RECREATION LEISURE & OPEN SPACES COMMITTEE**3rd July 2019****Cemetery management matters****1. Introduction and why a decision is needed**

- 1.1 The owner of the Exclusive Right of Burial in a grave space at the cemetery has asked that two caskets (containing the cremated remains of deceased pets) be allowed to remain notwithstanding that this is not generally permitted. Only members have authority to approve such a departure from the Cemetery Regulations.
- 1.2 This is also a convenient opportunity to review the position regarding registration of transfers of Exclusive Rights of Burial, the fees charged for this and the fee structure generally.

2. Background information, options, impact assessment and risks

- 2.1 Regulation 25 of the current Cemetery Regulations states “No ornaments or articles are to be placed on or adjacent to graves without Town Council permission.”
- 2.2 A photograph of the relevant grave space appears below as Figure 1. It is understood that the pets in question belonged to the person whose remains are interred in the plot.
- 2.3 The Regulation clearly contemplates that ornaments or articles that are considered suitable might be allowed by way of exception. Relevant considerations in this case are that this is an old grave with a kerb-set and the articles in question are of a size and design that render them relatively unobtrusive and inoffensive.
- 2.4 The issues around the grant and transfer of Exclusive Right of Burial and fee structure are too complicated to put in writing without producing a report of inordinate length and will therefore be explained by the Town Clerk at the meeting. However, it may help members to be able to refer to the current table of fees attached.

3. Issues for decision and any recommendations

- 3.1 *Whether permission should be granted to allow the caskets to remain.***
(RECOMMENDATION: Grant permission)
- 3.2 *Whether there should be a review of the Council’s policy on granting Exclusive Right of Burial and the fees charged for this and other services (especially registering transfers) and, if so, how it should be undertaken.***

Why we apply these fees

Introduction

Most local authorities in the country are running short of space to allow burials and have been seeking more land to provide this service to their residents. The local burial authority is normally the District Council, Borough or City, but increasingly Town Councils are taking on this responsibility. This means the Town Council get no subsidy from the District Council but can provide residents the opportunity to be buried in the town where they had lived. While it will invariably mean a more expensive service with our limited resources, it also means that as a town we can assure our residents that their loved ones can be buried locally rather than in towns or districts further away. Ringwood Town Council spent £80,000 in securing additional land for this purpose and to provide temporary allotments and maintains the cemetery to the high standard our residents expect.

Additional charges have been levied on 'Non-residents' of the town to discourage use and ensure there will always be availability of plots for those residents within the town. While this will clearly not meet the approval of everyone, our duty is to our own residents who must take priority while ensuring no additional burden is placed on other council tax payers who may not require this service.

Our fees and charges are enclosed for all items which might be requested by potential purchasers and should be examined by you before making your purchase.

We will ask you to sign an acknowledgement slip below on confirmation of purchase

Our charges include

- Purchase of the plot
- Annual administration costs of the plot
- Weekly maintenance of the plot for 30 years
- Remedial work for subsidence
- Annual Inspections
- Faculty
- Contingency
