

Sensible Micro has partnered with the following authorized lines:

Offering a wide range of world-class connectors and cable assemblies. Innovative connector designs and manufacturing capabilities that reduce cost and improve performance in a broad range of applications.

High-quality cabling and connectivity solutions including, USB, HDMI, DVI, Power Cords and more at the most competitive prices. Custom lengths and configurations are available based on volumes.

A leading manufacturer of frequency products, quartz crystals, oscillators, and ceramic resonators. Great for long life cycle applications, they will support for 20 years!

A leader in the 3rd party memory marketplace for over 50 years. Dataram's capabilities include over 800 various memories in the DDR3, DDR4, & DDR5 families. Their capacities range from 2GB to 128GB. As this market continues to expand, they also have branded SSD products with capacities of 120GB to 8TB.

A leading European manufacturer of electro-mechanical components for more than 100 years, including connector systems, crimp contacts, solderless terminals, stamping parts and termination technology.

A leading manufacturer of high-speed boards and rugged system solutions based on high-density FPGAs and processors. Hardware solutions that reduce engineering time enable going to market faster.

A leading manufacturer of power products for more than 50 years offering a full line of DC/DC converters and AC/DC power supplies with an emphasis on customized solutions made in the US.

Custom and standard battery solutions for a broad range of products and applications, in both rechargeable and non-rechargeable chemistries.

For 50 years, producing discrete semiconductors has been their passion. Standard and customized, with high availability and fast worldwide delivery.

Etron Tech is the pioneer and leader of KGDM (Known Good Dice Memories) – the bare-die memory. KGDM bare die products can be mass-produced without packaging and enable Stacked-Die System-Chip in one package.

Sensible Micro has partnered with the following independent lines:
