General Monitoring of School-Issued Devices

Please be aware that the District, either directly or through a technology provider, is electing to generally monitor all school-issued devices (as that term is defined by R.C. 3319.325). The monitoring will include the following features: location tracking and student interactions with school-issued devices (e.g., keystrokes and web-browsing activity). The District generally monitors these features for the noncommercial education purpose of instruction, technical support, exam proctoring, and/or as required by the Children's Internet Protection Act (CIPA) enacted by the US Congress in 2000. Additionally, these features are generally monitored as a necessary precaution for preventing and/or responding to threats to life or safety.

Please note the District has **NOT** implemented any new monitoring services or changed monitoring services. This notice is a new requirement per Ohio Senate Bill 29 ("SB29") that was passed by the Ohio General Assembly, signed by Governor DeWine, and is effective on October 24, 2024.
