFILS**  
IVOCLAR VIVADENT

- Light-curing, radiopaque composite for direct restorations
- Can be cured up to 4mm in depth; higher process reliability due to fewer increments, reducing the risk of application errors, process-related air entrapment and insufficient curing
- 3-second cure when used with the Bluephase<sup>®</sup> PowerCure Curing Light or a 10-second cure with a curing light intensity of 1000 mW/cm<sup>2</sup>

IVA	4156201
IVB	4156202

Temporary Crown & Bridge Material Cont.

**SMARTEMP®**  
PARKELL, INC

- Provides the versatility of a 20 second light-cure (for each surface of the provisional), or a 6-minute self-cure
- There is a flexible stage in the setting process that allows the provisional to be easily removed from undercuts and multiple preps
- Low volumetric shrinkage and minimal exothermic heat generation for greater accuracy, fit and marginal integrity
- High flexural strength of 110 Mpa, reducing the chances of fracture or breakage

• 1:1 ratio cartridges

A1	1173301
A2	1173302
A3.5	1173303

Split-Cartridge Dispensing Gun 1173305

1 gun **\$169.49**

**SMARTEMP® DUAL-CURE**  
PARKELL, INC

- Dual-cure, provisional crown & bridge material
- High flexural strength, reducing chances of fracture or breakage
- High-radiopacity
- Low volumetric shrinkage and minimal exothermic heat generation for greater accuracy, fit and marginal integrity

A2 2201201

50ml cartridge + mixing tips **\$81.99**

**TEMPHASE TEMPORIZER MATERIAL**

KERR

- Medium viscosity, temporization material
- Provides high-stackability with no slumping
- Offers excellent polishability, which also minimizes gingival irritation
- Split cartridge dispenses a 1:1 volume ratio for an even flow and improved handling properties
- Two set times: 3-minute fast set for a single unit or 5-minute regular set for multiple units

**READY-STEEL™ FLEXOFIL® FILES**  
DENTSPLY MAILLEFER

- Combines the best stainless steel technology with enhanced flexibility for cleaning and shaping even the most curved and narrow canals
- Safe-ended, non-cutting Batt Tip reduces the chance of ledging
- Made from a triangular blank for flexibility in curved canals
- Available in half-sizes for easier transitions between instruments
- Pre-sterilized with pre-inserted silicone stops
- Box of 6

Rotary Files

# COLTENE

## HYFLEX™ CM NITI ROTARY FILES

COLTENE/WHALEDENT

- Controlled-memory properties; file follows the anatomy of the canal very closely, reducing the risk of ledging, transportation or perforation
- Extremely flexible without the shape memory of conventional NiTi Files
- Responds to excessive resistance with straightening of the spirals, which avoids binding to the walls and increasing fracture resistance
- Form adaptation can be reversed quickly by heat treatment (autoclaving or with a glass bead sterilizer), returning the instruments back to their original shape
- Pack of 6
- 36 Files contains: 1 of each: 21mm file (assorted and assorted medium), 25mm file (assorted, assorted small, assorted medium, assorted large), 60 Gutta Percha Points taper 20-45/.04, 3 Endo Practice Blocks, 1 Endo Peccature Block + 1 CM NiTi DVD

# Kerr

## K3™ NITI ROTARY FILES

KERR

- Third-generation, triple-fluted, asymmetric endodontic rotary files
- Positive rake-angle provides the active cutting action of K3 endo files
- Wide radial land provides blade support while adding peripheral strength to resist torsional and rotary stresses
- Stabilizes and keeps the instrument centered in the canal and minimizes over engagement
- Radial land relief reduces friction on the canal wall
- Pack of 6
- Assorted contains 1 of each: Taper .02 25mm, Taper .04 25mm, Taper .06 25mm, Taper .08 25mm, Taper .10 25mm and Taper .12 17mm

**K3™XF NITI ROTARY FILES**

KERR

- Third-generation, triple-fluted, asymmetric endodontic rotary files
- Proprietary R-Phase™ Technology provides an extraordinary new level of flexibility and resistance to cyclic fatigue
- Safe and self-centering
- Variable pitch provides more control and channels debris coronally
- Pack of 6

**TF™ ADAPTIVE - NITI ROTARY FILES**

KERR

- Features Adaptive Motion Technology, which uses a patented feedback algorithm to change the motion of the file based on the applied load
- Intuitive, color-coded system designed for efficiency and ease-of-use
- Provides the benefits of both rotary and reciprocation at exactly the right moment
- Improved file durability, flexibility and better debris removal
- Box of 4

**TF™ TWISTED FILES - NITI**

KERR

- Rotary, nickel titanium file used for endodontic (root) canal preparations
- Combines three unique and proprietary processes to deliver optimal strength and flexibility
- R-Phase™ Heat Treatment Technology optimizes file flexibility and resistance to cyclic fatigue
- Twisted design, not ground, which preserves grain structure and reduces microfractures, increasing durable
- Special surface conditioning treatment finishes the file while keeping the integrity of the grain structure
- Pack of 3

**TRAVERSE™ ROTARY GLIDE PATH FILE**

KERR

- Unique "Variable Heat Treatment" technology provides higher torsional resistance
- Triangular, cross-section and rotary motion are highly efficient at overcoming canal impediments
- Creates a more tapered glide path, reducing the workload on subsequent shaping files
- Maximum flute diameter of just 1mm, helping to preserve more natural tooth structure than continuous or progressively tapered files
- Non-cutting tip for enhanced control minimizes the chance for ledging or perforation of the canal
- Pack of 4

**HYGENIC GUTTAFLOW® 2 - CAPSULES**

COLTENE/WHALEDENT

- Combines two products in one; gutta-percha in powder form with a particle size of less than 30 µm and sealer
- Works with cold free-flow gutta-percha
- Slight expansion seals root canal tightly
- Adheres to the gutta-percha point (masterpoint) as well as to the dentin so no condensation is necessary

**Intro Kit 4500101**

**PARAPOST® FIBER LUX®**  
COLTENE/WHALEDENT

- Parallel fiber post system, designed for universal post applications
- Made of translucent fiber resin material that reflects the natural hues of the tooth and eliminates shadows through composite restorations at the gingival/crown interface
- Ideal for clinical situations where esthetic, metal-free restorations are desired
- Allows for cementation with light-, dual-, or self-cured resin cements
- For use with standard ParaPost Drills

Introductory Kit **4500301**

15 posts (2 each: size 3, 5.5, 6, 3 each: size 4, 4.5, 5), 6 drills (1 each: size 3, 4, 4.5, 5, 5.5, 6) + 1 universal hand driver **\$333.99**

5/pack **\$78.49**

**PARAPOST® TAPER LUX®**  
COLTENE/WHALEDENT

- An alternative to metal posts when metal-free, tapered restorations are needed
- Made of translucent fiber resin material that reflects the natural hues of the tooth and eliminates shadows through composite restorations at the gingival/crown interface
- Allows for cementation with light-, dual-, or self-cured resin cements
- The .04 tapered end provides a closer fit and requires less removal of apical dentin in narrow canals
- For use with ParaPost Taper Lux Drills

*Continued on next column*

NTI® ENDODONTIC ACCESS BUR  
KERR

• Perfect for widening the canal and straight line access in endodontic procedures  
#H296GK 5211501  
5/pack \$95.99

PAC-DENT FG ENDO BURS  
PAC-DENT

• Features non-cutting safe-end tip  
• Enables easy access to root canals  
FG Endo Burs 1410101  
3/pack \$30.99

TRANSMETAL™ BUR  
DENTSPLY SIRONA MAILLEFER

• Extra-fine crosscut shape designed to remove old amalgam fillings or to cut through porcelain fused to metal crowns without shattering the porcelain or breaking the bur  
• FG carbide  
• Cutting surface of 5mm  
19mm 2232601  
3/pack \$24.49

Small Equipment

APEX ID™ APEX LOCATOR  
KERR

- Designed to work in almost any canal condition, wet or dry
- No need to constantly monitor the visual display, the audible signal will indicate when the zero point is reached
- Customize the "zero point" based on your clinical judgment
- Continuously calibrates for an accurate, uninterrupted reading in real-time
- Compact and modern

Kit 5214501  
1 unit + 1 stand, 5 lip hooks, 2 file holder B, 1 file holder A, 1 probe cord, 3 AAA 1.5V batteries and instructions for use \$774.49

CANALPRO™ APEX LOCATOR  
COLTENE/WHALEDENT

- Modern, electronic length measurement device used to provide a reliable method of confirming the working length
- Offers 3D user interface with high-resolution TFT-LCD color graphic display
- Features two measuring frequencies that alternate and are not mixed, eliminating noise and the need for signal filtering
- Signal intensity is used to calculate the file tip position
- Immune to electromagnetic interference

Complete Kit 4513101  
1 CanalPro Apex Locator, 5 lip clips, 2 file clips, 1 measuring cable, 1 touch probe and 1 charger \$830.99

Rechargeable Battery 4513102  
1/pack \$54.99

CANALPRO CL  
COLTENE/WHALEDENT

- Cordless endodontic handpiece
- Ergonomically designed to provide a clear view and unobstructed access in all treatment situations
- Operates continuously for approximately 80 minutes at rated load with a quick charging time of approximately 90 minutes
- Energy-saving; turns off when not used for 10 minutes
- 6 head positions allows of contra angle head to be adjusted to your preferred position

Handpiece Set 4513901  
1 motor handpiece, 1 contra angle 16:1 + 1 charger \$1,212.49

Motor Handpiece 4513902  
1 handpiece \$783.49

CANALPRO CL2  
COLTENE/WHALEDENT

- Lightweight, cordless handpiece with a user-friendly LCD panel
- Ergonomically designed to provide a clear view and unobstructed access in all treatment situations
- Rechargeable battery takes approximately 90 minutes to charge fully and offers approximately 90 minutes of run time

Handpiece Set 4514001  
1 motor handpiece, 1 contra angle + 1 charger \$939.99

Motor Handpiece 4514002  
1 handpiece \$549.99

Small Equipment Cont.

DETECT™ APEX LOCATOR  
DENTSPLY SIRONA MAILLEFER

- Large color display to facilitate file tracking
- Progressive sound control for dual control
- Powered by rechargeable battery
- Fully autoclavable

Complete Set 2232801  
1 locator, 2 lip clips, 2 connection hooks, 2 forks, 1 measuring wire, 1 rechargeable battery and 1 charger \$874.49

Rechargeable Battery 2232802  
1/box \$44.49

ELEMENTS™ E-MOTION  
ENDODONTIC MOTOR  
KERR

- Endodontic motor with next generation adaptive motion technology
- Enables higher cutting efficiency, with greater protection against breakage and deformation
- Intuitive, full-color touch screen allows easy access to your preferred settings
- Handpiece has a smaller head for better visibility and easier posterior access
- Four handpiece mounting options to comfortably accommodate left or right handed use

System 5217101  
1 motor, 1 control unit, 1 handpiece, 1 power supply, 1 power cord, 1 foot control and 1 motor cord \$1,737.49

ENDOULTRA ULTRASONIC  
HANDPIECE  
VISTA DENTAL

- Cordless ultrasonic handpiece is capable of generating tip frequency of 40,000Hz, required to create sufficient acoustical streaming and the cavitation necessary to effectively clean, penetrate, and remove vapor lock
- Ultrasonic energy disrupts biofilm while improving penetration of irrigants and removal of dentinal debris, as well as reduces bacteria levels and improves root sealing

Activation Kit 1481001  
1 EndoUltra™ handpiece, 3 autoclavable handpiece sleeves, 6 x 15/02 activator tips + 1 charger and 1 tip wrench \$695.99

Activator Tips - 15/02 1481002

Tip Wrench 1481005  
1/pack \$29.49

SYSTEM B™ ENDODONTIC HEAT  
SOURCE  
KERR

- Gutta percha condensation system
- Dials in the exact temperature setting and maintains it throughout the procedure
- Sturdy cast aluminum enclosure with carrying handle makes it easy to carry and place
- Handpiece and cord assembly may be disconnected and autoclaved
- Analytic rechargeable battery and adapter provides at least one hour of continuous operation

Model 1005 5217601  
1 unit \$1,462.99

Medicaments

BUCKLEY'S FORMO CRESOL  
SULTAN HEALTHCARE

- 19% formaldehyde, 35% cresol, 17.5% glycerin
- A strong, yet gentle way to devitalize and sterilize infected pulp chambers and canals
- Minimal irritation

1oz Bottle 2016601  
1 bottle \$134.49

CHLOROFORM  
SULTAN HEALTHCARE

- Solvent useful for cleaning up cements from tools and mixing equipment
- Used to customize and soften gutta-percha cones prior to obturation

8oz Bottle 2015701  
1 bottle \$87.99

CHLOR-XTRA 6%  
VISTA DENTAL

- 6% sodium hypochlorite formula
- Designed for irrigation, debridement, and cleaning of root canals during and after instrumentation
- Compares to Ultradent® ChlorCid

3cc Pre-Filled Syringes 2020101  
10 x 3cc syringes + 10 x 27ga irrigating needle tips \$16.99

Polishing Pastes

**EMBRACE WETBOND SEAL-N-SHINE FINISH & POLISHING RESIN**

PULPDENT CORP.

- BPA-free
- Eliminates final finishing and polishing steps
- Provides a smooth, durable, long-lasting and protective finish
- Light-cure; cures clear with no yellow tint

Bottle Pack 2019101  
1 x 6ml bottle + brush handle and 100 brush tips **\$80.99**

Syringe Pack 2019102  
2 x 1.2ml syringes + 40 flocked tips **\$67.49**

Polishing Pastes

**PRISMA® GLOSS™ COMPOSITE POLISHING PASTE**

DENTSPLY SIRONA RESTORATIVE

- Water-soluble, aluminum oxide paste
- Designed for final polishing of anterior and posterior composite restorations, esthetic incisal lengthenings and veneers

Polishing Paste System 2231001

1 x 4gm syringe of polishing paste, 1 x 4gm syringe of extra fine polishing paste + 25 polishing cups and 1 metal mandrel **\$107.49**

Polishing Paste 2231002  
Extra Fine Polishing Paste 2231003

4gm syringe **\$82.49**

Polishing Cups 2231004

100 cups + 1 metal mandrel **\$73.99**

Metal Mandrels 2231005

3/box **\$17.49**

**TOPEX PREP & POLISH**

SULTAN HEALTHCARE

- Exclusive formula contains flour of pumice and is free of fluoride, flavor, oil, wax or dyes
- Great for use on patients with allergies to colors and flavors
- Fast and easy way to clean and prepare tooth surface prior to bonding or cementation

Prep & Polish Pack 2016001

100 x 2gm cups w/ prophyl ring + 2 Upgrade prophyl angles **\$44.49**

**BROWNIE, GREENIE AND SUPERGREENIE POLISHERS**

SHOFU DENTAL CORP

- Silicone polishers impregnated with high-quality abrasives
- Brownies are used for pre-polishing to achieve a smooth surface, Greenies are used to create a lustrous polish and Supergreenies are used for super-polishing
- Ideal for amalgams, precious alloys and non-precious alloys
- FG (friction grip) is used in high-speed handpieces and friction grip low-speed contra angle heads, CA (contra angle) is used in latch-type contra angle heads in low-speed handpieces and HP (straight handpiece) is used primarily in dental labs and to make adjustments outside the mouth

--	----------------

**3M™ IMPRINT™ 4 BITE**  
3M ORAL CARE

- Great flow and no-slump consistency means the material does not lock into undercuts or interdental areas
- High hardness and low flexibility after setting allows for easy cutting and trimming
- Short setting time of only 60 seconds

<b>Bite Refill</b>	<b>2159101</b>
2 x 50ml cartridges, 5 Garant mixing tips green + 5 intraoral tips bite, clear	<b>\$55.99</b>

**MACH-2® DIE-SILICONE**  
PARKELL, INC

- Flows beautifully, better than stone, to create a smoother die and capture minute detail
- No hand-mixing, injects directly from the automix cartridge
- Exceptionally hard set, 90+ durometer
- Slightly flexible, so composite inlays release easily
- The perfect choice when it comes to indirect composite inlays, chairside denture repairs and fast resin veneers or temporaries

<b>Starter Kit</b>	<b>1173401</b>
1 x 50ml Mach-2 automix cartridge, 2 x 50ml Super-Fast Blu-Mousse automix cartridges, 4 reusable base trays + mixing tips and intraoral tips	<b>\$85.49</b>

<b>Mach-2</b>	<b>1173402</b>
2 x 50ml automix cartridges + 10 yellow mixing tips and 10 yellow intraoral tips	<b>\$57.49</b>

<b>Base Former Trays</b>	<b>1173404</b>

Polyether Cont.

**3M™ IMPREGUM™ PENTA™ SOFT POLYETHER IMPRESSION MATERIAL**

3M ORAL CARE

- The “original” polyether precision impression material ideal for monophasic technique
- Fits all Pentamix™ units
- Working time: 2:45 and setting time: 6:00

**Medium Body Refill** 2153601  
2 x 300ml bases and 2 x 60ml catalysts **\$407.99**

**3M™ IMPREGUM™ SOFT POLYETHER IMPRESSION MATERIAL**

3M ORAL CARE

- Extremely accurate polyether impression material
- Ideal for moist environments
- “Snap-set” behavior is ultra-forgiving for a precise restoration without distortion
- Tray Material working time: 1:45 and setting time: 6:00
- Light Body working time: 2:00 and setting time 5:30

**Tray Material Intro Kit** 2153701

3 x 50ml Tray cartridges, 1 x 50ml Light Body cartridge, 1 x 17ml bottle tray adhesive + 10 purple polyether Tray mixing tips, 5 white polyether mixing tips, 5 white polyether intraoral tips and 5 purple intraoral syringes **\$129.99**

**Tray Material Refill** 2153702

4 x 50ml cartridges + 10 purple polyether Tray mixing tips **\$141.49**

**Light Body Refill** 2153703

4 x 50ml cartridges + 20 white polyether mixing tips **\$141.49**

**3M™ IMPREGUM™ PENTA™ SOFT POLYETHER IMPRESSION MATERIAL**

3M ORAL CARE

- Extremely accurate polyether impression material
- “Snap-set” behavior is ultra-forgiving for a precise restoration without distortion
- Heavy Body working time 2:30 and setting time 6:00
- Medium Body working time 2:45 and setting time 6:00
- Light Body working time: 3:15 and setting time 6:30

**Heavy Body Refill** 2153801

**Medium Body Refill** 2153802

2 x 300ml bases and 2 x 60ml catalysts **\$444.99**

**Light Body Refill** 2153803

1 x 300ml base and 1 x 60ml catalyst **\$326.49**

**3M™ IMPREGUM™ SOFT QUICK STEP POLYETHER IMPRESSION MATERIAL**

3M ORAL CARE

- Fast-setting polyether impression material
- Less rigid, great for dual-arch trays
- Ideal for moist environments
- Working time: 1:00 and setting time: 4:00

**Tray Material Intro Kit** 2153901

3 x 50ml Tray cartridges, 1 x 50ml Light Body cartridge, 1 x 17ml bottle tray adhesive + 10 purple polyether Tray mixing tips, 5 white polyether mixing tips, 5 white polyether intraoral tips and 5 purple intraoral syringes **\$129.99**

**Tray Material Refill** 2153902

4 x 50ml cartridges + 10 purple polyether Tray mixing tips **\$138.49**

**Light Body Refill** 2153903

4 x 50ml cartridges + 20 white polyether mixing tips **\$138.49**

**3M™ IMPREGUM™ PENTA™ SOFT QUICK STEP POLYETHER IMPRESSION MATERIAL**

3M ORAL CARE

- Fast-setting polyether impression material
- Less rigid, great for dual arch
- Easy removal from patient’s mouth
- Fits all Pentamix™ units
- Working time: 1:00 and setting time: 4:00

**Heavy Body Refill** 2154001

**Medium Body Refill** 2154002

2 x 300ml bases and 2 x 60ml catalysts **\$444.99**

**3M™ IMPREGUM™ SUPER QUICK POLYETHER IMPRESSION MATERIAL**

3M ORAL CARE

- Superfast polyether that combines the outstanding performance and reliability of a polyether with the speed of a VPS
- Perfect for impressions for single-unit crowns, implants, inlays/onlays and smaller bridges up to 3 units
- Scannable with the current generation of scanners for a more efficient workflow
- 45 second working time and 2:00 set time
- Improved fresh, minty taste and smell for more patient comfort

**AQUASIL ULTRA CORDLESS™ TISSUE MANAGING IMPRESSION SYSTEM**

DENTSPLY SIRONA RESTORATIVE

- The first and only tissue managing impression system that, in most cases, eliminates the need to retract tissue; no need for cord or paste
- Simple time-saving technique minimizes work time/set time violation issues
- B4® Surface Optimizer allows low-viscosity wash materials to flow better across surfaces and into subgingival areas
- Available for single-unit and multi-unit cases
- Set time for Single Refill: 3:00 and set time for Multi Refill: 4:30

4-Pack Tray Refill 2231105

4 x 50ml cartridges + 12 green mixing tips **\$140.49**

digit power™ Single Refill with B4 2231106

50 x digit power™ 0.68ml wash cartridges, 1 x 6ml B4® Surface Optimizer + 50 digit power™ mixing tips with intraoral tips, 50 flocked applicator tips and 1 dispensing well **\$416.49**

digit power™ Multi Refill with B4 2231107

15 x digit power™ 1.6ml wash cartridges, 1 x 6ml B4® Surface Optimizer + 15 digit power™ mixing tips with intraoral tips, 25 flocked applicator tips and 1 dispensing well **\$166.99**

Disposable Barrier Sleeves 2231108

50/box **\$8.99**

**EXTRUDE® VPS IMPRESSION MATERIAL**

KERR

- Heavy Body Extra is a thixotropic, non-slumping tray material that minimizes distortion while providing a flexible-firm set that promotes easy tray and die removal
- Medium Body provides excellent flow as well as sufficient body for use as a tray material
- Light Body Wash has a very low viscosity and is used for the putty/wash technique or with Heavy Body Extra for the double-mix technique
- Monophase M.P.V. is very thixotropic, so it will not slump or run out of the tray, but it also exhibits superior flow under pressure and high-tear strength, so it can be used for both the tray and as syringe material
- Working time: Light Body Wash, Medium and Heavy Body Extra is 3:00 and Monophase M.V.P. is 2:15

Ultrasonic Solutions

**PURELIFE ENZYMATIC ULTRASONIC TABLETS**  
PURELIFE DENTAL

- Dual-enzyme cleaning tablets designed for use as an instrument pre-soak, ultrasonic cleaning solution or evacuation system cleaner
- Concentrated formula effectively removes blood, tissue and other proteins from instruments
- Non-corrosive, non-foaming and non-chlorinated
- Biodegradable and neutral pH
- Fresh mint scent

Dual-Enzymatic	1231501
64/box	<b>\$34.99</b>

**PURELIFE BIO-ENZYMATIC ULTRASONIC TABLETS**  
PURELIFE DENTAL

- Advanced microbial/dual enzyme cleaning tablets designed for use as an instrument pre-soak, ultrasonic cleaning solution or evacuation system cleaner
- Concentrated formula contains anti-corrosive and anti-hard water mineralization agents to degrade all complex organic matter and prevent buildup
- Non-foaming, non-chlorinated and neutral pH
- Biodegradable
- Fresh mint scent

Bio-Enzymatic	1231601
64/box	<b>\$39.99</b>

**BIOSONIC® CLEANING SOLUTIONS**  
COLTENE/WHALEDENT

- Minimizes hand scrubbing by removing protein soils: dried blood, tissue and saliva
- MeterDose bottles dispense exactly the amount needed
- Super-concentrated, effective and convenient

Enzymatic Ultrasonic Cleaner Concentrate	4503701

Waterline Disinfection Cont.

**DENTAPURE**  
CROSSTEX

- Non-allergenic, iodinated DUWL treatment that utilizes technology developed for NASA to ensure water consumed in space is safe from harmful levels of bacteria
- 1 Simple Installation = 1 Year\* of safe, compliant dental unit water (\* or 240L of water if usage records are kept)
- No tablets or distilled water required; once installed, no monitoring or shocking protocol required for the life of the cartridge
- Contains no silver; cartridges can be disposed of in regular trash
- EPA registered to provide ≤200 CFU/mL; not restricted by the EPA Rule BMP for Dental Amalgam Waste

**Bottle** 2030301  
**Municipal** 2030302

1 cartridge + installation fittings **\$286.99**

**Iodine Test Strips** 2030303

50/box **\$25.99**

**LIQUID ULTRA**  
CROSSTEX

- Easy-to-use, cost-effective dental unit waterlines shock treatment that meets EPA, OSHA and CDC infection control guidelines
- Removes existing biofilm from dental unit waterlines and prevents/suppresses formation of new biofilm

**Single-Treatment Pack** 1661301

1 x 4oz bottle of Solution 1 and 1 x 4oz bottle of Solution 2 **\$10.99**

**365-DAY STERISIL® STRAW V2**  
STERISIL

- Sterisil straw continuously disinfects water for up to 365 days
- Built-in shock treatment at the time of installation
- Compatible with any size dental bottle
- Engineered to provide “distilled quality” water
- Requires no tablets for daily dental water use

**For Distilled Water** 2030201  
**For Municipal Water** 2030202

1 straw **\$269.99**

**0.7 Liter Antimicrobial Bottle** 2030203

1 bottle **\$23.99**

As part of their **EnviroDent®** program, Hu-Friedy offers a free and environmentally-responsible disposal of old instruments, regardless of brand. Just return 12 used instruments and receive 1 new instrument of your choice for free. Hu-Friedy works with responsible metal scrap recyclers in the U.S. and Canada to find new life for your instruments in useful items such as bridges, car bumpers and street lights.

**GRACEY CURETTES HU-FRIEDY**

• Area-specific to allow for deep scaling, root planing and periodontal debridement

• Offset blade provides a perfect working angulation for the tooth surface and offset blade angulation means only the lower cutting edge of each blade is used

• After-Five terminal shank is elongated by 3mm for access into deep periodontal pockets and root surfaces of 5mm or more clearance around the crown

• After-Five and Mini-Five blades are thinned by 10% to ease gingival insertion and reduce tissue distention; Mini-Five reduced blade size is half the length of the After-Five or standard Gracey to allow for better adaptation in narrow pockets

• Available in Rigid and Extra-Rigid designs for greater strength

IMPLACARE II IMPLANT MAINTENANCE

HU-FRIEDY

- Thinner working ends allow for better adaptation and scaling of implants while causing minimal alteration to abutment surfaces
- Made of plasteel, a high-grade unfilled resin
- 20% thinner tip design allows for improved access to implant abutment surfaces and more effective maintenance and care of implants
- Numerous universal curette designs provide a well-rounded set of options to suit any patient's needs

COMPOSITE FILLING INSTRUMENTS - GOLDFOGEL CONTOURING

HU-FRIEDY

- Size 1 & 2 have identical, opposing, large, flexible, oval-shaped blades (straight and angled) for contouring composite material on larger facial surfaces of central incisors; Size 3 has flexible, oval-shaped blades (one slightly larger) for interproximal contouring on central incisors

- Size 4 is used when working near or at interproximal areas; the straight end compacts composite material, while the sharp knife edge cuts composite to avoid bonding to the adjacent tooth; Size 5 has small and medium curved blades for thinning and shaping composite material at the gingival areas

- Size 6 has uniquely-shaped blades with curved and rounded tips for adding and shaping composite material on desired areas of facial incisors; Size 7 allows formation of marginal ridges along with buccal and lingual embrasures while composite is uncured

- Size 8 is designed to help attain proper occlusal form, function and improve marginal seal; Size 9 aids in forming a properly filled axial box and occlusal portion

- Satin Steel® XTS® coating is an Aluminum Titanium Nitride (AlTiN) handle, creating an extremely hard, smooth surface that resists scratching and sticking

COMPOSITE FILLING INSTRUMENTS - GOLDSTEIN FLEXI-THIN

HU-FRIEDY

- Size 1 is a small universal-style instrument with a rounded plunger tip and a narrow paddle for initial placement and contouring of Class I, II, and III restorations

- Size 2 is a larger universal-style for final placement and contouring of Class I, II, and III restorations

- Size 3 is a flexible, reversed, flared paddle design for shaping and placement of Class III and IV restorations

- Size 4 has flexible, paired, offset, paddle-shaped blades for placing and shaping material on posterior, mesial and distal surfaces

- Size 5 has small reverse angle tips to make it easy to place fissures, grooves and pits in hard-to-reach posterior areas

- Size 6 has large reverse angle tips to make it easy to place fissures, grooves and pits in hard-to-reach posterior areas

- Satin Steel® XTS® coating is an Aluminum Titanium Nitride (AlTiN) handle, creating an extremely hard, smooth surface that resists scratching and sticking

**PLIERS - BRACKET REMOVING**  
HU-FRIEDY

- For steel, ceramic and plastic brackets of all types
- Angulated-Long has a high-angle design and long handle for effective removal of all bracket styles from anterior and posterior teeth

Straight 3356501

Angulated - Long 3356502

1 pair **\$201.49**

**PLIERS - HOLLOW CHOP**  
HU-FRIEDY

- Perfect for subtle contouring of arch wires up to .030"

Standard	3357401
Contouring	3357402

1 pair **\$201.49**

**PLIERS - HOW**  
HU-FRIEDY

- Serrated utility pliers, useful for the placement and removal of archwires, pins and other auxiliaries

Straight	3356401
Offset	3356402

1 pair **\$201.49**

**PLIERS - LOOPING**  
HU-FRIEDY

- Provides optimum accuracy and precision in forming and closing loops with one cylindrical three-step beak and one triangular beak

Old-Style Loop	3357302
----------------	---------

1 pair **\$201.49**

Hu-Friedy® Instruments - Orthodontic Cont.

**PLIERS - LOOP FORMING**  
HU-FRIEDY

- Omega has graduated cones designed to form precise omega loops on wires up to .022" x .025"
- Tweed are loop-forming pliers with diameters for creating bull and helical loops on wires up to .022" x .025"
- Nance has a groove at the base to aid in closing loops and is used for precise forming of loops in four lengths; 3mm, 4mm, 5mm and 6mm

Omega 3357201

Tweed 3357203

Nance 3357204

1 pair **\$201.49**

**PLIERS - THREE JAW**  
HU-FRIEDY

- For contouring and bending wires up to .030"
- NiTi is designed for the forming and contouring of all archwires, especially nickel titanium wires up to .020"

Standard	3357101
NiTi	3357102
Mini	3357103

1 pair **\$201.49**

**PLIERS - WEINGART**  
HU-FRIEDY

- Versatile utility pliers, tapered 32° with serrations, designed for convenient placement and removal of archwires
- Slim has tapered 20° tips with serrations for greater access and versatility
- Ultra Slim is 45% slimmer at tip

Standard	3356301
Slim	3356302
Ultra Slim	3356303
Long	3356304

1 pair **\$201.49**

**CLEAR COLLECTION INSTRUMENTS**  
HU-FRIEDY

- Tear Drop provides a reservoir to hold elastics in place as the aligner is seated, permitting easier manipulation of elastics by the patient
- Vertical emphasizes over-correction of rotations by indenting at the mesial and distal line angles on the facial and/or lingual side of a specific tooth
- Horizontal produces an indentation to accent individual root torque, in addition to enhancing retention of either clear aligners or retainers by placing an indent into a tooth's undercut or below a bonded attachment
- Hole Punch is used to create half-moon cutouts for relief of clear aligners around bonded buttons used for elastics
- Hole Punch can also be used to nip away plastic to provide soft tissue clearance to prevent aligner impingement of tissue

Tear Drop 3354901

Hole Punch 3354904

3D Printing

**KEYCAST™**  
KEYSTONE INDUSTRIES

- For casting of crowns and partial dentures
- Produces a strong, porous-free 3D print that is resistant to fractures in even the finest of details
- Burns out easily using existing ovens and work flows, with no residual ash, yielding detailed frames and accurate crowns

35.3oz 1291201  
1 bottle **\$369.99**

**KEYGUIDE™**  
KEYSTONE INDUSTRIES

- Biocompatible material for precise and transparent surgical guides
- Print is strong and high-precision for optimal placement and drilling during surgery

35.3oz 1291401  
1 bottle **\$339.99**

**KEYMASK™**  
KEYSTONE INDUSTRIES

- Flexible pink material that produces gingival masks to simulate the look and feel of gum tissue in restoration planning

Pairs perfectly with KeyModel™  
17.6oz 1291301  
1 bottle **\$199.99**

**KEYMODEL™**  
KEYSTONE INDUSTRIES

- Perfect for forming thermalplastics such as: splints, sport guards and bleaching trays
- Produces highly-precise models with smooth, hard surfaces for optimal scanning

Low-shrinkage formulation yields exacting models for crown, bridge or implant work  
35.3oz 1291101  
1 bottle **\$226.99**

**KEYORTHOMODEL™**  
KEYSTONE INDUSTRIES

- Perfect for thermoforming orthodontic devices
- Designed for high-speed prints (150+µm z-axis layers) that are highly-accurate, hard and strong
- Fast and accurate; can build at least 780 µm per minute printing @ 200µm z-axis layers

35.3oz 1291001  
1 bottle **\$226.99**

**High-strength, high-quality & high-gloss.**

- Formulated with the highest quality polymers and fillers
- Wash materials are super-hydrophilic for a high-gloss surface and high-tear strength
- VPS set times: 2:25 for Fast Set and 4:30 for Regular Set

**PURELIFE VPS IMPRESSION MATERIAL & BITE REGISTRATION**

2 x 50ml cartridges + 6 tips  
**\$26.99**

1590701 - 1590706 All sets & bodies available (VPS)  
1430601 Fast Set - Unflavored (Bite Registration)

Matrix

**AUTOMATRIX® RETAINERLESS MATRIX SYSTEM**

DENTSPLY SIRONA RESTORATIVE

- Retainerless matrix system, saving time and offering a clear field of vision
- Autolock loop automatically locks matrix onto tooth
- Tightening coil adapts matrix subgingivally
- Better patient comfort for Class II restoration in comparison to retainer systems

**Introductory Kit 2229001**

24 medium regular bands, 24 narrow regular bands, 24 wide regular bands, 24 medium thin bands + 1 AutoMate® Tightening Device, 1 AutoMate® Snippers+ and 6 AutoMatrix® Snippers catch trays **\$715.49**

Medium Thin	2229002
Narrow Regular	2229003
Medium Regular	2229004
Wide Regular	2229005
72/box	<b>\$107.49</b>

**AutoMate® Tightening Device 2229006**

1 device **\$408.99**

**PALODENT® SECTIONAL MATRIX SYSTEM**

DENTSPLY SIRONA RESTORATIVE

- The original and highest-rated contoured sectional matrix system recommended for perfect contacts
- The shape of each matrix creates natural contours and profiles compared to flat surfaces and improper contacts achieved by other matrices
- Standard size matrices are ideal for posterior restorations
- Mini-matrices are ideal for limited exposures
- Plus matrices are ideal for subgingival or broadly extended restorations

Standard Matrix Refill - 50-Pack 2227003

50/box **\$72.99**

Bitine® Round Rings Refill 2227007

4/box **\$73.99**

**PALODENT® PLUS SECTIONAL MATRIX SYSTEM**

DENTSPLY SIRONA RESTORATIVE

- Nickel-titanium rings provide a consistent force that separates teeth and returns them to their original shape after use, helping to deliver a tight gingival seal and anatomically-shaped restoration
- Ring tines maintain a fit on the tooth that complements the wedge and works with the matrix to seal and shape the restoration, minimizing required finishing
- Rings are stackable for multiple restorations at once
- V-shaped tines accommodate wedges from both sides
- Fine wave-shaped wings compress and flare for easy placement and minimize impingement of soft tissue

Trial Kit 2227102

10 x 5.5mm matrices, 5 x 0.25gm Surefil® SDR® Flow Universal shade Compules® Tips, 10 medium wedges, 10 medium WedgeGuards, 1 Universal Ring, 1 forcep, and 1 pin tweezers **\$300.99**

- Color-coded for easy identification of cord size
- Conforms to sulcular anatomy with gentle outward force
- Easily placed with no fraying and no memory

Size 000 - Black	1341101
Size 00 - Navy	1341102
Size 0 - Lavender	1341103
Size 1 - Light Blue	1341104
Size 2 - Yellow	1341105

100" bottle **\$12.99**

Retraction Cords - Braided

**GINGIBRAID+ NON-IMPREGNATED - BOTTLE**

KERR

- Braided retraction cord, non-impregnated
- Made of cotton fiber; will not split or collapse in the sulcus
- Provides a strong physical retraction and absorbs quickly, allowing it to be used immediately and effectively
- Can be used with any type of packing instrument

#1n - Small	5193901
#2n - Medium	5193902
#3n - Large	5193903

72" bottle **\$18.49**

**GINGIBRAID+ NON-IMPREGNATED - SHORTCUT**

KERR

- Braided retraction cord, non-impregnated
- ShortCut all-in-one delivery system; cord cutter is built-in and each click of the dial delivers 1 cm of cord
- Made of cotton fiber; will not split or collapse in the sulcus
- Provides a strong physical retraction and absorbs quickly, allowing it to be used immediately and effectively
- Try 3-4 clicks for anterior and 4-5 clicks for posterior

#0n - Fine	5194001
#1n - Small	5194002
#2n - Medium	5194003

72" dispenser **\$23.49**

**GINGIBRAID+ ALUMINUM POTASSIUM SULFATE - BOTTLE**

KERR

- Specially treated, braided retraction cord; impregnated with aluminum potassium sulfate
- Made of cotton fiber; will not split or collapse in the sulcus
- Provides a strong physical retraction and absorbs quickly, allowing it to be used immediately and effectively
- Can be used with any type of packing instrument

#1a - Small	5194101
#2a - Medium	5194102
#3a - Large	5194103

72" bottle **\$18.49**

### Cord Packers

#### CIRCLET PACKING INSTRUMENT PASCAL

- Unique shoulder curve at both ends, which allows better adaptability and ease-of-use
- Stainless steel and thin tip

Serrated	1342001
1 instrument	<b>\$28.49</b>

#### CORD PACKERS PDT INSTRUMENTS

- Designed to place and pack dental cord in the gingival sulcus
- Highly polished tips make sure material doesn't stick during use

113 Off-Angle Serrated	1262701
113 Straight	1262702
113 Straight Serrated	1262703
1 instrument	<b>\$43.49</b>

#### ROEKO CORD PACKERS COLTENE/WHALEDENT

- Double-ended, stainless steel instrument for placing retraction cord
- Ergonomically designed to work around the tooth
- Balanced notches hold the cord in place

Smooth	4505001
Serrated	4505002
1 tool	<b>\$39.49</b>

## Retraction Materials

### Retraction Paste

#### 3M ASTRINGENT RETRACTION PASTE 3M ORAL CARE

- Retraction paste effectively deflects marginal gingiva and is gentle on tissue for improved patient comfort
- Enables a clean, dry sulcus and robust hemostasis
- Delivers a high-viscosity, 15% aluminum-chloride astringent
- Extra fine tip fits directly into the sulcus
- Unit dose capsules fit most composite guns

Refill Pack	2156401
25/pack	<b>\$94.49</b>

Value Pack	2156402
100/pack	<b>\$310.49</b>

#### DRYZ® GINGIVAL HEMOSTATIC RETRACTION PASTE PARKELL, INC

- Stops gingival bleeding and seepage that may interfere with impression taking
- Great for tissue management when seating restorations, placing rubber dam clamps (controlling bleeding), bleaching teeth (to manage moisture) and restoring subgingival cavities
- Fast-acting
- Light green color makes the material easy to detect

Syringe Pack	1341501
7 x 0.85gm syringes + 15 applicator tips	<b>\$75.49</b>

Value Pack	1341502
25 x 0.85gm syringes + 55 applicator tips	<b>\$228.49</b>

Unit Dose Capsules	1341503
30 x 0.24gm unit dose capsules	<b>\$97.49</b>

Luer-Lock Applicator Tips	1341504
40/bag	<b>\$35.99</b>

#### DRYZ® BLU GINGIVAL HEMOSTATIC RETRACTION PASTE PARKELL, INC

- Stops gingival bleeding and seepage that may interfere with impression taking
- Blue color for easy view of material and placement
- Great for tissue management when seating restorations, placing rubber dam clamps (controlling bleeding), bleaching teeth (to manage moisture) and restoring subgingival cavities
- Fast-acting

Unit Dose Intro Kit	1342201
30 x 0.24gm unit dose + dispensing gun	<b>\$136.49</b>

#### TAKE 1™ RETRACTION PASTE KERR

- Manages soft gingival tissue and provides moisture control and hemostasis to prepare tissue for both traditional and digital impressions
- Dual-action 15% aluminum chloride and kaolin clay provides hemostasis and gentle retraction
- Designed to deliver tissue displacement to enhance or replace a cord technique; low-viscosity for a thinner paste to enhance cord technique, replacing the second cord in a double-cord technique or high viscosity for a thicker paste that can be packed into place without a cord
- Simple to apply and compatible with standard composite dispensers
- Can be used for veneer or crown cementation, class II, class III, and V restorations

15-Pack Low Viscosity	5192001
15 x 0.40gm Unidoses + 10 large retraction caps and 10 regular retraction caps	<b>\$108.49</b>

60-Pack Low Viscosity	5192002
60 x 0.40gm Unidoses + 30 large retraction caps and 30 regular retraction caps	<b>\$230.99</b>

15-Pack High Viscosity	5192003
15 x 0.50gm Unidoses + 30 dispensing tips, 10 large retraction caps and 10 regular retraction caps	<b>\$95.49</b>

60-Pack High Viscosity	5192004
60 x 0.50gm Unidoses + 120 dispensing tips, 30 large retraction caps and 30 regular retraction caps	<b>\$307.49</b>

#### TRAXODENT® PREMIER

- Hemodent® paste retraction system
- Provides predictable hemostasis and soft-tissue management
- Gentle, absorbent and fast
- Rinses clean without leaving a film
- Convenient deliveries systems; syringe with bendable tips or ergonomic unit dose dispenser and capsule

Starter Pack	4000201
7 syringes + 15 tips	<b>\$104.49</b>

Value Pack	4000202
25 syringes + 15 tips	<b>\$285.49</b>

Applicator Tips	4000203
50/pack	<b>\$43.99</b>

Unit Dose Capsules	4000204
24 capsules + 1 dispenser	<b>\$92.99</b>

Unit Dose Dispenser	4000205
3/box	<b>\$108.49</b>

Retraction - Capsules & Pellets

**EPIDRI PELLETS**

PASCAL

- Each cotton pellet contains 1.9gm racemic epinephrine HCl

**Yellow - #3** 1341301  
350/box **\$39.49**

**RACELLETT PELLETS**

PASCAL

- Green cotton pellets containing racemic epinephrine HCl to assist in retraction
- Contains 1.15gm racemic epinephrine per pellet for #2 and 0.55gm racemic epinephrine per pellet for #3
- Dispensed in a spring-loaded, self-dispensing, weighted plastic container
- Available in two sizes: #2 and #3 (#2 being the larger size)

**Green - #2** 1341201  
200/box **\$39.49**

**Green - #3** 1341202  
350/box **\$39.49**

**RETRAX PELLETS**

PASCAL

- Hemostatic cotton pellets with aluminum sulfate that assist in retraction during dental procedures
- Normal tissue moisture will activate pellet

**Orange - #3** 1341401  
350/box **\$39.49**

**ROEKO COMPRECAP**  
COLTENE/WHALEDENT

- Compression caps used to naturally stop bleeding by controlling the moisture
- Supports impression preparation regardless of the retraction technique

**Set - Assorted** 4505101  
150/pack **\$41.49**

**Refill Pack #1 - Small (7mm)** 4505102  
**Refill Pack #3 - Medium (10mm)** 4505103  
120/pack **\$35.49**

**Refill Pack #5 - Large (12.5mm)** 4505104  
60/pack **\$27.99**

**Bulk Pack #1 - Small (7mm)** 4505105  
600/pack **\$144.49**

**Bulk Pack #3 - Medium (10mm)** 4505106  
600/pack **\$168.99**

**Bulk Pack #5 - Large (12.5mm)** 4505107  
400/pack **\$130.99**

**ROEKO COMPRECAP ANATOMIC**  
COLTENE/WHALEDENT

- Compression caps used to naturally stop bleeding by controlling the moisture
- Formed compression caps with semi-circle shaped spaces on opposite sides
- Supports impression preparation regardless of the retraction technique

**Set - Assorted** 4505201  
120/pack **\$45.49**

**Refill Pack #1 - Small (7mm)** 4505202  
120/pack **\$33.99**

**Refill Pack #3 - Medium (10mm)** 4505203  
120/pack **\$42.49**

**Refill Pack #5 - Large (12.5mm)** 4505204  
60/pack **\$30.99**

**PREMIER® RETRACTION CAPS**  
PREMIER

- Anatomic formed cotton caps
- Works synergistically with Traxodent® to quicken and assist retraction and hemostasis

**Assorted** 4004101  
15 each: 1, 3, 5 **\$24.99**

**Size 1 - Small** 4004102  
120/box **\$29.99**

**Size 3 - Medium** 4004103  
120/box **\$35.49**

**Size 5 - Large** 4004104  
60/box **\$26.99**

Hemostatic Solutions

**GELCORD**  
PASCAL

- 25% aluminum sulfate gel
- Makes initial cord packing easier by providing lubrication when packing cord, allowing the cord to glide into the sulcus
- May be used with any type of plain or medicated cord and compatible with all impression materials
- Blue in color for easy visibility and placement
- Pleasant raspberry flavor

**Pro Pack 12** 1840201  
12 x 0.75gm syringe applicators **\$54.99**

Hemostatic Solutions Cont.

**GELCORD CLEAR**  
PASCAL

- 25% clear aluminum sulfate gel for ultimate visibility
- Makes initial cord packing easier by providing lubrication when packing cord, allowing the cord to glide into the sulcus
- May be used with any type of plain or medicated cord and compatible with all impression materials
- Pleasant raspberry flavor

**Pro Pack 12** 1840301  
12 x 0.75gm syringe applicators **\$54.99**

**HEMOBAN™ GEL**  
DENTSPLY SIRONA RESTORATIVE

- 25% aluminum chloride hemostatic solution
- Designed to provide quick hemostasis during critical direct and indirect procedures
- Quickly stops initial bleeding and allows for simplified packing and removal of retraction cord, which reduces the risk of re-occurring bleeding
- Simple syringe delivery with a convenient, spreadable non-drip gel
- Patented formula leaves no residue when rinsing and does not stain teeth or soft tissue

**Complete Package** 2301801  
1 x 30ml syringe + 20 x 1.2ml empty syringes and 20 infusor tips **\$58.49**

**Infusor Tip Refill** 2301802  
100 infusor tips **\$63.99**

**Empty Syringe Refill** 2301803  
50 x 1.2ml empty syringes **\$29.49**

**HEMODENT®**  
PREMIER

- Buffered aluminum chloride epinephrine-free hemostatic liquid
- Effectively stops minor gingival bleeding
- To help avoid cardiac reactions, contains no epinephrine

**10cc Bottle** 4000101  
1 bottle **\$19.49**

**20cc Bottle** 4000102  
1 bottle **\$33.99**

**40cc Bottle** 4000103  
1 bottle **\$59.49**

**QUICK-STAT FS**  
VISTA DENTAL

- 15.5% ferric sulfate hemostatic gel
- Provides effective tissue management when completing impressions, restorations and crown and bridge procedures
- Will not flow onto surrounding tissue
- Compares to Ultradent® ViscoStat®

**Standard Kit** 1132403  
4 x 1.2ml pre-filled syringes + 8 Stat-Flo tips **\$21.49**

**Bulk Kit** 1132402  
1 x 30ml pre-filled syringe, 20 x 1.2cc empty syringes + 1 docking port and 20 Stat-Flo tips **\$49.49**

**Bulk Refill** 1132401  
1 x 30ml pre-filled syringe + 1 docking port **\$35.99**

**QUICK-STAT FREE**  
VISTA DENTAL

- 25% aluminum chloride, clear hemostatic gel
- Astringent Hybrid Technology engineered with aluminium and magnesium chloride
- Powerful surfactants allow better penetration to more effectively plug cut capillaries
- Clear and non-staining ideal in all regions and for use with self-etch (no-rinse) adhesives
- Rapid onset; 20% shorter hemostasis time

**Standard Kit** 1840101  
4 x 1.2ml pre-filled syringes + 8 Stat-Flo tips **\$21.49**

**Bulk Kit** 1840102  
1 x 30ml pre-filled syringe, 20 x 1.2cc empty syringes + 1 docking port and 20 Stat-Flo tips **\$49.49**

**Bulk Refill** 1840103  
1 x 30ml pre-filled syringe + 1 docking port **\$35.99**

**Value Pack** 1840104  
40 x 1.2ml pre-filled syringes + 50 Stat-Flo tips **\$123.49**

**STAT-FLO TIP**  
VISTA DENTAL

- 19ga pre-bent, yellow tips
- Single-use
- Curved canal for optimal entry
- Padded brush end

**19ga Yellow 20-Pack** 1132301  
20/cup **\$16.49**

**19ga Yellow 100-Pack** 1132302  
100/cup **\$63.99**

## Rubber Dams

### Dental Dams -Latex

### HYGENIC LATEX DENTAL DAMS COLTENE/WHALEDENT

- Used as a barrier during operative and endodontic procedures
- Made of pure, natural rubber latex

### Dental Dams - Non-Latex

### HYGENIC FLEXI DAM® COLTENE/WHALEDENT

- Used as a barrier during operative and endodontic procedures
- Highly-elastic material contracts closely around tooth for effective isolation
- Easy to use and ensures optimum moisture control
- Individual, latex- and powder-free sheets

6" x 6" Medium - Purple	4506901
6" x 6" Medium - Green	4506902
30/box	<b>\$52.99</b>

### HYGENIC FRAMED FLEXI DAM® COLTENE/WHALEDENT

- Used as a barrier during operative and endodontic procedures
- Ensures optimum moisture control
- Individual, latex- and powder-free sheets
- Convenient and easy-to-use

*continued on next column*

6" x 6" Medium - Purple	4507001
20/box	<b>\$75.49</b>

### HYGENIC NON-LATEX DENTAL DAMS COLTENE/WHALEDENT

- Used as a barrier during operative and endodontic procedures
- Similar tear resistance to natural rubber latex, but without patient/staff reactions
- Latex- and powder-free
- Color-reflective

6" x 6" Medium - Green	4507101
15/box	<b>\$43.49</b>

6" x 6" Medium - Green, Bulk-Pack	4507102
75/box	<b>\$200.99</b>

5" x 5" Children Medium - Green	4507103
15/box	<b>\$36.49</b>

### MINIDAM DMG AMERICA

- Silicone-based gingival protection device for protection of proximal area during treatment
- Latex-free
- High-patient comfort

Office-Pack	2253001
20/box	<b>\$35.49</b>

### NON-LATEX DENTAL DAM CROSSTEX

- Latex-free; reduces the risk of allergic reactions
- Peppermint-flavored

6" x 6" Medium	1240501
15/box	<b>\$23.49</b>

Curing Lights

**BLUEPHASE® G4 CURING LIGHT**  
IVOCLAR VIVADENT

- Cordless LED curing light with a high light intensity (1,100 mW/cm<sup>2</sup>)
- Patented Polyvision technology automatically detects movement of the handpiece during light-curing procedures
- User is alerted of improper operation by vibrating and automatically extends exposure time if necessary
- If movement may prevent the material from curing properly, the light will automatically interrupt the exposure cycle so that it can be repeated
- Polywave® LED with a broad light spectrum ranging from 385 to 515 nm suitable for curing all dental materials

Curing Lights Cont.

**BLUEPHASE® POWERCURE CURING LIGHT**  
IVOCLAR VIVADENT

- High-power curing light capable of curing Tetric® PowerFill composites in just 3 seconds
- Automatically detects movement of the handpiece during the light-curing procedure, alerting the user of the improper operation by vibrating and automatically extends the exposure time by 10%, if necessary
- If movement may prevent the material from curing properly, the light will automatically interrupt the exposure cycle so that it can be repeated
- Features include anti-glare protection, preventing the light from being activated in open space
- Reliable curing performance for all light-curing materials due to polywave LED

Unit - 100-240V	4156101

**DEMI™ PLUS LED CURING LIGHT**  
KERR

- LED light curing system
- Consistent output of Periodic Level Shifting (PLS) delivers a true 5-second cure for composite shades A3 and lighter
- The lithium-ion battery technology can yield 300 10-second cures with a single charge
- Whisper-quiet fan and unique thermal control system keeps the unit cool for uninterrupted operation
- Lightweight, ergonomic design with multiple holding options to reduce hand and arm fatigue

System	5193801
--------	---------

1 handpiece, 1 x 8mm turbo extended light guide, 1 lithium ion battery pack, 1 battery charger, 1 power supply and 1 protective light shield  
**\$1,372.99**

Upgrade Kit	5193802

**ELIPAR™ DEEPCURE-S LED CURING LIGHT**  
3M ORAL CARE

- For polymerization of light-curing dental materials
- Predictable, reliable cure, even at the bottom of the proximal box
- Updated light guide geometry allows easy access to all tooth surfaces
- One-piece, high-quality stainless steel casing for easy disinfection
- Simple two-button operation with one cure mode for all indications

Complete Unit	2157901
---------------	---------

1 curing light, 1 charging base, 1 Li-Ion battery and 1 light guide  
**\$1,603.99**

**iCURE CORDLESS LED CURING LIGHT**  
PAC-DENT

- High intensity output over 1,200 mW/cm(2)
- Designed for fast-curing all brands of resins
- Slim, lightweight and cordless
- Super-capacity lithium-ion battery
- 1-year manufacturer warranty

Light Unit	1131201
1/box	<b>\$358.99</b>

**LITEC 696 CORDLESS LED CURING LIGHT - DUAL-INTENSITY**  
DENTAMERICA

- Thin and lightweight dual-intensity light polymerization LED curing light
- Average LED life of 50,000 hours eliminates bulb replacement
- Light intensity of 1,200 mW/cm2 cures composite depth of 4mm in 10 seconds
- Curing cycle can be interrupted manually with one-touch trigger button
- Simple two-button operation with one cure mode for all indications

Complete Unit	1135601
---------------	---------

1 LED curing light, control unit, LED probe, LED probe cover, unit mount handpiece holder, AC adaptor, orange eye protection shield + disposable sleeves  
**\$437.49**

Disposable Sleeves	1135602
500/box	<b>\$48.49</b>

Curing Lights Cont.

**PARADIGM™ DEEPCURE LED CURING LIGHT**  
3M ORAL CARE

- Economical, lightweight plastic model
- 120 minutes of cure time from a full charge
- Lightweight, vent-free plastic housing for easy disinfection
- Updated light guide geometry allows easy access to all tooth surfaces

Complete Unit	2158001
1 curing light with built-in Li-Ion Battery, 1 universal power supply with adapter and 1 light guide	<b>\$832.49</b>

**PARKELL CURING LIGHT**  
PARKELL, INC

- High-quality LEDs provide intense light that will last
- Features a low-profile head for better reach into the posterior region of the mouth
- Allows 3 modes of curing: 3- second tacking, 10-second cure and a 20-second cure

Kit	1136101
1 curing light, 1 charging base, 1 power cable, 1 tacking lens and 1 extra standard lens	<b>\$719.99</b>

Clear Plastic Lens	1136102
5/box	<b>\$20.99</b>

Tacking Lens	1136103

**SMARTLITE® FOCUS PEN-STYLE LED CURING LIGHT**  
DENTSPLY SIRONA RESTORATIVE

- Collimated light beam reduces light dispersion providing a reliable curing up to 8mm away
- Easy to use; one button/mode
- Small, lightweight design
- Nickel metal hydride battery w/ Smart Recharge Technology allowing stable energy output, even after storage

Introductory Package	2244301
1 handpiece, 1 charging base, 1 battery pack, 5 eye protection shields, 300 sleeves and 1 power connector	<b>\$975.99</b>

Eye Protection Shields	2244302
5/pack	<b>\$65.99</b>

Sleeves	2244303
300/pack	<b>\$46.49</b>

**S.P.E.C.® 3 LED CURING LIGHT**  
COLTENE/WHALEDENT

- High-intensity output for rapid polymerization
- 3K Mode cures 2mm composite in 1 second
- Standard Mode cures 2mm composite in 5 seconds
- Ortho Mode cures an entire full-arch of brackets with two 3-second intervals per bracket
- Performs over 300 ten-second cures between charges

Intro Kit	4511701
1 handpiece, 1 charger base, 1 clear light guide 8 mm turbo-tip + 1 light shield, 100 barrier sleeves and 1 eye shield	<b>\$1,149.99</b>

Barrier Sleeves	4511702
100/box	<b>\$15.49</b>

**VALIANT™ CURING LIGHT**  
VISTA DENTAL

- Combines an optimized clover-shaped LED arrangement with precision optics to provide a uniform beam through three curing modes (standard, ramp, boost) for user preference
- Ergonomic in-style and lightweight, weighing just 72g/2.5oz and its one-button operation is intuitive and makes it easy to use
- Cordless and contains an inductive charging removable battery provides >= 150 - 20 second-curing cycles
- 3-year warranty on the handpiece , 1-year warranty on the battery

Starter Kit	1136001
-------------	---------

1 cordless handpiece, 2 battery packs, 1 charging base, 1 universal plug set, 1 curing light shield and 100 protective barrier sleeves  
**\$870.99**

Protective Barrier Sleeves	1136002
100/pack	<b>\$23.99</b>

Curing Light Shield	1136003
1 shield	<b>\$17.49</b>

Ultrasonic Cleaning Units

**BIOSONIC® UC125 ULTRASONIC CLEANING UNIT**  
COLTENE/WHALEDENT

- Ultrasonic cleaning system with tank capacity of 1.25 Gal (4.8 L) with LCD technology
- FingerGuard instrument baskets keep sharp instrument points inside basket minimizing possibility of accidental finger sticks
- Wear-resistant plastic housing that will not stain, scratch, rust or dent
- Built-in drain with extra-long drain tube allows you to safely dispose of contaminated solutions without ever touching them
- Quiet performance; tank cover completely encloses basket and beakers, significantly reducing noise level

Ultrasonic Cleaning Units Cont.

**Unit** 4503401  
1 unit with LCD, 1 full size FingerGuard instrument basket, 1 tank cover and 1 x 8oz BioSonic Enzymatic Ultrasonic Cleaner bottle **\$973.49**

**Accessory Kit** 4503402  
1 three quarter FingerGuard instrument basket, 2 single beaker holder, 2 x 600ml borosilicate beakers w/ cover and positioning ring **\$266.99**

**Full Size FingerGuard™ Instrument Basket** 4503403  
1 basket **\$187.49**

**Three-Quarter FingerGuard™ Instrument Basket** 4503404  
1 basket **\$168.99**

**Single Beaker Holder** 4503405  
1 holder **\$31.99**

**BIOSONIC® UC150 ULTRASONIC CLEANING UNIT**  
COLTENE/WHALEDENT

- Sleek, Swiss design, built for versatility and efficiency
- 1.5 gallon stainless steel tank offers a small footprint but generous capacity, holding up to 4 instrument cassettes
- Can be used as a countertop or recessed unit, allowing flexibility in any sterilization center setting
- Glove-friendly touch screen and data logging capability
- Quick draining with externally accessible drain

**Unit** 4514101  
1 unit, 1 display, 1 basket, 1 power cord, 1 drain tube, 1 recess template and 1 recess gasket **\$977.99**

**Accessory Kit** 4514102  
1 cassette basket, 2 beakers, 2 covers, 2 positioning rings and 2 beaker holders **\$288.49**

**Cassette Basket** 4514103  
1 basket **\$180.49**

**Beaker Holder** 4514104  
1 holder **\$30.99**

**BIOSONIC® UC300/UC300R ULTRASONIC CLEANING UNIT**  
COLTENE/WHALEDENT

- Ultrasonic cleaning system with tank capacity of 3 Gal (4.8 L) with LCD technology
- FingerGuard instrument baskets keep sharp instrument points inside basket minimizing possibility of accidental finger sticks
- Wear-resistant plastic housing that will not stain, scratch, rust or dent
- Built-in drain with extra-long drain tube allows you to safely dispose of contaminated solutions without ever touching them
- Quiet performance; tank cover completely encloses basket and beakers, significantly reducing noise level

**Unit** 4503501  
1 UC300 unit, 1 large FingerGuard basket w/ 5 section inserts, 1 tank cover, 1 x 8oz BioSonic Enzymatic Ultrasonic Cleaner bottle and 1 x 8oz Germicidal Ultrasonic Cleaner Concentrate bottle **\$1,927.49**

**Unit - Recessed** 4503502  
1 UC300R recessed unit, 1 large FingerGuard basket w/ 5 section inserts, 1 tank cover, 1 x 8oz BioSonic Enzymatic Ultrasonic Cleaner bottle and 1 x 8oz Germicidal Ultrasonic Cleaner Concentrate bottle **\$2,484.49**

**Large FingerGuard™ Basket with 5 Section Inserts** 4503503  
1 basket **\$293.99**

**Twin FingerGuard™ Basket with 2 Section Inserts** 4503504

**Short Grip Sleeve** 5217806

1 sleeve **\$64.99**

### PROPHYWIZ™ 181P

KAVO DENTAL TECHNOLOGIES, INC

- Light-weight (2.7oz) prophy handpiece
- Handpiece swivels 360° for unprecedented fingertip control and access to hard to reach areas, while eliminating tube drag
- Minimizes hand fatigue
- 360° rotation at center
- Sterilizable up to 275°F (135°C)

**Single** 5152101

1 handpiece **\$667.49**

**3-Pack** 5152102

3 handpieces **\$1,488.99**

**Screw for Prophy Angle** 5152103

1/pack **\$23.49**

### RONDOFLEX™ PLUS 360 AIR-ABRASION UNIT

KAVO DENTAL TECHNOLOGIES, INC

- Portable, easy-to-use abrasion handpiece that adds water spray to air abrasion technology
- Ideal for the following: preparation of small lesions, opening and extension of fissures, surface roughening of preparations and restorations, and removing residual cement from crowns & bridges
- MULTiflex connection
- Sterilizable up to 275°F (135°C)

**Unit** 5154601

1 unit, 1 small 110° tip, 1 wide 110° tip, 1 x 27 micron reservoir, 1 x 50 micron reservoir, 1 x 27 micron powder, 1 x 50 micron powder, 1 small nozzle needle, 1 large cleaning drill and 2 silicone reservoir covers **\$2,282.99**

**110° Tip - 0.018" Small** 5154602

**110° Tip - 0.025" Wide** 5154603

**90° Tip - 0.018" Small** 5154604

1/pack **\$348.99**

**90° Tip - 0.025" Wide** 5154605

1/pack **\$344.49**

**27 Micron Reservoir** 5154607

**50 Micron Reservoir** 5154608

1 reservoir **\$46.99**

**27 Micron Aluminum Oxide Powder** 5154609

**50 Micron Aluminum Oxide Powder** 5154610

1000gm bottle **\$52.99**

**O-Rings** 5154606

2/pack **\$9.99**

### AIR-FLOW® POWDER HU-FRIEDY

- Sodium bicarbonate air-polishing powder
- Extra-fine, low-density grains of the PERIO powder disrupt harmful biofilm and bacteria subgingivally
- Classic Comfort powder offers increased patient comfort due to a small than average grain size
- Removes heavy stains and plaque

**Classic Lemon** 3372001

**Classic Mint** 3372002

4 x 300gm bottles **\$145.49**

**Classic Comfort** 3372003

4 x 250gm bottles **\$145.49**

**PERIO** 3372004

4 x 120gm bottles **\$124.99**

### AIR-FLOW® CLASSIC COMFORT POWDER HU-FRIEDY

- Sodium bicarbonate air-polishing powder
- New formula; particle size has been reduced by almost 40%, going from 65 μm to 40 μm
- Used to remove biofilm, plaque, stains and heavy pigmentation
- Available in 4 exciting new flavors

**Mint** 3373001

**Lemon** 3373002

**Cherry** 3373003

**Neutral** 3373004

4 x 300gm bottles **\$127.49**

## Small Equipment

### Air-Polishing Cont.

### AIR-FLOW® PLUS POWDER HU-FRIEDY

- The first powder that is safe to use for supra- and subgingival biofilm removal
- Erythritol-based, minimally abrasive spray
- Finest grain powder in dentistry
- Can be used on virtually every surface: enamel, dentin, soft tissue, restorations, orthodontic appliances or implant surfaces

**Neutral** 3373101

4 x 1200gm bottles **\$133.99**

### CAVITRON® JET-FRESH® PROPHY POWDER

DENTSPLY SIRONA PREVENTIVE

- Aluminum trihydroxide powder
- For use in Cavitron® JET Plus and PROPHY-JET® Systems

**Refreshing Mint** 2241801

13oz bottle **\$30.49**

### PROPHY-JET® PROPHY POWDER

DENTSPLY SIRONA PREVENTIVE

- Sodium bicarbonate powder
- For use in Cavitron® JET Plus and PROPHY-JET® systems

**Refreshing Mint** 2241701

13oz bottle **\$30.49**

### PROPHYFLEX CLEANING POWDER KAVO DENTAL TECHNOLOGIES, INC

- Used to clean fissures prior to sealing to prevent caries and gingivitis by removing plaque, biofilm and discolorations
- Available in four fun flavors

**Orange** 5152201

**Berry** 5152202

**Cherry** 5152203

**Mint** 5152204

80 x 15gm sticks **\$177.49**

### PROPHYFLEX PERIO POWDER

KAVO DENTAL TECHNOLOGIES, INC

- Prophy powder, ideal for subgingival treatments
- Fine-grain glycine powder that is friendly to the gingiva and is a more pleasant treatment than treatment by curette
- Efficiently cleans periodontal pockets by removing biofilm (periodontitis-peri-implantitis) and reducing the bacterial count

**Bottle** 5152301

4 x 3.5oz bottles **\$107.49**

### PROPHYPEARLS™ CLEANING POWDER

KAVO DENTAL TECHNOLOGIES, INC

- Calcium carbonate, spherical shaped cleaning powder
- Round surfaces offer more contact points than conventional powders, therefore working more efficiently
- Gentle on the teeth
- Increases the pH, reduces acids and has a positive effect on oral flora
- Available in four fresh flavors

**Mint** 5152401

**Peach** 5152402

**Orange** 5152403

**Berry** 5152404

**Flavored Variety Pack** 5152405

**Neutral - Sticks** 5152406

80 x 15gm sticks **\$141.99**

**Neutral - Bottles** 5152407

4 x 8.8oz bottles **\$115.49**

### Ultrasonic Scalers

### BIOSONIC® US100R ULTRASONIC SCALER

COLTENE/WHALEDENT

- Magnetostrictive, ultrasonic scaling system
- Automatically adjusts to work with any manufacturer's 25 kHz or 30 kHz inserts
- Fast hard calculus removal with its unique on-demand maximum power turbo boost button
- Ergonomic handpiece improves operator's comfort during extended scaling
- Multi-directional foot pedal for easy operation

**Scaler Unit** 4503201

1 unit with handpiece, 1 insert (10 slim supersoft-30K), 1 foot switch, 1 waterline with filter + 2 spare filters **\$1,071.49**

Ultrasonic Scalers Cont.

**CAVITRON® JET PLUS ULTRASONIC SCALER AND AIR POLISHING SYSTEM WITH TAP-ON™ TECHNOLOGY**

DENTSPLY SIRONA PREVENTIVE

- Tap-On™ Technology is designed to reduce leg and ankle discomfort associated with continued foot pedal usage - a single tap activates scaling, allowing the foot to rest during the procedure
- Prophy Mode auto cycles (short, medium, long) automatically alternate between air polish and rinse without a need to touch the foot pedal
- Finer water control allows for more precise and convenient adjustment of lavage on the handpiece to the preferred setting
- SPS Technology (Sustained Performance System) automatically adjusts system power to maintain tip stroke regardless of clinical load and conditions
- Autoclavable handpiece provides assurance against cross-contamination

**Complete Unit** **2240101**

1 Cavitron® Jet Plus Ultrasonic Scaler and Air Polishing System with handpiece cable with swivel, 1 Tap-On™ Technology Wireless Foot Pedal, 1 JET-Mate™ sterilizable, detachable handpiece, 2 JET Air Polishing Inserts, 1 Prophy-JET® Sodium Bicarbonate Powder (13oz bottle), 1 JET-Fresh® Aluminum Trihydroxide Prophy Powder (13oz bottle), auxiliary cable for foot control, 1 4-pack "AA" batteries, 2-year warranty (on unit only), and instructional video and manual **\$5,358.99**

**Jet Plus Package** **2240104**

1 Cavitron® JET Plus Ultrasonic Scaler and Air Polishing System, 3 JET-Mate sterilizable, detachable handpieces, 1 Tap-On™ Technology Wireless Foot Pedal, 1 Prophy-JET Sodium Bicarbonate Prophy Powder, 1 JET-Fresh Aluminum Trihydroxide Prophy Powder and 1 FitGrip Focused Spray Slimline 10S insert + 3-year warranty and 3-year Cavitron Care Maintenance Plan **\$5,792.49**

**CAVITRON® PLUS™ ULTRASONIC SCALER WITH TAP-ON™ TECHNOLOGY**

DENTSPLY SIRONA PREVENTIVE

- Tap-On™ Technology is designed to reduce leg and ankle discomfort associated with continued foot pedal usage - a single tap activates scaling, allowing you to rest your foot during the procedure
- Finer water control allows for more precise and convenient adjustment of lavage on the handpiece to the preferred setting
- SPS Technology (Sustained Performance System) automatically adjusts system power to maintain tip stroke regardless of clinical load and conditions
- Autoclavable handpiece provides assurance against cross-contamination
- Single-push rinse and purge modes enhance efficiency

**Complete Unit** **2240301**

1 Cavitron® Plus Ultrasonic Scaler with handpiece cable with swivel, 1 Tap-On™ Technology Wireless Foot Pedal, 1 Steri-Mate™ sterilizable, detachable handpiece, auxiliary cable for foot control, 1 4-pack "AA" batteries, 2-year warranty (on unit only), and instructional video and manual **\$2,731.49**

**Plus Package** **2240304**

1 Cavitron® Plus™ Ultrasonic Scaler, 1 Steri-Mate sterilizable, detachable handpieces, 1 Tap-On™ Technology Rechargeable Wireless Foot Pedal and 1 FitGrip Focused Spray Slimline 10S insert + 3-year warranty and 2-year Cavitron Care Maintenance Plan **\$3,157.99**

**CAVITRON® 300 SERIES ULTRASONIC SCALING SYSTEM**

DENTSPLY SIRONA PREVENTIVE

- Ultra-modern, easy-to-use touchscreen interface with added memory presets and customizable power settings for improved efficiency
- Steri-Mate 360° autoclavable, rotating handpiece allows full rotation with any insert during the scaling procedure, eliminating unnecessary wrist movement or insert manipulation
- Tap-On™ Technology is designed to reduce leg and ankle discomfort associated with continued foot pedal usage - a single tap activates scaling, allowing the foot to rest during the procedure
- Lightweight handpiece cable for improved ergonomics

**Unit** **2301501**

1 Cavitron scaling system, 1 Steri-Mate 360° Handpiece, 1 Tap-On Technology Wireless Foot Pedal **\$2,957.49**

**Package** **2301502**

1 Cavitron scaling system, 3 Steri-Mate 360° Handpieces, 1 Tap-On Technology Wireless Foot Pedal and 1 x 30K Cavitron FitGrip Slimline 10S ultrasonic insert **\$3,753.49**

**SONICFLEX 2003/2003 L**

KAVO DENTAL TECHNOLOGIES, INC

- Scaling instrument, ideal for the removal of calculus
- Offers three different performance levels and air/water coolant at the tip
- Low noise and wide elliptical strokes minimize the development of heat
- MULTiflex LUX connection - optic (2003 L), non-optic (2003)

**SONICflex LUX 2003 L Set** **5152501**

1 unit + 1 universal tip, 1 sickle tip and 1 perio tip **\$1,589.49**

Ultrasonic Scalers Cont.

**SONICflex 2003 L (without tips)** **5152502**

1 unit **\$1,523.49**

**TURBOSENSOR™ ULTRASONIC**

PARKELL, INC

- Foot-controlled turbo power boost
- Expanded low-power "Perio" mode
- External water filter prevents clogs and dripping
- Powers any 25KHz or 30KHz compatible insert, and automatically switches frequency to match

**Unit** **2201401**

2 autoclavable handpiece sheaths, 1 in-line water filter with spare disk, 1 quick-disconnect water connection and 1 foot controller **\$957.99**

**Autoclavable Handpiece Sheath** **2201402**

1 sheath **\$71.99**

**TURBOVUE® ILLUMINATED 30KHZ ULTRASONIC SCALER-110V**

PARKELL, INC

- Inserts transmit light from the handpiece
- Auto-tuning technology
- Dramatically expanded low-power range improves comfort
- Power-boosting Turbo feature when more power is needed
- External water filter prevents clogs and dripping

**Scaler Unit** **1721301**

1 unit with handpiece, 1 foot switch and 1 waterline with filter **\$1,359.99**

**PIEZON® 250**

HU-FRIEDY

- Combines power, precision, design and function in a self-contained package with an irrigant bottle
- LED handpiece ensures enhanced visibility while the fingertip control delivers 35 individual power increments for the exact power
- Large, ergonomic interface with fingertip control allows the clinician to easily select or change the desired power setting during use
- Instantaneous tip amplitude adjustment offers smooth treatment and ultimate patient comfort
- Self-contained water delivery system for easy transport and setup

**Unit** **3372201**

3 tips (A,P,PS), 1 x 350ml water bottle, 1 LED handpiece + maintenance accessories **\$2,603.99**

**PIEZON® MASTER 700**

HU-FRIEDY

- Combines power, precision, design and function in a self-contained package with an irrigant bottle
- LED handpiece ensures enhanced visibility while the fingertip control delivers 35 individual power increments for the exact power
- Smooth touch panel surface for simple cleaning and disinfection
- Sleek user interface offers easy adjustment of power and water delivery
- Intelligent feedback control technology senses when higher power is needed to remove deposit and adjusts accordingly

**Unit** **3372301**

3 tips (A,P,PS), 2 x 350ml water bottles, 1 LED handpiece + maintenance accessories **\$3,987.99**

## Small Equipment

### Ultrasonic Scalers Cont.

#### AIR-FLOW MASTER PIEZON® HU-FRIEDY

- Combines the great features of the Piezon® Master 700 with AIR-FLOW Therapy for advanced supra and subgingival biofilm management in just 5 seconds per tooth
- LED handpiece ensures enhanced visibility while the fingertip control delivers 35 individual power increments for the exact power
- Smooth touch panel surface for simple cleaning and disinfection
- Sleek user interface offers easy adjustment of power and water delivery
- Intelligent feedback control technology senses when higher power is needed to remove deposit and adjusts accordingly

## Small Equipment

### Ultrasonic Inserts & Tips Cont.

#### CAVITRON® FOCUSSED SPRAY® POWERLINE™ ULTRASONIC INSERT SERIES

DENTSPLY SIRONA PREVENTIVE

- For gross deposit removal; heavier deposits
- Patented internal water delivery system delivers water directly to the insert tip and “focuses” the water where it’s needed most
- #3 is a Flat Beavertail tip designed for use on calculus bridges and removal of heavy staining
- #1000 is for moderate to heavy tenacious calculus removal

30K Dark Blue Grip - 3	2240601

CAVITRON® THINSERT®  
ULTRASONIC INSERT

DENTSPLY SIRONA PREVENTIVE

- For light to moderate calculus and deplaquing
- 47% thinner than Focused Spray® Slimline® 10S insert.
- Extra thin design provides maximum subgingival and interproximal access
- Focused Spray® technology water delivery is designed to deliver targeted lavage for increased visibility and greater patient comfort

30K Lavender Grip	2241501
1 insert	<b>\$191.99</b>

CAVITRON® THINSERT® FITGRIP™  
ULTRASONIC INSERT

DENTSPLY SIRONA PREVENTIVE

- Ergonomically designed with clinician's fingers in mind; the hygienist's grip naturally conforms to the insert's unique one piece design
- 47% thinner tip diameter than the current FSI® Slimline straight inserts
- Designed to be used at all power levels
- Focused Spray® technology water delivery is designed to deliver targeted lavage for increased visibility and greater patient comfort

30K	2244202
1 insert	<b>\$191.49</b>

CAVITRON® THRU FLOW®  
ULTRASONIC INSERT SERIES

DENTSPLY SIRONA PREVENTIVE

- For supragingival scaling
- Thin Beavertail is ideal for removal of heavy black tar stain and calculus, especially on lingual anterior areas
- Straight is ideal for general deposit removal throughout the mouth
- Triple-Bend is ideal for quick removal of moderate to heavy calculus and allows increased access to the line angles and interproximal surfaces

30K Black Grip - 3 (Thin Beavertail)	2241001

SATIN SWIVEL®  
ULTRASONIC INSERTS

HU-FRIEDY

- Reduces the torque from the handpiece cord, increasing overall balance for hassle-free scaling
- A slight rolling motion of your fingertips eliminates the old "start, stop, remove and readjust" routine required with traditional inserts
- The grip is 18% larger than standard inserts, reducing finger pinching, resulting in less hand fatigue and enhanced tactile sensitivity
- Lightly textured silicone grips provide a secure, comfortable grasp and are color-coded for easy tip identification
- Swivel XT™ is thin enough to provide access into hard-to-reach areas, yet strong enough to effectively remove tenacious deposits even when used on low to medium power

10 Universal - 25K Lavender	3367301
100 Thin Universal - 25K Black	3367302

**SONICFLEX MICROINVASIVE**

KAVO DENTAL TECHNOLOGIES, INC

- Special tip system for small, difficult-to-access lesions in the proximal regio
- Tips are diamond-coated on one side to allow direct access to initial lesions from an occlusal or buccal direction
- 30 / 30A: small hemisphere, mesial and 31 / 31A: small hemisphere, distal
- 32 / 32A: large hemisphere, mesial and 33A: large hemisphere, distal

1/pack

**\$96.99**

Ultrasonic Inserts & Tips Cont.

**SONICFLEX CAREIX D + TC**

KAVO DENTAL TECHNOLOGIES, INC

- Minimally invasive removal of carious dentine
- Cariex TC is for the removal of large carious lesions and Cariex D is for the removal of small carious lesions with the ability to shape the cavity
- 42A: for calculus removal on all tooth surfaces
- 43 / 43A: for pedo use and difficult-to-access areas
- 71 / 71A: for subgingival scaling and 72: for subgingival calculus

<b>Cariex D Tip Set A</b>	<b>5153901</b>

**S-SERIES PIEZO SCALING TIPS - AFTER-FIVE®**

HU-FRIEDY

- S-Series tips are compatible with Hu-Friedy's Symmetry IQ® 3000, 4000, NSK®, and Satelec® generators
- A special blend of stainless steel to work in harmony with your generator's ultrasonic energy to optimize vibration for superior scaling
- Probe-sized tips are designed to enhance access into periodontal pockets and improve adaptation in interproximal areas

Left	3370701
Right	3370702
Straight	3370703

1 tip **\$109.99**

Ultrasonic Inserts & Tips Cont.

**S-SERIES PIEZO SCALING TIPS - DIAMOND**

HU-FRIEDY

- S-Series tips are compatible with Hu-Friedy's Symmetry IQ® 3000, 4000, NSK®, and Satelec® generators
- Diamond piezo tips are thin, contra-angle diamond-coated finishing instrument used for removal of residual debris and designed to enhance access to deep periodontal pockets and furcations
- A special blend of stainless steel to work in harmony with your generator's ultrasonic energy to optimize vibration for superior scaling

Straight	3370501

**S-SERIES PIEZO SCALING TIPS - PERIO**

HU-FRIEDY

- S-Series tips are compatible with Hu-Friedy's Symmetry IQ® 3000, 4000, NSK®, and Satelec® generators
- A special blend of stainless steel to work in harmony with your generator's ultrasonic energy to optimize vibration for superior scaling
- Standard diameter contra-angle tip are ideal in removing calculus on all surfaces of premolars and molars, especially interproximal areas

Left	3370601
Right	3370602
1 tip	<b>\$119.99</b>

**S-SERIES PIEZO SCALING TIPS - UNIVERSAL**

HU-FRIEDY

- S-Series tips are compatible with Hu-Friedy's Symmetry IQ® 3000, 4000, NSK®, and Satelec® generators
- A special blend of stainless steel to work in harmony with your generator's ultrasonic energy to optimize vibration for superior scaling
- Symmetry Piezo Tips come with the Guardian Wrench Tip Carrier; an innovative, patented torque-limiting wrench/tip carrier designed for safe and easy connection to the handpiece
- P10 is a standard diameter tip used to remove light deposits and plaque ans S10 is a standard diameter tip used to remove heavy supragingival deposits
- P3 is a thin-bladed curette-like tip used to remove heavy deposits on anteriors and premolars

Ultrasonic Scaler - Accessories

**JET-MATE® HANDPIECE**

DENTSPLY SIRONA PREVENTIVE

- Detachable, sterilizable handpiece designed for use with the Cavitron Jet Plus 30 kHz unit
- Swivel allows 330° rotation, designed to provide ergonomic benefits by reducing cable drag
- Reduces cross-contamination for enhanced infection control

1-Pack	2246701
1/box	<b>\$305.49</b>
3-Pack	2246702
3/box	<b>\$781.49</b>

**KAVO TIP REMOVAL TOOL**

KAVO DENTAL TECHNOLOGIES, INC

- For changing of SONICflex scaling tips
- Torque feature prevents over tightening
- Can be used as a protective cover when SONICflex is attached to the delivery system

Sterilizable	5152701
1 tool	<b>\$74.49</b>

**STERI-MATE® HANDPIECE**

DENTSPLY SIRONA PREVENTIVE

- Detachable, sterilizable ultrasonic scaler handpiece
- Reduces cross-contamination for enhanced infection control

1-Pack	2246801
1/box	<b>\$247.99</b>
3-Pack	2246802
3/box	<b>\$635.49</b>

Ultrasonic Scaler - Accessories Cont.

**STERI-MATE® 360 HANDPIECE**

DENTSPLY SIRONA PREVENTIVE

- Detachable, sterilizable ultrasonic scaler handpiece
- Reduces cross-contamination for enhanced infection control
- Allows full rotation of any 30 kHz insert, limiting wrist movement during the scaling procedure
- Designed to enable easy insert manipulation without the need to stop and make adjustments

1-Pack	2246601
1/box	<b>\$326.49</b>
3-Pack	2246602
3/box	<b>\$831.49</b>

**WATER FILTER REPLACEMENT**

DENTSPLY SIRONA PREVENTIVE

- For monthly replacement
- Luer-lock connections

Bone Grafting Material

GUIDOR® EASY-GRAFT® CLASSIC  
ALLOPLASTIC BONE GRAFTING  
SYSTEM

SUNSTAR AMERICAS, INC.

- First particulate bone grafting material designed to be syringed directly into a bone defect, hardening into a stable, porous scaffold in approximately one minute and, in many cases, eliminating the need for a dental membrane
- 100% synthetic, fully resorbable and unit-dose application
- Ideally suited for filling voids around immediate implant placements and ridge preservation after tooth extraction
- Each unit contains three systems and each system includes: one syringe of coated granules and one ampule of BioLinker®

Small 1320501  
3 systems x 0.15ml **\$247.49**

Medium 1320502  
3 systems x 0.25ml **\$289.49**

Large 1320503  
3 systems x 0.4ml **\$351.49**

R.T.R. MEMBRANE  
SEPTODONT

- White, compressed, non-friable matrix, fabricated from type 1 collagen derived from bovine (Achilles) tendon
- Maintains bone grafting material to the region to be reconstructed
- Creates a barrier/protected environment during bone regeneration
- Protects periodontal ligaments from fast growing soft tissues/epithelial cells
- Appears white when dry, translucent and non-slippery when wet and absorbs in 4-8 weeks

Small (15x20mm) 1320101  
1/box **\$97.99**

Medium (20x30mm) 1320102  
1/box **\$117.99**

R.T.R. SYRINGE  
SEPTODONT

- Sterile and gradually resorbable bone substitute
- Osteoconductive micro- and macro-porous structure that fosters dense new bone growth
- Made of β-tricalcium phosphate granules of synthetic origin
- Releases calcium and phosphate ions to help promote new bone formation
- Helps renew bone integrity within 3-6 months

0.8cc Syringe 1320201  
1 syringe **\$126.99**

100% cotton &  
0% additives

- 100% cotton

Sutures - Hu-Friedy®

PERMA SHARP® SUTURES

HU-FRIEDY

- Designed for efficient and reliable soft tissue closure for all types of dental procedures
- Designed with a finer point geometry for smoother penetration and precise needle placement
- Unique laser-drilled needles designed to lessen tissue disruption
- Stronger needles manufactured from a proprietary stainless steel alloy result in less breakage

## Surgical Products

### Medicaments & Packing Material

#### COE-PAK™ AUTOMIX GC AMERICA

- Surgical dressing and periodontal pack
- Two-component material for wound dressing, to cover stitches or stabilize loose teeth
- No burning sensation, no unpleasant taste and no disagreeable odor
- Eugenol-free

**Automix** 5000801  
2 x 50ml cartridges + 12 mixing tips **\$139.49**

**Hard & Fast Set** 5000802  
**Regular Set** 5000803  
1 x 90gm base and 1 x 90gm catalyst **\$112.49**

#### DRY SOCKET PASTE SULTAN HEALTHCARE

- 4.16% gualacol, 4.16% eugenol
- Instant pain relief, used to treat alveolitis
- A one-visit treatment with no packing to remove

**1oz Jar** 2015601  
1 jar **\$165.99**

#### GELFOAM SPONGES PFIZER

- Sterile, absorbable gelatin sponge
- For use in oral and dental surgery to aid in providing hemostasis

**Size 4** 2021301  
6 envelopes of 2 sponges each **\$252.99**

**Size 12** 2021302  
12/pack **\$179.99**

**Size 50** 2021303  
4/pack **\$194.99**

**Size 100** 2021304  
6/pack **\$435.99**

#### SAFEGAUZE HEMOSTAT MEDICOM

- Sterile, woven, pH neutral soluble hemostatic gauze
- Resorbed by the body in 10-12 days
- Contains no chemical additives, thrombin or collagen
- Hypoallergenic

**4-ply - 0.75" x 0.75"** 2021401  
20/box **\$87.49**

#### INSTANT COLD PACKS MEDLINE

- Cold packs activate instantly
- Fold to activate

**4 3/4" X 6 1/4"** 2021501  
50/case **\$38.99**

**5 3/4" X 9"** 2021502  
24/case **\$23.99**

#### SOCKIT! ORAL HYDROGEL WOUND DRESSING

MCMERLIN DENTAL PRODUCTS

- Ideal for use after tooth extractions, implants and oral hygiene procedures
- Provides fast, constant, drug-free pain relief
- Consists of acemannan (active ingredient in aloe vera), xylitol and essential oils, with no artificial ingredients
- Protects injured tissues from contamination
- Optimizes wound healing

**5-Pack** 2021001  
5 x 10gm syringes, 5 patient instructions + doctor's instruction **\$83.99**

**25-Pack** 2021002  
25 x 10gm syringes **\$286.99**

## Vacuum Forming Materials

### Mouthguard

#### SOFT EVA MATERIAL - CLEAR MOUTHGUARD

PAC-DENT

- Clear, soft EVA sheets for mouthguards

**Clear Mouthguard .040** 2141201  
25/pack **\$20.49**

**Clear Mouthguard .060** 2141202  
25/pack **\$22.49**

**Clear Mouthguard .080** 2141203  
25/pack **\$26.49**

**Keep your tools and  
the environment  
clean.**

- Advanced microbial/dual enzyme cleaning tablets designed for use as an instrument pre-soak, ultrasonic cleaning solution or evacuation system cleaner

- Non-foaming, non-chlorinated and neutral pH

#### PURELIFE BIO-ENZYMATIC ULTRASONIC TABLETS

64/box  
**\$39.99**

1231601

## Waste Solutions

### Amalgam Separators

#### PUREWAY ECO II+ AMALGAM SEPARATOR

PUREWAY COMPLIANCE, INC.

- Higher flow rate supports 10 operatories
- Compatible with dry and wet vacs without disruptive suction loss

- No maintenance required, lifetime warranty and ISO 11143 Certified (exceeds ISO standards at 99.3%)

- Larger inner/outer outlets with multi-adaptors 1.5" and 2"

- Free compliance management software

**ECO II+** 1271001  
1 unit **\$599.00**

**ECO II+ Replacement Unit and Recycling  
Service** 1271101  
1 canister + 1 pre-paid return shipping label **\$349.00**

**ECO II+ Tandem** 1271002  
1 unit **\$999.00**

#### LIBERTYBOSS AMALGAM SEPARATOR

M.A.R.S.

- Service life is up to 3 years with NO maintenance, NO filters, NO extra costs; 1 to 3 chairs = 3 years, 4 to 9 chairs = 2 years, 10 to 15 chairs = 1 year

# THE ONLY U.S. DISINFECTANT WITH “THE THOROUGH, FAST MICROBE KILL” DENTISTS NEED

- THE INDEPENDENT GORDON J. CHRISTENSEN CLINICIANS REPORT\*

PureWay is pleased to introduce the health-friendly BioSURF, recently hailed as the fastest EPA-registered surface disinfectant. This more wholesome and green alternative is also the only American disinfectant that meets all the criteria necessary for a thorough, quick microbe kill, according to a new study from the independent Gordon J. Christensen Clinicians Report.\* For some stats on how BioSURF outperforms all current competitors, see below!

## THE FIRST AND ONLY EPA APPROVED DISINFECTANT WITH:

- An impressive 3-minute broad spectrum kill in presence of human blood
- Unique air-tight packaging of bag-in-a-box design that “eliminates loss of kill potential due to air exposure”
- A dispensing method that prevents active ingredient loss
- All biodegradable materials

\* REPORT AVAILABLE FOR REFERENCE AT WWW.PUREWAY.COM/BIOSURFSTUDY.DOF

# We give back.

**Sustainable dental supplies**  
**100% carbon offsets**  
**Over 200,000 trees planted**

**DENTISTRY EVOLVED**

The driving force behind everything we do? Community. We believe building a better world starts on a communal level and supports as many charities on both international and local levels that share our social and environmental missions. We're all on the same team. One example is America's ToothFairy, a non-profit providing dental services to our country's most vulnerable children at risk for tooth decay. Dentistry Evolved is not just about evolving technology and processes but it is about evolving the way that our industry comes together to bring about meaningful positive change.

We partnered with Carbonfund.org to offset 100% of our carbon emissions by driving reforestation efforts. With your help we have successfully planted over 200,000 trees. Your PureLife purchases contribute to protecting our environment, one tree at a time. Reforestation is ongoing, and so is our mission: Dentistry Evolved.

# Are you in compliance?

**PAST DUE**

**JULY 14 2020  
EPA DEADLINE**

The EPA amalgam waste regulation is now in effect.

## ECO II+ AMALGAM SEPARATOR

- Higher flow rate supports 1-10 chairs (10-20 chairs in tandem configuration)
- Compatible with dry and wet vacs and without disruptive suction loss
- Easier, quicker install
- No maintenance required & lifetime warranty
- Larger inner/outer outlets with multi-adaptors 1.5" and 2"
- Free compliance management software
- Dimensions (HxWxD): 12.2 x 7.7 x 8.4 in
- Collection container volume: 4.5 lb. (700 ml) amalgam waste
- Visit [pureway.com/ecoui-amalgam-separator](http://pureway.com/ecoui-amalgam-separator) for more info
- ISO 11143 Certified (exceeds ISO standards at 99.3%)

1271001 - Single Unit  
1271002 - Tandem Unit

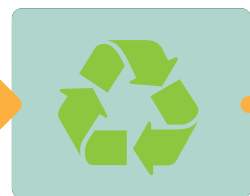

Amalgam separator is installed on the main vacuum line.

Solids are collected. When full, replacement canister is ordered.

Full canister is placed in pre-paid return shipping box and picked up via UPS.

Mercury is extracted and recycled at an approved facility.

Recycling certificate is automatically sent to the dental office.

# WE DISPOSE OF YOUR WASTE, NOT YOUR INCOME.

Savings up to **50%** from competing brands

## SMALL PRACTICE FRIENDLY. NO CONTRACTS. NO HIDDEN FEES.

- On-demand disposal and recycling
- Sharps, amalgam and regulated waste
- No contracts, monthly fees or fuel surcharges
- Online tracking and documentation of destruction

To order, call
