PROPOSERS OF THE BID - SLIGO BID COMPANY CLG

INTRODUCTION

Sligo made history in 2016 in adopting a Business Improvement District Scheme, the first such entity located on the west coast of Ireland. There are currently five BID companies in Ireland and this number is expected to grow over the coming years. This is a scheme common in the United States (over 1,500 BID companies) and the United Kingdom (345 BID companies) where the ratepayers of a designated geographical area contribute an agreed additional percentage of their rates to be ring fenced for particular actions and projects.

Sligo commercial ratepayers have contributed almost €1 million in levies since the inception of Sligo BID CLG since 2016.

Sligo BID Levy is calculated at: the net rateable value of the property x 0.0143. For example if your net rateable value is €10,000, then your levy contribution is €10,000 x 0.0143 which equals €143.00. 70% of the BID levy payers in Sligo BID are €400 per annum or less and this contribution per year funds the running of the BID office and the town centre management process and projects.

Sligo BID CLG based at the Abbey St, Sligo, has been involved in numerous projects and events in Sligo over the last five years, including Christmas lighting, retention of the Purple Flag award, Coach Friendly Destination status, financial support to Sligo Tidy Towns of €30,000 per annum, expansion of the Sligo Summer Festival, the annual St Patrick's Day parade (with Sligo, one of six selected destinations (pre Covid) as a pilot town for tourism promotion in the USA), Sligo Cairde Arts Festival, Sligo Live and business tourism events, i.e. conferences. It has also organized and assisted in the Collaborative Town Centre Health Check project (Heritage Council of Ireland), annual consumer and perception surveys, footfall data collection, attended ITOA and CTTC tourism industry trade shows. Sligo BID has worked with Sligo County Council in support of projects such as the public realm projects such as the Civic Plaza (2020) and the refurbishment of O'Connell St (2019) and Irish Water (2018).

By voting to continue with BID 2 you will be empowering the BID office to work with all stakeholders to

- a) Ensure that Sligo continues its progress to becoming a vibrant, exciting, sustainable town, attracting businesses and visitors, driving the local economy and enhancing the quality of life of residents and visitors to Sligo.
- b) Ensure that Sligo realizes its ambition of a regional centre for growth as per the National Planning Framework, Ireland 2040.
- c) Facilitate and support programmes of actions that will enhance the cultural identity of the town and boost its national and international profile and image.
- d) Consolidate the valuable work done to date by Sligo Ratepayers in supporting BID 1
- e) Build on and learn from the experiences of BID 1
- f) Deliver value for money to all ratepayers in Sligo

GOVERNANCE & MANAGEMENT STRUCTURE

It is proposed that the Sligo BID office will continue to be located at Abbey St. In addition to the employment of the Town Centre Manager Sligo BID would employ one part-time admin assistant.

BUSINESS CONSULTATION

In 2016 Sligo BID successfully secured votes that insured its five-year term to 2021. As part of our consultation for a second term, Sligo BID will again consult with commercial businesses prior to the ballot within the BID area. Meeting with rate payers (including retail, hospitality, service and industry), supported by direct consultations with recognised business interests will directly input into the work of the five-year term.

PROPOSED BOUNDARIES FOR THE BUSINESS IMPROVEMENT DISTRICT

The premise that has been adopted with consideration to boundaries, evolves from the view that a vibrant Town Centre is essential for Sligo to retain and develop its regional status and to become the preferred visitor point for retail and leisure visitors to the region. A regenerated Town Centre with the recently refurbished O'Connell St and the addition of a civic plaza in Stephen St, is as much a pre-requisite for industry as a tool to attract industrial improvement, as it is for the rejuvenation of the overall town centre. There will be a positive 'ripple' on the entire town from a vibrant Sligo town centre. Therefore, the Board are proposing that the BID levy should continue to be supported by the full Sligo urban district rate base of Sligo County Council.

DESCRIPTION OF THE FOUR PILLARS OF WORK TO BE CONTINUED UNDER THE SLIGO BID SCHEME 2021 -2026:

1. MARKETING & PROMOTION

We will work to increase the level of marketing & promotional activity to ensure that Sligo has a strong public image that continues to attract business and footfall to the town. To have a strong retail, hospitality and service sector offering that is representative for the entire town, we will work with local partners that aids retail promotion, securing a lead advantage for Sligo in the north west. Sligo BID proposes to actively promote retail campaign and loyalty/voucher programmes promoting support and engagement with local retailers.

In 2015, Sligo joined Galway, Killarney, Waterford, Dublin, and Cork in securing Purple Flag accreditation. Recommended by Failte Ireland as a signature award for the Evening and Night Time Economy (ENTE), the Sligo cross sector stakeholder team is recognised by the Association of Town and City Management (ATCM), UK and Ireland as one of the best examples of a town team both here in Ireland and the UK.

As the hospitality and cultural offering in Sligo is rated at 97% excellent or above in a recently completed consumer survey by the Collaborative Town Centre Health Check Programme (CTCHC), it is important that ENTE operators gain representation on the newly formed Night Time Task force by the Department of Media, Tourism, Arts, Culture Sports and the Gaeltacht. Through the Purple Flag accreditation, we will continue to work to enhance our nighttime quarters under the tenets of people movement, safety, wellbeing, and policy. We will achieve this through professional sustainable place branding and marketing campaigns, utilizing local press and radio, online technology, social media, and signage. In 2019, Irish consumers spent €2.7 billion online shopping with 70% of that spend outside the EU and Irish consumers expectations of the experiential offering from a town centre has changed. Town centres must adapt to meet those changes.

2. CULTURAL DEVELOPMENT

Over the last five years Sligo BID has organized and sponsored a range of successful events in the town centre. The aim is to offer a selection of events and showcase the area through a variety of different uses, we also recognise the symbiosis between urban renewal and the development of a strong arts and culture ethos, ensuring an eclectic mix through an experience that is rich in offering in our town centre.

A good working example of this is Sligo Summer Festival and the Cairde Arts Festival. Both events offer a multifaceted programme of activity in the heart of Sligo town and combined with events such as St Patrick's Day Parade, Christmas Lights switch on event and events like Cannonball, aids in attracting footfall, helps contribute to local service and seasonal employment and adds to the brand equity of Sligo as a destination.

Over the next five-year term, we will work to develop area/street brands and work with stakeholders to promote and highlight our town and all its retail, hospitality, cultural and social attributes.

We will continue to raise sponsorship that allows the company to deliver many of its marketing objectives. We will support existing local events to enhance and improve the overall offering paying specific attention to Spring/Summer/Christmas.

SLIGO SUMMER FEST

3. OPERATIONS & INFRASTRUCTURE

The BID Company has carried out several different works as part of our operational & infrastructure strategy to help maintain a baseline level of relevance and appeal for the consumer. Sligo BID has supported Sligo Tidy Towns since 2016 with over €100,000 in financial contributions. The additional murals and flower displays have been an active part of the BID programme and assist the Tidy Towns voluntary committee in achieving increased points year on year. Through collaboration with various stakeholders and our partners Sligo County Council we have delivered on many different aspects of our good place making strategies as possible.

Over the proposed five-year term there will be a notable increase in our operational delivery for the Town Centre, with many partnerships now formed, this leads to a speedier deliver within this service and will include.

SLIGO ST PATRICKS DAY

4. TOURISM

Sligo BID recognises tourism as one of Ireland's most important economic sectors and in 2017, 2018 and 2019 Sligo BID attended tourism industry trade shows with Sligo Tourism, Sligo Food Trail and Sligo County Council. It is noteworthy that Sligo County Council was the first local authority to have both staff members and elected representatives attend the Coach Tourism Transport Council of Ireland trade show with Sligo Bid in 2017 and 2019 at the RDS, Dublin. This engagement assisted in greatly reversing the reputation of Sligo that yielded an increase in coach traffic to Sligo of 20% in 2019. Establishing external industry relationships is central to Sligo BID's ethos of extending Sligo's reputation as a progressive, proactive destination.

In 2019, Sligo BID revamped the St Patrick's Day website with funding accessed from Failte Ireland. A second site, Meet in Sligo (MiS) was launched in mid-2019 with a dedicated sales book that was specific to the Meetings, Incentives, Conferences and Events sector (MICE) – business tourism. The seven BID member hotels meet regularly and pre Covid-19 had intended to attend UK and USA industry trade shows in 2021.

Over the next five years we will continue to work collaboratively with local businesses, Sligo County Council, regional and national tourism bodies to further develop our tourism offering in the coach, tour operator and MICE sectors and seek opportunities that will benefit our local community.

OPERATING PERIOD

Sligo BID CLG wish to see the continuation of Sligo BID, from the 1st March 2021, to run for 60 months to the 28th February 2026.
