POLICY:

The job of the Board is to represent the public in determining and demanding appropriate organizational performance. To distinguish the Board's own unique job from the jobs of its staff, the Board will concentrate its efforts on the following responsibilities:

- (A) Serving as the link between the College and political entities, the Board of Regents and the public.
- (B) Enacting written governing policies which, at the broadest levels, address:
 - (1) Governance Process: Specification of how the Board conceives, carries out, and monitors its own tasks.
 - (2) Board-Staff Relationship: How power is delegated and its proper use monitored; the President's authority and accountability.
 - (3) Executive Limitations: Constraints on executive authority which establish the prudence and ethics boundaries within which all executive activity and decisions must take place.
 - (4) Ends: College services, impacts, benefits, outcomes, recipients, and their relative worth (what good for which needs at what cost). Ends include college mission, values, vision, goals, and priorities.
- (C) Monitoring institutional performance and the President's performance (against Board policies on Ends and Executive Limitations) and monitor the Chairperson's performance (against Board Policies on Governance Process).
- (D) Promoting a positive image for the College.

CHAIRPERSON'S ROLE

Policy No. 3357:15-1-04

Page 1 of 2

Effective: 10/05/2009

Revised: 02/13/2015

POLICY:

- (A) The Chairperson is responsible for the integrity of the Board's process and occasional representation of the Board to outside parties. The Chairperson is the only authorized spokesperson for the Board (beyond simply reporting Board decisions), other than in rare and specifically authorized instances.
- (B) The Chairperson shall ensure the Board and individual Board members act consistent with the Board's own rules and policies and those legitimately imposed upon the Board from outside the College.
 - (1) The Chairperson shall preside at Board meetings in an efficient and effective manner and shall set the general tone for each meeting through positive leadership.
 - (2) Discussion at the Board meetings will be on those issues which, according to Board policy, belong to the Board to decide, not the President.
 - (3) Deliberation will be fair, open, and thorough, but also efficient, timely, orderly, and to the point.
 - (4) The Chairperson will attempt to arrive at a consensus by the Board members on Board decisions. The Chairperson will stimulate discussion among Board members.
- (C) The authority of the Chairperson consists in making decisions that fall within the topics covered by Board policies on Governance Process and Board-Staff Relationship, except where the Board specifically delegates portions of this authority to others. The Chairperson is authorized to use any reasonable interpretation of the provisions in these policies.
- (D) The Chairperson has no authority to make decisions about policies created by the Board within the Ends and Executive Limitations policy areas.
- (E) The Chairperson has no authority to supervise or direct the President, unless authorized by the Board.

- (F) The Chairperson shall ensure the other Board members are informed of current and pending Board issues and processes.
- (G) The Chairperson shall appoint members of committees established by the Board.

BOARD COMMITTEE PRINCIPLES

Effective: 10/05/2009

Policy No. 3357:15-1-05

Revised: 02/13/2015

Page 1 of 1

POLICY:

- (A) Board committees, when used, will operate so as to minimally interfere with the wholeness of the Board's job and so as never to interfere with delegation of authority from the Board to the President. Committees will be used sparingly.
- (B) Board committees are to help the Board do its job, not to help the staff do its jobs. Committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberation. Board committees are not to be created by the Board to advise staff.
- (C) Board committees may not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the President.
- (D) Board committees cannot exercise authority over staff. Because the President works for the full Board, the President is not required to obtain approval of a Board committee before an executive action. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations.
- (E) This policy applies only to committees which are formed by Board action, whether or not the committees include non-board members. It does not apply to committees formed under the authority of the President.
- (F) The Board shall not have standing committees.
- (G) The Board will act as a committee of the whole and will establish ad-hoc committees when appropriate.

Page 1 of 1

Effective: 10/05/2009

Revised: 02/13/2015

Revised: 04/02/2016

POLICY:

- (A) The Board will carry out its responsibilities using a governance style consistent with Board policies by:
- (1) re-exploring Ends policies annually;
 - (2) holding an annual planning session;
 - (3) following an agenda at its regular monthly meetings which implements the Board policy on Governing Style; and
 - (4) continually improving its performance through Board education and enriched input and deliberation.
- (B) The agenda for all Board meetings will be prepared by the President after consultation with the Chairperson and based on input from other Board members. The agenda will be delivered to the Board at least five days before the meeting.
- (C) Education, input, and deliberation will be paramount in structuring meetings, and other Board activities.
- (D) The College budget will be approved by the Board each May. Revised budgets will be submitted to the Board for approval as necessary during the fiscal year, but no more often than quarterly.
- (E) Board policies and policy revisions will not be adopted until they have been considered at a minimum of two meetings, unless Board action waives this requirement and immediate effect is authorized.

BOARD MEMBERS' CODE OF CONDUCT

Policy No. 3357:15-1-07

Page 1 of 2

Effective: 10/05/2009

Revised: 02/13/2015

Revised: 08/09/2021

POLICY:

- (A) The Board expects ethical conduct by itself and its members. This includes proper use of authority and appropriate decorum in group and individual behavior when acting as Board members.
- (B) Board members must maintain unconflicted loyalty to the interests of the ownership. This accountability supersedes the personal interest of any Board member acting as an individual consumer of college services.
- (C) Board members must avoid any conflict of interest with respect to their fiduciary responsibility.
 - (1) There must be no self-dealing or any conduct of private business or personal services between any Board member and the College except as procedurally controlled to assure openness, competitive opportunity, and equal access to “inside” information.
 - (2) Board members must not use their positions to obtain employment by the College or the furnishing of services or goods to the College for or by themselves, family members, friends, or associates.
- (D) Board members may not attempt to exercise individual authority over the organization except as explicitly set forth in Board policies.
 - (1) Board members’ interaction with the President or with staff must recognize the lack of authority in any individual Board member or group of Board members except as noted in Board policies.
 - (2) Board members’ interaction with the public, press, or other entities must recognize the same limitation and the similar inability of any Board member or Board members to speak for the Board.
 - (3) Board members will express no judgments of the President’s or staff performance except as that performance is assessed in accordance with explicit Board policies.

- (E) Board members will participate in educational activities, including state, regional, and national meetings, to enhance their ability to serve effectively as members of the College's governing Board.
- (F) Board members will not permit themselves to be used to circumvent established lines of authority or interfere in the normal procedures for the processing of complaints or grievances.
- (G) Board members will not violate confidentiality including discussions which occur at legally held closed meetings of the Board.
- (H) Board members will maintain attorney-client privilege. Any decision to waive that privilege requires approval of the Board.
- (I) Board members will not present an item for action or discussion at a Board meeting which is not on the agenda unless item is approved for discussion by the Board.
- (J) Board members must comply with attendance requirements according to state law.

DELEGATION TO THE PRESIDENT

Effective: 10/05/2009

Policy No. 3357:15-2-01

Revised: 02/14/2015

Page 1 of 1

POLICY:

- (A) All Board authority delegated to staff is delegated through the President, so that all authority and accountability of staff—as far as the Board is concerned—is considered to be the authority and accountability of the President.
- (B) The Board will direct the President to achieve certain results through the establishment of Ends policies. The Board will limit the latitude the President may exercise in practices, methods, conduct, and other “means” through establishment of Executive Limitations policies.
- (C) As long as the President uses any reasonable interpretation of the Board’s Ends and Executive Limitations policies, the President is authorized to establish all administrative policies, make all decisions, take all actions, establish all practices, and develop all activities.
- (D) The Board may change its Ends and Executive Limitations policies. However, as long as a policy is in effect, the Board will respect and support the President’s decisions that conform to that policy.
- (E) Only decisions of the Board acting as a body are binding upon the President. The President is accountable to the full Board.
 - (1) Decisions or instructions of individual Board members, officers, or committees are not binding on the President except in rare instances when the Board has specifically authorized such exercise of authority.
 - (2) If Board members or committees request information or assistant without Board authorization, the President can refuse such requests which require, in the President’s judgment, a material amount of staff time or funds or is disruptive.
- (F) The President shall apply to the Board for a waiver of a Board policy if the President deems a waiver is in the best interest of the College.

PRESIDENT'S JOB DESCRIPTION

Policy No. 3357:15-2-02

Page 1 of 1

Effective: 10/05/2009

Revised: 02/14/2015

POLICY:

- (A) The President is the chief executive officer of the College. The President is the Board's single official link to direct action within the College. The President is accountable to the Board acting as a body. The Board will instruct the President through written policies, delegating implementation to the President. The organizational performance of the College as a whole will be a primary factor in evaluating the President's performance.

- (B) The President's responsibilities can be stated as performance in two areas.
 - (1) Organizational accomplishment of the Board's policies on Ends.

 - (2) Organizational operation within the boundaries established in Board policies on Executive Limitations.

MONITORING PRESIDENTIAL PERFORMANCE

Policy No. 3357:15-2-03

Effective: 10/05/2009

Page 1 of 2

Revised: 02/14/2015

POLICY:

- (A) Organizational performance against Board policies on Ends and on Executive Limitations is a primary factor in monitoring presidential performance against Board policies on Ends and on Executive Limitations. The Board will monitor performance in a manner as to have systematic assurance of policy compliance, including accomplishments of Ends.

- (B) The purpose of monitoring is simply to determine the degree to which Board policies are being fulfilled. Information which does not do this will not be considered to be monitoring. Monitoring will be done in a way to permit the Board to use most of its time to create the future rather than review the past.

- (C) A given policy may be monitored in one or more of three ways:
 - (1) Internal reports—Disclosure of compliance information to the Board from the President. Internal reports include:
 - (a) Institutional data collection.
 - (b) Community surveys.
 - (c) Placement data.
 - (d) Assessment of student learning.
 - (e) State-mandated accountability data.
 - (f) Financial reports.

 - (2) External reports—Disclosure of compliance information by an external auditor or other persons or entities external to the institution. External reports include:
 - (a) Audit reports.
 - (b) Licensing examination results.
 - (c) Accreditation reports.

- (d) Transfer data.
 - (3) Direct Board Inspection—Discovery of compliance information by a Board member, a committee, or the Board as a whole. This is an inspection of documents, activities, or circumstances directed by the Board which allows a test of policy compliance.
- (D) Policies may be monitored by any method at any time, except each Ends and Executive Limitations policy will be monitored by the Board at regularly scheduled times pursuant to an agreed method.

INSTRUCTIONAL PROGRAMS

Policy No. 3357:15-13-01

Page 1 of 3

Effective: 10/15/2009

Revised: 03/12/2015

Revised: 06/05/2017

Revised: 06/07/2021

POLICY:

Instructional programs, certificates, and courses of study shall be developed and offered in accordance with the provisions of the Ohio Department of Higher Education (ODHE) in the fulfillment of Stark State College.

1. **Associate Degree Programs.** The ODHE defines an associate degree as an award that requires completion of 60 semester credit hours. Per the ODHE, each associate degree program should not exceed 65 semester credit hours unless it can be shown that the additional coursework is required to meet professional accreditation or licensing requirements. Programs requiring hours beyond the 65-hour maximum in order to meet accreditation or licensing requirements are expected to align similarly to like programs at other two-year public institutions and shall not exceed 73 semester credit hours.
 - a. Degree Titles. Upon evidence of satisfactory completion of an approved program previously authorized by the ODHE, the Board of Trustees may confer the following degrees:
 - i. Associate of Arts and Associate of Science degrees are designed for students wishing to complete the first two years of a bachelor's degree, as well as those desiring two years of a liberal arts education.
 - ii. Associate of Applied Business and Associate of Applied Science degrees are awarded in recognition of successful completion of career technical education programs and prepare students for immediate employment upon graduation. The curricula for applied associate degree programs are described in terms of technical and non-technical studies. Non-technical studies include general education and courses that serve as a base for the technical field (sometimes referred to as "applied general education" or "basic" coursework). Non-technical studies should make up at least 30 semester hours of the degree.
 - iii. Associate of Technical Study degrees are awarded for successful completion of an individually planned program of study designed to respond to the need for specialized technical education. The program must have an area of

concentration which is equivalent to at least 30 semester credit hours in technical studies and a clearly identifiable career objective. The area of concentration can either be formed by: Type A—a coherent combination of technical courses selectively drawn from two or more technical programs currently offered by the college to serve a career objective that would not be adequately addressed by one of the existing programs alone; or Type B—courses completed or training received by a student at other institutions of higher education, career centers, or other educational enterprises judged by the institution to be of college level and for which the institution awards degree credit.

2. **Certificate.** ODHE defines a certificate as a formal award certifying the satisfactory completion of an organized program of study at the postsecondary level. In accordance with the ODHE, certificates are designed as building blocks toward future degrees and with the intent of articulating the program into the next degree. Students can earn general or technical certificates.
 - a. General Certificates require completion of an organized program of study and are classified by IPEDs as “less than one year” or “at least one but less than two academic years.”
 - b. Technical certificates are designated as one year or less than one year.
 - i. **One Year Technical Certificate:** Certificates awarded by a post-secondary institution for the completion of an organized program of study in at least 30 semester credit hours, with the majority of the coursework completed in a prescribed technical area. While the certificates are designed to have value apart from a degree, these certificates should serve as building blocks to an associate degree. The technical certificate is designed for an occupation or specific employment opportunities. These certificates should prepare students for a valid occupational license or third-party industry certification, if available, related to the field of study.
 - ii. **Less Than One Year Technical Certificate:** Certificates awarded by a post-secondary institution for the completion of an organized program of study

in less than 30 semester credit hours that are designed for an occupation or specific employment opportunity. These certificates should prepare students for a valid occupational license or third-party industry certification, if available, related to the field of study.

PROCEDURE:

Approval of instructional programs begins with an internal process. Final approval for instructional programs is granted by ODHE and the Higher Learning Commission (HLC), where applicable. The following steps are required for approval:

1. Department Chairs submit the request to their Deans for approval.
2. The approval is discussed at Academic Affairs Council to ensure there isn't a conflict with other program curriculum and to communicate curriculum changes to the other academic divisions.
3. After Academic Affairs Council discusses the curriculum, it is submitted to the Curriculum Committee. The process outlined on *mystarkstate* in the Curriculum Committee folder must be followed for the submission.
4. Once approved by Curriculum Committee, final approval is granted by the Vice-President of Business, Finance, and IT, where applicable, and the Provost and Chief Academic Officer.
5. Curriculum is submitted to ODHE for approval by the Provost's Office.
6. Where applicable, certificates are submitted to HLC for approval.

PROCEDURE:

1. Adds/Drops:
 - a. For students in good academic standing, permission is not needed and instructor signatures are not required for adding a course(s) prior to the first day of the semester, term, or session or dropping a course(s) in the first week of the semester, term, or session. Please note: students on academic probation are not permitted to register or make a schedule change without an advisor's signature and are prohibited from registering through their mySSC account.
 - b. Audit Classes:
 - (1) Students wishing to audit a course must complete the process prior to the first day of the semester, term, or session and are encouraged but not required to take the listed prerequisite and/or co-requisite requirement.
 - c. After the semester, term, or session begins, students will be required to obtain approval and signatures/electronic authorization as defined in items 1c(1), 1c(2), 1c(3) below. Students must complete the Registration Schedule Change Form-Add, Drop, or Withdrawal and refer to the Refund Schedule on mySSC.
 - (1) Students switching sections of the same course need the signature/electronic authorization of the department chair of the course.

 - d. Students attempting to gain entrance to closed courses must have the signatures/electronic authorization of both the instructor and department chair of the course with a notation providing permission to increase enrollment for the CRN indicated. (Instructors need to check room capacity and class rosters.) The Registration Schedule Change Form-Add, Drop, or Withdrawal, with both signatures, should be submitted to the Gateway Student Services Center.
- 2. Important Considerations:
 - a. Students who have been academically dismissed must follow the Academic Probation and Dismissal Policy and procedure (Policy No. 3357:15-13-13).
 - b. Students who have been conditionally admitted may not add a course. See Admission policy and procedure (Policy No. 3357:15-18-01).
- 3. Any exception to this Registration Deadline Policy will be based only on extreme circumstances, with evidence, and requires the permission of the academic dean.

A prerequisite is a course taken prior to another course(s) as designated by the academic department. Certain courses require that the student meet prerequisites in order to register for the course. The prerequisite course(s) are designated by the academic departments to assist the student in selecting appropriate course levels. The prerequisite(s) may be one or more courses, a minimum placement test score, or a minimum grade in a prerequisite course(s).

PROCEDURE:

1. The student may register for the course even if the student has not completed the course prerequisite(s) provided the student is currently enrolled in the prerequisite course(s) for the next level course(s).
2. The course requiring the prerequisite will be dropped by registration from the student's schedule if the student does not satisfactorily complete the prerequisite course(s). The Academic Records/Registrar's Office will notify the student of the schedule change via mail and email within one week after the end of the semester the prerequisite course was not completed.
3. If a student has taken a prerequisite course(s) at another institution, the student should request to have an official transcript sent to the Academic Records/Registrar's Office prior to registration. Prerequisite overrides will be considered prior to the start of the semester. Override request(s) can also be made directly to the appropriate department chair through email or appointment. At the time of initial registration, Gateway representatives will process a temporary override with final approval by the department chair. If the override is denied, the student will be notified.
4. Students who are auditing a course will be encouraged but not required to take listed prerequisite course(s).
5. The department of the student's current major may establish the requirement(s) for prerequisite grades. If the major department does not specify the prerequisite grade, the passing grade established by the department offering the course will apply.

COURSE SUBSTITUTION BY PETITION

Effective: 08/27/2013

Revised: 03/12/2015

Revised: 05/29/2020

Revised: 06/03/2024

POLICY:

For Ohio Department of Higher Education associate degree programs and one-year certificates, a course petition should be approved prior to the student's applying for graduation. Four courses are the maximum number of courses for substitution. Exceptions processed for Stark State College courses and transfer courses with equivalent classes do not count toward the four maximum substitutions.

PROCEDURE:

1. The student must request a course substitution by petition with an academic advisor, department chair, or program coordinator in the student's program through the MyAcademicPlan (MAP) system. The substitution by petition will be approved or rejected electronically by the department chair/program coordinator, the registrar, and the Provost, if needed. The student will be notified electronically via Stark State College email of the decision.
2. For a limited number of courses, course substitution applies to the required curriculum within the student's major.

The following list of criteria must be met for course substitution approval:

- a. No developmental course can be used for course substitution.
 - b. Equivalency (technical for technical; nontechnical for nontechnical; general education for general education).
 - c. Course level (100 to 100; 200 to 100; not 100 to 200).
 - d. Equivalent credit hours or higher.
 - e. Courses must have 70% of the course learning outcomes in common.
 - f. The course the student has successfully completed is at a higher level and approved by course and program department chairs of the discipline(s).
3. The registrar will apply the approved substitution by petition to the student's record, in consultation with the department chair/program coordinator of that discipline and the department chair/program coordinator that is in charge of the course.
 4. Students changing majors will need to resubmit course substitutions by petition to be considered for the new major. However, when changing only the catalog-in-force, a new petition is not required.

POLICY:

Letter grades are used by the faculty member assigned to the course to indicate the student's performance. The grades shall be in accordance with the standards of expected achievement of the course and the College. The student's grade point average is computed by the following formula: total quality points earned divided by Grade Point Average (GPA) earned hours. Programs requesting a variance from the established numerical range for each letter grade must follow the shared governance approval process outlined in the Departmental Academic Policy (3357:15-13-38).

PROCEDURE:

(A) Final Grades. Final grades are issued at the end of each term. Letter grades are used to indicate performance for the course.

(B) Quality Points. Letter grades earn the following quality points:

(1)	AH	Excellent (Honors Course)	4
(2)	A	Excellent	4
(3)	BH	Above Average (Honors Course)	3
(4)	B	Above Average	3
(5)	C	Average	2
(6)	UC	Unsatisfactory Average	2
(7)	D	Below Average	1
(8)	UD	Unsatisfactory Below Average	1
(9)	F	Failed	0
(10)	*IN	Incomplete	0
(11)	*W	Withdrawn	0

(12)	*AU	Audit	0
(13)	*CR	Credit	0
(14)	*NC	No Credit	0
(15)	^D	Academic Forgiveness	0
(16)	^F	Academic Forgiveness	0

C. The numerical range for each letter grade is as follows:

90 – 100% = A

80 – 89% = B

70 – 79% = C

60 – 69% = D

0 – 59% = F

D. UC and UD indicate unsatisfactory completion of the performance expectations for a developmental course.

E. Points with an * are not calculated in GPA.

POLICY:

When a student repeats a course, both grades will appear on the academic record, and the highest grade will be used in calculating the grade point average (GPA). Students may receive financial aid for repeating courses. However, if the student is retaking a previously passed course, financial aid can only be used for one repeat of that course. Any courses that are repeated will be used in the calculation of a student's Satisfactory Academic Progress (SAP) status. Course grades from another institution will not replace a Stark State College grade nor will they be used in calculating the GPA.

PROCEDURE

1. Unless a student is on academic probation, he/she can register for any course a second time without restriction.
2. Prior to registering for the course for a third time, including withdrawals, a student must meet with his/her academic advisor. Once approval is granted, a manual override would need to be processed with required signatures (advisor and/or department chair). Individual departments may have more restrictive guidelines.
3. Once a student repeats a course, the higher grade will be included in the GPA. All grades and withdrawals are included in SAP calculations.

ACADEMIC ADVISING

Policy No. 3357:15-13-14

Page 1 of 2

Effective: 03/12/2015

Revised: 05/29/2020

POLICY:

Stark State College recognizes that academic advising is crucial to student success and to the student's educational experience. Academic advisors, including full-time faculty and staff advisors, should have knowledge of the institution's educational and supporting resources. All new full-time faculty and staff advisors are required to complete the online advising training within the first semester of hire. Academic advising serves to develop a relationship with students to assist in exploration and declaration of a program of study consistent with their educational and career goals. Academic advising responsibilities include periodically evaluating a student's academic progress, attempting to resolve issues that may negatively impact the student's success, supporting the achievement of the student's academic and career goals by assisting the student in planning their academic schedules, and providing students with the needed connection to the various campus services.

The students' responsibilities include regularly meeting with an academic advisor to gain an understanding of academic performance standards applicable to their degree program(s), complying with academic policies and deadlines and accessing their Stark State College email for advisor messages and advising-related announcements.

PROCEDURES:

(A) Gateway Advising

The Gateway advising process uses the following steps to onboard new, degree-seeking students and prepare them to begin their education at Stark State College. After initial registration, certificate students will be assigned to their faculty advisors.

- (1) **Gateway Advisor Assignment Process:** Once admitted, students are assigned an Enrollment Representative, a Gateway Specialist, or Success Coach as their Gateway Advisor in Banner. Counselors in Disability Support Services and Military Services also provide initial advising. The Gateway Advisor will continue to academically advise the student until the completion of fifteen college-level credits.
- (2) **Initial Advising:** The Gateway Advisor will discuss the major of choice with the student, provide a basic understanding of the curriculum, create a class schedule, discuss financial aid and payment options, and review the new student checklist.

(B) Faculty Advising Handoff

- (1) Each semester, the Gateway Advisor will assess their advising lists to identify students who have completed fifteen college-level credits after the drop for non-attendance.
- (2) The faculty advisor and the student will be notified via an email regarding the transfer from the Gateway Advisor to the academic advisor.

(C) Academic Advising Timeline

When advising the student, the faculty advisor should review the student's account for any holds, check the student's academic standing, check the student's financial aid standing, review placement test scores, and review the progress made toward the student's declared major. The faculty advisor may help the student select classes and build a schedule. The faculty advisor may also help map out a path for degree completion.

- (1) **Faculty Advisor Assignment Process:** All new students will be assigned a faculty advisor by a division representative no later than the third week of their first semester.
- (2) **Fifteen-Hour Transition Checkpoint:** Faculty are required to connect with the student to establish a relationship.
- (3) **Thirty-Hour Checkpoint:** Each semester, faculty will review the advisor reports to identify advisees who have completed thirty hours of college-level credits. The faculty advisor will contact those students. If sufficient progress is not being made, the faculty advisor will discuss future plans for success.
- (4) **Sixty-Hour Checkpoint:** Each semester, faculty will review the advisor reports to identify advisees who have completed sixty hours of college-level credits. The faculty advisor will contact those students. The progress of each student will be reviewed to ensure graduation is attainable, and a plan should be devised to help that student apply for graduation.
- (5) **Seventy-Five-Hour Checkpoint:** Each semester, faculty will review the advisor reports to identify any advisees who have completed seventy-five hours of college-level classes but have not graduated. The faculty advisor will contact those students. A plan will be devised to assist that student in completion of the program and apply for graduation.

POLICY:

A student may drop a class or all classes from the College before the end of the seventh calendar day (excluding holidays and emergency closings) of any academic period without academic penalty. Any changes made during this period will not become a part of the student's academic record. Students should refer to the posted refund schedule.

Beginning with the eighth calendar day through the published withdrawal date, the College gives students an opportunity to withdraw from a class or all courses. It is the student's responsibility to withdraw by the published withdrawal date and to satisfy any financial obligations to the College. A student is officially withdrawn from a course once a signed, or electronically submitted, Registration Schedule Change Form-Add, Drop, or Withdrawal has been submitted to the Academic Records/Registrar's Office. Students can submit an electronic request for withdrawal, through their official Stark State email, including discussion of all options, via the instructor, academic advisor, or department chair/program coordinator to the Academic Records/Registrar's Office. The Registration Schedule Change Form-Add, Drop, or Withdrawal is available on the mySSC.

closings) of any academic period, as long as the student withdraws before the published withdrawal date.

3. Failure to follow the procedures may result in the student remaining registered for the class and accepting the grade outcome on the academic record at the end of the semester.

 - 2) Sexual Assault (3357:15-14-15)
 - 3) Student Code of Conduct (3357:15-19-10)
 - 4) Travel and Business Entertainment Expense (3357:15-14-10)
 - 5) Anti-Hazing (15-19-13)

PROCEDURE:

- (A) The instructor must coordinate with the appropriate personnel of the visiting destination to plan the field trip. Field trips should not be scheduled during the first or last week of classes of any term, nor should a field trip interfere with other courses.
- (B) The instructor should submit the Academic Field Trip Authorization Form containing the planned schedule of field trips for the semester and their itineraries to the department chair prior to the start of the semester. This form can be found on the *mystarkstate* portal under the Faculty/Advisors tab under Academic Forms. The department chair must

be notified of any changes that occur to the planned schedule and/or field trip itineraries prior to the field trip(s).

- (C) The instructor will then fill out the Academic Field Trip Roster form (keeping a copy for the field trip(s)) to submit to the department chair one week prior to the first field trip. The department chair must be notified of any changes to the travel roster during the semester.
- (D) Information about field trip(s) should be communicated to students as soon as is feasible. Basic information and details if available should be included in the class syllabus. The information provided to students should include full address, parking, appropriate dress code, and costs, as well as visiting restrictions, such as photography, citizenship, and current employment.
- (E) Prior to the field trip(s), each student must complete and submit to his/her instructor the following: an Academic Field Trip Release and Indemnification Agreement form, one per field trip, and the Academic Field Trip Authorization for Emergency Medical Treatment form, one per semester. These forms are available on the *mystarkstate* portal under the My Stuff tab under Student Forms. The due date(s) for these forms will be set by the instructor.
- (F) If an employee of the college is traveling and requests reimbursement for expenses, he/she should refer to the Travel and Business Entertainment Expense Policy 3357:15-14-10.

POLICY:

State of Ohio's Transfer and Articulation Policy

Stark State College abides by the Ohio Department of Higher Education Ohio Articulation and Transfer Policy.

[[The Ohio Articulation & Transfer Policy: The Policy | Ohio Higher Ed](#)]

Institutional Transfer

The Ohio Department of Higher Education in 1990, following a directive of the 118th Ohio General Assembly, developed the Ohio Articulation and Transfer Policy to facilitate students' ability to transfer credits from one Ohio public college or university to another in order to avoid duplication of course requirements. A subsequent policy review and recommendations produced by the Articulation and Transfer Advisory Council in 2004, together with mandates from the 125th Ohio General Assembly in the form of Amended Substitute House Bill 95, have prompted improvements of the original policy. Additional legislation from the 125th Ohio General Assembly also initiated the development of a statewide system for articulation agreements among state institutions of higher education for transfer students pursuing teacher education programs.

Action by the 126th Ohio General Assembly led to the establishment of criteria, policies, and procedures for the transfer of technical courses completed through a career-technical education institution and standards for the awarding of college credit based on Advanced Placement (AP) test scores.

Legislation from the 130th Ohio General Assembly required public institutions of higher education to: use baseline standards and procedures in the granting of college credit for military training, experience, and coursework; establish an appeals process for resolving disputes over the awarding of credit for military experience; provide specific assistance and support to veterans and service members; adopt a common definition of a *service member* and *veteran*; and establish a credit articulation system in which adult graduates of public career-technical institutions who complete a 900 clock-hour program of study and obtain an industry-recognized credential approved by the Chancellor shall receive 30 college technical credit hours toward a technical degree upon enrollment.

While all public colleges and universities are required to follow the Ohio Articulation and Transfer Policy, independent colleges and universities in Ohio may or may not participate in the Transfer Policy. Therefore, students interested in transferring to independent institutions are encouraged to check with the college or university of their choice regarding transfer agreements.

In support of improved articulation and transfer processes, the Ohio Department of Higher Education has established an articulation and transfer clearinghouse to receive, annotate, and convey transcripts among public colleges and universities. This system is designed to provide standardized information and help colleges and universities reduce undesirable variability in the transfer credit evaluation process.

Please see the Ohio Articulation and Transfer Policy for additional information and appendices: <https://www.ohiohighered.org/transfer/policy>.

Application of Transfer and Articulated Credit

The Policy distinguishes between the acceptance and application of transfer and articulated credit by the receiving institution to the student's chosen program. Transfer credits accepted by the receiving institution will be posted to the student's record and transcript. Students will receive transfer credit for all college-level courses they have passed and/or for articulated credit for prior learning successfully completed as delineated in the Policy. From among the credits which have been posted to the student's record and appear on his or her transcript, the receiving institution, within the provisions of this Policy, will determine how credits will or will not be applied toward degree requirements at the receiving institution as follows:

- a. **Ohio Transfer Module (OTM):** It is assumed that a common body of knowledge, comprised of a subset or the complete set of an institution's general education curriculum, can be found in the Associate of Arts, Associate of Science, and baccalaureate degree programs offered at various institutions. An OTM can be drawn from this broader general education curriculum. Each institution has identified its OTM according to the guidelines and learning outcomes appended. Students enrolled in applied degree programs may choose to go beyond their degree requirements to complete the entire OTM. Individuals who successfully complete the OTM at one public institution of higher education in Ohio will be considered to have met the OTM requirements of the receiving institution. Approved OTM courses, when taken individually, are also guaranteed for transfer among public higher education institutions on a course-by-course basis and are to be applied to the OTM of the receiving institution.
- b. **Transfer Assurance Guides (TAGs):** Discipline-specific guides, or pathway guarantees, have been developed and explained in the Policy as advising tools, each containing selected courses from the existing Ohio Transfer Module, pre-major/beginning major courses (called TAG courses), advising notes, and foreign language requirement when appropriate. TAG courses are guaranteed to transfer and be applied to specific TAG-related degree/program requirements as equivalent courses.
- c. **Career-Technical Assurance Guides (CTAGs):** Built upon a similar philosophy as the TAGs, CTAGs facilitate the award and transfer of college credit in technical courses/programs among public institutions of learning, including secondary and adult career-technical institutions, colleges, and universities.
- d. **Military Transfer Assurance Guides (MTAGs):** College credit is guaranteed for service members with military training, experience, or coursework that is recognized by the American Council on Education (ACE) or a regionally accredited military institution, such as Community College of the Air Force. Pathway guarantees (MTAGs) have been

developed to ensure the applicability of equivalent courses toward specific degree and program requirements.

- e. **Apprenticeship Pathway Programs:** Technology-specific statewide articulation agreements in apprenticeship programs recognize non-traditional prior learning, for which college credit is awarded toward a technical associate degree.
- f. **Prior Learning Assessment (PLA):** Prior learning at the college-level that is acquired through means other than credit course enrollment (e.g., work experience, professional training, military training, or recognized examinations, certificates, and certifications) is assessed through a number of rigorous evaluation methods. Credit is awarded and applied within the scope of this Policy. Credit transferred from public institutions is transferable on the same basis as if the credit had been earned through regular study at the awarding institution. (See the Definitions section of this Policy, *Prior Learning* and *Prior Learning Assessment*.)
- g. **Advanced Placement (AP) Exams:** College credit is guaranteed for students who achieve an AP exam score of 3 or higher in accordance with the Course Alignment Recommendations.
- h. **College-Level Examination Program (CLEP):** College credit is guaranteed for students who achieve an established College-Level Examination Program (CLEP) test score for exams that have been endorsed statewide as college level. Statewide faculty panels aligned CLEP exams to equivalent Ohio Transfer Module (OTM) and Transfer Assurance Guide (TAG) courses, as appropriate. Specific endorsed alignments and scores for individual CLEP exams that are outlined in the College-Level Examination Program (CLEP) Endorsed Alignment Policies document are available on the Ohio Department of Higher Education website at <https://www.ohiohighered.org/transfer/clep>.
- i. **International Baccalaureate (IB) Exams:** Each public institution of higher education in Ohio provides a policy including the minimum scores and course/credit alignments for awarding college credit for successfully completed International Baccalaureate exams.
- j. **One-Year Option:** Adult learners are awarded technical course credit toward a general associate of technical studies degree for completing an occupational skills training program at an adult public career-technical education institution and the respective credential approved by the Chancellor.
- k. **Associate-to-Baccalaureate Degree Pathways:** An associate degree holder from an Ohio public institution of higher education is able to apply his or her associate degree toward a baccalaureate degree program in an equivalent field at any baccalaureate degree-granting public institution of higher education.
- l. **Credit When It's Due:** Through the Credit When It's Due program, participating institutions collaborate to exchange the academic records of eligible transfer students to determine if their previously earned college credit is sufficient to be awarded an associate degree or certificate by applying credit before and/or after they began their current degree or certificate program.
- m. **Application of Credit to the Major, Minor, and Field of Concentration:** Other than the Ohio Transfer Module (OTM), Transfer Assurance Guides (TAGs), Career-Technical Assurance Guides (CTAGs), Military Transfer Assurance Guides (MTAGs), Apprenticeship Pathway Programs, Advanced Placement (AP) Exams, the One-Year Option, and the 2+2 Programs, the application of credit for requirements in a specific

academic major, minor, or field of concentration will be made on a course-by-course basis by the receiving institution.

- n. **Treatment of Upper- and Lower-Division Credit:** A course completed at one public institution of higher education and transferred to another will be applied to the student's degree objective in the same manner as its equivalent course at the receiving institution.
- o. **Applied Associate Degrees:** Applied degree graduates who transfer to an Associate of Arts (AA), Associate of Science (AS), or bachelor degree program typically must complete additional general education courses to satisfy the general education requirements. Individual OTM courses completed will transfer and apply toward the OTM of the receiving institution.
- p. **Non-Traditional Credit and Electives:** Non-traditional credit transfers as an equivalent course(s) when available at the receiving institution. If there are no equivalent courses and the courses are not applicable to the TAG, CTAG, MTAG, OTM, General Education Requirements, or specific program requirements, such courses will transfer or articulate as free or general electives when they exist in a program.

PROCEDURE:

Acceptance and application of transfer credit

Because individual programs have such varied purposes and course requirements, universal application of all transfer work is not feasible. Attempts to do so would, in many cases, seriously compromise program integrity. Certain credits will transfer and remain part of the student's record, but those same credits will not necessarily be applicable to all or any degree granting programs at Stark State College. The following sections outline the basic requirements and guidelines for making articulation and transfer determinations outlined in the policy.

Certain preplanned sets of courses (i.e., Ohio Transfer Modules, Transfer Assurance Guides, and Career-Technical Assurance Guides) are specifically designed to be both acceptable for credit and applicable to degree requirements within the provisions of this policy.

Acceptance of credit is a process carried out by Stark State College in which a determination is made as to which credit will be posted to the student's record and will appear on the student's transcript. The following guidelines and requirements shall govern the acceptance of transfer credit.

- a. Transfer credit will be accepted for successfully completed (as defined below), college-level courses from Ohio institutions of higher education which are accredited by the Higher Learning Commission or other accrediting commissions which have been recognized by the Council on Higher Education Accreditation (CHEA).¹
 - ¹ The Council on Higher Education Accreditation (CHEA) was created after the former Commission On Recognition of Post-Secondary Accreditation (CORPA) was dissolved in April of 1997. CHEA was created for the purpose of assuring the quality of post-secondary education through the process of voluntary, non-governmental accreditation. CHEA does this through the establishment of criteria and provisions for the evaluation and recognition of accrediting agencies.
- b. Stark State College will determine which courses are college-level on the basis of three standards: 1) the course is not remedial or developmental; 2) the course carries one or

more credit hours; 3) the hours of the course are eligible to count toward graduation at the sending institution.

- c. To recognize fully the successfully completed A.A. degree, A.S. degree, and Applied Associate degree and to encourage the completion of such degrees, individuals who have an earned A.A., A.S., or Applied Associate degree with an overall GPA of 2.0 or better will receive transfer credit for all college-level courses which they have passed. Pass/fail courses, Credit by Examination courses, Experiential Learning courses, and other non-traditional credit courses which meet these conditions will be posted to the record and will appear on the student's transcript. This provision applies only to courses taken prior to Fall 2005. (See Ohio Articulation and Transfer Policy, Appendix D regarding grades).
- d. To recognize courses appropriately completed at previous accredited Ohio institutions and provide equity in the treatment of transfer and native students, incoming transfer students will receive transfer credit for all college-level courses which they have passed, including pass/fail courses, credit by examination courses, experiential learning courses, and other non-traditional credit courses which meet these conditions. This provision applies to coursework taken in and/or after Fall 2005. Transfer credit from other institutions will be determined upon receipt of an official transcript. Grades of at least "D" quality must be earned in any course to permit acceptance of credit. Transcripts will be evaluated for transfer of credit based on ODHE policy and the Articulation and Transfer Policy.
- e. A maximum of 40 credit hours toward an associate's degree and 15 hours toward a one-year certificate, including transferred credits from other institutions in accordance with this policy, credit by proficiency examinations, or prior learning experience, may be used by a student toward the completion of these Stark State College credentials. At least 15 semester hours in the one-year certificate must be completed at Stark State College. At least one course in a career enhancement certificate must be completed at Stark State College.

Conditions for Transfer Admission

1. Graduates who are considered transfer students under the Integrated Postsecondary Education Data System (IPEDS) definition with associate degrees from Ohio's public institutions of higher education and a completed, approved Ohio Transfer Module shall be admitted to a public institution of higher education in Ohio, provided their cumulative grade-point average is at least 2.0 for all previous college-level courses and other institutional admission criteria, such as space availability, adherence to deadlines, payment of fees, and grade-point average that are fairly and equally applied to all undergraduate students, have also been satisfied. Further, these students shall have admission priority over graduates with an out-of-state associate degree and other transfer students with transferable and/or articulated college credit.
2. Associate degree holders who are considered transfer students under the IPEDS definition and have not completed the Ohio Transfer Module from an Ohio public institution of higher education will be eligible for preferential consideration for admission as transfer students as long as the institution's admission criteria, such as the minimum academic standards, space availability, adherence to deadlines, and payment of fees, are fairly and equally applied to all undergraduate students.

3. In order to encourage completion of the baccalaureate degree, students who are not enrolled in or who have not earned a degree but have earned 60 semester/90 quarter hours or more of credit toward a baccalaureate degree with a cumulative grade-point average of at least a 2.0 for all previous college-level courses will be eligible for preferential consideration for admission as transfer students as long as the institution's admission criteria, such as the minimum academic standards, space availability, adherence to deadlines, and payment of fees, are fairly and equally applied to all undergraduate students.
4. Students who have not earned an associate degree or who have not earned 60 semester/90 quarter hours of credit with a grade-point average of at least a 2.0 for all previous college-level courses will be eligible for admission as transfer students on a competitive basis.
5. Transfer applicants dismissed from another institution will be considered for admission on the same basis as native students dismissed from the receiving institution (e.g., institutions may require such conditions as waiting periods, successful completion of an entrance examination, or courses at another regionally accredited institution, etc.).
6. Although institutions are not obligated to admit transfer students who have earned a cumulative grade-point average below the 2.0 minimum, they may elect to consider such students for admission on an individual basis (e.g., students who have matured after having been out of school for a period of time or may have a reasonable probability for academic success). Special processes may be required, such as examinations, written essays, personal interviews, developmental courses, repeating courses, etc.
7. Transfer students may be admitted on a conditional basis or with a probationary status based on their previous academic records. The criteria for being admitted with conditions or probationary status will be the same as those for native students.
8. The admission of transfer students by an institution does not guarantee admission to a specific degree program, major, minor, or field of concentration. Some programs have additional requirements beyond those for general admission to the institution (e.g., background check, a grade-point average higher than a 2.0, or a grade-point average higher than the average required for admission to the institution). In such cases, admission for transfer students will be the same as those for native students.
9. Students who plan to seek admission to programs with special requirements beyond those for general admission to the institution should plan to satisfy those special program admission requirements prior to transfer, to the extent possible. It is the responsibility of each student to be aware of the requirements for programs of interest, seek advice from a program/academic advisor, and plan course schedules that correspond with degree requirements prior to transferring.

The admission of transfer students by an institution, however, does not guarantee admission to any majors, minors, or fields of concentration at the institution. Some programs have additional academic and non-academic requirements beyond those for general admission to the institution (e.g., background check, a grade-point average higher than a 2.0, or a grade-point average higher than the average required for admission to the institution). Once admitted, transfer students shall be subject to the same regulations governing applicability of catalog requirements as native students. Furthermore, transfer students shall be accorded the same class standing and other privileges as native students on the basis of the number of credits earned. All residency requirements must be completed at the receiving institution.

State/National credit-by-examinations

- a. College credit is guaranteed for students who achieve an established College-Level Examination Program (CLEP) test score for exams that have been endorsed statewide as college level. Statewide faculty panels aligned CLEP exams to equivalent Ohio Transfer Module (OTM) and Transfer Assurance Guide (TAG) courses, as appropriate. If an equivalent course is not available for the CLEP exam area, by default, endorsed elective or area credit will still be awarded and applied towards graduation, when it exists in a program.

Specific endorsed alignments and scores for individual CLEP exams that are outlined in the College-Level Examination Program (CLEP) Endorsed Alignment Policies document are available on the Ohio Department of Higher Education website at <https://www.ohiohighered.org/transfer/clep>.

- b. In response to the legislative requirement (Ohio Revised Code 3345.38), board of trustees of Ohio's public institutions of higher education shall adopt and implement a policy to grant undergraduate course credit to a student who has successfully completed an International Baccalaureate (IB) diploma program.
 1. Students obtaining an IB examination test score of 4 or above will be awarded the aligned course(s) and credits for the IB exam area(s) successfully completed.
 2. If an equivalent course is not available for the IB exam area completed, elective or area credit will be awarded in the appropriate academic discipline and will be applied towards graduation where such elective credit options exist within the academic major.
 3. In academic disciplines containing highly dependent sequences (Sciences, Technology, Engineering, and Mathematics–STEM), students are strongly advised to confer with the college advising staff to ensure they have the appropriate foundation to be successful in advanced coursework within the sequence.

Stark State College credit-by-proficiency examinations

A student who can demonstrate ability and knowledge in a particular subject area may establish credit in certain courses without enrolling in them. This is done by taking a special examination or performing a special assignment, or both, through the subject department chair.

- a. The Request for Award for Prior Learning Credit form must be obtained from and filed with a subject department chair. After permission has been granted to take the proficiency examination, the proficiency examination fee, as specified in the Fees rule 3357.09(K):15-18-09 of the Administrative Code, must be paid at the Business Office. This form and the fee-paid receipt must be presented to the examiner at the time of the exam.
- b. Once a course for attempted credit-by-exam credit has been identified by the Department Chair and student, the student has to pay for and complete the credit-by-exam opportunity before enrolling in a course. The refund policy is specified in the Fees rule 3357.09:15-18-09 of the Administrative Code.

- c. Credit by proficiency examination requires the prior approval of the assessment tool by the department chair.
- d. Credit for the course, after a satisfactory proficiency examination, will become a part of the student's permanent record, although no quality points are applied for the "CR" grade for the proficiency examination.
- e. The privilege of attempting to demonstrate proficiency by examination is limited to a single attempt per course.
- f. A student who has received credit by proficiency examination will not be required to take additional credit hours in lieu of the credit hours earned through such an examination.

Prior learning assessment (PLA) portfolio

A student who can demonstrate prior learning and knowledge through experience in regards to a particular course may establish credit in certain courses without enrolling in them. Credit may be awarded for demonstrated learning through the composition of a Prior Learning Assessment Portfolio that is assessed by faculty experts and/or subject-specific department chairs.

- a. The Request for Award of Prior Learning (PLA) Credit form must be obtained from and filed with a subject department chair. The PLA fee, as specified in the Fees rule 3357.09:15-18-09 of the Administrative Code, must be paid at the Business Office. The request form and fee-paid receipt must be presented to the PLA Coordinator or Registrar.
- b. A student must meet with the PLA Coordinator to review the portfolio composition process and develop an appropriate plan.
- c. The PLA Portfolio Handbook is the assessment tool instructions/template used for PLA Portfolio review. A PLA Portfolio must be developed for each course for which a student seeks credit.
- d. Faculty experts and/or a subject-specific department chair review the PLA Portfolio, assessing it using the Ohio Department of Higher Education's Rubric for Portfolio-Based Assessment.
- e. Once a course for attempted PLA credit has been identified by the Department Chair and student, the student has to pay for and complete the PLA opportunity before enrolling in a course. The refund policy is specified in the Fees rule 3357.09:15-18-09 of the Administrative Code.
- f. Credit for the course, after an approved PLA Portfolio, will become a part of the student's permanent record, although no quality points are applied for the "CR" grade for the PLA Portfolio.
- g. The amount of credits a student can request through the creation of a PLA Portfolio adheres to the Credit Residency Policy 3357.09:15-13-03.
- h. A student may appeal a decision of denial for PLA Portfolio credit by requesting an additional reading of the original PLA Portfolio submitted for review. A student seeking an appeal cannot revise the original PLA Portfolio submitted.

Military Transfer

College credit will be granted to students with military training, experience, or coursework that is recognized by the American Council on Education (ACE) or a regionally accredited military institution, such as Community College of the Air Force.

1. Stark State College will use *ACE Guide to the Evaluation of Educational Experiences in the Armed Services* and *Military Transfer Assurance Guides (MTAGS)* in evaluating and awarding academic credit for military training, experience, and coursework.
2. If the course to which the military training, experience, or coursework is equivalent fulfills a general education or major course or degree program requirement at Stark State College, the credit should count toward graduation and meet a requirement accordingly. Otherwise, appropriate course credit including free elective course credit will be granted.
3. Credits earned via military training, experience, and coursework are transferable within public institutions of higher education in Ohio according to the state's Transfer Module, Transfer Assurance Guides, Career- Technical Credit Transfer, and transfer policy.

Responsibilities of Students

To maximize transfer credit application, prospective transfer students must take responsibility for planning their course of study as early as possible to meet both the academic and nonacademic requirements of the institution to which they desire to articulate or transfer credit. The student is responsible to investigate and use the information, advising, and other available resources to develop such a plan, which for those planning to transfer credits should occur in advance of enrollment for adults and prior to graduation for high school students. Students should:

1. Actively seek program, degree, and transfer information; meet with an advisor from both the current and receiving institutions to assist them in preparing a course of study that meets the academic requirements for the program/degree to which they plan to transfer; and use the various electronic course/program transfer and applicability database systems, including Ohio Transfer to Degree Guarantee web resources, and select courses/programs at their current institution that satisfy requirements at the receiving institution to maximize the application of transfer credit;
2. Be aware that remedial and developmental credits/courses will not transfer and not apply toward any degree program;
3. Know exactly the credit that will be awarded and how it will apply to their courses and program, and be familiar with the formal appeals process at their receiving institution;
4. Understand the policies that may affect the transition to another institution: (a) the grade-point average earned at the sending institution does not transfer to the receiving institution, but may be used to determine institutional and program admission requirements; (b) after failing a course at the receiving institution and subsequently passing its equivalent at another institution (e.g., in the summer or online) does not mean that the grade earned for the equivalent course will replace the failed grade earned at the receiving institution; and (c) successfully completing a credit-by-examination may not necessarily replace a failed course at the receiving institution;
5. Know that delays in developing and following an appropriate transfer plan or changing the plan (e.g., changing their majors or withdrawing from courses) will likely reduce the number of transfer credits that apply to the major or degree program ultimately selected and/or extend the length of time to complete the degree;

6. Understand requirements and processes for application fees, transfer admission, course transfer, financial aid, scholarships, and housing policies and procedures of the colleges and universities to which they plan to apply;
7. Adhere to deadlines, restrictions, and other criteria, such as the policies regarding deposits required prior to enrollment and the dates when any refunds of those deposits are available;
8. Complete all materials required for the admission application and submit them on or before all deadlines;
9. Notify each college or university that accepts them for admission whether they will accept or reject its offer as soon as they have heard from all the institutions to which they applied by no later than the deadline date set by the respective institution; and
10. Confirm their intent to enroll and submit any required deposits to only one college or university by its required notification/deadline date if required.

Appeals Process

Following the evaluation of a student transcript from another institution, the receiving college institution will provide the student with a Statement of Transfer and Articulated Credit Applicability (Degree Audit Report). A student disagreeing with the application of transfer and/or articulated credit by the receiving institution must file his/her appeal in writing within ninety (90) days of receipt of the Statement of Transfer and Articulated Credit Applicability. The institution shall respond to the appeal within thirty (30) days of the receipt of the appeal at each appeal level.

Student Complaints Following Transfer Appeals at the Receiving Institution

After a student exhausts the appeals process at the receiving institution and chooses to pursue further action, the Ohio Department of Higher Education (ODHE) responds to formal written complaints related to Ohio Articulation and Transfer Policy against public, independent non-profit, and proprietary institutions of higher education in Ohio. While the ODHE has limited authority over colleges and universities and cannot offer legal advice or initiate civil court cases, staff will review written complaints submitted through its established process and work with student complainants and institutions.

Any student who violates or assists another to violate the Academic Honesty and Integrity Policy, either deliberately or inadvertently, will be subject to disciplinary action.

PROCEDURE:

A. Violations

There are many different forms of academic dishonesty. Ignorance of the policy does not excuse any dishonest conduct, and the following list of violations is not meant to be all inclusive.

1. Students shall not plagiarize.

Plagiarism: Plagiarism is defined as either intentionally or unintentionally passing off another's work, words, or ideas as one's own; using another's work or idea without attribution; or as presenting a previously produced work or idea as new and original.

Examples include, but are not limited to:

- submitting another person's work as your own and copying words, works, or ideas without attribution;
- providing incorrect or misleading information about the source of a work;
- neglecting to put a direct quote in quotation marks;
- passing off a passage as one's own work by substituting synonyms for original words and phrases.

2. Students shall not cheat or receive, use, or have access to unauthorized aid.

Cheating or unauthorized aid: Cheating is defined as using unauthorized materials or receiving unauthorized assistance during exam, test, or other academic exercises.

Examples include, but are not limited to:

- using or possessing unauthorized notes, study sheets, technology, or other materials during examination or other academic exercises;

- copying or looking at other students' work during examination or any other academic exercise;
- altering graded work and submitting it for regrading or submitting other students' work as his or her own;
- taking an examination for another student or allowing another person to take one's examination;
- obtaining or seeking to obtain advanced access to questions, assignments, or advance copies of a test, exam, or any other academic information without the instructor's permission;
- submitting the same paper or report for multiple classes without approval.

3. Students shall not fabricate or falsify.

Fabrication and falsification: any intentional alteration, distortion, or invention of information, data, results, or citation in any academic exercise without instructor's permission. Falsification is a matter of altering information, while fabrication is a matter of inventing or counterfeiting information for use in any academic exercise. Examples include, but are not limited to:

- changing, manipulating, or omission of results and data obtained in any laboratory experiment or any other academic exercise;
- constructing data, observations, or characterizations that never occurred in a laboratory experiment or any other academic exercise;
- inventing or altering source information for any academic exercise.

4. Students shall not facilitate academic dishonesty.

Facilitating academic dishonesty: aiding another person in an act that violates the standards of academic honesty and integrity.

Examples include, but are not limited to:

- allowing other students to cheat from your test, exam, assignment or any other academic exercise;
- writing papers, preparing reports, completing exams or tests, or carrying out other assignments for another student either for free or for payment;
- unauthorized editing or revising of another student's academic work.

5. Students shall not collude.

Unauthorized collaboration: Students may work cooperatively in accordance with the course guidelines and with the instructor's permission, but they should not collude.

Examples include, but are not limited to:

- unauthorized collaboration with others on any academic assignment or exams to be completed by an individual student;
- presenting laboratory data, results, or other materials gathered by another group or student as one's own without instructor's permission.

6. Students shall not steal or tamper with other students' work through electronic means.

B. Procedures for Investigating and Reporting

1. Any SSC faculty, staff, student, or proctor may report any perceived violation of this Policy. A faculty member of record of the course in which the alleged violation of the Academic Honesty and Integrity Policy occurred must meet with the student regarding the alleged violation within 10 calendar days, excluding holidays and emergency closings, upon discovering or learning of the alleged violation. During the

course of the meeting, the faculty member must explain in writing why s/he suspects academic dishonesty. The student must be given an opportunity to explain themselves orally and/or in writing to the faculty member. Students must provide their response within 5 days, excluding holidays and emergency closings.

2. Students suspected of violating the Academic Honesty and Integrity Policy, whether acknowledging involvement or not, will be allowed to continue in the course without prejudice pending completion of the processes. If a student chooses to withdraw from the course following notification, the procedure will continue and the student is responsible for meeting all deadlines.
3. If the faculty member determines that no academic dishonesty has occurred, the incident is considered resolved.
4. If the faculty member determines that a violation of the Academic Honesty and Integrity Policy has occurred, the faculty member should file an Academic Honesty and Integrity Violation Report for submission to the Provost. The report should include the response from the student and document that the entire procedure was completed within 15 calendar days, excluding holidays and emergency closings. All original supporting documentation and the Academic Honesty and Integrity Violation Report must be sent to the Provost within seven calendar days, excluding holidays and emergency closings. The seven days begins with receipt of the student's response. The faculty member may keep a copy of the evidence of misconduct in the student's file. The faculty member shall provide copies on request to the student.
5. After receiving the Academic Honesty and Integrity Violation Report, the Provost will review the violation, determine that the process was followed, and determine that an Academic Honesty and Integrity Policy violation occurred. If an Academic Honesty and Integrity Policy violation occurred, the Provost will document the violation and forward the supporting documentation and the Academic Honesty and Integrity Violation Report to the Registrar for placement in the student's academic record.

C. Consequences of Violating the Policy

1. The sanctions vary depending on the severity of the offense and whether or not the offense was deliberate. One or more of the following sanctions may be imposed upon any student found to have violated the Academic Honesty and Integrity policy:
 - a verbal and/or written warning
 - resubmission of the assignment with no or minimal penalty
 - referral to Digital Library and/or other discretionary assignments
 - a reduced grade (including "F") for the assignment
 - a reduced grade (including "F") for the entire course
2. Under the authority of the Provost, any student who has been involved in three documented dishonesty offenses (not necessarily in the same course or semester) may be immediately dismissed from the College for the current semester and for the next full semester without refund of tuition and fees. Upon readmission to the College, any future documented offense will cause the student to be dismissed immediately, with no right to be readmitted.

D. Student Appeal Procedure

The student may appeal the Academic Honesty and Integrity Violation Report by following the Student Complaint(s) Policy (3357:15-19-08) and/or The Final Grade

Appeal Policy (3357:15-13-27) located in the Policies and Procedures Manual. Students are permitted to continue in the course without prejudice, pending completion of the appeal procedure.

Revised: 01/06/2015

Revised: 03/12/2015

Revised: 06/05/2017

Revised: 06/03/2019

POLICY:

College grading policies reflect the quality of performance and achievement of competency by students who complete one or more courses. Students have the right to ask instructors for an explanation of any grade received. A final grade appeal should not be entered lightly by a student nor lightly dismissed by an instructor. It is the responsibility of the instructor to assign a final grade. Students may submit a formal grade appeal when they believe that a final grade is inaccurate.

Students have the responsibility of providing documentation that establishes sufficient grounds for changing a grade. Within this appeals procedure, course grades can only be changed by the instructor or in the final appeal stage by the Provost and Chief Academic Officer. If an instructor is no longer employed by the College or is not available, the department chair will assume responsibility for handling any necessary course of action regarding a student's appeal of a grade.

PROCEDURE:

1. Students who feel their final grade is inaccurate must first contact their instructor. If there is not a satisfactory resolution between the student and the instructor, the student can begin a formal process by submitting the final grade appeal form in writing with supporting documentation to the department chair and then the dean. If the student is challenging an insufficient final grade in a prerequisite course, the decision as to whether the student is admitted to the next course while a final grade appeal is in progress is to be handled at the department level.
2. Students who wish to appeal the assignment of a course grade must begin the formal process within 15 calendar days, excluding holidays and emergency closings, from the date grades were posted. Additionally, this entire process of appealing a grade is intended to proceed expediently and be completed within 30 calendar days, excluding holidays and emergency closings, from the date grades were posted. It is the responsibility of the student, instructor, department chair, and dean during this formal process to document the outcome of their discussion using the final grade appeal form.
3. If a mutually satisfactory resolution is not reached among the student, instructor, department chair, and dean, the student may take the grade appeal to the final stage by appealing in writing to the Provost and Chief Academic Officer for a hearing with the Student-Faculty Final Grade Appeal Committee. The Provost and Chief Academic Officer appoints the ad-hoc committee. The committee shall consist of three faculty members and two students. The committee members shall not be from the division in

which the student's major is located and/or the course is offered. One of the faculty members shall serve as the chair of the ad-hoc committee as designated by the Provost and Chief Academic Officer.

4. The final appeal is a presentation before the Student-Faculty Final Grade Appeal Committee. All parties involved will have the opportunity to call witnesses and introduce relevant documentation. A written record of the hearing will be prepared by the chair of the committee. The chair of the committee will forward a record of the hearing and the committee's recommendation to the Provost and Chief Academic Officer for consideration and review. The Provost and Chief Academic Officer will forward in writing the final outcome to all parties involved. The Provost and Chief Academic Officer's decision is final.

CATALOG-IN-FORCE and CHANGE OF MAJOR

Policy No. 3357:15-13-28

Page 1 of 1

Effective: 03/14/2015

Revised: 06/04/2018

Revised 06/03/2019

Revised: 05/29/2020

POLICY:

Upon initial enrollment to the College, the student will be placed in the current catalog-in-force of a student's intended major. Requirements to earn a degree or certificate are based initially on the catalog-in-force. However, the College reserves the right to change course offerings and academic requirements without notice. These changes should not be to the disadvantage of the students during their enrollment.

PROCEDURE:

- (A) Students who elect to change a major, program, goal, or catalog-in-force should communicate with an advisor (see Policy 3357:15-13-14), then submit the completed Change of Major, Program, Goal, or Catalog-in-Force form to the Academic Records/Registrar's Office. Students who are changing their major are encouraged also to meet with a faculty member in the new degree program. All students are encouraged to communicate with a representative in the Gateway Student Services Center to discuss potential financial aid implications prior to changing major or catalog-in-force. The following guidelines determine which catalog a student must follow in meeting program requirements:
- (1) Students who change majors must meet the requirements of the Catalog which is in force at the time they change majors and will not be permitted to revert to previous Catalog requirements.
 - (2) Students may elect to complete their coursework under the most recent Catalog and must comply with all of the new requirements for their program.
 - (3) Students who transfer to another college or university and return to Stark State College will be readmitted under the Catalog which is in force at the time of readmission.
 - (4) Students who stop-out or are academically dismissed and are readmitted after two years will be placed under the Catalog which is in force at the time of readmission.
 - (5) Students who change from one major to another shall not be required to carry the technical grade point average (GPA) of the previous major as part of the GPA of the new major. Only those courses comprising the curriculum of the new major will be considered when calculating the technical GPA. However, the grades of all courses taken shall remain as part of the overall GPA on the official transcript record.
- (B) Exceptions to the above may be necessary when changes in certification or licensure standards mandate changes in academic requirements or in college programs.

Page 1 of 3

Revised: 03/14/2015

Revised: 06/05/2017

Revised: 06/06/2022

POLICY:

In support of the College's strategic goals of maintaining high value and maintaining student centeredness and accessibility, the College encourages the development of new courses and changes in modality.

PROCEDURE:

- (A) Development of a new course or change in modality of an existing course must be approved by the instructor, department chair, dean, and Provost, and be submitted to the Curriculum Committee for approval before any work begins.
- (B) The department chair or program coordinator completes a CC500 Request to Create a New Course and/or a CC700 Request to Change Course Modality form(s). These forms are signed by both the department chair and the dean. The dean then forwards the form and supporting documentation to the Provost's office for review before submitting to the Curriculum Committee.
- (C) The Curriculum Committee establishes that:
 - (1) the course aligns with the College's strategic plan;
 - (2) the course has not already been developed in the specified modality;
 - (3) the course will meet the required course objectives and core competencies;
 - (4) the projected enrollment is adequate to warrant course development;
 - (5) a support plan for students, for software/technology and its ability to work with existing software/technology, and future growth is in place.

- (D) Approved curricular changes are sent to the department chair, division dean, curriculum committee chair, and Provost for review and signatures. If applicable, changes must also be sent to the OT36/TAG Course Coordinator for review and signature.
- (E) After approval, new course development or change in modality of an existing course must be completed by an instructor in the department in which that course is taught unless otherwise approved by the respective dean and Provost. The instructor completes a Course/Program Development Agreement, and for web courses, a Course Content Checklist. The Course Content Checklist is submitted to eStarkState and identifies the content that the instructor plans to develop. The Course/Program Development Agreement is reviewed and approved by the department chair, Dean, Provost, and Vice President for Business and Finance before any development work begins. This agreement establishes deliverables, resource requirements, training, support, monetary and/or non-monetary compensation, copyright, ownership, royalties, and patents relating to the course. The Course Content Checklist, if necessary, is attached to the agreement.
- (F) The level of monetary and/or non-monetary compensation for course development is established by Categories of Course Development, defined in General Copyright Guidelines Policy 3357: 15-13-34, the Course/Program Development Agreement document, and the Compensation for Course Development by Level and Category document.
- (G) Course development work receiving monetary and/or non-monetary compensation is done outside of the faculty member's normal contract hours.
- (H) A faculty member who assists the primary course developer in the development of a course may also be compensated where that assistance is approved and provided outside of that faculty member's normal contract hours.
- (I) Upon completion of the course development, the course will be evaluated by the course/programs coordinator, eStarkState, and if applicable the department chair, and the dean. If applicable, the Course Content Checklist is returned to the faculty member and department chair, and any necessary updates to the course are made, including support for Quality Matters Rubric.

- (J) Any compensation for course development is due at the completion of development and review, and upon approval of the course content. The Course/Program Development Agreement, and if necessary, the Course Content Checklist, are sent to the Business Office for processing of payment.

- (K) Compensation for delivering a course is included in the Compensation for Course Development by Level and Category document. Additional compensation in the form of release time, overload, or other support may be granted if warranted by unusual circumstances. By formal letter, the dean will recommend any additional compensation that is appropriate. Additional compensation is approved by the Provost and the Vice President for Business and Finance and must be established and approved in writing before the course is taught.

Revised 05/29/2020

Revised: 06/07/2021

POLICY:

All policies and procedures that apply to face-to-face courses apply to eLearning courses unless specifically excluded. Additionally, to prepare students for careers in our modern world and in accordance with Stark State College's general learning outcomes (GLOs) regarding Information Literacy, Stark State College expects students to utilize technology in the classroom. Students may be required to use the College's Learning Management System (LMS), publisher-hosted system, application specific software, and other technologies as part of their face-to-face courses. The following are specific policies that apply to eLearning:

Definitions:

1. **Synchronous learning** is when classes are conducted either in-person or virtually at an assigned meeting time for both the instructor and the students.
 2. **Asynchronous learning** is when classes are conducted virtually with no assigned meeting time for the instructor and the students. Students will participate in class each week on their own schedule within a timeframe defined by the instructor and/or course calendar.
- (A) eLearning courses must meet the same course objectives and core competencies as the equivalent face-to-face course.
- (B) eLearning courses must meet the same quality standards as the equivalent face-to-face course.
- (C) The College's standard course development process must be followed for eLearning courses. The Course Development Agreement must be completed and approved by the department chair; dean of the division; the Provost; and Vice President of Business, Finance, and Information Technology before any course development is done.
- (D) Web course delivery modalities are created by eStarkState and approved by the Curriculum Committee of the President's Cabinet. The following modalities are currently in place:

- (1) Web-Enabled Course (Web 2) – Students attend class for ~~up to~~ approximately 50 percent of the regularly scheduled class time. Students must physically attend on the dates and times listed in the class schedule. The remaining class time is replaced with asynchronous online learning. This type of course offers the student the advantage of weekly face-to-face interaction with the instructor and classmates, while also offering the convenience of fewer visits to the College and the availability of course materials online. The course site may contain the syllabus, homework assignments, or handouts; and students may be required to utilize Email, chat rooms, discussion boards, and/or Web-based testing. Instructors may require proctored testing in-person at Stark State College or another testing facility or virtual proctoring using college-approved software. Web-enabled courses are identified with a W2 in the class schedule.
- (2) Web-Delivered Course (Web 3) – All classroom time is replaced with asynchronous online learning. This type of course is sometimes called an online or eLearning course. All instruction is conducted asynchronously online. Instructors may require proctored testing in-person at Stark State College or another testing facility or virtual proctoring using college-approved software. Web-delivered courses are identified with a W3 in the class schedule.
- (3) Web-Flex Course (Web 4) – Web 4 (W4) courses may combine diverse modalities of delivery and the use of technologies like live streaming software or other virtual learning options. Students may be required to physically attend classes and/or login to class on specific day(s) and time(s) and/or participate in asynchronous online learning. Date, time, financial, and technology requirements may vary by course. Students interested in taking a W4 course should review the course description and specific semester course attribute on *mystarkstate* or contact the department chair for additional details. Instructors may require proctored testing in-person at Stark State College or another instructor-approved testing facility or virtual proctoring using college-approved software. Web-Flex courses are identified with a W4 in the class schedule and meet the following definitions:

- a. W4A – All required synchronous online learning.
 - b. W4B – All synchronous online learning and on-campus attendance required.
 - c. W4C – Majority required synchronous online with some asynchronous online learning.
 - d. W4D – Majority required synchronous online with some on-campus attendance.
 - e. W4E – Majority asynchronous online with a combination of on-campus attendance and/or synchronous online learning.
 - f. W4F – Majority required on-campus attendance with some asynchronous online learning.
 - g. W4G – Majority required on-campus attendance with some synchronous online learning.
- (E) The College’s approved learning management system will be used to deliver all face-to-face sections where applicable, Web 2, Web 3, and Web 4 sections. The use of any other publisher-hosted software must be approved by the chair of the department, the Director of eStarkState, and the academic dean of the division prior to the beginning of the semester to ensure compatibility with the College’s approved LMS and accessibility for students.
- (F) The course syllabus, which includes a master syllabus and a class syllabus, for an eLearning-delivered course will utilize the approved College course syllabus for that course with the inclusion of any eLearning-specific requirements for that course section. The course syllabus will be available to students on the first day of the class session. Students are required to satisfy the requirements outlined in the syllabus in order to take an eLearning course.
- (G) Remote access to core student services including the admissions, registration, financial aid, advising, payment, tutoring, and testing processes must be provided for all fully online students.

GENERAL COPYRIGHT GUIDELINES

Policy No. 3357:15-13-34

Page 1 of 9

Effective: 08/27/2012

Revised: 03/14/2015

Revised: 06/03/2019

Revised: 06/05/2023

POLICY:

These guidelines are intended to assist the faculty, administration, staff, and students of Stark State College in understanding and complying with the Copyright Act of 1976 (Title 17, United States Code) and the Digital Millennium Copyright Act of 1998. While some areas of the copyright law are clear, there are some portions which remain open to legal and judicial interpretation. For this reason, these guidelines will be periodically updated.

- (A) **Definition of Copyright.** Copyright is the protection provided by the laws of the United States for “original works of authorship,” including literary, scientific, dramatic, musical, architectural, cartographic, choreographic, pantomimic, pictorial, graphic, sculptural, sound recordings, architectural works, motion pictures, and other audiovisual creations. Duration of copyright varies depending on many variables including authorship, ownership, and type of work. “Copyright” literally means the right to copy but has come to mean that body of exclusive rights granted by law to copyright owners for protection of their work which includes:
- (1) The right to reproduce the copyrighted work.
 - (2) The right to prepare derivative works.
 - (3) The right to distribute copies of the copyrighted work to the public by sale or other transfer of ownership, or by rental, lease, or lending.
 - (4) The right to perform or display the copyrighted work publicly.
- (B) **Legal Framework for Copyright.** Article I, Section 8, Constitution of the United States provides the basis for the concept of copyright. It states as follows: “The Congress shall have the power---To promote the Progress of Science and useful Arts, by securing for limited Times to Authors and Inventors the exclusive Right to their respective Writings and Discoveries.” The Copyright Act is found in Title 17 of the United States Code.

- (C) **Subject Matter of Copyright.** Copyright protection exists for original works of authorship from the moment they are fixed in any tangible medium of expression, not known or later developed, from which the works can be perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device. Copyright does not have to be visibly evident for an item to be protected under the Copyright Act. Copyright protection does not extend to any idea, procedure, process, system, method of operation, concept, principle, or discovery, regardless of the form in which it is described, explained, illustrated, or embodied in such work.
- (D) **Duration of Copyright.**
- (1) For works created on or after January 1, 1978, copyright begins when the work is first fixed in a tangible medium of expression i.e., when it is first written down or recorded and extends through the life of the author plus 70 years. For a “joint work prepared by two or more authors who did not work for hire,” the term lasts for 70 years after the last surviving author’s death. For works made for hire and anonymous and pseudonymous works, the duration of copyright is 95 years from first publication or 120 years from creation, whichever is shorter.
 - (2) For works created prior to January 1, 1978, there are two safe ways to interpret copyrights:
 - (a) Treat any pre-1978 copyright the same way as works published on or after January 1, 1978: Life plus 70, 95, or 120 years, depending on the nature of authorship. However, the law specifies that in no case would copyright in a work in this category have expired before December 31, 2002. In addition, if a work in this category was published before that date, the term extends another 45 years, through the end of 2047, or
 - (b) Contact the publisher, if still in existence, or the U.S. Copyright Office to identify the

copyright owner so that continued vitality to the copyright can be determined.

- (E) Compliance with Copyright Law. No employee or agent of Stark State College shall knowingly infringe upon the copyrights of another.
- (F) Permission. Employees shall seek and obtain the permission of the copyright owner prior to making use of copyrighted materials unless one of the following exemptions pertains:
 - (1) The work was never copyrighted. (This is often difficult to ascertain since recent amendments no longer make it mandatory to place the copyright notice on copyrighted works.)
 - (2) The copyright has expired. These works are part of the public domain and may be freely copied.
 - (3) The work lies in the public domain. Examples of works in the public domain are works which were never copyrighted, works where the copyright has expired, and works originally published by the U.S. Government.
 - (4) The copying and/or distribution fall within "fair use."
 - (5) The copying and /or distribution fall under certain library or archive copying.
- (G) Fair Use. The only substantial exception to the rule that only copyright holders may distribute copyrighted material is the judicial doctrine of "fair use." Use of a copyrighted work "for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" (17 USC 107) is generally considered fair use. Fair use does not extend to extensive quotations and may not adversely affect the commercial market for the work in question. In determining whether a work in a particular case constitutes fair use, the factors to be considered shall include the following:

- (1) The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes.
 - (2) The nature of the copyrighted work.
 - (3) The amount and substantiality of the portion used in relation to the copyrighted work as a whole.
 - (4) The effect of the use upon the potential market for or value of the copyrighted work.
- (H) Obtaining Permission or Licenses. If use does not fall under “fair use,” permission must be obtained. Repeated use or republication is not considered “fair use.” Permission must be obtained or royalties must be paid for such use of copyrighted works. While the budget funds may be limited, the College does not condone any violation of law simply because that violation saves the taxpayers’ money. Accordingly, a good faith effort must be made to obtain permission to use copyrighted material that falls outside of the doctrine of “fair use.”
- (I) Requests for Permission. There are two ways to obtain permission to use copyrighted material. You may either contact the copyright holder directly, or you may use a rights clearinghouse. The permission process is not instantaneous. Allow one-three months for requests to be processed. Whether you are contacting a rights holder directly or using a clearinghouse, you will need to have the following information:
- (1) Include an exact description/citation of the work to be used or copied: Title, author and/or editor, and edition of material to be duplicated including page numbers, chapters, and if possible a photocopy of the material to be duplicated.
 - (2) Include an exact description of what rights you are requesting, how you plan to use the work, the form of distribution (classroom, online class, newsletter, etc.), whether or not the material will be sold, and reproduction medium (photocopy, digital file, etc.).

- (3) You must request and pay for, if applicable, each type of right you request. For example, if you are granted the right to use an image in a PowerPoint presentation, it doesn't mean you have the right to use that image in a paper you are writing unless you have also been granted that right.
- (4) Whenever possible, requests for permission should be in writing.
- (5) All requests shall identify the user as Stark State College.
- (6) Permission to use copyrighted material must be in writing.
- (7) Questions about copyright at Stark State College should be directed to the Director of Library Services.

(J) Digital Media and the Digital Millennium Copyright Act

- (1) Copyright law applies to digital resources as well as to conventional paper works. Any distribution of copyrighted digital files - music, movies, text or software - is a violation of federal law. (See the Policy on Use of College Computing Resources, 3357:15-15-05.) Placing media files in a location where they are available to other Internet users counts as distribution, as does providing copies to friends. It is also illegal to attempt to subvert copyright protection mechanisms (17 USC 1201). Willful infringement for commercial advantage or private gain constitutes a criminal offense.
- (2) Stark State College encourages the use of legal online resources. A comprehensive list of legal sources for online content and downloading may be found through the EDUCAUSE website at:
<http://www.educause.edu/legalcontent>.
- (3) The Digital Millennium Copyright Act (DMCA), enacted in 1998, provides protection for copyrighted material in

digital form. The DMCA requires that Online Service Providers - including colleges and universities - follow a particular set of procedures in resolving copyright violation claims. Stark State College has implemented these DMCA-mandated procedures. (For more information, see Report a Copyright Infringement below.) The College is also taking active measures to educate users about the provisions of copyright law and encourage compliance with it.

- (K) The Technology, Education and Copyright Harmonization Act (TEACH) was signed into law in October 2002. The TEACH Act amends Sections 110(2) and 112 of the Copyright Act of 1976 to give instructors at accredited nonprofit educational institutions greater flexibility to use third party copyrighted works in online course delivery. The bill permits the display and performance of virtually all types of works during online instruction without the consent of the copyright owner, provided that:
- (1) the online instructions at an eligible institution are mediated by an instructor;
 - (2) the transmission of the material is intended only for receipt by students enrolled in the course, regardless of where the students are physically located;
 - (3) the institution employs measures to prevent “retention of the work in accessible form by recipients of the transmission for longer than the class session;”
 - (4) the institution employs measures that limit the transmission of the material to students enrolled in the particular course and precludes unauthorized student retention and/or downstream redistribution “to the extent technologically feasible;” and
 - (5) use of the material is clearly for educational, not entertainment purposes.
- (L) Penalties for Copyright Infringement
If it comes to the attention of the College that an individual is using Stark State College computer equipment and/or network access to

violate copyright law, Stark State College will take action to stop such activities, including removing network access.

In addition, violations of copyright law can lead to criminal charges and civil penalties.

Report a Copyright Infringement

- (1) To report copyright infringements on servers located at Stark State College, please notify:

Director of Library Services
Stark State College
6200 Frank Ave. NW
North Canton, OH 44720
Phone: (330) 494-6170

- (2) Director of Library Services is the agent designated under the Digital Millennium Copyright Act, P.L. 105-304.
- (3) Director of Library Services will comply with the "Notice and Take Down" provisions of the DMCA by removing the material in question and informing the individual user of the complaint. Users must file a counter-notice if they wish to make the material available again.

(M) Copyright and Faculty ownership of Intellectual property, Compensation, Royalties, and Patents. Copyright and Faculty ownership of Intellectual property is determined based on use of College resources as defined in this paragraph. Compensation for Course/Program Development is based on Category and Level as identified in this paragraph.

- (1) Category A: Employees shall have sole rights of ownership and disposition of copyrightable material and patents generated by their own individual initiative, provided there is no use of College personnel, facilities, or resources ("Category A Materials"). However, employees hereby grant the College a fully paid up, nonexclusive license to reproduce, distribute, display, or otherwise use Category A Materials for educational purposes only. The employee has

sole rights to license Category A Materials and shall retain all royalties or profits therefrom.

- (2) Category B: Employees and the College shall share the ownership and disposition of copyrightable material and patentable discoveries or inventions generated where there is approved use of College personnel or facilities (“Category B Materials”). College personnel or facilities include, but are not limited to, released time, administrative assistance, financial assistance (such as student workers), or College services, equipment, or building. Both parties must agree to any commercial licensing arrangement unless otherwise stated in the Course/Program Development Agreement. Division of royalties under these circumstances shall be 70 percent to the employee and 30 percent to the College unless other written agreements are made prior to the initiation of the work.
- (3) Category C: Copyrights and patents developed from projects undertaken by an employee pursuant to an agreement with the College whereby the College commits substantial resources such as the use of other personnel, facilities, compensation, and release time (“Category C Materials”). Employee hereby assigns to College all rights and title, including all Copyright rights, in any and all Category C Materials. The College has sole rights to license Category C Materials and shall retain all royalties and profits therefrom.
- (4) Grants: Rights to copyrightable material and patents developed as a result of work supported partially or totally by an outside agency or sponsor through a contract or grant shall be disposed of in accordance with the terms of the contract or grant. Prior to the employee accepting sponsored research or developmental assignments, the College will be consulted and must approve the contract or grant and the details of the project, division of any resulting copyrights or patents, compensation, and the division of royalties.
- (5) Employment of the Author: In the case where the Author is no longer employed at the College, the College retains the right to use the Category B and Category C course material

and also grants the Author the right for the Author to use the work at another educational institution at which the Author is employed so long as that institution is outside the extended service district of the College. The extended service district of the College is defined as Stark County, Summit County, and the adjacent surrounding counties. In the case where the Author is no longer employed at the College, the commercial license for the material is defined by the Category in the Course/Program Development Agreement.

- (6) Compensation of the Author: In consideration for the following, the Author will develop the Category B or Category C course with any remuneration to be paid upon successful completion of the deliverable of the project.
- (7) Transfer of Ownership of Copyright (See 17 U.S.C. §204)
 - (a) Copyright must be deliberately transferred.
 - (b) Any transfer of ownership must be both in writing and signed.
 - i. A unilaterally imposed institutional policy cannot legally take away the Author's copyright ownership of work.
 - ii. However, if the Author has signed an employment contract yielding copyright to the work, or signed a faculty handbook indicating acceptance of the policies within, such a signed document could be interpreted as a contract and might constitute a valid transfer of rights.

**ELECTRONIC RECORDING OF CLASSROOM
ACTIVITIES**

Policy No. 3357:15-13-37
Page 1 of 2

Effective: 02/18/2010
Revised: 03/14/2015
Revised: 06/07/2021

POLICY:

The policy governs the electronic recording made by students, faculty, and staff in a classroom or other official academic setting. Electronic recording is not permitted unless explicit permission is granted and other students are notified. Students, except those who have an accommodation letter from Disability Support Services (DSS), who would like to record a classroom lecture or activity or teaching sessions must obtain permission from the instructor prior to the recording. The instructor may choose to restrict or prohibit the electronic recordings of lectures and activities or teaching sessions except for those students who meet the eligibility criteria from DSS. The College maintains the right of each faculty member to determine if and how personal electronic devices are allowed to be used in the classroom.

PROCEDURE:

- (A) The instructor reserves the right to ask a student to stop recording at any time except for those who have an accommodation letter from DSS. Students who fail to turn off the device(s) will be considered in violation of appropriate classroom behavior. Please refer to the Student Code of Conduct policy (Policy 3357:15-19-10) in the College's Policies and Procedures Manual.
- (B) Instructors must work with DSS if restrictions are established to make reasonable accommodations for students with disabilities that require such devices. Students must agree in writing to the provisions listed below.
- (C) Students who have been granted permission to use personal electronic devices to record class lectures must agree to abide by each of the following provisions:
 - (1) Recordings of class lectures are only for students' personal use in study and preparation related to the class.
 - (2) Students may not share these recordings with any other person, whether or not that person is in the class.
 - (3) Students acknowledge that the recordings are sources to enhance any academic work as governed by rules of academic conduct at the College.

- (4) Students agree to delete any recordings that were made when they are no longer needed for their academic work.
- (D) Instructors that elect to record an in-class session to either upload to the Learning Management System and/or other channels must ensure Family Educational Rights and Privacy Act (FERPA) compliance. If a recording includes only the instructor, it is not a student record and FERPA does not limit its use. If the recording includes students asking questions, making presentations or leading a class, and it is possible to identify the student, then the portions containing recordings of the student do constitute protected educational records. Educational records can only be used as permitted by FERPA. The instructor should take steps to protect student privacy. There are several ways to use recordings that include protected student participation:
- (1) **Obtain consent.** Inform the students that a recording is being made and for what reason(s) the recording may be reviewed. If students do appear in the video or if their voice is discernable in the recording, the instructor must obtain written consent from the students to allow the use of the recording outside of the current class.
 - (2) **Edit the recording.** Recordings can be edited to either omit any student who has not consented to the use of their voice or image, or be edited to de-identify the student in the record (i.e. remove any mention of a student's name, blur student images, alter voice recordings, etc.).
 - (3) **Limit access to other students in the class.** FERPA does not limit or prevent the use of a recording and does not require prior written consent if access is limited to students in the class to watch or re-watch past class sessions. However, instructors should be cautious about making access available to students without the consent of his or her peers if the recordings are able to be downloaded, duplicated, or otherwise redistributed by the student viewing the content.

**LENGTH OF PROGRAMS, SEMESTERS,
AND CREDIT HOURS**

Policy No. 3357:15-13-39
Page 1 of 5

Effective 04/20/2012
Revised: 05/17/2012
Revised: 03/14/2015
Revised: 05/29/2020

POLICY:

- (A) Stark State College follows the Ohio Department of Higher Education guidelines for the length of programs, semesters, and credit hours. The length of associate degree programs falls between a minimum of 60 credit hours and a maximum of 65 credit hours unless it can be shown that additional coursework is required to meet professional accreditation or licensing requirements. Programs requiring hours beyond the 65 credit hours maximum in order to meet accreditation or licensing requirements are expected to align similarly to like programs at other two-year public institutions, must have the permission of the Provost and Chief Academic Officer, and shall not exceed 73 semester credit hours. The length of a semester shall consist of no fewer than 15 calendar weeks and no more than 17 calendar weeks of instructional time. Term lengths at Stark State College in the fall semester and spring semester range from one week to sixteen weeks of instruction. Term lengths in the summer session range from one week to ten weeks of instruction.
- (B) The number of credits which should be awarded for the completion of courses in associate degree programs is determined by the instructional arrangements as follows:
- (1) Classroom: Classroom instruction is formalized instruction, conducted on or off-campus, in which the instructor presents an educational experience to students, applying any combination of instructional methods.
 - (a) This definition is applicable only when the course organization requires that the instructor bear the primary responsibility for the instructional activity and is directly involved with all students in the class. Students will be expected to work on out-of-class assignments on a regular basis which, over the length of the course, would normally average two hours of out-of-class study for each hour of formal class activity. This out-of-class study shall not be counted as part of the classroom hour for credit.
 - (b) One hour of credit shall be awarded for each 750 minutes of classroom instruction for a semester calendar.

- (2) Laboratory: Laboratory instruction is educational activity with students conducting experiments, perfecting skills, or practicing procedures under the direction of a faculty member.
 - (a) One hour of credit shall be awarded for a total of 2,250 minutes laboratory instructional time for a semester calendar.
 - (b) If laboratory instruction is supplemented by out-of-class assignments, which would normally average one hour of out-of-class study preparing for or following-up the laboratory experience, then one hour of credit shall be awarded for a total of 1,500 minutes laboratory instructional time for a semester calendar.
- (3) Clinical laboratory: Clinical laboratory instruction applies only to health technology programs, during which students are assigned to laboratory sections, which meet at a health-related agency rather than in on-campus laboratory facilities. Clinical laboratory sessions provide a realistic environment for student learning. These laboratory hours should be directly supervised by regular faculty members, full-time or part-time, of the College.

Credit hours for the clinical laboratory experience will be awarded on the same basis as laboratory instruction.
- (4) Directed practice: This definition applies primarily to programs in the health technologies, during which the student is assigned to practice experiences under constant supervision at an external agency. The student should receive individual instruction and critique in the performance of a particular function. Adjunct faculty, who may or may not be paid by the College, may be used for the direct supervision of students and for the delivery of part of the didactic phase of the experience.
 - (a) The faculty member coordinating the directed practice conducts at least one lecture session each week for participating students, provides the final grade for each student, and visits students at least once a week.

- (b) One hour of credit shall be awarded for a total of 4,500 minutes of directed practice instructional time for a semester calendar.

- (5) Practicum: Practicum instruction is on or off-campus work experience, integrated with academic instruction. Students concurrently apply theoretical concepts to practical situations within an occupational field. To assure proper coordination of the experience, the practicum is coordinated by a faculty member who visits the student at least once biweekly, provides the final grade, and teaches at least one course on the campus.
 - (a) Each student who is enrolled in a practicum shall also be enrolled in an on-campus seminar.
 - (b) A maximum of nine semester credit hours or thirteen quarter credit hours may be earned in practicum, or any combination of practicum cooperative work experience, over the associate degree program. One hour of credit shall be awarded for a total of 6,300 minutes practicum instructional time for a semester calendar.

- (6) Cooperative Work Experience: A cooperative work experience is on or off-campus paid employment. It augments formal classroom instruction. The experience is coordinated by a faculty member of the College who visits the job site for a conference with the student and supervisor at least once during the semester, and assigns the course grade to the student after appropriate consultation with the supervisor/employer.
 - (a) Each student who is enrolled in cooperative work experience shall also enroll in an on-campus seminar.
 - (b) One hour of credit shall be awarded for a total of 9,000 minutes cooperative work experience instructional time for a semester calendar. A maximum of nine credit hours for a semester calendar may be earned in cooperative work experience, or any combination of cooperative work experience and practicum, over the associate degree program.

- (7) **Field Experience:** Field experience is planned, paid work activity that relates to an individual student's occupational objectives. With permission of a faculty advisor, the field experience replaces elective or required courses in a student's associate degree program. The experience is coordinated by a faculty member of the College who assists the student in planning the experience, visits the site of the experience for a conference with the student and his/her supervisor at least once during the semester, and assigns the course grade to the student after appropriate consultation with the employer/supervisor.

A maximum of nine credit hours for a semester calendar may be earned in field experience, or in any combination of field experience, cooperative education experience, and practicum over the associate degree program. One hour of credit shall be awarded for a total of 10,800 minutes field experience instructional time for a semester calendar.

- (8) **Observation:** Observation occurs when students participate in an educational experience as observers of practitioners, who are representative of the occupational area. Students may participate at times in the actual work activity. Observation hours are coordinated by faculty members who receive reports from the students of their observational experiences and provide assessments of students' progress toward the achievement of the objectives of the experience.

One hour of credit shall be awarded for a total of 13,500 minutes observation instructional time for a semester calendar.

- (9) **Seminar:** A seminar is a less formal educational experience than a classroom/lecture/discussion class. A relatively small number of students engage in discussions directed by a faculty member.

Credit is awarded for seminar hours on the same basis as that for the classroom hour discussed above.

- (10) **Miscellaneous Applications Courses:** Miscellaneous application courses are those for which extended periods of concentrated practice are required of the student subsequent to sessions of individualized instruction. Courses in applied music and journalism or courses of an independent study nature are examples.

One hour of credit shall be awarded for a total of 6,300 minutes of instructional time for miscellaneous applications courses for a semester calendar.

- (11) Studio Course: Studio courses require little or no out-of-class study.
- (a) One hour of credit shall be awarded for a total of 2,250 minutes of instructional time for a studio course for a semester calendar. If supplemented by out-of-class assignments which would normally average one hour of out-of-class study preparing for or following-up the studio experience, one hour of credit shall be awarded for a total of 1,500 minutes of instructional time for a semester calendar.
 - (b) Instructors who teach such courses have primary responsibility for assigning the work activity or skills objectives to the student and personally provide whatever instruction is required. In addition, the instructor periodically assesses the student's progress and assigns the final grade.

POLICY:

In order to promote student success, if a student or immediate family member (as referenced in Policy 3357:15-14-08) experiences a serious illness, injury, or medical condition while the student is enrolled in Stark State, a student may petition to receive a medical withdrawal. When a licensed health care or mental health practitioner deems a withdrawal medically necessary, the student's petition for withdrawal must be submitted for all classes which have not been completed for the current semester, in addition to submitting through the normal refund policy (see Policy 3357:15-18-09) or the normal withdrawal procedure (see Policy 3357:15-13-16).

The medical withdrawal policy covers both physical health and mental health conditions. Students may only submit two petitions while attending Stark State College; however, if the student has exceptional circumstances, as deemed so by the Medical Petition Committee, an exception to the two-petition minimum may be considered.

PROCEDURE:

Student Procedure:

1. Students may request a medical withdrawal by completing the Medical Withdrawal Form, which can be obtained from the *mystarkstate* portal or the Bursar's Office. In order to be considered, students must submit a complete form no later than 15 calendar days, excluding holidays and emergency closings, from the last day of the semester.
2. Students must attach to the form documentation from a licensed health care or mental health practitioner that supports the medical petition and any other supporting documentation, including onset of the illness and the dates under professional care. The documentation must include a signature from the licensed health care or mental health practitioner. Non-family member caregivers will be required to attach documentation of caregiver status from a licensed health care or mental health practitioner. In cases involving pregnancy and parental status, a student should consult with the Title IX Coordinator to assure appropriate consideration of her case under the protections of Title IX.
3. Stark State strongly suggests submitting the form and attached documentation as soon as possible because incomplete documentation will not be considered. If the documentation is incomplete, the student will be notified in writing by the Bursar's Office of the insufficient items. Students must submit all of the required documentation 15 calendar days, excluding holidays and emergency closings, from the last day of the semester. If the missing documentation is not submitted in the allotted time, the student forfeits his/her medical petition request.

College Procedure:

1. The Medical Petition Committee will review the student's request form and attached documentation within 30 calendar days from the date that the completed request is received by the Bursar's Office. The members of the Medical Petition Committee consist of individuals from Academic Records, Financial Aid, Admissions, and the Business

Office. The Medical Petition Committee reserves the right to utilize ad-hoc members to assist with the medical condition details.

2. The Bursar's Office will notify the student of the Committee's decision by a mailed letter, postmarked within 10 calendar days of the Committee's decision. The notification will be mailed to the address on record for the student and will include the student's Bursar account status, including any outstanding payments due or credits on the account.
3. If the student's request is approved, the Bursar will credit any balance up to the cost of the student's tuition for the time period in which the Committee found the medical emergency. Approved requests do not absolve the student of paying balances outside of the time period the Committee made a finding of a medical emergency or paying fees other than tuition. If the student's request is approved and the student was unable to withdraw from courses prior to the end of the semester, the grade(s) will be changed to a "W."

TEXTBOOK SELECTION

Policy No.: 3357: 15-13-47

Page 1 of 2

Effective: 06/04/2018

Revised: 06/06/2022

POLICY:

In support of the College's strategic goals of Academic Excellence and Fiscal Stability and Stewardship, Stark State College requires the textbook selection process to meet the standards required of the course as determined by the department while selecting the best cost solution. The College expects all departments and faculty to select appropriate, high quality course materials that benefit the student's learning experience. The policy supports academic freedom and departmental autonomy for faculty making the textbook selections. This policy applies to the selection of textbooks and other instructional materials for use in courses offered by the College. Pursuant to section 133 of the Higher Education Opportunity Act, Stark State College is required to disclose, where practicable, on the College's Bookstore webpage, the International Standard Book Number and retail price information of required and recommended college textbooks and supplemental materials for each course listed in the institution's course schedule by the time that registration begins. If not practicable, the designation "To Be Determined" will be used until the information becomes available.

PROCEDURE:

- A. Textbook selection will be communicated to the College Bookstore by the department chair/program coordinator by the Bookstore adoption deadline with required and recommended textbooks clearly indicated.
 1. In the event a department chair or coordinator has not selected textbooks and/or other teaching materials by the adoption deadline, the College Bookstore will assume that the course will use the same textbook (including edition and format) and other materials as the last semester the course was offered.
 2. The College Bookstore conducts an ordering strategy that includes finding the least expensive books from wholesalers and non-traditional sources. The Bookstore also conducts a Finals Week Buyback where current students can sell back their used textbooks.
 3. The required course materials are posted on the College Bookstore webpage along with a price comparative site for transparency. Exceptions would require approval of the Provost and Chief Academic Officer and Vice President of Business and Finance.
 4. The Stark State College Bookstore is conscientious about textbook pricing. The College will work with the National Association of College Stores and the Ohio Association to stay informed about ways to save money for students on course materials including Open Educational Resources and Inclusive Access. The College will maintain a Textbook Affordability Committee in a collaborative effort. This committee plays a vital role in a collaborative effort to make textbook affordability a college priority.
 5. The College Bookstore will offer choices in course materials whenever possible to meet the needs of all students. The choices will include used books, access codes that include e-books, rental books, new books, and loose-leaf books. The College Bookstore will maintain a competitive course materials selection process to help the student reduce the cost of required textbooks.

- B. Departments are required to adopt the same course textbooks for all sections of each of the same course.
- C. Supplemental materials selected by faculty must be appropriate to the course and enhance the student's learning experience and lead to success.
- D. In accordance with the Ohio Ethics Law Section 102.03, faculty should not accept any improper inducement, directly or indirectly, which may be described as a bribe, kickback, excessive commission, or fee that is contingent on the adoption of publishers' textbooks or their ancillary materials.
 - 1. Faculty or staff are not permitted to accept any inducements offered by publishers when adopting a textbook. These inducements may include but are not limited to trips, free seminars, gift cards, textbook review payments, equipment/personal property, or any other monetary payment even if the payment is to benefit the department or a charitable cause.
 - 2. Faculty members who assign books or other materials that they have written, edited, or published and from which they receive royalties or other form of payment from the publisher may not profit financially from the purchase of these materials by their students.
 - 3. No fees will be collected directly by faculty or staff, and no materials may ever be sold directly to students by faculty or staff.
 - 4. Faculty or staff may not sell textbooks to any organization or individual soliciting the purchase of such materials.

FREEDOM OF EXPRESSION AND RESPONSIBILITIES

Effective 05/29/2020

Policy No. 3357:15-13-48

Revised: 09/14/2022

Page 1 of 3

POLICY:

The College believes that the right of expression is as necessary as the right of inquiry and that both must be preserved as essential to the pursuit and dissemination of knowledge and truth. Students, including student groups, have a fundamental constitutional right to free speech. The College is committed to giving students broad latitude to speak, write, listen, challenge, learn, and discuss any issue. The College is further committed to maintaining campus as a marketplace of ideas for all students and faculty in which the exchange of ideas is not to be suppressed because the ideas put forth are thought by some members of the College community to be offensive, unwise, indecent, disagreeable, conservative, liberal, traditional, radical, or wrong-headed; it is not the College's role to shield individuals from such speech or to use concerns about civility and mutual respect as justification for closing off the discussion of such speech. The College believes that it is for individual students and faculty to make judgments about ideas for themselves, and to act on those judgments not by seeking to suppress free speech, but by openly and vigorously contesting the ideas they oppose. The primary responsibility of faculty is to engage in honest, courageous, and persistent effort to search out and communicate the truth that lies in the areas of their competence.

Although all students and all faculty are free to state their own views about and contest the views expressed on campus, and to state their own views about and contest speakers who are invited to express their views on campus, they may not substantially obstruct or otherwise substantially interfere with the freedom of others to express views they reject or even loathe. To this end, the College has a responsibility to promote a lively and fearless freedom of debate and deliberation and protect that freedom. The College is committed to providing an atmosphere that is most conducive to speculation, experimentation, and creation by all students and all faculty, who shall always remain free to inquire, to study and to evaluate, and to gain new understanding.

Academic freedom is the right to engage in intellectual expression, on and off campus, without fear of censorship, retaliation, or sanctions. This right is essential to the longstanding goal of higher education to seek the truth by encompassing varying viewpoints. Academic freedom includes both the individual's and institution's responsibility to maintain academic standards and to encourage intellectual inquiry and integrity. Academic freedom of expression extends to all members of the academic community, subject to constitutional limits on expression that is defamatory, incites violence, discriminates, or harasses.

College employees are entitled to academic freedom and to pursue scholarly interests without fear of censure, discipline, or reprisal; but they are subject to the standards of professional conduct set forth in the policies and procedures manual. When College employees speak or write

as citizens, they are free from college censorship or discipline; but their special position in the community imposes special obligations, as the public may judge the institution by their comments. Hence, employees are encouraged to be accurate at all times, exercise appropriate restraint, show respect for the opinions of others, and should indicate that they do not speak for the College.

College faculty members may present course content in their own scholarly manner. The College's Design Best Practices established by the College, ethical standards of the discipline, and Stark State College policies and procedures are subject to this policy and must be followed by faculty. Faculty members are free to discuss subject matter aligned with the approved course learning objectives. However, faculty members must refrain from persistently using a substantial portion of classroom instruction to introduce material that has no bearing on the subject matter of the course and/or which is outside the area(s) of their competence and training. Students will be graded only on the intellectual merits of their work. Academic freedom does not allow a faculty member to impel his or her opinions on students. Consequently, faculty members must assess student learning for mastery of course content, rather than a student's personal beliefs on a subject or a student's subjective decision to agree or disagree with a particular aspect of the material.

Nothing within this policy shall be interpreted as preventing the College from imposing measures under its policies and procedures that do not violate the First Amendment of the U.S. Constitution or Article I, Sections 3 and 11 of the Ohio Constitution, such as: constitutional time, place and manner restrictions; reasonable and viewpoint-neutral restrictions in nonpublic forums; restricting the use of the College's property to protect the free speech rights of students and faculty members and preserve the use of the property for the advancement of the College's mission; prohibiting or limiting speech, expression, or assemblies that are not protected by the First Amendment to the United States Constitution or Article 1, Sections 3 and 11 of the Ohio Constitution; and content restrictions on speech that are reasonably related to a legitimate pedagogical purpose, such as classroom rules enacted by faculty. Additionally, nothing in this policy shall give students the right to disrupt previously scheduled or reserved activities occurring in a traditional public form.

PROCEDURE:

The College's procedures comply with Ohio Revised Code 3345.0215 and the standards adopted by the Ohio Department of Higher Education.

For employees, the College's Corrective Action and Discipline procedure, Policy No. 3357:15-14-18, will be utilized to address concerns regarding non-compliance with the policy, including potential sanctions.

If an employee feels that their freedom of expression and the fundamental constitutional right to free speech has been violated, the employee should file an internal complaint with the Human Resources Office. All concerns will then be provided to the Vice President of Human Resources, who will designate an investigator to address the concern as appropriate. A fair and impartial investigation will be conducted on the alleged violation. The Board of Trustees shall

determine the ultimate resolution to address the violation and prevent any further violation of this policy.

For students, the College's Student Code of Conduct policy, Policy No. 3357:15-19-10, will be utilized to address concerns regarding non-compliance with the policy, including potential sanctions.

If a student feels that their freedom of expression and the fundamental constitutional right to free speech has been violated, the student can file a complaint using the Final Grade Appeal procedure, Policy No. 3357:15-13-27, or the Student Complaint procedure, Policy No. 3357:15-19-08. A fair and impartial investigation will be conducted on the alleged violation. The Board of Trustees shall determine the ultimate resolution to address the violation and prevent any further violation of this policy.

No person shall retaliate against an individual for reporting a violation of freedom of expression, filing a complaint, participating in an investigation, participating in resolution of a complaint, implementing measures that would prevent further violation of this policy, or any other activity protected under this policy, regardless of the outcome. Any act of retaliation or reprisal violates this policy and will be treated as a separate violation. Anyone found to have retaliated against someone making use of this policy will be subject to corrective actions, up to and including termination of employment or dismissal from the College.

TESTING YOUR FAITH

Effective: 4/3/2023

Policy No. 3357:15-13-49

Page 1 of 1

POLICY:

Stark State College supports the religious beliefs and practices of individual students. In compliance with ORC 3345.026, the College permits a student to be absent for up to three days each academic semester to take holidays for reasons of faith, religious or spiritual belief system, or to participate in organized activities conducted under the auspices of a religious denomination, church, or other religious or spiritual organization. The College will not impose an academic penalty as a result of a student being absent.

Students are required to notify their instructors no later than fourteen days after the first day of instruction in the course. Students must provide the instructor with written notice of the specific dates for which the student requests alternative accommodations.

Instructors will provide students with alternative accommodations with regard to examinations and other academic requirements missed due to an absence when a student's sincerely held religious belief or practice affects the student's ability to take an examination or meet an academic requirement.

The instructor must accept, without question, the sincerity of the student's religious or spiritual belief system. The instructor must keep requests for alternative accommodations confidential. The instructor must schedule a time and date for an alternative examination or other academic requirement, which may occur before or after the time and date the examination or other academic requirement was originally scheduled, and must do so without prejudicial effect.

A non-exhaustive list of major religious holidays or festivals for the next two academic years, as provided by the Chancellor of Higher Education, is posted on the College's website. The list is non-exhaustive, and the list may not be used to deny accommodations to a student for a holiday or festival of the student's faith or religious or spiritual belief system that does not appear on the list.

PROCEDURE:

1. Within fourteen days of the start of the course, students are required to notify their instructor(s) in writing of the specific dates for which they are requesting alternative accommodations.
2. The instructor must provide alternative, non-punitive accommodations for their students to complete work missed due to absence due to religious observances.
3. Students seeking additional information about the policy should discuss it with their instructor(s) first and then the Dean of Learning and Engagement. Students who do not feel that their religious accommodations were met and wish to file a complaint should contact the Dean of Learning and Engagement at Stark State College, 6200 Frank Avenue NW, North Canton, Office S100 or (330) 494- 6170, X4501.

EMPLOYEE RESPONSIBILITIES AND DUTIES

Policy No. 3357:15-14-04

Page 1 of 6

Effective: 10/15/2009

Revised: 07/21/2014

Revised: 02/22/2015

Revised: 06/05/2017

Revised: 06/05/2023

POLICY:

In order to maintain a productive, service-oriented environment within the college community, all employees are expected to meet established standards of performance and conduct. It is expected that all employees will accept appropriate responsibility assigned to them and cooperate through the timely completion of assigned work or duties as outlined within the applicable job description.

Supervisors have the right to direct, oversee, and evaluate employees in support of effective and efficient department/office/division operations. Actions that constitute breaches or flagrant violations of the standards defined in the Stark State College Policies and Procedures Manual may result in disciplinary action and/or termination of employment.

PROCEDURE:

(A) Position Descriptions and Duties

- (1) Position descriptions define the specific duties and responsibilities for positions in all occupational categories. All employees are expected to fulfill the responsibilities defined in their position descriptions.

Copies of all position descriptions shall be maintained in the Department of Human Resources. A current organizational chart of the College shall be made available on the College portal.

- (2) To promote safety and security, mitigate potential risks, and maintain the integrity of the college, we require employees to self-disclose any arrests and convictions (outside of minor misdemeanor traffic citations) during their employment to the Vice President of Human Resources or their applicable executive council member. This must be done no later than five calendar days after the arrest or conviction so the College can conduct an independent review of their continued suitability for employment.

Disclosing an arrest or conviction does not automatically impact an employee's eligibility for employment with the College. Continued employment depends on a variety of factors such as violations of College policy; the employee's past disciplinary record; and the nature and gravity of, and circumstances surrounding, the arrest or conviction, including

the employee's truthfulness and completeness in disclosing the information in a timely manner.

(B) Work Hours

The College maintains work hours that are compatible with state and federal law, departmental functions, and the maintenance of effective work schedules. A 40-hour working week is expected of full-time employees in all occupational categories.

(C) With the approval of the immediate supervisor and under work area plans, the staff may elect an alternative time of arrival to and departure from work. The flexible work schedule may be revoked to meet the needs of the department.

Staff are required to report for each scheduled working day or shift, to report on time, and to complete all scheduled hours. Prior approval is required for work hours that are fulfilled off campus at workshops or other functions or when work is being completed at home.

(D) Faculty are required to be present on the campus when they have in-person scheduled classes, office hours, appointments, committee meetings, or any other department, division, or College meetings or duties they are required to attend. Based on departmental needs and the discretion of the department chair, faculty need not be on campus at any other particular time.

(E) Call-Off Procedure for Unplanned Leave

(1) When an employee will not be at work due to emergency circumstances, leave must be requested via voice or email within a reasonable time frame. Departments have the discretion to set up specific call-off procedures to ensure proper coverage. In the instance when an employee may arrive late, the employee must inform their supervisor.

(2) The College's leave policy and procedures are outlined in the Leave and Time Off policy 3357:15-14-32 for planned leave.

(F) Scheduling Guidelines for Full-time Faculty and Department Chairs

Full-time Faculty Guidelines: Department chairs are responsible for full-time faculty scheduling, and it is the responsibility of the deans to ensure the process is fair and reasonable. Full-time faculty will have a voice in determining the process in which scheduling occurs. Furthermore, full-time faculty will be consulted regarding their course selections and

schedules. If circumstances necessitate deviation from these scheduling guidelines, such exceptions will be made in consultation with the faculty member involved. The final decision will be made by the department chair.

- (1) Credit and contact hours are considered as an average over two consecutive semesters (excluding summer).
- (2) Department chairs are not required to post their 10 office hours per week outside of their door but are required to share calendar access with all division administrative assistants to provide access for student appointments.
- (3) Efforts should be made to have full-time faculty scheduled to meet the needs of both day and evening classes.
- (4) Other scheduling considerations:
 - (a) Expertise, experience, and special interest of individual faculty members.
 - (b) Effort and difficulty in preparing for any particular course, including the number of contact and credit-hours involved, the level of technological and theoretical knowledge and/or change required, lab or equipment setup time, and the familiarity of the course to the instructor.
 - (c) Faculty should have a maximum of three course preps. A prep is considered a course, not different modalities of the same course or different sections of the same course.
 - (d) Scheduling of late-night classes followed by early-morning classes, lengthy gaps between classes, and back-to-back classes should be avoided, unless the faculty member does not object.

(G) Workload for Full-Time Faculty and Department Chairs

- (1) Faculty Workload
 - (a) A faculty member's position description defines three major areas of responsibility: teaching and teaching-related activities, professional development and scholarship, and service to the institution and the community. Faculty members are

expected to fulfill those areas of responsibility as part of contractual responsibilities.

- (b) Full-time instructional workloads for an academic semester are calculated as follows: Full-time faculty load will include 16-20 contact hours or 14-16 credit hours per semester.
- (2) Each full-time faculty member is expected to post and maintain 10 office hours per week. Office hours are scheduled based on the needs of students. Faculty members may schedule up to three office hours virtually, and the remaining seven office hours will be at a college location as approved by the supervisor. Office hours should be stated on the class syllabus and posted outside the faculty member's door. Generally, office hours should be at a time when most students are available for conferences. A schedule of these hours shall be filed with the division administrative assistants, dean, and the department chair.
- (3) Department Chair Workload
 - (a) In addition to the three major areas of responsibilities (teaching and teaching-related activities, professional development and scholarship, and service to the institution and the community), department chairs have specified administrative duties. Department chairs are expected to fulfill those areas of responsibility as part of their contract.
 - (b) Seven to ten credit hours or 10-12 contact hours for degree-granting department chairs per semester.
 - (c) Nine to twelve credit hours or 12-14 contact hours for non-degree-granting department chairs per semester.
 - (d) Each department chair is expected to maintain 10 office hours per week. Office hours are scheduled based on the needs of students. Department chairs may schedule up to three office hours virtually, and the remaining seven office hours will be at a college location as approved by the supervisor. Office hours should be stated on the class syllabus. Generally, office hours should be at a time when most students are available for conferences. A schedule of these

hours shall be filed with the division administrative assistants and the dean.

- (e) Department Chairs are required to teach one summer class as part of their contract.

(4) Overload

- (a) Qualified faculty and staff members may be employed under overload contracts if the courses they teach do not interfere with their ability to fulfill their regular contractual responsibilities.
- (b) Staff members can teach up to two sections per semester with the approval of their direct supervisor; however, hours of instruction for staff members cannot interfere with regular work hours. The employee's supervisor should not endorse an overload contract when the overload assignment will impair the employee's ability to meet regular contractual responsibilities. Faculty members shall remain cognizant of the needs of students and hold additional office hours if overload sections create demand that is unsatisfied by the standard number of office hours.
- (c) Faculty and department chairs meeting the loading requirement will be paid for the total hours of the class that gives them an overload. Once regular loading requirements are met, the next course counts as overload. For example, if a faculty member in a credit-hour department has met the credit-hour load of 14 credit hours, and an additional two-credit-hour class is added, making the total 16 credit hours, a two-credit-hour overload will be paid. If a faculty member in a contact-hour department has met the contact-hour load of 16 contact hours, and an additional three-contact-hour class is added, making the total 19 contact hours, a three-contact-hour overload will be paid. Independent study classes are included in the maximum number of credit or contact hours permitted for overload.

- (i) Faculty assigned overload classes will be assigned no more than 12 credit hours or 15 contact hours. Neither the number of credit hours nor the number of contact hours can be exceeded.
- (ii) Learning Center Coordinators and Department Coordinators who are assisting department chairs and receiving stipends, are eligible for no more than eight credit hours of overload or 10 contact hours of overload. Neither the number of credit hours nor the number of contact hours can be exceeded.
- (iii) Department chairs are eligible for no more than eight credit hours of overload or 10 contact hours of overload. Neither the number of credit hours nor the number of contact hours can be exceeded.
- (iv) Exceptions to or situations not fitting this guideline will be reviewed, prior to assignment, by the dean. Variances from this policy will be justified in writing and require approval of the Provost and Chief Academic Officer.

POLICY:

The College uses the faculty ranks of instructor, assistant professor, associate professor, and full professor. Any rank beyond instructor is recommended by the Advancement-in-Rank Committee, accepted by the Provost and President, and then confirmed by the Board of Trustees. The decision to promote is made with careful consideration of degrees attained, teaching and teaching-related activities, professional development and scholarly accomplishments, service to the College and community, and performance evaluations.

- (A) Promotion Referral Document: The procedures outlined in the Advancement-in-Rank Process for the candidate and the Operating Guidelines for the Advancement-in-Rank Process will be followed to consider promotion. If denied advancement, the candidate may submit a written letter of appeal to the Provost and Chief Academic Officer within 14 calendar days. The letter must specifically reference which part of the Advancement in Rank Process or Operating Guidelines was not followed or was misinterpreted or misapplied.

- (B) Rank and Promotion: Upon hire, the President has the discretion of placing an individual with exceptional ability into any faculty rank. All previous teaching experience and related industrial or business experience are considered.

- (C) Exceptional Promotions: In rare and unusual circumstances, the President may recommend to the Board of Trustees, for its immediate consideration, a promotion in rank for a faculty member. Under unusual circumstances, candidates must have served at least five years as an instructor, assistant professor, or associate professor, including the year promotion is considered. Performance reviews must show evidence of exemplary work over these five years. There should be evidence that the individual's efforts and judgment are held in high regard. Exceptions can occur when there is evidence of extraordinary productivity, achievements, or professional recognition. It is the desire and purpose for the President and Board of Trustees to use the powers outlined here only in cases of the utmost necessity when failure to use such powers would adversely affect the interests of the College.

POLICY:

The College has established this grievance procedure to ensure fairness and consistency in employee relations and to attempt to resolve misunderstandings as quickly as possible. This grievance procedure applies to all College employees.

PROCEDURE:

- (A) Informal Resolution: As a normal and important part of our work environment, employees and supervisors are expected to discuss and resolve issues, concerns, and complaints that may arise from time to time. Employees having complaints arising from their employment shall seek informal resolution of their grievances or concerns. This informal process is intended to encourage communication between the parties involved, either directly or through an intermediary, to facilitate a mutual understanding of different perspectives regarding the disputed act or directive. Therefore, employees are required to discuss these problems with their supervisor or the appropriate member of Human Resources.
- (1) Any complaint alleging discrimination or any other violation of law shall also be reported to the Coordinator for Section 504 and Titles VII and IX Compliance.
 - (a) Discriminatory harassment is defined as conduct, whether in the workplace or off-site, which has the effect of interfering with someone's work performance or which creates an intimidating, hostile, or offensive working environment based on race, color, religion, sex, gender, national origin, military status, pregnancy, disability, age, genetic information, sexual orientation, gender identity, or gender expression.
 - (b) The Human Resources Generalist(s) is the College's Coordinator for Section Five and Title VII Compliance and may be contacted in the Human Resources Office; Stark State College; 6200 Frank Avenue NW; North Canton, OH 44720; phone (330) 494-6170.
 - (c) The Title IX Coordinator is the appropriate person to contact regarding complaints of gender discrimination/

harassment; more information regarding the College's Title IX resources can be found on the College's website.

- (2) The employee is responsible for exploring all possibilities under the informal resolution procedure before initiating the formal grievance procedure. If the informal process does not result in resolution of the complaint to the satisfaction of the employee, the employee may utilize the formal grievance procedure for complaints that do not allege discrimination, or, if discrimination is alleged, the Formal Grievance Procedure for Complaints Concerning Discrimination.

(B) Formal Grievance Procedure for Complaints not Concerning Discrimination

- (1) Grievable issues are limited to violations, misinterpretations, and inequitable or inappropriate applications of the College's policies or procedures, as defined in the College's Policies and Procedures manual, including the degree of discipline administered.
- (2) The following issues are not grievable:
 - (a) Termination of employment
 - (b) The content of the College's published Policies and Procedures manual
 - (c) Performance Improvement Plans
 - (d) Performance Evaluations
- (3) Step 1. The grievant shall initiate the grievance procedure within 30 calendar days of the last occurrence of the incident. Grievances may not be initiated beyond 30 calendar days of the date of the last occurrence of the incident, as determined by the monitoring officer. The monitoring officer is the Senior Human Resources Generalist or a Human Resources designee, unless that individual is the subject of the complaint, in which case the Vice President of Human Resources becomes the monitoring officer.

The formal complaint must be submitted on the College's Grievance Information form and should state the facts of the complaint; the policy, procedure, or law allegedly violated; what they have done to resolve the situation informally; and the specific remedy sought. The Grievance Information form must be filed with the monitoring officer.

Only one complaint should be submitted per Grievance Information form; multiple complaints that differ substantially are treated individually and require separate Grievance Information forms. The monitoring officer has the discretion to merge grievances that are similar in nature.

- (a) The monitoring officer will initially review the grievance and seek additional (substantiating) documentation from the grievant if necessary. The monitoring officer shall forward the complaint within ~~5~~ five business days of receipt of the Grievance Information form and substantiating documentation to the Executive Council member of the grievant's division for step one resolution. If the complaint is against this Executive Council member, then the President will be notified as the employee's immediate supervisor.
- (b) The Executive Council member of the grievant's division shall, within five business days of receiving the complaint, conduct a formal conference with the grievant, permitting them to provide any information relevant to the complaint. If the complaint is against this Executive Council member, the monitoring officer will obtain a third-party mediator to assist with the grievance. The monitoring officer, grievant, and Executive Council member are the only individuals that shall be present at the conference unless a third-party external mediator is used. If the complaint arises from the conduct of another employee (the "respondent") and could result in disciplinary action for the respondent, the Executive Council member and the monitoring officer will meet with the respondent and conduct an appropriate investigation. Within five business days of the formal conference (unless an extension is agreed to by all parties), the Executive Council member will send a written recommendation

to the grievant and respondent (if any), with a copy to the monitoring officer. The recommendation will state background information, the recommendation or remedy, and the rationale.

- (c) If the outcome of step one is not satisfactory to the grievant or the respondent (if any), or if a recommendation has not been rendered within five business days of the formal conference, the grievant or the respondent may initiate step two of the grievance process.
- (4) Step 2. Step two must be initiated within 10 business days after the receipt of the step one recommendation or if no recommendation is rendered within 15 business days of the step one formal conference. Failure to initiate step two within this timeframe constitutes acceptance of the recommendation and concludes the grievance process. To initiate step two, the grievant or respondent (if any) must submit a written request to the monitoring officer stating their desire to move forward with step two of the grievance procedure.

Step 2 requires a formal hearing by the Grievance Committee. The Grievance Committee shall consist of the monitoring officer and one elected member from each occupational category as defined in the Policies and Procedures manual. Each elected member and their alternate will be selected by an electronic voting process every two years. An Executive Council member, who is appointed by the President, will serve on a case-by-case basis.

- (a) Nomination and Grievance Committee Election Process
The nomination process should provide an opportunity for those who wish to participate to do so. Self-nominations and nominations of others are acceptable. Grievance Committee elections take place every two years.

The following vacancies will require an election process:

- (i) Administrative and Professional. This category consists of two major divisions.

Administrative: Those positions where the primary responsibilities include planning, organizing, controlling, and supervising an instructional or operational area within the College.

Professional: Those positions where the primary responsibilities require the performance of varied intellectual work and a functional knowledge of advanced theoretical principles and practices in a specific professional area other than instruction.

- (ii) Instructional. This category comprises those positions where the primary responsibility is instructing students. This includes such activities as classroom and laboratory instruction, individual student performance and field-experience supervision, and student advising.
- (iii) Technical/Paraprofessional. This category includes those positions other than instruction, serving a support role where primary responsibilities include the solving of practical problems encountered in broad fields of specialization and require the use of theoretical or scientific knowledge and manual skills acquired through on-the-job or formal training.
- (iv) Office and Clerical. This category covers positions where the primary responsibilities require the preparing, transcribing, transferring, systematizing, or preserving of written communications and records, and the operating of various office machines.
- (v) Service and Maintenance. This category covers service and maintenance positions that require specialized training in trades, crafts, and manual skills. This category also includes semi-skilled and unskilled positions which require the performance of physical effort and/or the

manual skills normally learned through on-the-job or apprenticeship training

- (b) For purposes of obtaining initial staff nominations, each Executive Council member will solicit nominees from their division. For purposes of electing instructional representatives, each credit academic division dean will solicit nominees from their full-time faculty positions.
- (c) Human Resources will conduct an electronic election from the nominations in each employee category noted in Policy No. 3357:15-14-01 Employee Classification Policy. The top candidate will be selected to serve on the grievance committee, and the individual receiving the second highest number of votes will serve as an alternate. Alternates are used if a conflict of interest arises or scheduling difficulties require an alternate to meet the timelines noted in the Grievance Policy. The Human Resources Office will retain a complete list of all votes cast.
- (d) The monitoring officer will only vote in the case of a tie. The terms of the grievance committee members and their alternates, excluding the Executive Council member, will be a time period of two years. If a grievance is in progress at the conclusion of the term, the committee will remain in service until a recommendation is made to the President. The Executive Council member appointed must be from a different division than the grievant or respondent (if any). The Executive Council member will not serve as the committee chair. The chair of the committee will be selected from among the grievance committee members by mutual consent. Any concerns regarding potential conflicts of interest should be addressed to the Grievance Committee Chair or the monitoring officer.
- (e) Within 10 business days of the receipt by the monitoring officer of the request to initiate step two, the Grievance Committee Chair will set the date, time, and place of the hearing and notify all participants by written notice. The hearing itself will begin within 15 business days of the written notice.

- (f) The Chair may appoint an investigator from the Committee to conduct an investigation in preparation for the formal hearing. At least five business days prior to the start of the hearing, the grievant and respondent will provide a list of witnesses to the Chair and monitoring officer. The College will make provisions for employees to appear as witnesses without loss of pay. Witnesses shall be given written notice of the time, date, and location of the hearing.
- (g) The Grievance Committee shall call each individual (grievant, respondent, and/or witnesses) one at a time to testify, starting with those identified by the grievant and followed by those identified by the respondent. The Grievance Committee may also call any other witnesses at its discretion. Only the Grievance Committee members and the monitoring officer will be present during witness testimony. The grievant and/or the respondent may not be present during each other's testimony. The grievant and the respondent in turn shall have the right to make a statement to the Committee and to present relevant documentary evidence provided during step one. Only the Committee members are permitted to question the participants of the hearing. The grievant and the respondent (if any) may bring a third party to the hearing; notification should be given to the monitoring officer at least five business days prior that the grievant and/or respondent will have a third party present, noting their name and occupation. This person may not participate in the hearing in any way except to provide advice to the grievant or the respondent.
- (h) The Chair will preside over the meeting and assure that participants are given fair opportunity to present their positions. The chair will instruct all witnesses not to discuss the substance of their testimony prior to the completion of the hearing.
- (i) Within 10 business days after the end of the hearing, the Chair will send the Grievance Committee's findings and recommendations to the President and to the monitoring officer. Within 10 business days of receiving the findings and recommendations, the

President will review the results of the proceedings to determine if a violation of policy occurred and notify the grievant, respondent (if any), the Grievance Committee members, and the monitoring officer in writing of their decision to accept, reject, or modify the Grievance Committee's findings and recommendations. The decision of the President will be final and binding upon all parties.

- (j) The following summarizes the formal grievance process:

Step One (1)	
Time	Activity
Within 30 calendar days of the last occurrence of incident	Initiate step one by submitting the Grievance Information Form to the monitoring officer.

(B) Retirement

- (1) All full- and part-time employees of Stark State College are required to join the Ohio Public Employee Retirement System (OPERS) or the State Teachers Retirement System (STRS) of Ohio or the Alternate Retirement Program (if eligible). A handbook describing payroll deductions, employer contributions, and benefits is provided by the retirement system to each new member or may be obtained by writing to the appropriate

retirement system.

More information on how to enroll in a Tax Sheltered Annuity can be found on mySSC under Human Resources in the retirement section.

- (6) Changes of deductions can be made by the employees anytime during the year.
- (7) Each participant will be issued a quarterly statement of account by the annuity company.
- (8) The IRS limits the amount an employee can defer. The annual deferral limit usually changes and is increased from one calendar year to the next calendar year. An employee may not defer more than the IRS limit. However, employees who become 50 during the calendar year may make additional "catch-up contributions." These catch-up contributions are in addition to the IRS general limit.

(D) Insurance

- (1) The Board of Trustees will make available health insurance benefits for all eligible employees as defined under the Patient Protection and Affordable Care Act (PPACA).

In accordance with PPACA, the college has established standard measurement periods of January to June and July to December and continuing in such pattern thereafter for ongoing employees that are variable hour or seasonal. A standard measurement period is a designated period used to ascertain whether an ongoing employee (as opposed to a newly hired employee) who is a variable or seasonal employee is full-time and eligible for health care coverage. A newly hired variable or seasonal employee's measurement period begins with the first date of employment and continues for the six (6) month period following the first date of employment.

- (a) The IRS has established safe harbors for employees not paid on an hourly basis. The safe harbor the College is utilizing is to count actual hours worked and hours for which the employee may be entitled to payment.
 - (b) Under PPACA, employees will be credited with hours of service during a special leave of absence with their average hours worked for determining eligibility for health insurance benefits.
 - (c) For breaks in the academic year that are at least four (4) consecutive weeks or greater (disregarding special unpaid leave) during which a part-time employee is not credited with a minimum number of hours of service with the College, we will utilize the average hours of service per week for the employee during the measurement period, excluding the employment break period, and use that average as the average for each week where the part-time employee is not credited with any hours of service.
- (2) Any employee who held a position prior to December 31, 2012, which was approved as "benefit eligible" and the position's hours are greater than 20 hours a week but less than 30 hours a week and who elects insurance coverage shall be assessed a pro-rated amount of cost of insurance provided, and the same shall be

withheld by payroll deduction unless other arrangements are made with the Payroll Coordinator.

- (a) Grandfather - Current part-time employees who are offered healthcare at a 50 percent college subsidy would continue their benefits at no change; new hires working less than 30 hours and those in non-benefit eligible positions would not receive subsidized benefits from the College effective January 1, 2013.
- (3) The following insurance benefits are offered to benefit eligible employees in accordance with the applicable insurance plan documents:
- (a) Term Life Insurance
 - (b) Supplemental Life Insurance
 - (c) Accidental Death and Dismemberment
 - (d) Supplemental Accidental Death and Dismemberment
 - (e) Major Medical Coverage
 - (f) Dental
 - (g) Vision
 - (h) IRS Section 125 Cafeteria Plan

(E) Call-Back Pay Policy

- (1) A non-exempt employee who is called back to work (i.e., maintenance, weather, or emergency situations, etc.) at a time not previously scheduled or called back to work after a regular work schedule shall receive call-back pay as follows:
- (a) A minimum of two (2) hours pay will be granted at time and one-half the regular hourly pay rate even when the time actually spent back on the job is less than two (2) hours.
 - (b) Pay for actual hours worked will be granted at time and one half the regular hourly pay rate if hours worked exceeds two (2).

- (c) Actual hours worked for call-back purposes means only time spent at the work site. Time spent in route to or from the work site is not included as time worked. The two (2) hour minimum shall not apply if the employee was called in or called back during the two (2) hour period immediately prior to the beginning of his or her next regularly scheduled work shift. It is not a call-back if the start time of the shift is different than the normal scheduled start time.
- (d) Snow removal members will receive call-back pay only if they are called back to work within twelve (12) hours of the end of their shift. If the snow crew starts their eight (8) hour shift within the twelve (12) hour call-back period, call-back pay will be cancelled.
- (e) Compensatory time off may be used in lieu of pay for call-back time worked in accordance with College overtime policies.
- (f) Exempt employees who are called back to work at a time not previously scheduled normally shall not receive compensation for time worked in call-back status. Exceptions may be authorized by the appropriate Division Vice President and the Vice President of Human Resources.

 - (b) The attendance of the employee at such meeting is necessary to the best interest of the College.
- (3) Registration fees may be paid directly by the College if such arrangement is agreed to by the vendor. If registration fees are paid by the employee, a receipt must be submitted to receive reimbursement.
- (4) Reimbursement to employees for meals of non-College employees will be made only if prior authorization is received from the President, Provost, appropriate vice president, or immediate supervisor.

(E) Type of Transportation

- (1) The traveler is obligated to select the most appropriate transportation available within the requirements of the trip.
- (2) Air, rail, or ground transportation will be at coach fare or the lowest available rate. Travel insurance and any add on convenience fees are excluded from reimbursement beyond the first checked bag fee, if applicable.
- (3) College funds shall not be expended to pay for unused reservations without the approval of the President or appropriate vice president.
- (4) A rental car is to be used when it is the most economical or most efficient means of transportation. When returning a rental car, the car must be refueled/recharged to the level that the car was at upon receipt. If the car is not refueled to the level that the car was at upon receipt, the employee will be responsible

for the refueling convenience fee charged by the rental company.

(5) Personal Automobile

- (a) If a one-day trip will exceed three hundred miles, the traveler should use a rental car. If you choose to drive your personal automobile, the reimbursement will be limited to the contracted rental rate plus the average fuel cost at the time of travel.
- (b) For trips less than three hundred miles, reimbursable mileage is calculated at the standard Ohio Office of Budget and Management rate in effect at the time of travel. This rate is for use of privately owned vehicles during official College business. All employees, while driving their own vehicle for official College business, are required to travel the shortest practical route and follow all applicable state laws.
- (c) Miles traveled must be detailed by destination using the College as the point of departure and return. The residential home must be used as the point of departure and return if the distance is less than using the College as the point of departure and return if the trip originates from home.
- (d) The stated mileage rates are intended to cover all automobile operating costs, including maintenance, fuel, recharging cost of electric vehicles, and insurance. No employees may be reimbursed for expenses on the mileage basis unless they carry motor vehicle liability insurance.
- (e) For employees who must report to the main campus, leave for an assignment at a satellite campus, and must return to the main campus, mileage will be reimbursed for a round trip to the

satellite campus using the College as the point of departure and return.

- (f) For employees who must report to a satellite campus for the beginning or end of their work day (traveling to/from home) and must also report to the main campus, mileage will be reimbursed for a round trip to the satellite campus using the College as the point of departure or return, unless the distance between their home and the satellite campus is less than the distance between the College and the satellite campus. In that case, mileage will be reimbursed for the distance from the employee's home to the satellite campus and from the satellite campus to the College.
- (g) Employees who are not required to report to the main campus but have assignments at a satellite campus will not be eligible for travel reimbursement.

(6) Transportation Expenses

- (a) Reimbursement may be claimed for parking charges; ferry and taxi fares; and bridge, highway, and tunnel tolls.
 - (b) Any other out-of-pocket expenses, such as road service and towing charges directly chargeable to the operation of a College-owned vehicle incurred while traveling in such vehicle, may be reimbursed subject to approval of the Vice President of Business, Finance, and Information Technology.
- (7) A receipt is required for each item of expense greater than one dollar, except ferry and taxi fares and bridge, highway, and tunnel tolls if receipts are not available.

(F) Reimbursement

- (1) Advance payment for personal expenses and travel, except for preregistration and transportation reservations when payment is

required, is not allowed in accordance with rulings of the State Auditor's Office.

- (2) Reimbursement is made only if the trip received proper authorization and certification. Otherwise, the traveler is liable for all expenses incurred.
- (3) The "Report of Business Expense" form must be completed for reporting trip expenditures for all travel and must be accompanied by receipts.
- (4) The "Report of Business Expense" form must be submitted to the Business and Finance office within sixty days after the expenses were incurred unless approved by the Vice President of Business, Finance, and Information Technology or the President.
- (5) A written report of information gathered as a result of approved travel may be required by the supervisor, department chair, Provost, or Vice President of Business, Finance, and Information Technology.
- (6) If the traveler is accompanied by a family member or friend, the maximum reimbursement for lodging remains the same with the traveler paying the difference between a single rate and the rate for a couple. The traveler must furnish proof of the rate schedule.
- (7) If a faculty or staff member chooses to provide his/her own transportation, instead of traveling with a group, he/she will do so at his/her own expense.
- (8) Tips may be included in the meal allowances but reimbursement will not exceed the stated rates. Meal tips are the only allowable tip and may not exceed 20% of the food purchased. Tips are not reimbursable for services such as transportation, baggage handling, etc. Itemized receipts for meals must accompany the reimbursement form. Credit card statements do not constitute receipts.
- (9) No reimbursement will be made for alcoholic beverages.

(G) Frequent flyer and other affinity programs

In accordance with Ohio Ethics Commission advisory opinion No. 91-010, college employees are prohibited from accepting, soliciting, or using the authority or influence of their position to receive discounted or free "frequent flyer" airline tickets for personal travel if the ticket or benefits were obtained through the purchase of airline tickets for use on official college travel. Any rebates or commissions earned based on college business and paid to a college employee offered by any source, including but not limited to credit card issuers, can only be applied to college-approved travel. Such restrictions shall not apply to the extent the traveler used personal funds for the cost of the airfare.

POLICY:

The College considers the use of any illegal drug or controlled substance and the abuse of alcohol and legal (prescription or over-the-counter) drugs, collectively referred to herein as “substance abuse,” to be a very serious matter that cannot be tolerated in the workplace. Substance abuse poses health and safety hazards to employees, students, and to the community at large. Because the College is a responsible source and participant with the Federal Government in many programs and activities, substance abuse by College employees or students jeopardizes Federal Government funding in light of the Federal Government’s increasing efforts to combat substance abuse. - (A) All employees and students are notified that the manufacture, distribution, dispensing, possession, use, or being under the influence of any drug, synthetic substance, or controlled substance, or alcohol, is prohibited on all College property and in any other location where employees are conducting College business or approved student activity/event. The use of legal drugs, taken in accordance with a doctor’s orders, is not subject to this policy, except as provided below, and is permitted so long as it does not impair the employee’s ability to perform any essential function of employment or the student’s ability to participate in the classroom effectively and in a safe manner and that does not endanger other individuals on campus and in the workplace. Likewise, the moderate, i.e., so as not to become intoxicated, and legal consumption of alcohol at officially sanctioned on-campus social functions in which College employees might participate is not subject to this policy.

POLICY:

Stark State College is committed and responsible for establishing, maintaining and providing a safe, secure, and non-discriminatory environment for our employees and students, free of sexual misconduct and sex discrimination based on gender, gender identity, or sexual orientation, gender transition status, or pregnancy. The College will not tolerate any kind of sexual misconduct and will not compromise the responsibility for addressing issues of sexual misconduct. The College will not tolerate sex-based discrimination or sex-based violence based on sexual orientation, gender identity, gender transition status, or pregnancy. Sexual misconduct is socially irresponsible and violates the rights of other individuals. Sexual misconduct has the potential of threatening an individual's academic performance, economic livelihood, career advancement, psychological, and total well-being and is prohibited by this policy. This policy is also applicable to all third parties affiliated with the College. Third parties are neither employees nor students and can include, but are not limited to, consultants, vendors, contractors, etc. Sexual misconduct is a serious offense which could lead to dismissal and/or termination from the College and criminal charges being filed with the local law enforcement authority having jurisdiction.

(A) Definitions

- (1) Sexual Misconduct – Any unwelcome behavior of a sexual nature that is committed without consent. Sexual misconduct can occur between persons of the same or different sex. Sexual misconduct is a type of violence that uses power, control, and/or intimidation to harm another. It includes sexual harassment, sexual assault, domestic violence, dating violence, and stalking. It occurs when there is an absence of consent. Consent is a free and clearly given “yes,” not the absence of a “no,” and cannot be received when a person is incapacitated by alcohol or drugs. Sexual misconduct is a broad term that includes sexual assault (rape, sexual fondling, incest, or statutory rape) as well as sexual exploitation and sexual harassment.

- (2) Non-Consensual Sexual Contact – Any intentional sexual touching and any other intentional bodily contact in a sexual manner, however slight, with any object, by a man or a woman upon another person that is without consent.
- (3) Incapacitation – A state in which a person cannot make rational decisions because they lack the capacity to give consent. Incapacitation may result from a mental or physical disability, unconsciousness, or from the taking of alcohol or other drugs. Sexual misconduct occurs when a person engages in sexual activity when they knew, or should have known, that the other person was incapacitated.
- (4) Consent – A freely and affirmatively communicated willingness to participate in sexual activity, expressed by clear, unambiguous words or actions. It is the responsibility of the initiator of the sexual activity to ensure that he or she has the other person's consent to engage in sexual activity, throughout the entire sexual activity, by all parties involved. At any time, a participant can communicate that he or she no longer consents to continuing the activity. Consent may never be obtained through the use of force, coercion, or intimidation or if the victim is mentally or physically incapacitated, including through the use of drugs or alcohol. Consent cannot be assumed based on the existence of a previous dating or sexual relationship. The initiator's use of alcohol or drugs does not diminish his/her responsibility to obtain consent.
- (5) Force – The use of physical violence, threat of physical violence, and/or imposing on someone physically to gain sexual access.
- (6) Rape – Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- (7) Coercion – Unreasonable, intimidating, or forcible pressure for sexual activity.
- (8) Sexual Assault – Includes non-consensual vaginal penetration by a penis, object, tongue, or finger; anal penetration by a penis, object, tongue, or finger; and oral copulation (mouth to genital contact), no matter how slight the penetration or contact.

- (9) Sexual Exploitation – Occurs when someone takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to the benefit or advantage of anyone other than the person being exploited.
- (10) Stalking – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
- (11) Domestic Violence – A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
- (12) Intimate Partner Violence/Dating Violence – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and/or the frequency of interaction between the persons involved in the relationship.
- (13) Gender-based violence - Gender-based violence refers to any type of harm that is perpetrated against a person or group of people because of their factual or perceived sex, gender, sexual orientation, and/or gender identity.

- (a) Gender-based violence (GBV) is defined as any harmful threat or act directed at an individual or group based on their actual or perceived:
- (1) Biological sex;
 - (2) Gender identity;
 - (3) Gender expression;
 - (4) Sexual orientation; or
 - (5) Difference from social norms related to masculinity or femininity

GBV can include and be identified by physical, sexual, psychological, technological, economic, and emotional abuse. It is rooted in structural gender inequalities, coercive control, and power imbalances.

- (14) Sexual Harassment – Conduct on the basis of sex that satisfies one or more of the following: unwelcomed sexual advances; request for sexual favors; and/or other verbal, non-verbal, or physical conduct of a sexual nature. Sexual Harassment is sex-based harassment that includes gender-based harassment. Sexual harassment is inclusive of sexual violence and gender-based harassment, defined as follows:

(a) ***Sexual Violence***

Sexual violence is a form of sexual harassment. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the victim's age or use of drugs or alcohol, or because an intellectual or other disability prevents the victim from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

(b) ***Gender-Based Harassment***

Gender-based harassment is unwelcome conduct based on an individual's actual or perceived sex. It includes slurs, taunts, stereotypes, or name-calling as well as gender-motivated physical threats, attacks, or other hateful conduct.

- (c) An individual can experience harassment of one type or may experience combinations of discriminatory conduct.
 - (i) An employee of the College conditioning the provision of aid, benefit, or service of the College on an individual's participation in unwelcome sexual conduct;
 - (ii) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or
 - (iii) "Sexual assault," "dating violence," "domestic violence," or "stalking" as those terms are defined under other federal laws called the Clery Act and the Violence Against Women Act.

- (d) Forms of sexual harassment include:
 - (i) Quid Pro Quo (aka – "this for that") – The abuse of power and/or authority. Such behavior is especially harmful in situations where the imposition of unwanted sexual attention is accompanied by an explicit or implied promise of employment, academic success, preferential treatment, the threat of reprisal, or a negative consequence for refusal to engage in behavior of a sexual nature. Sexual harassment may occur without employment, academic, or economic injury to the victim.
 - (ii) Hostile Work Environment – Includes any unwelcome, and severe or pervasive action of a sexual nature which unreasonably interferes with job performance or learning ability and creates an intimidating, or offensive work, academic or athletic environment, even if it leads to no tangible or economic consequences. A single instance of harassment may be sufficient to create a hostile work environment.

(B) Reporting Responsibilities for Sexual Misconduct

- (1) Anyone who believes that an administrator, supervisor, employee, faculty member, student, or non-employee's behavior constitutes discrimination or harassment has a responsibility to report the behavior/action as soon as it is known, but no later than 180 days of the occurrence, so that the College may administer this policy.
- (2) In cases of alleged sexual misconduct where the victim or alleged perpetrator is a student, a potential student, an employee, or a campus visitor the complaint may be made to any of the following:
 - (a) Title IX Coordinator
 - (b) Campus Security
 - (c) Any College employee
 - (d) Student Support Counselor – Confidential Source
 - (e) Interfaith Campus Ministry – Confidential Source
 - (f) A Law Enforcement Officer from the local jurisdiction
- (3) Any person designated to receive complaints under this policy who has direct or constructive knowledge of alleged discriminatory or harassing behavior is a mandatory reporter and must take immediate appropriate action to report the behavior to the Title IX Coordinator. Failure to do so shall result in disciplinary action up to and including termination of employment.

(C) Reporting to an outside agency

Persons who believe that they have been subjected to sexual misconduct may also file a complaint with the local law enforcement agency, if criminal justice action is desired, the Ohio Civil Rights Commission, the U.S. Equal Employment Opportunity Commission, or the U.S. Department of Education's Office for Civil Rights. Information and assistance regarding filing charges with any of the agencies may be obtained from the agency directly or from the College's Title IX Coordinator.

(D) Confidentiality

To the extent possible, all information received in connection with the reporting, investigation, and resolution of allegations of sexual misconduct will be treated as confidential, except to the extent it is necessary to disclose information in order to investigate the allegation, take steps to stop, prevent or address the misconduct, resolve the complaint, or when compelled to do so by law. All individuals involved in the process should observe the same standard of discretion and respect for the reputation of everyone involved in the process.

(E) Retaliation

College policy and federal, state, and local law strictly prohibit retaliation in any form against any employee, faculty member, student, vendor, customer, or other person participating in a college program or activity who complains or reports an allegation, or who participates in an investigation of sexual misconduct.

PROCEDURE:

A complete copy of the investigation procedures involving sexual misconduct can be obtained from the Title IX Office in S104 or on the college's Title IX website page.

POLICIES AND PROCEDURES MANUAL

BLOODBORNE PATHOGENS

Policy No. 3357:15-14-16

Page 1 of 8

Effective: 10/15/2009

Revised: 01/18/2014

Revised: 02/22/2015

Revised: 06/05/2017

Revised: 06/05/2023

POLICY:

Stark State College promotes the rights of persons with communicable diseases to education and employment, while providing a safe and healthy environment for the College's students and employees. The College will make all reasonable accommodations to persons infected with Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), and Human Immunodeficiency Virus (HIV) and to employ, continue to employ, and/or enroll persons so infected. As appropriate, faculty and staff will be provided training and/or information regarding bloodborne pathogens, standard precautions, and work practice controls.

The College affords a broad range of academic opportunities in diverse healthcare fields. Instruction in some healthcare fields may require communicable disease precautions against exposure to blood or body fluid, as individuals participating in some program training activities may have a risk of exposure to blood or other potentially infectious materials.

Action will be guided by the most recent medical evidence, the federal regulations of the Rehabilitation Act, state law, guidelines from the Centers for Disease Control and Prevention (CDC), the Public Health Services, the American College Health Association, the Occupational Safety and Health Administration (OSHA), and the State of Ohio Department of Health.

The College will not routinely screen all members of the College community for communicable diseases unless and until required to do so by law because communicable diseases may have different modes of transmission and should be evaluated on an individual basis.

The Federal Rehabilitation Act of 1973 prohibits discrimination against qualified individuals by employers and those who provide services with the assistance of federal funding. Under federal law, the College, as an employer and a provider of educational services, must make reasonable accommodations for handicapped individuals, including those with communicable diseases.

The College maintains standards of confidentiality regarding medical information about students or employees that are protected by the Family Educational Rights and Privacy Act of 1974 (FERPA). The Act requires that no specific or detailed information

concerning symptoms or diagnoses be provided to staff, administrators, or family members without the express written permission of the student/employee. Only individuals at the College with a legitimate need to know will have knowledge of the existence of students and/or employees with communicable diseases.

PROCEDURE:

- (A) The College will be flexible in its response to incidents of disease at the College, evaluating each occurrence in light of all applicable federal, state, and local laws, its general policy, and the latest information available. A Case Review Committee consisting of a health practitioner, the dean of the appropriate division (in cases involving students), and the Director of Human Resources will be available to meet to consider reported occurrences of bloodborne pathogens.

- (B) Occupational Exposure Control Plan

The purpose of the occupational exposure control plan is to protect the health and safety of the persons directly involved in handling the materials, Stark State College personnel, and the general public by ensuring the safe handling, storage, use, processing, and disposal of infectious medical waste.

Each program or department having a greater than minimal risk of bloodborne pathogens exposure must establish its own occupational exposure control plan that would be specific to the procedures, materials, and equipment utilized. If a program or department determines that a minimal risk of bloodborne pathogens exposure is present, the following standard precautions must be taken:

Hand Hygiene:

1. During the delivery of health care or laboratory practice, avoid unnecessary touching of surfaces in close proximity to the patient to prevent both contamination of clean hands from environmental surfaces and transmission of pathogens from contaminated hands to surfaces.
2. When hands are visibly dirty, contaminated with proteinaceous material, or visibly soiled with blood or body fluids, wash hands with either a non-antimicrobial or an antimicrobial soap and water.
3. If hands are not visibly soiled, decontaminate hands as follows:
 - a. Before having direct contact with patients
 - b. After contact with blood, body fluids or excretions, mucous membranes, non-intact skin, or wound dressings
 - c. After contact with a patient's intact skin (e.g. when taking a pulse or blood pressure)
 - d. If hands are likely to move from a contaminated body site to a clean body site during patient care
 - e. After contact with inanimate objects (including medical equipment) in the immediate vicinity of the patient
 - f. After removing gloves

Note: An alcohol-based hand rub is the preferred method of decontamination.

Gloves:

1. Wear gloves when it can be reasonably anticipated that contact with blood or other potentially infectious materials, mucous membranes, non-intact skin, or potentially contaminated intact skin (e.g. stool or urine) could occur.
2. Wear gloves with fit and durability appropriate to the task.
 - a. Wear disposable medical examination gloves for providing direct patient care.
 - b. Wear disposable medical examination gloves or reusable utility gloves for cleaning the environment or medical equipment.
 - i. Utility gloves may be decontaminated for reuse if their integrity is not compromised; discard utility gloves if they show signs of cracking, peeling, tearing, puncturing, or deterioration.
 - c. Remove gloves after contact with a patient and/or surrounding environment (including medical equipment) using a proper technique to prevent hand contamination. Do not wear the same pair of gloves for the care of more than one patient. Do not wash gloves for the purpose of reuse since this practice has been associated with the transmission of pathogens.
 - d. Change gloves during patient care if the hands are likely to move from a contaminated body site to a clean body site.
 - e. Replace gloves if torn, punctured, or contaminated, or if their ability to function as a barrier is compromised.

Gowns and Eye Protection:

1. Gowns, aprons, or lab coats must be worn when splashes of body fluid on skin or clothing are possible.
2. Masks, goggles, or face shields are required when contact of mucosal membranes (eyes, mouth, or nose) with body fluids is likely to occur (e.g. splashes or aerosolization).

Safe Injection Practices:

1. Use an aseptic technique to avoid contamination of sterile injection equipment.
2. Needles, cannulae, and syringes are sterile, single-use items; they should not be reused.
3. Do not recap, bend, break, or hand manipulate used needles; if recapping is required, use a one-handed scoop technique only; use safety features where available; place used sharps in a puncture-resistant container.

Other Considerations:

1. Resuscitation equipment, pocket masks, resuscitation bags, or other ventilation equipment must be provided to eliminate the need for direct mouth-to-mouth contact. (This statement is required for groups where resuscitation is a part of their program training.)
2. All pipetting must be carried out with the aid of a rubber bulb or other vacuum assist device. Mouth pipetting is strictly forbidden.

(C) Waste Disposal Plan

1. Medical/Infectious waste must be segregated from other waste at the point of origin.
2. Medical/Infectious waste, except for sharps (e.g. razor blades, broken glass, needles, etc.) capable of puncturing or cutting, must be contained in double, disposable, red bags conspicuously labeled with the words "INFECTIOUS WASTE – BIOHAZARD."
3. Infectious sharps must be contained for disposal in leak-proof, rigid, puncture-resistant containers.

Always keep these sharps safety guidelines in mind:

- Avoid direct contact with sharps as much as possible.
- Remember that needle sticks are the most common source of infection.
- Always wear gloves when handling sharps.
- Never use your hands to sweep up broken glass.
- Use tongs or other devices – not your hands – when retrieving reusable sharps.
- Be careful of sharps that may be hidden in patients' laundry or linen.
- Know and observe all procedures for proper storage and disposal of sharps.
- Always report immediately any incident involving potential exposure to bloodborne pathogens.
- If exposed to sharps, get medical evaluation quickly.

4. Infectious waste thus contained as described in procedures (2) and (3) above must be placed in reusable or disposable leak-proof bins or barrels which must be conspicuously labeled with the words "INFECTIOUS WASTE – BIO HAZARD." These waste barrels are to be picked up regularly by an outside company licensed to handle infectious wastes.
5. Mixed waste that includes biological/infectious waste and radioactive waste must be disinfected by a person trained in radioisotope safety and waste disposal procedures.
6. A solution of sodium hypochlorite (household bleach) diluted 1:9 with water must be used to disinfect, following initial cleanup of a spill, with a chemical germicide approved as a hospital disinfectant. Spills must be cleaned up immediately.
7. After removing gloves, and/or after contact with body fluids, hands and other skin surfaces must be washed thoroughly and immediately with soap or other disinfectant in warm or cold running water.
8. Other biological wastes that do not contain radioactive or hazardous substances may be disinfected by heat and/or steam sterilization (autoclave) and then disposed of in the regular trash.
9. Liquid biohazard waste may be disposed of in the sewage system following chemical decontamination.

10. Reusable glassware must be decontaminated with sodium hypochlorite (household bleach) solution (1:9) prior to rinsing and acid washing. Then the glassware must be sterilized in an autoclave.

Applicable supervisors must ensure that their staff is trained in proper work practices about the concept of universal precautions, about personal protective equipment, and in proper cleanup and disposal techniques.

(D) Training Plan

Pertinent students and employees will participate in a training program at no cost, during educational/work hours, and with materials appropriate to the literacy, education, and language of the employee.

The training will include:

- A copy of the standard for each employee and an explanation of the content.
- A general explanation of bloodborne pathogens and how they are transmitted.
- Explanation and access to the Exposure Control Plan including the location of incident report form(s).
- Explanation of the departmental policies on Personal Protective Equipment.
- An awareness of tasks that may involve exposure and how to avoid or minimize it.
- All pertinent Hepatitis B training.
- How to handle emergencies involving exposure.
- Explanation on biohazard labels.

(E) Post-Exposure Plan

When a student or employee is potentially exposed to bloodborne pathogens, immediate first aid care and prompt follow up by a medical professional should occur. Remember: Risk of infection is low when precautions are taken and appropriate medical follow up is obtained.

1. Stay Calm – Act Quickly.
2. Notify an instructor/supervisor immediately.
3. Immediately initiate first aid treatment.
 - Puncture Wound (sharp contaminated object, needle-stick, bite with bloody saliva)
 - a. Wash area thoroughly for 2-3 minutes with an antibacterial soap – do not squeeze area to cause to bleed.
 - b. Proceed to step 4.

- Splash exposure (body fluids splashed into the eyes, nose, mouth)
 - a. Flush area with clear water for 10 minutes.
 - b. Wash the area with antibacterial soap (where applicable).
 - c. Proceed to step 4.
 - Splash exposure (contact of blood with chapped, abraded, or otherwise non-intact skin)
 - a. Wash area thoroughly for 2-3 minutes with antibacterial soap.
 - b. Proceed to step 4.
4. The instructor or appropriate personnel will discuss the incident with the source individual and request his/her cooperation in being tested for Hepatitis B, Hepatitis C, and HIV. Source individuals willing to cooperate will be referred to Cleveland Clinic Mercy Hospital's Work, Health, and Safety Services or another medical facility of his/her choice where they will be treated appropriately.
 5. The exposed individual will complete the program - or department - specific Exposure Incident Report Form and SSC Incident Report Form as soon as practical - preferably before leaving campus. The forms should be submitted to the Program Coordinator or Department Chair and Campus Security for follow-up.
 6. The exposed individual should report to the treatment facility as soon as possible after the incident. If the source individual is known to be at high risk, the student and/or employee might be referred to the Cleveland Clinic Mercy Hospital Emergency Room or another medical facility of his/her choice for same day treatment.

SPECIAL NOTES:

Each program or department with a reasonable risk of bloodborne pathogens exposure will be responsible for developing program-specific procedures as determined in the program handbook. The SSC Incident Report Form can be obtained from the Security Office.

Refusal of medical follow up

If any student and/or employee with a possible exposure refuses to follow the protocol when procedures are medically indicated, no adverse action can be taken on that ground alone since the procedures are designed for the benefit of the exposed individual.

(F) Procedures for Evaluating the Circumstances Surrounding an Exposure Incident

1. The Program Coordinator, and/or Department Chair, and/or department supervisor will review the circumstances of all exposure incidents to determine:
 - a. engineering controls in use at the time
 - b. work practices followed
 - c. a description of the device being used (including type and brand)
 - d. protective equipment or clothing that was used at the time of the exposure incident (gloves, eye shields, etc.)
 - e. location of the incident
 - f. procedure being performed when the incident occurred
 - g. student/employee training
2. If revisions to the Exposure Control Plan are necessary, the Program Coordinator, Department Chair, and/or department supervisor will ensure that appropriate changes are made. (Changes may include an evaluation of safer devices, adding employees to the exposure determination list, etc.)

(G) DEFINITIONS

BIOLOGICAL HAZARD - The term biological hazard or biohazard is taken to mean any viable infectious agent (etiologic agent) that presents a risk, or a potential risk, to the well-being of humans. Each supervisor has identified the specific biological hazard associated with a job, and the supervisor will arrange for training, if necessary.

BLOOD AND BODY FLUIDS – These are defined as blood, semen, vaginal secretions, cerebrospinal fluid, synovial fluid, pleural fluid, pericardial fluid, peritoneal fluids, amniotic fluid, saliva, other body fluids containing visual blood, human tissue or organs other than intact skin, HIV-containing cell or tissue cultures, organ cultures; HIV, HBV, or HCV, containing culture medium or other solutions; and blood, organs, or other tissues from experimental animals infected with HIV, HBV, or HCV.

BLOODBORNE PATHOGENS – These are defined as microorganisms present in blood and able to cause disease in humans; these include but are not limited to HBV and HIV.

CONTAMINATED – This is defined as the presence or reasonably anticipated presence of blood or potentially infectious body fluid on laundry items or sharps or glassware.

ENGINEERING CONTROLS – These are defined as sharp disposable containers, self-sheathing needles that isolate or remove the bloodborne pathogens hazard.

ETIOLOGIC AGENTS - The United States Department of Health and Human Services, Public Health Service, Classification of Etiologic Agents on the Basis of Hazard is the classification system used at Stark State College for etiologic agents.

MEDICAL WASTES/INFECTIOUS WASTES – This is defined as all laboratory waste emanating from human or animal tissues, blood, or blood products or fluids; all cultures of tissues or cells of human origin or cultures of etiologic agents; specimens of human or animal parts or tissues removed by surgery, autopsy, or necropsy.

OCCUPATIONAL EXPOSURE – This is defined as reasonably anticipated skin, eye, mucous membrane, or parenteral contact that may result from the performance of an employee's duty. Parenteral means piercing the skin barrier through cuts, human bites, abrasions.

PERSONAL PROTECTIVE EQUIPMENT – This includes gloves, gowns, laboratory coats, face shields, eye protection, masks, and other devices.

POTENTIALLY INFECTIOUS MATERIALS – These are defined as the following human body fluids: semen, vaginal secretions, cerebrospinal, synovial, pericardial, pleural, peritoneal, amniotic, saliva in dental procedures, and any other body fluid in situations where it is impossible to distinguish between fluids; any unfixed tissue or organ from a dead or living human; HIV-containing cell or tissue cultures, organ cultures; and HIV- or HBV-containing culture medium.

REGULATED WASTE – This is defined as infectious waste. Any item soiled with blood or other body fluids such as sharps, clothing, and glassware. This waste must be treated as Infectious Waste.

UNIVERSAL PRECAUTIONS – This refers to a system of infectious disease control that assumes that every direct contact with body fluids is infectious and requires every employee exposed to be protected as though such body fluids were infected with bloodborne pathogens. All infectious/medical material must be handled according to Universal Precautions.

WORK PRACTICE CONTROLS – These are defined as measures that reduce likelihood of exposure, such as adherence to the practice of universal procedures, prohibiting recapping of needles or other sharps, and prohibiting pipetting or suctioning by mouth.

CONCEALED WEAPONS

Policy No. 3357:15-14-17

Page 1 of 2

Effective: 10/15/2009

Revised: 02/22/2015

Revised: 06/03/2024

POLICY:

Except as provided in paragraph 1 below, the use, possession, or carrying of a firearm or other weapon on property owned or leased by the College, by any person other than a College Security officer, or qualified law enforcement officer as defined in Section 2901.01(A)(11) of the Ohio Revised Code, is prohibited and in violation of State Law.

PROCEDURE:

- (A) Pursuant to Ohio Revised Code Section 2923.26(B)(5), any person licensed to carry a concealed handgun may have a handgun on property owned or leased by the College ONLY if it is in a locked motor vehicle or the licensee is in the immediate process of placing the handgun in a locked motor vehicle.
- (B) Stark State College campuses lie within multiple jurisdictions, and the College recognizes that some Law Enforcement Agencies within those jurisdictions require/permit its sworn Officers that have met firearms qualification, training, and legal requirements to carry firearms while off duty.

Sworn active (not retired) off-duty law enforcement officers with current agency requirement or permission and with their agency identification and having met their agency's firearms qualification, training, and legal requirements to carry a firearm off duty are permitted to carry a firearm on a campus location that is within their law enforcement agencies' jurisdiction. Law enforcement officers who are on duty or on official business are permitted to have a firearm on campus regardless of jurisdiction.

- (C) Off-Duty Law Enforcement officers who are on a campus outside of their law enforcement jurisdiction and not on duty or on official business must comply with section (A) of this policy.
- (D) Students enrolled in the Stark State Police Officer Basic Training Program may possess UNLOADED firearms on campus when specifically directed to do so for training purposes. Weapons must be removed from campus immediately upon conclusion of the training session for which a weapon was required.

- (1) Law Enforcement students shall abide by this policy and all classroom rules concerning possessing firearms on campus and shall not carry or engage in any activity or handle any firearm in such a manner as to cause alarm or panic.
 - (2) Ohio Peace Officer Training Academy certified law enforcement instructors may possess firearms on campus when scheduled to work for Stark State College as law enforcement instructors. Unless being used in training, firearms should be concealed and not in plain view. Those instructors permitted to carry concealed firearms as active or retired peace officers shall abide by applicable laws related to carrying such firearms.
- (E) Any employee or student found to be in violation of this policy may be ordered to remove the weapon from the premises immediately, and will be subject to discipline up to and including termination for employees or dismissal for students. Any person violating this policy may be subject to arrest or criminal prosecution.
- (F) Open carry of a firearm by the general public is legally permissible in public spaces (see restriction details below). The 2nd Amendment of the U.S. Constitution allows citizens to carry and openly wear visible firearms in public spaces unless that space is specifically forbidden under State Law. Restrictions to open carry at Stark State College include the following:
- (1) Firearms are prohibited in all campus buildings.
 - (2) Stark State College students, faculty, and staff who are not authorized are not permitted to carry or possess firearms on campus*.
 - (3) In accordance with Ohio Law, Stark State College forbids anyone to open carry certain types of firearms such as fully automatic weapons.

*Stark State College has the legal right to be more restrictive than State law, which means that while particular conduct may be legal, it is still a violation of the student code of conduct or employment policies to possess firearms on campus. Violation of these policies may result in internal discipline, including termination from employment or expulsion from the College.

- (G) Exceptions outside of this policy must be approved by the Chief of Security.

CORRECTIVE ACTION AND DISCIPLINE

Policy No. 3357:15-14-18

Page 1 of 4

Effective: 10/15/2009

Revised: 08/27/2012

Revised: 02/22/2015

Revised: 5/29/2020

Revised: 06/05/2023

POLICY:

- (A) The policy provides a mechanism for maintenance of stable working conditions according to the Policies and Procedures of the College. Disciplinary interventions should focus on modifying and correcting employee behavior and deterring the employee from repeating past problem behavior.
- (B) Corrective action and discipline should impose the least severe action necessary to correct the undesirable behavior. Stark State College reserves the right to combine or skip steps in the corrective action and disciplinary procedure depending upon the facts of each situation and the nature of the offense. The level of disciplinary intervention may vary based on the totality of circumstances. Discipline must consider past practice and equitable treatment, and it must meet the test of just cause.
- (C) Disciplinary intervention can be taken to correct problems including, but not limited to, unsatisfactory work performance, insubordination, behavior and conduct infractions, absenteeism and tardiness, negligence, violation of the College's rules and Policies and Procedures, and illegal activity.
- (D) To promote safety and security, mitigate potential risks, and maintain the integrity of the College, we require employees to self-disclose any arrests and convictions (outside of minor misdemeanor traffic citations) during their employment to the Vice President of Human Resources or their applicable executive council member. This must be done no later than five calendar days after the arrest or conviction, so the College can conduct an independent review of their continued suitability for employment.

Disclosing an arrest or conviction does not automatically impact an employee's eligibility for employment with the College. Continued employment depends on a variety of factors such as violations of College policy; the employee's past disciplinary record; and the nature and gravity of, and circumstances surrounding, the arrest or conviction, including the employee's truthfulness and completeness in disclosing the information in a timely manner.

PROCEDURE:

- (A) Supervisory Conference: The problem(s) will first be brought to the employee's attention in a supervisory conference between the employee and the supervisor. This initial meeting is not considered part of the formal corrective action and discipline procedure. During this conference, the supervisor will make sure the employee is aware of the problem and its negative impact. The supervisor will impress upon the employee the necessity of correcting the problem and inform the employee that the meeting is a supervisory conference. At this conference, the employee will have the opportunity to state his/her point of view.

- (B) Formal Discipline System
 - (1) If the problem is not resolved through this supervisory conference, or if the problem is of a serious nature, the supervisor may institute a formal disciplinary intervention. The formal disciplinary process may include a documented verbal reprimand; a written reprimand; a suspension, including a final written reprimand; and/or termination of employment. Discipline should be administered at the minimum level necessary to bring about correction of the problem. The level of discipline administered is at the sole discretion of the College. If the problem is not corrected, more severe action will be taken up to and including termination.

 - (2) The violation of some rules is so extreme that outright discharge is necessary and justified. These violations include, but are not necessarily limited to, theft; on the job substance abuse; the unlawful possession, use, or distribution of illicit drugs, a controlled substance, and/or alcohol; willful destruction of College property; falsification of college records; unauthorized possession of firearms on campus; and other illegal activity.

 - (3) Supervisors must consult with the Human Resources Department prior to initiating the formal disciplinary process. The employee will be informed of a formal disciplinary intervention, both verbally and in writing, within ten business

days after the disciplinary decision has been proposed. Supervisors must maintain written documentation at each stage of the disciplinary process. This documentation must be sent to Human Resources within two business days of the meeting with the employee. A standard format provided by the Office of Human Resources and approved by the President shall be used for the report. Human Resources will maintain all written correspondence in the employee's personnel file.

- (4) The employee may appeal a disciplinary action through the College's grievance procedure only if the disciplinary action violates the College's rules, policies and procedures, or other accepted practices of the College.
- (5) The following are the steps in the formal discipline system:
 - (a) Step 1 – Documented Verbal Reprimand and a Timeline (if appropriate): A documented verbal reprimand is the first step in the formal disciplinary process. The verbal reprimand must state the nature of the current problem, describe the supervisor's expectations, and point to future disciplinary intervention if improvement does not occur. The supervisor will document the occurrence of the documented verbal reprimand, and it will be submitted to Human Resources to retain in the employee's personnel file.
 - (b) Step 2 – Written Reprimand and a Timeline (if appropriate): A written reprimand is a formal notice that a serious infraction has occurred or that the employee has not corrected a problem outlined in a previously documented verbal reprimand. Additional disciplinary intervention may be taken consistent with the College's Policy and Procedures and any applicable existing contract provisions. It also aims to gain the employee's agreement that the problem will be corrected and will not recur. The written reprimand will be signed by the supervisor and the employee and will be placed in the employee's personnel file.

- (c) Step 3 – Suspension/Final Written Reprimand: A suspension with or without pay may be incorporated into the plan to address the disciplinary intervention. This step may occur when the division management and Human Resources suspect an employee of a severe infraction of the policy and procedures, rules, or accepted practices of the College, or a repeated infraction which has been previously addressed. The final written reprimand is the final step between the College and the employee regarding sustainable improved behavior. It is a notice to the employee that he or she must reform his/her actions and behavior or face discharge. The College will provide the employee with notice of the evidence against him or her and an opportunity to respond to the allegations.
- (d) Step 4 – Termination: Termination is the final step in the disciplinary process. It will occur when the employee has not resolved the problem during the previous steps or when the violation, at the sole discretion of the College, is so extreme that outright discharge without going through some or all of the previous steps is necessary and justified. In all instances where disciplinary intervention could result in Termination, the College will provide the employee with notice of the evidence against him or her and an opportunity to respond to the allegations. All termination requests will undergo a final review by the Human Resources Department. The employee must be officially notified in writing of the termination by the Human Resources Department. Terminated employees must return all College property to their immediate supervisor, Human Resources, or security.

PAY DURING EMERGENCY SCHOOL CLOSING Effective: 10/15/2009
Policy No. 3357:15-14-19 Revised: 02/22/2015
Page 1 of 2 Revised: 5/29/2020

POLICY:

This policy applies when the College is closed or any of its locations are closed for a protracted period of time (e.g. 24 hours) due to an event beyond its control. If only one area or location of the College is affected, then this policy applies only to employees scheduled to work in that area or location.

PROCEDURE:

- (A) When the College is closed for a protracted period of time (e.g. 24 hours) due to an event beyond its control the following groups of employees will be paid their normal pay for the period of this closure:
- (1) Benefit-eligible employees (i.e. employees that accumulate vacation, sick and personal time).
 - (2) Adjunct faculty (except faculty teaching continuing education or workforce training courses) working under an instructional contract.
 - (3) Interpreters will receive two hours of pay if the cancellation is less than a 24-hour notice.
- (B) Adjunct faculty teaching a continuing education or workforce training course will not receive pay for the period of the closure. If the course is rescheduled they would receive pay for the course when it is taught.
- (C) Student workers, irregular employees, part-time employees that are not benefit-eligible, and faculty not working under an instructional contract will not receive pay for the period of the closure.
- (D) Non-exempt employees (hourly and technical/paraprofessional):
- (1) Non-exempt employees will be compensated for a regularly scheduled work day during an emergency closure. Employees who are not scheduled to work during the closure will not be paid. If employees are required to work during the closure, they are paid for their regular shift plus compensated for actual hours worked during the closure.

- (2) Overtime compensation or comp time for non-exempt employees will only be granted if the non-exempt employee exceeds 40 hours in the work week. The time period not worked but paid due to the closure would be included in the 40-hour week as time worked for calculating overtime.
- (E) Exempt employees. Exempt employees receive their normal pay for the period. If they are required to work during the closure, they receive no additional pay for hours that they actually work.
- (F) Benefit-eligible employees who had previously requested vacation, personal time, or non-extended sick leave will be paid for the time of the closure period; no time will be deducted from their vacation, personal leave, or sick leave accounts for the closure period. Employees on extended sick leave (where the sick leave period is more than five contiguous working days during which time the closure occurs) will be charged with sick time for the closure period.
- (G) When the College is closed for an extended period of time (e.g. more than 24 hours) due to an event beyond its control, the administration may deviate from the practice defined above.

International telephone calls are not to be charged to College-provided cellular telephones unless business needs require them.
- (b) College-provided cellular telephones must meet the standards established by the Information Technology Department and must be acquired in accordance with the College's purchasing procedures. A representative from the Information Technology Department will manage all cellular phone acquisitions. An annual review of the business need for employees to retain a College-provided cell phone must be completed by the applicable Executive Council member before the beginning of each fiscal year. Any device which connects to the College information service must also contain security such as password activation. If said device were to become lost

or stolen, it is the responsibility of the individual who connected the device to contact the Help Desk immediately to safeguard the information stored therein.

FAMILY AND MEDICAL LEAVE

Policy No. 3357:15-14-24

Page 1 of 9

Effective: 01/01/2013

Revised: 03/23/2015

Revised: 06/03/2019

Revised: 05/29/2020

POLICY:

Stark State College will grant up to twelve weeks of leave (or up to twenty-six weeks of military caregiver leave to care for a covered service member with a serious health condition) during a twelve-month period to eligible employees. The leave may be paid, unpaid, or a combination of paid and unpaid leave, depending on the circumstances of the leave and as specified in this policy.

- (A) Eligibility: To qualify to take Family Medical Leave (FML) under this policy, the employee must meet all of the following conditions:
- (1) The employee must have worked for the College for twelve months or fifty-two weeks. The twelve months or fifty-two weeks need not have been consecutive. Separate periods of employment will be counted, provided that the break in service does not exceed seven years. Separate periods of employment will be counted if the break in service exceeds seven years due to National Guard or Reserve military service obligations or when there is a written agreement, including a collective bargaining agreement, stating the employer's intention to rehire the employee after the service break. For eligibility purposes, an employee will be considered to have been employed for an entire week even if the employee was on the payroll for only part of a week or if the employee is on authorized leave during the week.
 - (2) The employee must have worked at least one thousand, two hundred, and fifty hours during the twelve-month period immediately before the date when the leave is requested to commence. Hours spent on paid or unpaid leave are not counted as hours worked in determining the one thousand, two hundred, and fifty-hours eligibility test for an employee under (FML).
- (B) Eligible employees are entitled to twelve weeks of unpaid FML each year for the following qualifying events. (Note: Military caregiver leave is twenty-six weeks of leave.)
- (1) The birth of a child and to bond with the newborn child within one year of birth;

- (2) The placement with the employee of a child for adoption or foster care and to bond with the newly placed child within one year of placement;
- (3) To care for an immediate family member, i.e. spouse, child, parent who has a serious health condition;
- (4) A serious health condition that makes the employee unable to perform the essential functions of his or her job;
- (5) Any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is on covered active duty or called to covered duty status as a member of National Guard, Reserves, or Regular Armed Forces;
- (6) Twenty-six workweeks of leave during a single twelve-month period to care for a covered service member with a serious injury or illness if the eligible employee is the service member's spouse, son, daughter, parent, or next of kin (military caregiver leave).

(C) Amount of Leave

- (1) An eligible employee can take up to twelve weeks for the FML circumstances (1) through (6) above. Under this policy, Stark State College uses a rolling back twelve-month period beginning with the first instance of FML.
- (2) Each time an employee takes leave, the College will compute the amount of leave the employee has taken under this policy in the last twelve months and subtract it from the twelve weeks of available leave, and the balance remaining is the amount the employee is entitled to take at that time.
- (3) If two Stark State College employees request to take leave for the birth of the same child, adoption, or placement of the same child in foster care, or to care for the same parent with a serious health condition, the employees may only take a combined total of twelve weeks of leave. If the employees request to take leave to care for the same covered injured or ill service member, the employees may only take a combined total of twenty-six weeks of leave.

(D) Employee Status and Benefits during Leave

- (1) While an employee is on unpaid leave, the College will continue all enrolled benefits during the unpaid leave period at the same level and under the same conditions as if the employee had continued to work. If the employee does not return to work, the College will require the employee to reimburse the College for the amount it paid for the employee's portion of the continuation of all enrolled benefits during the unpaid leave period.
- (2) If the employee returns to work, the College will deduct the amount paid for the employee's portion of the continuation of all enrolled benefits during the unpaid leave period from the employee's pay.

(E) Employee Status after Leave

- (1) An employee who takes leave under this policy may be required to provide a fitness for duty (FFD) clearance from the health care provider.
- (2) Generally, an employee who takes FML will be able to return to the same position or a position with equivalent status, pay, benefits, and other employment terms. The position will be the same or one which is virtually identical in terms of pay, benefits, and working conditions. The College may choose to exempt certain key employees from this requirement and not return them to the same or similar position.

(F) Disability Leave/Workers' Compensation

Instances in which an employee concurrently uses vacation, personal, or sick leave during periods when the employee is receiving partial pay under disability leave or workers' compensation will be handled pursuant to federal regulations.

(G) Intermittent Leave or a Reduced Work Schedule

- (1) The employee may take FML in twelve consecutive weeks, may use the leave intermittently (take a day periodically when needed over the year) or, under certain circumstances, may use the leave to reduce the workweek or workday, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of twelve workweeks (or twenty-six workweeks when authorized under the military caregiver leave provisions). The College may temporarily transfer an employee to an available

alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule, in instances where leave for the employee or employee's immediate family member is foreseeable and for planned medical treatment, including recovery from a serious health condition or to care for a child after birth, or placement for adoption or foster care.

- (2) For the birth, bonding, adoption, or foster care of a child, the College and the employee must mutually agree to the schedule before the employee may take the leave intermittently or work a reduced hour schedule. Leave for birth, bonding, adoption, or foster care of a child must be taken within one year of the birth or placement of the child.
- (3) If the employee is taking leave for a serious health condition or due to the serious health condition of an immediate family member, the employee should try to reach agreement with the College before taking intermittent leave or working a reduced hour schedule. If this is not possible, the employee may be asked to provide documentation confirming the leave is medically necessary.

(H) Certification of a Qualifying Event

- (1) A request for FML must be substantiated with satisfactory certification provided within fifteen calendar days of the request for leave. If the leave is due to a serious health condition of the employee, employee's immediate family member, or covered service member, certification must be submitted by an appropriate health care provider. Certification must be provided on the proper form available in the Human Resources Department. If the leave is due to adoption, foster care placement, active duty leave, or covered active duty leave, documentation must be submitted from the appropriate agency.
- (2) The College reserves the right to request a second opinion if the validity of the certification is questioned. This is done at the College's selection and expense.
- (3) If necessary, to resolve a conflict between the original certification and the second opinion, the College and the employee will mutually select a third health care provider at the College's expense. This third opinion will be considered final. The employee will be provisionally entitled to leave and

benefits under the FML pending the second and/or third opinion. The College may deny FML to an employee who refuses to release relevant medical records to the health care provider designated to provide a second or third opinion.

- (4) The College will require certification of the qualifying exigency for military family leave. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a delay or denial of leave.
- (5) The College will require certification for the serious injury or illness of the covered service member. The employee must respond to such a request within fifteen days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a delay or denial of leave.
- (6) The College may request recertification for the serious health condition of the employee or the employee's immediate family member, no more frequently than every thirty days and only when circumstances have changed significantly, or if the employer receives information casting doubt on the reason given for the absence, or if the employee seeks an extension of their leave. Otherwise, the College may request recertification for the serious health condition of the employee or the employee's immediate family member every six months in connection with an FML absence. In no instance will leave of any type extend beyond one calendar year. In compliance with HIPAA Medical Privacy Rules, the College will obtain the employee or the employee's immediate family member's permission to obtain clarification on any individually identifiable health information in the case of recertification.
- (7) Failure to comply with the College's request for documentation may result in discipline. The College will refer to the Corrective Action and Discipline policy in these situations.

PROCEDURE:

- (A) All employees requesting FML must provide written notice of the need for the leave to the Human Resources Department. When the need for the leave is foreseeable, the employee must provide the employer with at least thirty days' notice. When an employee becomes aware of a need for FML less than thirty days in advance, the employee must provide notice of the need for the leave as soon as practical.

- (B) Within five business days after the employee has provided this notice, the Human Resources Department will notify the employee of their eligibility to take FML.
- (C) If an employee is granted FML, the employee may be asked to report periodically on the employee's status and intent to return to work.

POLICIES AND PROCEDURES MANUAL

WHISTLEBLOWER

Policy No.: 3357:15-14-25

Page 1 of 3

Effective: 10/16/2013

Revised: 02/22/2015

Revised: 05/29/2020

Revised: 06/03/2024

POLICY:

- (A) A whistleblower, as defined by this policy, is an employee of Stark State College who reports an activity that he or she considers illegal, fraudulent, or unethical to one or more of the parties specified in this policy. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities.
- (B) Examples of illegal or fraudulent activities include violations of federal, state, or local laws; billing for services not performed or for goods not delivered; and other fraudulent financial reporting. Although the College encourages employees to report concerns to their immediate supervisor, there are times when an employee may feel it is necessary to report a concern outside of the traditional reporting mechanism. The College has adopted a whistleblower policy for these instances.
- (C) Whistleblower protections are provided in two important areas: confidentiality and protection against retaliation. Insofar as possible, the confidentiality of the whistleblower will be maintained. The College will not retaliate against a whistleblower or any participants in the investigation. This includes, but is not limited to, protection from retaliation in the form of an adverse employment action – such as termination, compensation decreases, or poor work assignments – and threats of physical harm. Any whistleblower or participant in an investigation who believes he or she is being retaliated against must contact the Vice President of Human Resources immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.
- (D) All reports of illegal, fraudulent, and unethical activities will be promptly submitted to the Human Resources Department, which is responsible for investigating and coordinating corrective action, if needed. Any employee who knowingly makes a false allegation of misconduct or retaliation will be subject to disciplinary action up to and including termination of employment. This policy is not in conjunction with, and will not replace or supersede, federal and/or state whistleblower policies.

PROCEDURE:

- (A) Employees should share their questions, concerns, or complaints with an individual who can address them properly. In many cases, the employee's supervisor is in the best position to address an area of concern. If an individual is not comfortable speaking with the supervisor, or is not satisfied with the supervisor's response, he or she should complete the Whistleblower Report Form and submit the completed form to one of the following:
 - (1) Human Resources Generalists
 - (2) Executive Council Member
 - (3) Appropriate Faculty or Staff Association President
- (B) All concerns will then be provided to the Vice President of Human Resources, who will designate an investigator and/or address the concern as appropriate.
- (C) Steps:
 - (1) The Whistleblower Report Form should be completed within 90 calendar days from when the whistleblower became aware of the incident.
 - (2) The formal complaint must be submitted on the College's Whistleblower Report Form and should state the facts of the complaint; the policy, procedure, or law allegedly violated; and the specific remedy sought.
 - (3) The investigator shall notify the appropriate Executive Council Member of the concern in his or her division within five business days of receipt. If the concern is against an Executive Council Member, then the President will be notified.
 - (4) The investigator will conduct a formal conference with the employee filing the concern, if not anonymously filed, within five business days of receiving the complaint.

- (5) The investigator will provide a status update to the appropriate Executive Council Member within 10 business days of receipt.
- (6) All reports will be promptly investigated within 30 calendar days of receipt of the Whistleblower Report Form. Appropriate corrective action will be taken if warranted by the investigation.
- (7) The investigator will prepare a summary of their investigation and findings to be shared with the complainant, if not anonymous, Respondent, Vice President of Human Resources, and Executive Council Member.

(D) Confidentiality:

Confidentiality will be maintained to the extent possible while remaining consistent with the need to conduct an appropriate investigation, provide due process, and adhere to Ohio Sunshine Law requirements regarding public records.

Page 1 of 3

POLICY:

Stark State College prohibits consensual relationships of a dating, intimate, and/or sexual nature between individuals of unequal authority (e.g., between a supervisor and an employee and/or a faculty or staff member and a student) where the person of real or perceived authority directly supervises or has the ability to impact either the employment or education of the other. Actions which constitute breaches or flagrant violations of the standards defined in this policy may result in disciplinary action, termination of employment, or dismissal from the College.

PROCEDURE:

(A) Relationships with Colleague(s)

Colleagues who engage in personal relationships, including romantic and/or sexual relationships, and who do not have a supervisor/employee relationship, should be aware of their professional responsibilities and will be responsible for ensuring that the relationship does not raise concerns about favoritism, bias, ethics, or conflict(s) of interest in accordance with the Code of Ethics and Professional Behavior (Policy No.:15-14-27). In cases of doubt, employees should seek advice and counsel from their immediate supervisor and Human Resources.

(B) Relationships between Supervisors and Supervisees

Personal relationships, including romantic and/or sexual relationships between supervisors and supervisees, are prohibited, even when consensual. If such a relationship currently exists or develops, the supervisor or employee who has influence or control over the other's conditions of employment has a duty to report their relationship to the next level of management and Human Resources. Efforts by employees to initiate these relationships are also prohibited.

(C) Relationships with Student(s)

When employees interact with students, they are in a position of trust and power. These relationships must not jeopardize the effective functioning of the College by the appearance of either favoritism or unfairness in the exercise of professional judgment.

In relationships with students, employees are expected to be aware of their professional responsibilities in accordance with the Code of Ethics and Professional Behavior (Policy No.: 3357:15-14-27) and are required to avoid apparent or actual conflict of interest, favoritism, or bias.

- (1) Personal relationships, including romantic and/or sexual relationships between a student and an employee who is in a position to exercise direct power or authority

over that student or makes academic decisions affecting the student, are prohibited, even when consensual. Efforts by employees to initiate these relationships are also prohibited. If such a relationship currently exists or develops, the employee who is in a position to exercise direct power or authority over that student or makes academic decisions affecting the student has an affirmative duty to report their relationship to the next level of management and Human Resources. The student involved in the relationship is encouraged to disclose the relationship to the Title IX Coordinator.

- (2) Personal relationships, including romantic and/or sexual relationships between a student and an employee who is not in a position to exercise direct power or authority over that student, may also be inappropriate. Any employee who engages in such a relationship must accept responsibility for ensuring that it does not result in a conflict of interest or raise other issues of professionalism. In cases of doubt, advice and counsel should be sought from the Director of Human Resources.

(D) Investigations

Human Resources is responsible for conducting a neutral, prompt, and thorough investigation of allegations of failure to report consensual relationships and of failure to implement or comply with the measures required to address the actual, potential, or perceived conflict of interest arising from the relationship.

(1) Confidentiality

All parties should treat information reported and disclosed in compliance with this policy as confidential, except to the extent it is necessary to report and disclose particulars in order to eliminate the actual, potential, or perceived conflict(s) of interest or when compelled to do so by law. All individuals involved in the process should exercise discretion and show respect for the reputation and privacy of everyone involved in the process.

(2) Non-Retaliation

No person shall retaliate against an individual for reporting a consensual relationship; filing a complaint; participating in an investigation; participating in resolution of a complaint; implementing measures that would eliminate the actual, potential, or perceived conflict(s) of interest or any adverse effects on third parties resulting from the consensual relationship; or any other activity protected under this policy, regardless of the outcome of any concern or complaint. Any act of retaliation or reprisal violates this policy and will be treated as a separate violation. Anyone found to have retaliated against someone making use of this policy will be subject to corrective actions, up to and including termination of employment or dismissal from the College.

(E) Policy Violation

Persons who violate this policy are subject to a range of sanctions, depending on the facts and circumstances and the application of other policies. Failure to comply with the reporting requirements of this policy or to comply with the measures implemented to address the actual, potential, or perceived conflict(s) of interest can lead to disciplinary action, up to and including termination of employment or dismissal from the College, in accordance with established College policies and procedures, including the Stark State College Code of Ethics and Professional Behavior (Policy No.: 3357:15-14-27), the Corrective Action and Discipline Procedure (Policy No.: 3357:15-14-18), and the Student Code of Conduct (Policy No.: 3357:15-19-10).

- (2) For full-time and benefit-eligible part-time employees of the College, sick leave may be accumulated without limit. Adjunct faculty, casual hourly employees (less than an average of 29 hours per week or irregularly scheduled), and temporary student employees will not be entitled to earn sick leave.
- (3) Accumulated sick leave established at another institution may be transferred to the College in accordance with the Ohio Revised Code. Sick leave transferred will be effective on the first day of duty.

Sick leave must be earned before being used.

Benefit-eligible employees may take sick time in $\frac{1}{4}$ hour increments. All sick time taken must be reported to the employee's immediate supervisor.

- (4) Fifteen days of sick leave are earned per year, accrued at a monthly rate of one and one quarter days per month by all full-time salaried personnel, and at the biweekly rate of 4.6 hours for hourly employees working a 40-hour week. Full-time and benefit-eligible part-time hourly employees shall earn sick leave at a rate pro-rated in accordance with the percentage time of their employment.
- (5) Sick leave must be reported on a Leave and Time Off Request Form or, if applicable, through web time entry and must be submitted and approved by employee's immediate supervisor. After an absence of five or more

consecutive work days, a doctor's statement is required.

In the event of an absence due to illness of ten or more consecutive work days, the employee must complete a Leave and Time Off Request Form and present a physician's statement indicating the employee is disabled from working and noting an anticipated date of return. If the employee has provided a certification and application for Family Medical Leave for the same period of time, that documentation shall suffice. The employee will be required to submit a return to work note noting any restrictions prior to returning to the workplace.

- (6) An employee shall be permitted to use sick leave if they are the primary caregiver for a member of the family living in the same household. These days shall be charged to the unused portion of the employee's sick leave account.
- (7) Employees may use five days of sick leave per fiscal year to care for a parent family member who is not a member of their household (eldercare).
- (8) Employees who have accumulated at least one year of service with the College may use 15 days of sick leave per year for paid parental leave for the birth or adoption of a child or the placement of a foster child into the home within the first year of birth or placement. These days shall be charged to the unused portion of the employee's sick leave account and must be approved by their supervisor.
- (9) An employee may use accumulated sick leave, not to exceed five working days, which do not need to be consecutive, in the event of the death of a member of the immediate family. Immediate family includes parent, spouse, domestic partner, child, sibling, grandparent, grandchildren, step-parents, immediate family in-laws, immediate step-family members, individuals that an eligible employee has an in loco parentis relationship, or other close relative who is a member of the employee's household. In the event of the death of an individual not listed above, employees may request time off under personal leave, non-contract days, or vacation, subject to approval by their supervisor.

These days are for employees to grieve, arrange, attend funeral services or a memorial, or deal with financial and legal matters that may come up after death. Bereavement days shall be charged to the unused portion of the employee's sick leave account.

- (10) Sick leave balances are posted on the Employee Dashboard on mySSC and reflected on the employee's pay stub.
- (11) All full-time and benefit-eligible part-time employees with ten or more years of service in a position that accrues sick leave at Stark State College may

elect, at the time of retirement from active employment with the College, to be paid in cash for one-fourth of the value of unused, accrued sick leave credit. Payment will only be made once to any employee under any state or municipal retirement system in Ohio. As used in this section, “retirement” means disability or service retirement under any state retirement system in this state or retirement as defined by the College approved Alternative Retirement Plan (ARP), if a member. The maximum payment made under this section shall be set by the Board of Trustees.

Payment shall be based on the employee’s rate of pay at the time of retirement. Payment for sick leave on this basis shall be considered to eliminate all sick leave credit accrued by the employee at that time.

If an employee retires under a public retirement system and intends to return to public service within ten years from their retirement date, they can elect not to take a payment under this policy at the time of their retirement. This election would allow them to preserve their sick leave balance for transfer to their new employer, if permissible. The decision made at time of retirement is final and irreversible.

(12) The following summarizes allowable sick leave usage:

Event	Relationship	Usage	Documentation
Physical/Mental Health	Self	Any accrued leave	Leave and Time Off Request Form/A doctor’s statement after five days of consecutive absence
	Dependent/primary caregiver in same household

- (1) All leaves of absence, except military, are subject to the approval of the immediate supervisor with concurrence of the Vice President.

- (2) A regular faculty or staff member is eligible for a leave of absence without salary for the following purposes:

 - (c) Requests for leave of absence not considered above will be judged on their individual merits.

- (7) Any employee who fails to return at the conclusion of the approved leave period (or mutually agreed upon date) shall be considered to have voluntarily resigned and shall forfeit continuous service and benefits.
- (8) Employees shall have the option to elect COBRA to continue health and

dental coverage during an unpaid leave. Should an employee decide not to continue coverage, eligibility requirements and waiting periods for new employees apply for reinstatement.

- (9) Retirement annuity plan contributions by the College shall cease until the employee returns to work. Employee benefits, including annual leave, personal leave, and sick leave, do not accrue during leave without pay.

(F) Rest Periods

Full-time employees receive two 15-minute rest periods and one half-hour (unpaid) lunch period during regular scheduled 8.5-hour working days. Part-time employees receive one 15-minute rest period for every four hours worked. If more than one person is employed in a particular area, the area supervisor may choose to stagger rest periods to ensure that the work area is covered at all times.

PROCEDURE:

- (A) Eligibility is limited to full-time employees of SSC who have completed at least one year of full-time continuous service with the College preceding the term of enrollment. Employment must continue through the end of the term for which the employee is enrolled in classes.
- (B) All course work must be taken for academic credit at a regionally accredited post-secondary institution. Regionally accredited post-secondary institutions are recognized by the U.S. Department of Education and the Council for Higher Education Accreditation.
 - (1) No course shall be approved if there is a comparable and transferable course offered at Stark State College.
 - (2) Academic course work eligible for tuition assistance includes undergraduate and graduate courses. All course work and class attendance must be completed on the employee's own time.
 - (3) Tuition assistance may be approved for all course work leading to a degree that shall directly enhance the employee's potential to qualify for advancement within the College. Approval of the degree program for the employee shall constitute approval for all course work required to obtain the degree.
 - (4) Tuition assistance may also be approved on a course-by-course basis for all job-related course work for employees not seeking a degree. This method of course approval shall not prevent the employee from eventually obtaining a degree and/or switching to the degree approval program.
 - (a) Eligible employees are required to get prior approval for participation by submitting the Tuition Assistance Program Application approved by the employee's immediate supervisor and the Human Resources Department, by the established deadline.
 - (b) Tuition assistance is generally limited to obtaining a degree beyond the

employee's current degree conferred. Requests for lateral degree assistance will need to be approved through the applicable Executive Council member, with consideration given to whether the degree attainment provides a benefit to the College or to the employee's current position.

(c) Reimbursement guidelines are as follows:

- i. Reimbursement may be provided to eligible employees for approved academic course work based upon successful course completion. Successful course completion is defined as earning a "C" grade or better (undergraduate), or "B" grade or better (graduate). Documentation of final grades shall be submitted within 60 days of the last day of term. Reimbursement will be limited to the lesser of the actual hourly tuition rate or a fixed hourly rate established annually by SSC. Please contact the Human Resources Department for the reimbursement limit.
- ii. Reimbursement under tuition assistance is subject to annual and lifetime limitations on the credit hours submitted and dollars paid by the College. The tuition assistance program is based on a fiscal year. The fiscal year runs from July 1 through June 30 and will reimburse the tuition cost for up to 16 credit hours per fiscal year. Reimbursement will be posted and applied to the fiscal year in which the grade documentation is submitted and received. The maximum reimbursement amount is equal to the number of credit hours taken times the undergraduate credit hour rate at Kent State University main campus in effect for the term in which the class(es) was completed. Tuition assistance is subject to the availability of funds and may require a pro rata calculation.
- iii. Reimbursement to doctoral students enrolled for dissertation credit after completion of required coursework will require a grade of "Satisfactory" or other passing grade, as defined by the institution granting the degree. Annual reimbursement will be limited to the actual fee for the dissertation credit, without regard to the number of credit hours involved, until the lifetime limit has been reached. Lifetime reimbursement for dissertation credit will be limited to the equivalent of 30 credit hours (the number of hours of dissertation credit required to obtain a doctoral degree at Kent State University) times the undergraduate credit hour rate at Kent State University main campus in effect for the term when the student first enrolls for dissertation credit.
- iv. Reimbursement will include the cost of tuition and other defined mandatory expenses or fees. Tuition and mandatory fees are defined as Instructional and General Fees, Administrative Fees, Technology, and Library Fees where applicable. Other fees that are deemed optional and/or are not associated with tuition are not reimbursable. These fees include

Deferred Payment Plan Fees, Payment Service Fees, Textbooks, Transportation Fees, Student Activity Fees, Legal Fees, and/or Late Fees associated with student accounts, and other fees that are not defined as mandatory.

- v. When an employee receives assistance from an outside source, such as G.I. Bill, scholarship, or grant-in-aid, to cover the cost of courses, the amount received will be deducted from the total cost of the courses, and the difference, if any, will be subject to the reimbursement provisions of this Plan. If the aid covers expenses that are excluded from the tuition assistance policy, documentation must be provided to the Human Resources Department to determine the reimbursement that the employee is eligible to receive.
- vi. Funding for the Tuition Assistance Program will be budgeted annually based on available College resources. The total cost of the program must be within the approved budget allocation.
- vii. The Tuition Assistance Program must conform to current federal and state income tax and other regulations. Should any changes occur in the regulations, the Tuition Assistance Program may be altered to ensure compliance.

Stark State College does not discriminate on the basis of disability in any of its employment practices.

PROCEDURE

- (A) Employees: Persons with disabilities employed by the College are encouraged to request reasonable accommodation at any time when such accommodation becomes necessary to facilitate the employee's performance of essential functions of their job or to allow the enjoyment of any other benefits of employment.
- (1) The employee should present, either to a manager or Human Resources, the need for an accommodation to enable them to perform the essential functions of their position. This request can present itself in multiple forms. There is no specific language that must be used, although it is preferable that the employee makes it clear that they are seeking an accommodation of some type.
 - (2) To begin the interactive process, a human resources representative and the direct manager will meet with the employee to discuss the requested workplace accommodations within ten working days of the request. In this meeting, the review process is explained to the employee and required medical documentation is requested.
 - (3) After the requested documentation is received by Human Resources, a discussion between Human Resources, the employee, and the direct manager is had to review what accommodations would be effective for the employee and appropriate for the work place environment. This discussion will identify what modifications (to procedures, schedules, equipment, or the environment)

POLICIES AND PROCEDURES MANUAL

or aids would allow the employee to meet their essential job responsibilities (tasks and performance, productivity, and safety standards)

- (4) Accommodations for employees may include: job restructuring; modified work schedules; reassignment to a vacant position, acquisition or modification of equipment or devices; appropriate adjustment or modifications of examinations, training materials, or policies; and other similar adjustments.
 - (5) The types of accommodations needed and provided will depend on the limitations of the disability and the individual employee's ability to perform the essential duties of the position. One standardized type of accommodation may not meet the needs of employees who have similar disabilities but different impairments/limitations when performing their essential job functions. Accommodations are designed to meet the specific circumstances of the individual.
 - (6) The effectiveness of accommodations and the need for modifications will be assessed within the first month of implementation and reviewed on an annual basis by Human Resources, the employee, and manager.
 - (7) Temporary modified work assignments are provided to employees whenever possible who are unable to perform the essential functions of their regular jobs due to temporary or short-term medical conditions. These temporary modified assignments may allow such an employee to continue working in some capacity instead of being absent from work due to his or her condition or may facilitate and accelerate an employee's return to work to his or her regular job following a period of absence. However, inherent in this practice is that these assignments are merely temporary. They are not intended to become permanent nor do such limited positions exist.
- (B) Applicants: Qualified applicants with disabilities are encouraged to request reasonable accommodations during the hiring process to allow persons with disabilities equal access to employment opportunities.
- (C) Definitions: The definitions set forth below were largely adopted from the Americans with Disabilities Act of 1990, as amended.
- (1) Disability: A physical or mental impairment that substantially limits one or more major life activities of the individual, a record of such an impairment, or being regarded as having such an impairment.

POLICIES AND PROCEDURES MANUAL

- (2) Major life activities: Term includes caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.
- (3) Major bodily functions: Term includes physical or mental impairment such as any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more body systems, such as neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, immune, circulatory, hemic, lymphatic, skin, and endocrine. Also covered are any mental or psychological disorders, such as intellectual disability (formerly termed “mental retardation”), organic brain syndrome, emotional or mental illness, and specific learning disabilities.
- (4) Substantially limiting: In accordance with the ADAAA final regulations, the determination of whether an impairment substantially limits a major life activity requires an individualized assessment, and an impairment that is episodic or in remission may also meet the definition of disability if it would substantially limit a major life activity when active. Some examples of these types of impairments may include epilepsy, hypertension, asthma, diabetes, major depressive disorder, bipolar disorder, and schizophrenia. An impairment, such as cancer that is in episodic or in remission but that may possibly return in a substantially limiting form, is also considered a disability under EEOC final ADAAA regulations.
- (5) Direct threat: A significant risk to the health, safety, or well-being of individuals with disabilities or others when this risk cannot be eliminated by reasonable accommodation.
- (6) Qualified individual: An individual who, with or without reasonable accommodation, can perform the essential functions of the employment position that such individual holds or desires.
- (7) Reasonable accommodation: Includes any changes to the work environment and may include making existing facilities readily accessible to and usable by individuals with disabilities, job restructuring, part-time or modified work schedules, telecommuting, reassignment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustment or

modifications of examinations, training materials or policies, the provision of qualified readers or interpreters, and other similar accommodations for individuals with disabilities.

- (8) Undue hardship: An action requiring significant difficulty or expense by the employer. In determining whether an accommodation would impose an undue hardship on a covered entity, factors to be considered include:
- a. The nature and cost of the accommodation.
 - b. The overall financial resources of the facility or facilities involved in the provision of the reasonable accommodation, the number of persons employed at such facility, the effect on expenses and resources, or the impact of such accommodation on the operation of the facility.
 - c. The overall financial resources of the College, the size, number, type, and location of facilities.
 - d. The requirements of the position, including the composition, structure, and functions of the workforce; administrative or fiscal relationship involved in making the accommodation to the employer.
 - e. The vice president over human resources will determine if the accommodation is an undue hardship for the College.
- (9) Essential functions of the job: Term refers to those job activities that are determined by the employer to be essential or core to performing the job; these functions cannot be modified.

The examples provided in the above terms are not meant to be all-inclusive and should not be construed as such. They are not the only conditions that are considered to be disabilities, impairments, or reasonable accommodations covered by the policy.

Policy No. 3357:15-14-35

Page 1 of 6

POLICY:

Stark State College is committed to ensuring the safety and well-being of minors on our campuses. It is the policy of Stark State College that these measures and procedures are implemented for the protection of minors participating in programs that occur on its campuses and programs under the control or direction of the college personnel. The purpose of this policy is to describe the requirements placed upon administrators, faculty, staff, students, volunteers, and other authorized adults working with minors to ensure their protection and to fulfill the college's obligations as mandated by law and to provide for the best possible experience for any minor visiting our campuses for a college-related program.

PROCEDURE:

- (A) Scope. This policy applies to members of Stark State College faculty, staff, student employees, students, volunteers, non-employees and others engaged in a college program.
- (B) Definitions.
 - (1) Minors. For the purposes of this policy, a "minor" is: a person under the age of 18 participating or volunteering in programs that occur on Stark State College campuses and programs under the control or direction of college personnel.
 - (2) Authorized adult. For the purposes of this policy, an "authorized adult" means any individual, paid or unpaid, who interacts with, supervises, chaperones, accompanies or otherwise oversees minors in Stark State College-sponsored programs, affiliated activities, or camps. This includes but is not limited to faculty, staff, volunteers, students, interns, employees of temporary employment agencies and independent contractors and consultants.
 - (3) Parent(s) and/or legal guardian(s). Although a parent and/or legal guardian may supervise their own minor children and their guests who are minors while visiting the campus or using campus facilities, a parent and/or legal guardian may not act as an authorized adult in a program (including one in which his or her minor participates) unless they are in compliance with the requirements outlined under this policy.
 - (4) Program administrator. For the purposes of this policy, a "program administrator" is a dean, department chair, director or coordinator approved and designated by the appropriate authority to coordinate, plan, implement and/or commit the use of college facilities for the program.

- (5) College program. For the purposes of this policy, a "college program" is any college-sponsored day camp, overnight camp, college recruiting camp or any other college-sponsored program or activity that serves or includes minors, which takes place on campus or college-sponsored activities that take place off campus. For the purposes of this policy, a college program does not include a program where the college is acting as host to a third-party, herein referred to as a "college-hosted" program. Furthermore, a college program does not include programs otherwise open or available to the public at large, such as campus tours or visits, community events, etc.
- (6) Endangerment. For the purposes of this policy, "endangerment" is the act of creating a substantial risk to the health or safety of the minor, by violating a duty of care, protection, or support.
- (7) Sexual conduct. For the purposes of this policy, "sexual conduct" will refer to any definition or term provided for in section 2907.01 of the Revised Code.
- (8) Sexual contact. For the purposes of this policy, "sexual contact" will refer to any definition or term provided for in section 2907.01 of the Revised Code.
- (9) Sexual activity. For the purposes of this policy, "sexual activity" will refer to any definition or term provided for in section 2907.01 of the Revised Code.
- (10) One-on-one. For the purposes of this policy, "one-on-one" shall mean the personal, unsupervised interaction between any authorized adult with a participant, without at least one other authorized adult, parent and/or legal guardian being present.

(C) Prohibited Activity. Authorized adults shall not:

- (1) Have one-on-one contact with minors, where possible. If one-on-one contact is needed, there must be one other authorized adult within view of the authorized adult and minor, unless an exception is approved by the program administrator, with such exception documented in writing;
- (2) Engage in one-on-one communication with minors including but not limited to email, text messages, social networking, websites, internet chat rooms or other forms of social media, at any time, except and unless there is a clear educational or college-related purpose;
- (3) Engage in abusive conduct of any kind toward or in the presence of a minor;
- (4) Strike, hit, administer corporal punishment to or touch in an inappropriate or illegal manner any minor;

- (5) Pick up minors or drop off minors from their homes;
- (6) Engage in the use of alcohol or illegal drugs or be under the influence of alcohol or illegal drugs during such programs or activities;
- (7) Engage in any other action or activity deemed by the college through other rules, regulations, or guidance to be prohibited.

(D) Implementation

- (1) All programs for minors or with minors in attendance must, at a minimum, have the following procedures in place or be in compliance with the standards set forth prior to the commencement of the college program:
 - (a) Staffing. The program administrator shall be responsible for overseeing the selection of staffing for all covered programs. The program administrator shall assign a college employee who is not a minor to be accessible to participants at all times. Other staffing assignments for the college program should be made to ensure one-on-one contact between authorized adults and minors does not occur and that appropriate levels of supervision are implemented at all times.
 - (b) Background check.
 - (i) Each authorized adult who is a college faculty, staff or student employee must complete a BCI (Bureau of Criminal Investigation) background check or otherwise have a background check on file, completed according to their specific program requirements before the start of the program. Out-of-state employees must complete an FBI background check according to the specific program requirements, before the start of the program.
 - (ii) All college faculty, staff or student employees who have a break in service with the college for any period of time must have a new background check in accordance with the specific program requirements upon rehire.
 - (iii) Each authorized adult who is a non-employee participant, including volunteers, must complete a BCI/FBI background check or otherwise have a background check on file, completed according to their specific program requirements before the start of the program. Out-of-state non-employees must have a completed FBI background check according to their specific program requirements before the start of the program.

- (iv) All persons working with minors must be checked against the national sex offender registry.
 - (v) All persons must self-disclose felony or misdemeanor convictions related to sexual misconduct that occur after hire before returning to campus or participating in any college program.
 - (vi) All persons who have failed a BCI/FBI background check or have pending charges for a sex-related offense or crime against a minor, or who appear on the national sex offender registry shall not be permitted to take part in any Stark State College program pertaining to minors or involving minors in any capacity.
- (b) Training. All authorized adults who will be working with minors shall complete annual mandatory training prior to the start of the program. Such training shall include, but is not limited to, the following topics:
- (i) The requirements of this policy;
 - (ii) Basic warning signs of abuse or neglect of minors;
 - (iii) Guidelines for protecting minors from emotional and physical abuse and neglect;
 - (iv) Inappropriate behavior with minors;
 - (v) Ohio reporting requirements and procedures; and
 - (vi) Other appropriate topics as determined by the program administrator.
- (d) Required documentation.
- (i) In all covered programs, the parent and/or guardian of the minor shall execute all relevant forms and releases as may be required by the particular program prior to eligibility for participation. Failure by the parent and/or guardian of participating minor to execute all required forms shall immediately render the minor ineligible for participation.
 - (ii) All authorized adults participating in the covered program must complete all requirement materials and agreements prior to commencement of the program. Failure to complete all forms shall immediately render the authorized adult ineligible for participation.

- (e) Communication and Notification Procedures. The program administrator shall establish appropriate procedures for the notification of the minor's parent or legal guardian in case of an emergency, including medical or behavioral problem, natural disaster or other significant programmatic disruption. Authorized adults with the program, as well as participants and their parents and legal guardians must be advised of this procedure in writing prior to the participation of the minors in the program.
- (2) Unsupervised Minors Prohibited. Minors participating in a college program or college-hosted programs are not permitted to be unsupervised while on college property, and must be supervised at all times by a responsible adult directly involved with such program.
 - (3) Program Registration. The Program administrator must:
 - (a) Register the covered program with the Office of Business Affairs no later than 60 days prior to the first scheduled date of the participation of minors in any activity, program or classes or as soon as the program leader or sponsoring unit is aware that minors may be in attendance. Failure to properly register a college program may result in the delay or cancellation of the program by the college.
 - (b) Register the name of all authorized adults working directly with minors and review and verify all background checks provided for under this policy.
 - (c) Organize training opportunities for each authorized adult to familiarize the adults with the provision of this policy. No person shall be approved without signature stating agreement and understanding of the measures and procedures of this policy and all other Stark State College policies that might apply.
 - (4) Final authority. At all times, the program administrator or other authorized college authority may bar any authorized adult, participant, or other attendee from its premises for reasons including, but not limited to, misconduct or endangerment.
 - (5) Retention of Records. All records collected during the administration of each program (including, but not limited to, application forms, background checks, releases, medical forms) shall be kept in accordance with established college record retention schedules. The department or office under which the program administrator serves shares equal responsibility with the program administrator for the retention of records.

(6) Reporting

- (a) If the program administrator or any other authorized adult or participants knows or has reasonable cause to know that a minor has suffered abuse or faces the threat of sexual contact, sexual conduct or sexual activity or endangerment, the individual must immediately report such knowledge to:
 - (i) Stark State Campus Security;

CELL PHONE, DATA AND TEXT ALLOWANCE

Effective: 6/03/2024

Policy No.: 3357:15-14-36

Page 1 of 2

POLICY:

This policy establishes the extent to which the College may subsidize, through a cell phone allowance, personally owned cell phones used in the conduct of College business. Authorization for a stipend to partially fund a required cellular device shall be approved by the applicable Executive Council member.

PROCEDURE:

(A) Cell Phone, Data, and Text Allowance

- (1) This allowance does not increase the employee's base salary and will not be included in the calculation of any College benefits. Any applicable payroll taxes will be withheld from the cell phone allowance.
- (2) The amount of the allowance is subject to annual review and may be adjusted by the Vice President of Business and Finance based upon changes in business conditions.
- (3) The stipend is additionally intended to provide partial funding for the maintenance and the replacement of a cellular device.
- (4) If tax law considers the stipend to be taxable income, it will be subject to payroll taxes, which will be included on the employee's W-2 form each year.
- (5) College records produced by personally owned devices are subject to the provisions of the Ohio public records law.
- (6) Business communication conducted on any device must adhere to all applicable policies and procedures of the College.
- (7) Employees receiving a stipend are required to have working cell service and maintain usage records in the cell provider's billing documents for three months from the date of billing.
- (8) An annual review of the business need for the employee to continue to receive a cellular phone, data, and/or text allowance must be completed by the applicable Executive Council member before the beginning of each fiscal year.
- (9) If a College employee's job duties do not include the frequent need for wireless telephone, data, and text services, then the employee is not eligible for a cell phone allowance. Such employees may request reimbursement for the actual extra expenses of College calls made using their personal cell phone services and provide appropriate supporting documentation. A copy of the

cellular phone bill, detailing the individual calls, data overages, and/or text messages to be reimbursed, must accompany the reimbursement request. The College will not reimburse employees for roaming (out-of-area) charges unless it is shown that regular phone service was not available and immediate calling was necessary.

- (10) Should the employee discontinue their cell service, they are required to notify the College and the stipend will be discontinued. If the applicable Executive Council member determines a business need continues to exist, a College cell phone will be issued.
- (11) Employees are expected to delete all College data from the cell phone when employment with the College has ended, except when required to maintain the data in compliance with a litigation hold notice.

AND ETHNIC INTIMIDATION (CAMPUS ACT)**

Effective: 10/24/2024

Policy No. 3357:15-14-37

Page 1 of 2

POLICY:

(A) Stark State College is committed to principles that enable the educational and professional enhancement of all racial, religious and ethnic groups. Stark State will not tolerate racial, religious, or ethnic harassment and/or intimidation by or against its students, faculty, or staff. All employees must comply with this policy, when engaged in activities sponsored by the College. This policy is not intended to diminish or infringe upon any right protected under the First Amendment to the United States Constitution, Article I, Sections 3 and 11 of the Ohio Constitution, or noncommercial expressive activity as defined in section 3345.0212 of the Revised Code.

(1) Training

In compliance with the CAMPUS Act, all Stark State College administrators, faculty, and staff will attend training on racial, religious, and ethnic harassment or intimidation including information on how to respond to hate incidents or incidents of harassment that occur during a class or event held at the institution.

(2) Prohibition against Retaliation for Harassment

Stark State College prohibits any retaliatory actions against complainants or respondents based on the complainant's good-faith report of harassment or a witness's participation or cooperation in an investigation even if the College should ultimately find that the complaint was unfounded.

CAMPUS ACT DEFINITIONS:

(A) Racial, Religious, and Ethnic Harassment: Unwelcome conduct based on race, religious identity, and/or ethnicity that is so severe, pervasive, and objectively offensive that it effectively denies an individual equal access to the individual's education program or activity. This harassment includes exhibiting bullying behavior including yelling and/or screaming, being physical with a person or objects with the intent or result of intimidation, and threatening or disrespectful behavior whether in-person or online towards a student, faculty or staff member, or visitor.

(B) Ethnic Intimidation: As defined in Section 2927.12 of the Revised Code, "No person shall violate section 2903.21 aggravated menacing, 2903.22 menacing, 2909.06 criminal damaging or endangering, or 2909.07 criminal mischief or division (A)(3), A(4), or A(5) of section 2917.21 telecommunications harassment of the Revised Code because of the race, color, religion, or national origin of another person or group of persons. Ethnic intimidation is an offense of the next higher degree than the offense the commission of which is a necessary element of ethnic intimidation."

PROCEDURES:

- (A) Employee Complaint Procedure: This complaint procedure is designed to encourage any party to report any instance of harassment, intimidation, or retaliation that violates the Racial, Religious, And Ethnic Harassment and Intimidation policy.
- (1) If you believe that you are being harassed or retaliated against in violation of this policy, or if you observe or are informed of someone else being subjected to such conduct, report this conduct immediately to any of the following:
 - (a) Supervisor, Manager, Director, Department Chair, Dean, Provost, or divisional Vice President.
 - (b) Vice President of Human Resources or Human Resources Generalists.
 - (c) Campus Security in instances where a concern for physical safety exists. To the extent possible and as needed, campus security will collaborate with local law enforcement regarding threats, intimidation, or hate crimes.
 - (d) Anonymously through Stark State's online reporting form on mySSC portal.
 - (2) The employee complaint will be reviewed through the College's formal grievance procedure for addressing discrimination. The matter will also be referred to appropriate law enforcement as needed. It should detail the facts of the situation; identify the policy, procedure, or law believed to have been violated; although not required, outline any informal steps taken to resolve the matter; and specify the desired outcome. Student complaints will be addressed through policy 3357:15-19-08, Student Complaint(s).
 - (3) If it is determined through an appropriate and prompt investigation that racial, religious, or ethnic harassment/intimidation has occurred, effective corrective action will be taken to eliminate the harassment, attempt to ensure that it does not recur, and appropriately care for those who may have been harmed. The College will refer to policy 3357:15-14-18, Corrective Action and Discipline Procedure for employee disciplinary interventions.
 - (4) A summary of the investigative report including the conclusion reached as to whether racial or ethnic harassment did or did not occur concerning each allegation in the complaint will be provided to the complainant (if not anonymous) and the respondent. All required communications will take place regardless of whether disciplinary action is pursued. These communications may include educational information on the College's policy against racial, religious, and ethnic harassment and intimidation.
- (B) An annual report must be submitted to the chancellor of all harassment and intimidation reports filed under the CAMPUS Act consistent with the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act," 20 U.S.C. 1092(f).
- (C) A campus task force on combating religious discrimination and hatred, harassment, bullying, or violence toward others on the basis of their actual religious identity or what is assumed to be their religious identity will be created.

POLICY:

Shared governance is a decision-making and communication process aligned with the College's strategic plan and committed to the advancement of our students, College, and mission. It ensures every employee and student a voice in College policy directly or through elected and appointed Cabinet or standing committee representatives. It provides employees and students the opportunity to participate jointly in developing new and reviewing existing policies and procedures, with the understanding that all policies are forwarded to the Board of Trustees at the discretion of the President for final approval. Shared governance requires a respect for divergent opinions, a sense of mutual trust, and a willingness to work together for the well-being of the College. It supports the establishment of communication channels, processes, and procedures that will provide for accurate and routine dissemination of information to the various constituencies of the College community. The shared governance model and communication flow chart found in Appendix C are integral parts of the shared governance and internal communication process for Stark State College.

PROCEDURE:

Committees: The use of a committee structure as a mechanism for college-wide discussion and input to decision making, to be successful and productive, requires that the committee members be truly representative of the College community and that those who serve do so in addition to their regular duties. Six types of committees may exist on campus: President's Cabinet, standing committees, ad-hoc committees, operational committees, the Faculty Association, and the College Staff Association. The procedures and regulations as outlined herein do not require or prohibit the functioning of any student group, faculty group, or administrative group, nor do they require or prohibit the input of such groups through these procedures and regulations.

- (A) The President's Cabinet. Purpose: The purpose of the President's Cabinet shall be to provide a forum to discuss issues of concern to the entire College community, recommend policies and procedures to the President

for consideration, and communicate information to College constituents. The structure must provide each constituency of the College with the opportunity to pursue its legitimate interests within a cooperative framework, while keeping the membership count to a manageable number and ensuring that the academic representation on Cabinet has a simple majority, fifty percent of the voting members, plus one. Academic representation includes the Provost and Chief Academic Officer, academic deans, academic department chairs, faculty, the President of the Faculty Association, and academic staff. Academic representation is verified in the fall after the election of Standing Committee Chairs. If and when needed, the number of academic representatives may be increased to ensure a simple majority through a nomination and election process.

(1) Membership

- (a) President (serves as chair)
- (b) Executive Council Members at Vice President level
- (c) All Deans, Director of Financial Aid and Scholarships, and Director of Admissions and Stark State Akron
- (d) An Academic Department Chair from each credit academic division
- (e) Standing Committee Chairs
- (f) Faculty Association President
- (g) College Staff Association President
- (h) Inter-Club Council President and representative
- (i) A Full-time Faculty representative from each credit academic division
- (j) Three full-time staff members (two elected by full-time professional/technical staff and one elected by full-time hourly staff)

- (2) Nomination Process and Elections: The nomination process should provide an opportunity for those who wish to participate to do so. Self-nominations and nominations of others are acceptable. President's Cabinet elections take place every other year. The following vacancies will require an election process:
- (a) An Academic Department Chair from each credit academic division.
 - (b) A Full-time Faculty representative from each credit academic division

USE OF COLLEGE COMPUTING AND INFORMATION RESOURCES

Policy No. 3357:15-15-05

Effective: 10/15/2009

Revised: 08/27/2012

Revised: 02/23/2015

Revised: 07/14/2016

Revised: 06/07/2021

Revised: 06/05/2023

POLICY:

- A. As a part of the physical and social learning infrastructure, Stark State College acquires, develops, and maintains computers, computer systems, and networks. These computing resources are intended for College-related purposes, including direct and indirect support of the College's instruction, research, and service missions; of College administrative functions; of student and campus life activities; and of the free exchange of ideas among members of the College community and between the College community and the wider local, national, and world communities.

- B. The rights of academic freedom and freedom of expression apply to the use of College computing resources. So, too, however, do the responsibilities and limitations associated with those rights. The use of College computing resources, like the use of any other College-provided resource and like any other College-related activity, is subject to the normal requirements of legal and ethical behavior within the College community. Thus, legitimate use of a computer, computer system, or network does not extend to whatever is technically possible. Although some limitations are built into computer operating systems and networks, those limitations are not the sole restrictions on what is permissible. Users must abide by all applicable restrictions, whether or not they are built into the operating system or network and whether or not they can be circumvented by technical means.

- C. This policy applies to all users of College computing resources, whether affiliated with the College or not, and to all uses of those resources, whether on campus or from remote locations. Computing resources include technology that stores, processes, or transmits data/information. Examples include, but are not limited to, desktop computers, tablets, laptop computers, cell phones, desk and conference phones, hotspots, network equipment, servers, uninterruptible power supplies, power supplies, projectors, displays, audio equipment, cables, control panels, storage devices, cameras, radios, scanners, printers, software, cloud services, and instructional technology. Additional policies may apply to specific computers, computer systems, or networks provided or operated by specific units of the College or to uses within specific units.

PROCEDURE:

- A. All users of College computing resources must:
1. Comply with all federal, Ohio, and other applicable law; all generally applicable College rules and policies (see section 15-13-34 General Copyright Guidelines); and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include: the Family Educational Rights and Privacy Act (FERPA); Health Insurance Portability and Accountability Act (HIPAA); laws and regulations governing export control, which prohibit the electronic transmission of certain types of information to citizens of specified countries; laws governing libel, privacy, copyright, trademark, obscenity, and child pornography; the Communications Privacy Act and the Computer Fraud and Abuse Act, which prohibit “hacking,” “cracking,” and similar activities; the College’s code of student conduct; the College’s Anti-Harassment policy (section 15-14-13); and all applicable software licenses. Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
 - a. Copyright Infringement (see section 15-13-34 General Copyright Guidelines.) Stark State College (SSC) actively discourages the unauthorized use and distribution of copyrighted material and employs a variety of methods to prevent such infringement.
 - i. Use of College computer resources to unlawfully duplicate and/or distribute copyright material may be subject to civil and criminal action.
 - ii. This policy will appear in the Student Handbook and will be posted in open computing areas of the College.
 - iii. The College encourages the use of legal online resources. Legal sources for online content may be accessed through the EDUCAUSE website at <http://www.educause.edu/legalcontent>.

2. Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the College.
3. Use computing and networking resources in accordance with the guidelines defined in this policy and procedure. The College maintains ultimate discretion on acceptable use of computing and networking resources. Examples of inappropriate and unacceptable use of computing and networking resources include, but are not limited to:
 - a. Harassment of other users.
 - b. Destruction of or damage to equipment, software, or data belonging to Stark State College or other users.
 - c. Disruption or unauthorized monitoring of electronic communications.
 - d. Violations of computer system security.
 - e. Unauthorized use of computer accounts, access codes, passwords, or other network identification words or numbers assigned to others.
 - f. Use of computing resources for non-college business purposes.
 - g. Violations of trademarks, patents, or copyrights and violation of software license agreements.
 - h. Violation of another user's privacy. Academic dishonesty (e.g., plagiarism or cheating).
 - i. Commercial advertising or political campaigning.
 - j. Violation of applicable laws, regulations, or policies.
 - k. Persons obtaining or using or attempting to obtain or use passwords, IP addresses or other network codes that have not been assigned to them as individuals or authorized for their use as College employees. Persons may not obtain or attempt to obtain unauthorized access to computer accounts, software, files, or any other College technology resources.

1. Persons altering or intentionally damaging software or data belonging to someone else or interfering with another person's authorized access to computing resources. Users may not intentionally disrupt or damage College computers or networks in any way.
 - m. Users of College computing resources sending electronic messages with the sender's identity forged or sending anonymous messages, unless the recipient has agreed to receive anonymous messages.
4. Respect the privacy of other users and their accounts, regardless of whether those accounts are securely protected. Again, ability to access other persons' accounts does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding.
5. Respect the finite capacity of those resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. The reasonableness of any particular use will be judged in the context of all of the relevant circumstances.
6. Refrain from using those resources for personal commercial purposes or for personal financial or other gain. Personal use of College computing resources for other purposes is permitted when it does not consume a significant amount of those resources, does not interfere with the performance of the user's job or other College responsibilities, and is otherwise in compliance with this policy. Further limits may be imposed upon personal use in accordance with normal supervisory procedures.
7. Refrain from stating or implying that they speak on behalf of the College and from using College trademarks and logos without authorization to do so. Affiliation with the College does not, by itself, imply authorization to speak on behalf of the College. This also extends to the use of social media. Authorization to use College trademarks and logos on College computing resources may be granted only by an Executive Council Member. The use of suitable disclaimers is encouraged.

B. Security and Privacy

1. The College employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that the College cannot guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly.
2. Users should also be aware that their uses of College computing resources are not completely private. While the College does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the College's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service. The College may also specifically monitor the activity and accounts of individual users of College computing resources, including individual login sessions and communications, without notice, when:
 - a. The user has voluntarily made them accessible to the public, as by posting to a publicly-accessible web page or providing publicly-accessible network services.
 - b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of College or other computing resources or to protect the College from liability.
 - c. There is reasonable cause to believe that the user has violated, or is violating, this policy.
 - d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns.
 - e. It is otherwise required or permitted by law.
 - f. Any such individual monitoring, other than that specified above, required by law, or necessary to respond to perceived emergency situations, must be authorized in advance by the Vice President of Business, Finance, and Information Technology.

3. The College, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate College personnel or law enforcement agencies and may use those results in appropriate College disciplinary proceedings. Communications made by means of College computing resources are also generally subject to Ohio's Public Records Statute to the same extent as they would be if made on paper.

D. Enforcement.

1. The use of College computing facilities for purposes that are illegal, unethical, or in violation of this policy may result in temporary or permanent loss of privileges, criminal penalties, and/or other disciplinary action. Violations will normally be handled through the College disciplinary procedures applicable to the relevant user.
2. The College may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of College or other computing resources or to protect the College from liability. The College may also refer suspected violations of applicable law to appropriate law enforcement agencies.

POLICIES AND PROCEDURES MANUAL

RESPONDING TO PUBLIC RECORDS REQUEST

Policy No. 3357:15-15-06

Page 1 of 3

Effective:10/15/2009

Revision: 02/23/2015

Revision: 06/03/2019

Revision: 06/03/2024

POLICY:

Stark State College holds that openness leads to a better-informed citizenry, which leads to better government and better public policy. It is the policy of Stark State College to strictly adhere to the state of Ohio's Public Records Act. All exemptions to openness are to be construed in their narrowest sense, and any denial of public records in response to a valid request must be accompanied by an explanation, including legal authority, as outlined in the Ohio Revised Code. If the request is in writing, the explanation must also be in writing.

PROCEDURE:

(A) Public Records

- (1) Stark State College, in accordance with the Ohio Revised Code, defines records as including the following: Any document—paper, electronic (including, but not limited to, e-mail, texts, and other forms of messaging), or other format—that is created or received by, or comes under the jurisdiction of a public office that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office. All records of Stark State College are public unless they are specifically exempt from disclosure under the Ohio Revised Code.
- (2) It is the policy of Stark State College that, as required by Ohio law, records will be organized and maintained so that they are readily available for inspection and copying (see page 3 for the e-mail record policy). Record retention schedules are to be updated regularly and posted prominently.

(B) Record Requests: Each request for public records should be evaluated for a response using the following guidelines:

- (1) Although no specific language is required to make a request, the requester must at least identify the records requested with sufficient clarity to allow the public office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian must contact the requester for clarification and should assist the requestor in revising the request by informing the requestor of the manner in which the office keeps its records.
- (2) The requester does not have to put a records request in writing and does not have to provide his or her identity or the intended use of the requested public record. It is this office's general policy that this information not be requested.

- (3) Public records are to be available for inspection during regular business hours, with the exception of published holidays. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. “Prompt” and “reasonable” take into account the volume of records requested, the proximity of the location where the records are stored, and the necessity for any legal review of the records requested.
 - (4) Each request should be evaluated for an estimated length of time required to gather the records. Routine requests for records should be satisfied within a reasonable period of time. Routine requests include, but are not limited to, meeting minutes (both in draft and final form), budgets, salary information, forms and applications, personnel rosters, etc. If fewer than 20 pages of copies are requested or if the records are readily available in an electronic format that can be e-mailed or downloaded easily, these should be made as quickly as the equipment allows. If more copies are requested, an appointment should be made with the requester on when the copies or computer files can be picked up. All requests for public records must either be satisfied (see Section 2.4) or be acknowledged in writing by Stark State College within three business days following the office’s receipt of the request. If a request is deemed significantly beyond “routine,” such as seeking a voluminous number of copies or requiring extensive research, the acknowledgement must include the following:
 - (a) An estimated cost if copies are requested.
 - (b) Any items within the request that may be exempt from disclosure.
 - (5) Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including authority.
- (C) Costs for Public Records
- (1) Those seeking public records will be charged only the actual cost of making copies. A requester may be required to pay in advance for the actual costs involved in providing the copy.
 - (2) Requesters may ask that documents be mailed to them. They will be charged the actual cost of the postage and mailing supplies. A requester may be required to pay in advance for the actual cost of the postage and mailing supplies.

(D) E-mail

Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of the office. E-mail is to be treated in the same fashion as records in other formats and should follow the same retention schedules.

- (1) Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of this office are instructed to retain their e-mails that relate to public business (see page 1 Public Records) and to copy them to their business e-mail accounts and/or to the office's records custodian.
- (2) The records custodian is to treat the e-mails from private accounts as records of the public office, filing them in the appropriate way, retaining them per established schedules and making them available for inspection and copying in accordance with the Public Records Act.

(E) Failure to Respond to a Public Records Request

Stark State College recognizes the legal and non-legal consequences of failure to properly respond to a public records request. In addition to the distrust in government that failure to comply may cause, Stark State College's failure to comply with a request may result in a court ordering Stark State College to comply with the law and to pay the requester attorney's fees and damages.

Revised: 05/17/2012

Revised: 02/23/2015

Revised: 06/03/2019

Revised: 06/03/2024

POLICY:

Electronic communication resources include, but are not limited to, the College's public and private websites, email, the mySSC portal, and the College's Learning Management System's (LMS) communication tools.

- (A) Electronic communication resources are an official channel of communication within the College. Students, faculty, and staff are responsible for routinely reading and taking action on official information from the College sent to their SSC email or the announcements section on the mySSC portal. Students may also be required to utilize LMS communication tools. Failure to do so is not an acceptable excuse for non-compliance with official information sent via these communication channels.
- (B) The electronic communication resources provided by the College are intended for official College business or College-related purposes. College electronic communication resources shall not contain offensive or harassing statements, including, but not limited to, disparagement of others on the basis of race, color, religion, sex, gender, national origin, military status, pregnancy, disability, age, genetic information, or sexual orientation. College electronic communication resources shall not be used to libel, slander, abuse, intimidate, or harass any other person or organization. The procedures associated with this policy further define the restrictions on the use of electronic communications.
- (C) Any violation of the policy may be cause for disciplinary action and possible termination of employment or expulsion from the College. The College reserves the right to review, audit, or monitor directories, files, emails, and all other electronic communication activity that utilizes College resources.

PROCEDURE:

- (A) Stark State College has invested in its technology infrastructure to enhance teaching and learning, to enable efficient business practices, and improve communication with the College. All SSC students, faculty, and staff have access to email as a communication tool and the mySSC portal for communication and information relative to their role(s) at the College. SSC is

committed to the use of College-wide electronic communication tools to enhance interpersonal communications, improve information exchange, reduce the use of paper and printed materials, improve the College's ability to provide targeted services, and to help build community among its various constituencies. Wherever possible and appropriate, electronic communications should be used in place of conventional mail and other hard-copy methods.

(B) Public Website

- (1) The College's public website (www.starkstate.edu) presents information relevant to the general public, prospective students, and other interested parties.
- (2) The College's Marketing and Communications Department is responsible for the public website content.

(C) mySSC Portal Site

- (1) The mySSC portal gives students, faculty, staff, and other constituents personalized access to information and services. It is the main mode of digital communication and information delivery at the College.
- (2) The portal content administrator will periodically review and monitor the content of announcements, channels, and groups, and may remove information in violation of policy.
- (3) Faculty, staff, and students are responsible for reading the information contained in these channels and following the instructions they contain. The announcements section is used for the distribution of important, and sometimes critical, often time-sensitive information when a record of the receipt of the message is not needed.
- (4) Only authorized individuals (Marketing and Communications Department) may post announcements.

(D) College Email

- (1) The College provides email systems for the use of faculty, staff, and students of the College in their College-related activities. Any messages transmitted via the College-provided email systems are subject to all requirements and regulations regarding privacy of

College records, records retention, open records, and all other requirements of College documents.

- (2) The email system may be used for College business and for purposes specifically authorized by the College. Other communication methods including mySSC should be used instead of email where appropriate.
- (3) Faculty, staff, and students are responsible for reading all official email messages sent from the College and following the instructions they contain. Failure to use the College's email resources is not an acceptable excuse for failure to comply with official information sent via College email.
- (4) College email is an official College communication medium and may be used to convey official College business, particularly when the College needs to have a record that the recipient was sent the information. Email, particularly email sent to a large audience, should be essential and relevant to the mission of the College.
- (5) As a general principle, the larger the number of email recipients, the greater the need for establishing that the recipients will find the message useful. Questions about the appropriateness of a message or audience may be addressed to the appropriate area administration.
- (6) Points to consider when sending a group or global message:
 - (a) Ensure that the message is clearly worded and not offensive to the recipient.
 - (b) Ensure that the subject of the message is relevant to the audience, is of interest and non-repetitive, and relates to the list members (e.g., do not send a message to all employees if the message is applicable only to faculty).
 - (c) Ensure that the message is significant enough that it would need to be sent even without the immediacy and ease of email.
 - (d) Global email lists and certain restricted group email lists may be used for announcements and messages containing:
 - (i) Emergencies, health, and safety

- (ii) Important deadlines
 - (iii) Notification of important College events or services
 - (iv) Matters of policy or process that require immediate attention
 - (v) Timely communication that has a direct impact on members of the College community.
 - (e) Only authorized individuals may send email to the global allSSC list (sent to all College employees) or other restricted employee group email lists. Only authorized individuals may send email to the global allSTUDENT email alias (sent to all College students) or other restricted student group email lists.
 - (i) Permission for non-authorized persons to send an email to restricted global or group mailing lists must be obtained from the Executive Council member for his or her division or the Executive Council member's designate.
 - (ii) Once the approval is received, the requesting individual should contact the appropriate email content administrator to have the email sent.
 - (f) Large files should not be sent as email attachments. They should be placed on the public drive and referenced within the email using a hyperlink that can be clicked to open the file.
- (E) Learning Management System (LMS) Communication Tools.
- (1) The Learning Management System supports several communication tools including email, discussion forums, and chat.
 - (2) Access to these tools is provided through the LMS. Individual course instructors may require students to use their LMS email account or

other communication tools for official course-related communications.

(F) Email forwarding

- (1) Students, faculty, and staff who forward their official College email to another email address (e.g. username@aol.com) do so at their own risk.
- (2) The College cannot ensure the delivery of its official communications by external service providers. Forwarding email does not relieve the receiver from the responsibilities associated with electronic communications sent to the official College address.

(G) Other Websites, Web Pages, Wikis, Blogs, Social Networking Sites

- (1) All Websites, Web pages, wikis, blogs, social networking sites, and other similar electronic communications published by students, faculty, or staff and relating in any way to the College must be formally approved in writing in advance of publication by the Director of Marketing and Communications Department.
- (2) All publishers and contributors must comply with College policies as well as all applicable laws, including those prohibiting copyright and trademark infringement. All content is subject to review and approval prior to publishing.
- (3) Student club sites are under the discretion of the Student Life Coordinator and/or the Club Advisor.

(H) Personal Communications

- (1) The contents of all personal emails, websites, wikis, blogs, social networking sites, and other similar electronic communications (hereafter referred to as personal pages) published by students, faculty, or staff without the formal written approval of the Director of Marketing and Communications Department are solely the responsibility of the authors.
- (2) These electronic communications shall not present themselves as representing the College. Statements made and opinions expressed are strictly those of the authors and not those of Stark State College. Stark State College does not review, approve, or endorse the contents

of personal pages, nor does the College monitor the content of any page except as necessary to investigate alleged violations of College policies or federal, state, or local laws.

(I) Educational Uses of Electronic Communications

- (1) Faculty members may require the use of College email and/or LMS email, course tools, or other forms of approved and supported electronic communication for the purpose of course content delivery, class discussion, synchronous chat, or other academic use. The faculty member must specify these requirements in their course syllabus.
- (2) Faculty can require as part of their academic requirements that students access mySSC and read notices sent to their official College email address.

BASIC ACCOUNTING STANDARDS

Policy No. 3357:15-16-01

Page 1 of 6

Effective: 10/09/2009

Revised: 02/23/2015

Revised: 06/07/2021

Revised: 06/06/2022

POLICY:

The objective of Stark State College is to provide services that fulfill societal needs without regard for financial gain. Since service, in which resources are consumed, is the objective of the College, the accounting and reporting process must address itself to accounting for resources received and used. In the absence of the profit element as a control device, funding sources exercise control by stipulating the purpose for which resources may be used. The College assumes a stewardship role to assure that all funds are utilized in accordance with the wishes of the funding source. The accounting system must provide this information and also provide management with the necessary decision making tools to maximize the resources available to the College.

The approved invoices are then compiled into a disbursements batch by the ERP system.

- (5) When all items on a purchase order have been received and paid, the purchase order is to be marked “closed” and the date of final payment is to be listed. The purchase order is then to be numerically filed in the closed purchase order file.
- (6) When a billing invoice is received for items without a purchase order, the accountant is to follow the same procedures as above.
- (7) The ERP system will maintain the vendor file listing. The list is to include all vendors approved by the Chief Financial Officer/Vice President of Business.

- (1) It is important to maintain the integrity of all numerical check sequences. A spoiled check will be defined as any check that has not been signed and for some reason must be destroyed. A voided check will be defined as a check which was signed and issued in error. A stale check will be defined as a check which has not cleared the bank within 120 days.
 - (2) Checks for which replacement has been drawn up will be treated as two separate transactions.
 - (3) A check must be voided in the ERP system.

If a situation arises that was not anticipated in the departmental budget, the department head should notify, in writing, the division Dean and Provost or the Vice President for Business and Finance. The request will be reviewed by the President, and if warranted, funds may be transferred from the contingency fund to the departmental budget.
- (C) Under extraordinary circumstances, and with approval of the President, the Vice President for Business and Finance may modify these procedures during each annual budget cycle.
- (D) The Director of Budget will conduct a monthly review of all departmental budgets. A summary report will be prepared for the Board of Trustees (Monthly Budget Monthly Financial Report). Revised: 02/23/2015

Revised: 06/07/2021

POLICY:

- (A) Purpose: To provide a framework for the prudent management of all public funds and to invest public funds in a manner that will provide the highest investment return with the maximum security, safety, and preservation of principal while meeting the daily cash flow demands of the College, in accordance with all applicable statutes governing the investment of public funds.
- (B) Authority: The authority to conduct the purchase and sale of investments is limited to the treasurer who may delegate such responsibility with appropriate oversight to the comptroller and budget director. The treasurer will adhere to this stated policy, including chapter 135 and sections 3357.10 and 3345.05 of the Ohio Revised Code, and all other applicable provisions of the Ohio Revised Code.
- (C) Scope: The scope of this investment policy applies to all financial assets of the College, including state and federal funds held by it. The treasurer and/or staff will routinely monitor the contents of the College's investment portfolio, the available markets, and relative value of competing investments and will adjust the portfolio accordingly. This policy is intended to be consistent with 3357:15-16-06 Financial Planning, Cash Flow, of the Policies and Procedures Manual.

PROCEDURE:

Effective: 04/20/2012

Revised: 02/23/2015

Revised: 07/14/2016

Revised: 06/07/2021

POLICY:

The use of alcoholic beverages is prohibited on College premises unless an exception is requested and written approval is granted from the Provost or vice president of the requesting division and the Vice President of Business, Finance, and Information Technology or designee. There should be a primary purpose for the gathering other than the availability of alcohol. Alcohol should not be used as an inducement to participate in a campus event. All consumption, possession, and/or distribution of alcoholic beverages will be consistent with the laws and regulations of the state of Ohio.

PROCEDURE:

The following process must be used to obtain permission for College events that involve alcohol:

- (A) In order to obtain approval, the requesting department must submit an Authorization to Serve Alcohol Request Form (available on *mystarkstate*) to the Vice President of Business, Finance, and Information Technology or designee, along with an approval from the vice president of the requesting division at least three weeks before the event. The approval may be indicated by a signature on the form. Please send a copy of the signed form to Vice President of Business, Finance, and Information Technology. No additional cover letter is necessary as long as all information requested is provided.
- (B) If a fee is charged for anything in connection with the event, it may be necessary to obtain a permit from the Ohio Division of Liquor Control, which requires a significantly longer application process. The Vice President of Business, Finance, and Information Technology or designee will assist in that process. To ensure sufficient time, the request should be submitted at least eight weeks before the event.
- (C) The College's Security Office must also be contacted in writing at least three weeks before the event.

- (D) The request will be reviewed by the Vice President of Business, Finance, and Information Technology or designee when all of the required information is complete. If no temporary permit is required and there are no unresolved legal issues, the request will be forwarded to the President for final approval. When approval is granted, the Vice President of Business, Finance, and Information Technology or designee will email the requestor the signed approval in PDF form and send the original via campus mail.
- (E) If a temporary permit is necessary, the Vice President of Business, Finance, and Information Technology or designee will help select the appropriate type of permit. If needed, the Vice President of Business, Finance, and Information Technology and Treasurer or designee will direct legal questions to the Attorney General's Office.
- (F) Once the request form has been signed, it will be returned via campus mail, or it can be held for pickup at the Office of Business and Finance. The requesting entity is responsible for submitting the permit to the Department of Liquor Control and paying all fees. To ensure adequate security, contact the College Security Office at extension 4367 directly.
 - (1) When alcohol is present at an event, strict controls must be enforced in order to prevent underage or excessive drinking. These controls are consistent with local, state, and federal laws and the College's code of conduct.
 - (a) Possession and consumption of alcohol in parking areas are subject to local, state and federal laws and regulations. Police and liquor control agents may patrol these areas and enforce applicable laws.
 - (b) Alcoholic beverages may be served only within designated areas within the location provided on the Authorization to Serve Alcohol form.
 - (c) Soft drinks and other alternative beverages, such as punch, fruit drinks, and other non-alcoholic beverages, should be available in the same location and be featured as prominently as the alcoholic

beverages during the entire time alcoholic beverages are being served. Food and/or snacks should also be prominently displayed and available during the entire event.

- (2) College faculty and staff purchasing alcoholic beverages must comply with the expenditure requirements outlined in the College's food policy.
- (3) The College does not allow advertising in its public spaces that directly promotes the use of alcohol or tobacco. This applies to events and activities directly organized or sponsored by the College, as well as to events sponsored by others who may be leasing, renting or using College facilities.
- (4) Policy Violations.
 - (a) Any student, faculty member, staff member, volunteer, or visitor found to be in violation of local, state and/or federal law, or who violates the College's alcohol policy, is subject to College disciplinary procedures and/or referral to the appropriate authorities for legal prosecution. College disciplinary sanctions include, but are not limited to, written warnings, loss of privileges, probation, participation in an alcohol or other drug assistance or rehabilitation program, suspension, and/or dismissal.
 - (b) If alcohol violations occur, faculty and staff may be disciplined under all College rules and policies under 3357:15-14-18.

POLICY:

- (A) Purpose: The purpose of the Policy is to promote the free exchange of ideas and the safe and efficient operation of the College by:

The College also recognizes the need to preserve and protect its property, students, guests and employees of the College, and to ensure the effective operation of educational, business and related activities of the College. Expressive activities on the College's campus may be subject to reasonable regulation with regard to the time, place and manner of the activities. College employees will not consider the content of expressive activities when enforcing this Policy. No Policy can address every possible activity or situation that may occur on College property, and the College reserves the right to address such situations as circumstances warrant.
 - (5) This Policy does not apply to use of College facilities and grounds for official events sponsored by the College.

- (6) Expressive activities carried out under this Policy shall not be considered to be speech made by, on behalf of or endorsed by the College.
- (7) This Policy supersedes any provisions in any other earlier-adopted College policies that address similar or overlapping issues, such as use of outdoor spaces.

(B) Outdoor areas of campus generally available for use

(1) General Access

- (a) Any person or group may use, without prior notification, any publicly accessible outdoor area of the College's main campus providing such use does not materially and substantially disrupt normal campus operations. Federal, state and local laws will be enforced as applicable. The use of walkways or other common areas may not block the free passage of others or impede the regular operation of the College. Use of the general access areas may include speaking, non-verbal expression, distributing literature, displaying signage and circulating petitions. There is no limit to the number of times a month a person or group may access those areas.
- (b) During work and class hours or if the area is currently in use for an official College event, amplification may be restricted if it unreasonably interferes with College operations or noise ordinances are violated.

(2) Satellite Campuses

The College's satellite campuses are a mixture of College owned and leased facilities. Some leased facilities do not have publicly accessible outdoor areas available for use under this Policy. Where any outdoor space is controlled by the College, this Policy applies.

(3) Large Groups

- (a) Except in circumstances described below, any person or group whose use of an outdoor area is expected or reasonably likely to have more than one hundred people must notify the Stark State Security Department at 330-494-6170, Ext. 4367 at least two (2) business days before the day of the expressive activity, including information as to the specific location to be used for the event and the estimated expected number of persons, and the name and contact information of at least one person who can be contacted regarding logistics of the event, which shall include at least one person who will be personally present. Clean-up fees will be charged and security fees for non-student/student groups will be charged to the person or group in accordance with the Outdoor and Building Usage Schedule of Charges.

If such advance notice is not feasible because of circumstances that could not be reasonably anticipated, the person or group shall provide the College with as much advance notice as circumstances reasonably permit.

(C) Student Use

- (1) In addition to the general right of access to outdoor areas of campus described above, any student or student organization may seek to reserve the use of specific outdoor areas by contacting the Coordinator of Student Activities at 330-494-6170, Ext. 4237. Any request by a student or student organization to reserve such area or space shall be made at least one (1)

business day prior to the event. A request will be granted unless it would conflict or interfere with a previously scheduled event or activity or violate this policy.

- (2) A student or student organization that has reserved a specific area or space under this Policy will have priority over any other persons seeking to use the area or space during the scheduled time period. Any decision denying a request shall be promptly communicated in writing to the requester and shall set forth the basis for the denial. The content of the anticipated speech or other expressive activity shall not form the basis for a denial.

(D) Prohibited Activities

- (1) Any event or activity that disrupts the ability of the College to effectively and peacefully teach students, provide client services, or conduct any of its other business and support operations is prohibited. Examples include but are not limited to excessive noise, impeding vehicle or pedestrian traffic, and conduct otherwise unlawful.
- (2) No activity may damage College property. Prohibited actions include but are not limited to driving stakes or poles into the ground, hammering nails into buildings, and attaching anything to sidewalks, paved areas, or any part of any building, structure or fixture.
- (3) Distribution/solicitation by placing any material on vehicles in the parking lots or garages is prohibited. Leaving trash, litter, materials or pollutants in any area is prohibited.

PROCEDURE:

Policy No. 3357-15-17-11

Effective: 06/05/2017

Page 1 of 1

Revised: 06/06/2022

POLICY:

A college state of emergency is in effect when the College's President, or person designated, acts to declare such a state in the event of an unexpected catastrophic event, such as a natural or human made disaster or the outbreak of a pandemic illness, requiring immediate attention and remedial action and may involve injury, loss of life, damage to property, or catastrophic interference with normal activities. A catastrophic disaster is one which would require closing the College for six or more business days; short-term closings of five business days or less will not be considered catastrophic. The College recognizes the need to return to normal operations as quickly as possible for students.

PROCEDURE:

The President, or designee, will consult with the Disaster Response Team, and local, state, and federal agencies in order to prepare the eCollege's response and recovery.

1. The President or designee to determine a college state of emergency will consult with government and emergency relief agencies to assess the damage and any other hazards or threats remaining to the eCollege.
2. The President or designee will meet with the Disaster Response Team, defined in the Emergency Operations Plan, to determine a long-term recovery plan.
3. The President or designee will communicate the recovery plan to all college personnel, and in conjunction with Executive Council, will enact the appropriate divisional contingency plans in each division/department of the eCollege.
 - a. Divisional contingency plans shall include external resources, partnerships, and counseling needs available for students.
 - b. Divisional contingency plans shall include a plan for protection of all student records and a plan to provide students with opportunities to complete their educational programs.
 - c. Student records maintained within the College's Student Information System are also electronically stored at the State of Ohio Computing Center on The Ohio State University Campus.
4. The President or designee will regularly communicate these contingency plans to students, the campus, and neighboring communities until the College resumes normal operations.

SERVICE ANIMAL
Policy No. 3357:15-17-12
Page 1 of 2

Effective: 08/04/2018
Revised: 06/05/2023

POLICY:

In compliance with the Americans with Disabilities Act (ADA), Stark State College generally allows service animals in its buildings, classrooms, and dining areas when accompanied by an individual with a disability who indicates the service animal is trained to provide, and does provide, a specific service that is directly related to the disability.

Definitions:

Service Animal: A service animal is defined under the ADA as an animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability. The work or tasks performed must be directly related to the individual's disability. Animals whose sole function is to provide comfort or emotional support do not qualify as service animals under the ADA.

Handler: The handler is the person who is responsible for controlling the Service Animal.

PROCEDURE:

(A) Service Animals and Handlers

- (1) Service Animals and Students: In order for the College to assure proper accommodation for all students, the College requests all individuals with service animals to report to the Office of Disability Support Services in advance if possible.
- (2) Service Animals and Employees: Employee requests for disability accommodation, including requests to have a service animal in the workplace, should be made to the Office of Human Resources, who will process, review, and make determinations of the accommodation request. If an employee requests an accommodation and the need for the accommodation is not obvious, written documentation from a doctor or other professional with knowledge of the person's functional limitations may be required.
- (3) Service Animals and Visitors: Service animals accompanying individuals with disabilities are welcome in all areas of campus that are open to the general public.

When it is not obvious or readily apparent that the service animal is trained to do work or perform tasks for an individual with a disability, College employees are permitted to make the following two inquiries:

- (a) "Is this a service animal that is required because of a disability?"
- (b) "What work or task has the service animal been trained to perform?"

Additional questions related to the use of service animals on the College premises should be directed to Campus Security.

(B) Responsibilities of Service Animal Handlers

- (1) Animal Control Requirements
 - (a) Handlers must have full control of their animals at all times. The animal shall be harnessed, leashed, or tethered while in a public place unless these devices interfere with the service animal's work or the person's disability prevents use of these devices. If not under direct physical control of the handler, the service animal's handler must maintain full control through voice, signal, or other effective means.
 - (b) To the extent possible, the animal shall be unobtrusive to other individuals and to the learning and working environment.

(2) Service Animal Etiquette

- (a) It is recommended that the animal wear some type of commonly recognized identification symbol to identify it as a service animal.
- (b) To the extent possible, the handler should ensure that the animal does not: sniff people, food tables, or the personal belongings of others; jump on people; display any behaviors or noises that are disruptive to others, unless part of the service being provided; or block an aisle or passageway for fire or other emergency egress.
- (c) The cost of care, arrangements, and responsibilities for the well-being of a service animal, and the clean-up of the animal's waste, are the sole responsibility of the handler at all times. The handler must adhere to and be aware of all applicable local and state ordinances regarding ownership of animals (i.e., leash law, proper identification, vaccinations, etc.).
- (d) Handlers are responsible for any damage or injuries caused by their animals and must take appropriate precautions to prevent property damage or injury.

(C) Removal of Service Animal

A service animal may be ordered to be removed by Campus Security for the following reasons:

- (1) Out-of-Control Animal: A handler may be directed to remove an animal that is out-of-control when the handler does not take effective action to control it. If the improper behavior happens repeatedly, the handler may be prohibited from bringing the animal into any college facility until steps to mitigate the behavior have been taken.
- (2) Non-housebroken Animal: A handler may be directed to remove an animal that is not housebroken.
- (3) Direct Threat: A handler will be directed to remove an animal that the College determines to be a substantial and direct threat to the health and safety of individuals.

If the College requests the removal of a service animal, the handler must remove the animal immediately. Once the service animal is removed, the College will work with the handler to determine reasonable alternative accommodations and/or opportunities to participate in the service, program, or activity without having the service animal on the premises.

- (D) Conflicting Needs/Health Concerns: Complaints of allergies by other individuals, or other individuals' fear of animals, are not valid reasons for denying access or refusing services to individuals using service animals. When a person who is allergic to the service animal and a person who uses a service animal must spend time in the same room, for example, in a classroom, they both should be accommodated. Decisions for such accommodations will be made by the appropriate College employee (depending on status of individuals involved – i.e., student, employee, or visitor) and in accordance with applicable laws, regulations, and guidance.
- (E) Grievance Procedures: Handlers who receive notice to remove a service animal may file a grievance. The grievance procedure for students is outlined in the Non-Discrimination Policy available at <https://www.starkstate.edu/about/non-discrimination/>.
- (F) Public Etiquette Toward Service Animals: Faculty, staff, students, and visitors should avoid the following:
- (1) Petting a service animal
 - (2) Feeding a service animal
 - (3) Deliberately startling a service animal
 - (4) Separating or attempting to separate a handler from their service animal

POLICY:

- (A) Access to Ohio’s state-assisted colleges must be assured for every person who wants and can benefit from higher education. Stark State College (SSC) maintains an “Open Door” policy and cordially welcomes anyone who wishes to further his or her education. According to Section 3345.06 of the Ohio Revised Code, Ohio law generally provides that graduates of twelfth grade are entitled to admission without examination to any state-supported college or university and further provides that such an institution may prescribe that certain courses must be completed for unconditional admission.
- (B) Open admission carries with it the full weight of equal opportunity for all, which means the College must make every effort to be both sensitive and responsive to the needs of prospective students. The open admission policy allows a student to enroll in the College but not necessarily in a specific degree-granting program.
- (1) Standard Admission. Standard admission to SSC is open to anyone who is a high school graduate or the equivalent and completes the enrollment procedures.
 - (2) Conditional Admission. Students will be admitted conditionally to SSC if they do not achieve the test scores in English and/or Reading indicated below. Students who are admitted conditionally will be limited to taking up to two remedial courses (maximum 10 credits) where proficiency was not achieved and are required to successfully complete the course(s) before being granted permission to take additional courses, if required by their programs.

		ACT	SAT Evidence-Based Reading and Writing
English	Accuplacer (Writeplacer) 2	11	360
Reading	Next Generation 219 or Reading Comprehension 28	11	360

- (3) Restricted Program Admission. Students who do not meet specific program requirements at the time of admission as set forth by SSC may be required to satisfactorily complete such requirements before admission into a specific program.
 - (4) College Credit Plus. Students can graduate from college earlier by earning college and high school credit at the same time. The credits earned can be used to complete an associate of arts, associate of science, associate of applied science, or associate of applied business degree at SSC, which can then transfer to any Ohio public university towards a bachelor's degree. SSC follows all policies set forth by the Ohio Department of Higher Education (ODHE).
 - (5) Early College High School (ECHS). ECHS is a program designed to offer Canton City high school students the opportunity to earn an associate degree while completing four years of high school.
- (C) Required Course Placement: First-time degree or Ohio Department of Higher Education (ODHE) certificate-seeking students are required to complete all developmental courses into which they are placed by Accuplacer, COMPASS, and/or ACT/SAT scores and that are required by their programs, beginning with their first semester of credit enrollment and continuing for all subsequent semesters to completion. Exceptions may be made on a case-by-case basis for a student returning after an absence at the discretion of the subject department chair or designee of the department chair.
- (D) College-level Coursework: First-time degree seeking students or certificate-seeking students are required to complete college-level English and math within the first 30 credit hours or as required by the program.

PROCEDURE:

The following procedures pertain to all applicants applying to SSC:

(A) New Student

- (1) The First-Time-to-College Student Admissions Application must be completed and submitted to SSC;
- (2) Submit an official final high school, GED, HISET (high school equivalency test) transcript, or an original GED or HISET with scores. Home schooled students are required to submit the superintendent's exemption letter and a notarized transcript that includes the graduation date, all courses with grades, and the final GPA;
- (3) It is the responsibility of the student to provide SSC with the results of the ACT, SAT, GED, or HISET test scores, provided the scores were earned within the last five years. Every first-time Stark State College degree or ODHE certificate-seeking student is required to take the Accuplacer exam, unless the student has an ACT, an SAT, or a score over the minimum established GED or HISET scores. The student may elect to take the Accuplacer exam if they have valid ACT, SAT, or scores. The student may retake the Accuplacer exam once per academic year for a maximum of two attempts; however, once a student has begun a course based on Accuplacer or scores, the student may not retest in that subject area.

(B) College Credit Plus or ECHS student

- (1) The student is required to submit the First-Time-to-College Student Admissions Application upon graduating from high school.
- (2) Submit an official final high school, GED, or HISET transcript or an original GED or HISET with scores. Home schooled students are required to submit the superintendent's exemption letter and a notarized transcript that includes the graduation date, all courses with grades, and the final GPA. College Credit Plus and ECHS students are required to provide the most recent high school or middle school transcript.
- (3) It is the responsibility of the student to provide SSC with the results of the ACT, SAT, GED, or HISET test scores, provided the scores were earned within the last five years. Every first-time Stark State College degree or ODHE certificate-seeking student is required to take the Accuplacer exam, unless the student has an ACT, an SAT, or a score over the minimum established GED or HISET scores. The student may elect to take the Accuplacer exam

if they have valid ACT, SAT, or scores. The student may retake the Accuplacer exam once per academic year for a maximum of two attempts; however, once a student has begun a course based on Accuplacer or scores, the student may not retest in that subject area.

The student may elect to take the Accuplacer exam if they have valid ACT, SAT, or S scores. The student may retake the Accuplacer exam once per academic year for a maximum of two attempts; however, once a student has begun a course based on Accuplacer or S scores, the student may not retest in that subject area.

STANDARDS OF ACADEMIC PROGRESS

Policy No. 3357:15-18-07

Page 1 of 5

Revised: 11/23/2017

Revised: 06/06/2022

Revised: 06/05/2023

Revised: 07/17/2023

POLICY:

Standards of Academic Progress (SAP) are a series of standards required to maintain eligibility for federal student aid. Requirements include components of completion of credit hours and grade point average (GPA) as defined below. Students who do not meet these requirements will be disqualified from future federal financial aid.

Standards of Academic Progress Requirements:

- (A) Stark State College requires that any student who applies for or receives federal financial aid makes satisfactory academic progress toward an Ohio Department of Higher Education (ODHE) approved degree or certificate. All students are subject to the evaluation of standards of academic progress.
- (B) Satisfactory academic progress is measured as follows:
 - (1) GPA (qualitative measure): Overall grade point average of 2.0.
 - (2) Completion Rate (quantitative measure): Completion of 67 percent of the cumulative attempted credit hours, including hours of repeated and developmental coursework. All accepted transfer hours will also be included in this calculation. The calculated percentage will be subject to rounding to the nearest whole number based on standard mathematical rounding rules.
 - (3) Maximum Timeframe (quantitative measure): Completion of an ODHE-approved degree or certificate within the required number of credit hours as listed in the College catalog for the associate or certificate degree, multiplied by 150 percent as determined by Office of Financial Aid. This measure will include all accepted transfer credit hours and up to 30 attempted credit hours of required developmental coursework. If a student changes his or her major or is seeking a second degree, the percentage of completion does not start at zero

percent. A student becomes ineligible, via the maximum timeframe element, at the point at which it becomes mathematically impossible for them to complete the program within 150%.

- (4) Successful financial aid grade completions are: A, AH, B, BH, C, UC, D, UD, CR.
 - (5) Unsuccessful financial aid grade completions are: F, W, IN, NC. W, IN, and NC grades do not affect the GPA but are included in the completion rate and maximum timeframe components of the SAP calculation. Once IN grades are changed, the student's GPA, completion rate and maximum timeframe components are re-calculated. Courses in which a student remained enrolled past the add/drop period and earned a W grade cannot be excluded from the calculation.
 - (6) Repeated coursework (see Policy 3357:15-13-08) will count toward the number of attempted hours for completion rate and maximum timeframe calculations. Only the highest grade will be used in the calculation of the student's GPA.
 - (6) All students are limited to 30 credit hours of developmental coursework. Grades are assigned to developmental coursework and will be counted in the GPA, completion rate, and maximum timeframe calculations.
- (C) Failure to meet these measurements will result in the loss of federal financial aid eligibility.

PROCEDURE:

- (A) Monitoring Progress:
 - (1) At the end of each term attended, a student's academic progress will be evaluated based upon the standards listed above, regardless of whether the student is currently receiving or has received federal financial aid in the past. If he or she fails to meet any of the above requirements, he or she will receive electronic notification from the College.

- (2) After the first term in which the requirements are not met, a student will be placed on financial aid warning for one subsequent term. During the warning period, the student will continue to be eligible for federal financial aid. The College encourages the student to meet with an academic advisor to assist the student with his or her educational goals.
- (3) After the second term in which the requirements are not met, a student will become ineligible for federal financial aid. In order to regain federal financial aid eligibility, a student will be required to pay for his or her classes out of pocket until he or she is able to reach the 67 percent completion rate and a cumulative 2.0 GPA.

(B) Appeal Process:

- (1) If a student has unusual or mitigating circumstances that prevented a student from meeting the GPA, completion rate or maximum timeframe requirements, he or she may submit an appeal requesting to continue to receive federal financial aid. Mitigating circumstances must be documented and approved by the Financial Aid Appeals Committee. Mitigating circumstances that will be considered include: the death of a relative, an injury or illness of the student, or other special circumstances. The committee will evaluate whether the circumstances prevented the student from completing the SAP requirements and determine that the student will be successful in future terms. The appeal must be submitted within the term in which a student is applying for continued federal financial aid. A student may only submit two appeals during his or her time at Stark State College. Rare exceptions will be made to this policy.
- (1) If federal financial aid is reinstated as a result of the appeals process, a student is placed on probation for one term. During the probationary period, a student must successfully complete all registered courses and achieve a 2.0 term grade point average. After one semester, if the student meets the probation requirements, the student will be placed on an academic plan and must continue to complete all registered courses and maintain a term 2.0 GPA. As long as a student is meeting the

requirements of the academic plan, he or she will continue to receive aid. Once a student is at a 67 percent completion rate for all attempted courses and a 2.0 grade point average, he or she will go back to good standing.

(C) Appeal Procedure:

- (1) Step One: A student must complete the Standards of Academic Progress Appeal form and submit it to Gateway Student Services along with an explanation and documentation of the reasons for failing to comply with the stated academic standards. The explanation must include what improvements a student has made that will ensure future academic success.
- (2) Step Two: The Financial Aid Appeals Committee comprised of member(s) of the financial aid department will review the appeal and render a decision.
- (3) Step Three: A student will receive electronic notification of the decision of the Financial Aid Appeals Committee within ten business days of the committee meeting. The decision of the Financial Aid Appeals Committee is final.

The committee reserves the right to establish parameters as part of the approval process. This includes, but is not limited to, restrictions of credit hours or specific courses, mandatory advising, or adherence to an academic plan.

- (4) If a student is approved for financial aid, he or she is encouraged to seek an academic advisor to review an academic plan.

POLICY:

Stark State College is financially assisted by the Ohio Department of Higher Education and the State Department of Education. Students are responsible for charges associated with class tuition and fees. The first day of the semester is defined as the official starting date of the semester or portion of the semester.

PROCEDURE:

The following are comprehensively outlined fees that have been established by the Board of Trustees for the purposes indicated:

1. Processing Fee. The processing fee covers the cost of applying to the College, conducting student assessment, creating a permanent student record, and entering student information into the College's record-keeping system. The processing fee is a one-time fee payable upon first registration.
2. Instructional Fee. The instructional fee supplements other sources of income to cover the cost of instruction and general operating expenses.
3. General Fee. The general fee supplements state subsidies for general institutional services for the benefit of enrolled students.
4. Tuition Surcharge. A tuition surcharge is the legislative term used to designate the higher amount that must be paid by students who are not Ohio residents. Out-of-state students shall be charged a tuition surcharge in addition to the per credit hour in-state tuition.
5. Miscellaneous Fees and Charges. The College may establish miscellaneous fees to cover certain costs of goods, course materials, and services related to the education process. The amounts are specified in a separate schedule located on the Stark State College website, under Tuition and Fees. Students have the right to opt out of instant access charges. Instant access refers to a textbook delivery model in which course materials (often a textbook with online supplements) are paid for during the course registration process and made available to students on day one of the class, typically at a significant discount to the retail price.

DETERMINATION OF STUDENT LOCATION

Effective: 07/01/2024

Policy No. 3357:15-18-13

Page 1 of 2

POLICY:

Federal and state regulations require institutions of higher education to determine the State in which a student is located at the time of the student's initial enrollment and/or upon formal receipt of a change of location from the student. The College must determine student location in order to disclose to the student state-specific professional licensure/certification information for their state of location and discuss whether the educational programs and curriculum at Stark State College, which satisfy licensure/certification in the state of Ohio, meet the requirements for the student's state of location.

Stark State College is a member of the National Council for State Authorization Reciprocity Agreements (NC-SARA), which permits the College to enroll out-of-state students in online educational programs. Acceptance into an educational program or enrollment in course(s) is based on where the student is physically located while taking the course(s). This policy applies to all students taking credit-bearing courses at Stark State College including in-person, online, and military students.

PROCEDURE:

Stark State College recognizes the student address on file in the student information system (SIS) as the student's physical location.

- A. A student's physical location is recorded in the SIS at the time of enrollment and will remain in effect unless and until the student provides official notification of change to the College.
 1. Current Students. Official notification of change in address is defined as completion of the name/address change form, by the student, within the SIS. Once a student notifies the College, the date of entry will be used as the effective date of a student's revised location for the purposes of this policy. Per federal and state regulations, programs will be required to make an individual written disclosure to prospective and current students if the program does not meet the educational requirements for initial licensure/certification in the student's state of location, or if the program has not determined regarding whether the program meets the educational requirements for initial licensure/certification.
 2. Prospective students. Location is determined by the student's location at the time the student applies for admission, intends to enroll and is then entered into the student information system. Dependent on the location, Stark State College may or may not be able to allow the student to enroll in a licensure/certification program. Per federal and state regulations, programs will be required to make an individual written disclosure to prospective and current students if the program does not meet the educational requirements for initial licensure/certification in the student's state of location, or if the program has not determined whether the program meets the educational requirements for initial licensure/certification.

- B. Exceptions are possible in the case of current or prospective students who are planning to move to, or to seek employment in a state where the College's educational program meets the state's requirements. A written attestation form must be submitted to the College which includes the name of the new state.

Revised: 06/03/2019

Revised: 06/07/2021

Revised: 06/05/2023

Revised: 11/06/2024

POLICY:

Stark State College provides an engaging, supportive, and empowering environment that creates the foundation for lifelong learning and individual professional development. The Student Code of Conduct is established to provide students a detailed list of prohibited behaviors for both on-campus and off-campus college-related activities and disciplinary action(s) that can result in violating the Student Code of Conduct. The conduct code shall also apply to student conduct involving violations of federal, state, or local laws.

PROCEDURE:

The Student Code of Conduct applies to on- and off-campus college-related conduct of all students and registered student organizations, including conduct using the College's computing resources.

Disciplinary action for violation of the Student Code of Conduct may be imposed regardless of criminal proceedings. Determinations made or disciplinary action imposed under this Student Code of Conduct shall not

be subject to change because criminal charges arising out of the same facts giving rise to violation of the Student Code of Conduct were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

Security should be contacted immediately either in person or by phone if there is an act of violence or a physical threat to a person's safety. Anyone who believes that an employee, student, or non-employee's behavior constitutes harassment (for Title IX matters) has a responsibility to report the behavior/action to the Title IX Coordinator in accordance with the Sexual Misconduct Policy (see Policy No. 3357:15-14-15). Any student who believes that an employee, student, or non-employee's behavior constitutes discrimination has a responsibility to report the behavior/action to the Dean of Learning and Engagement in accordance with the Student Complaint Policy (see Policy No. 3357:15-19-08).
2. Student Referral/Person of Concern forms must be submitted as soon as practicable following the alleged violation, but no later than fifteen (15) calendar days, excluding holidays and emergency closings, after the incident occurs, except where longer timeframes are required by law or after such violation becomes known to the complainant.
3. Upon receipt of the Student Referral/Person of Concern form, a Judicial Affairs Coordinator/security officer will determine if the allegations contained in the Student Referral/Person of Concern form are within parameters of the administration of the Student Code of Conduct. A Judicial Affairs Coordinator/security officer will conduct an initial investigation within 48 hours to determine if the charges have potential

merit and/or if they can be disposed of administratively by mutual consent of the parties.

4. The Judicial Affairs Coordinator/security officer shall present all charges in written format to the accused student.
5. A time shall be established to discuss the charge during a conduct meeting with the assigned Judicial Affairs Coordinator/security officer no more than ten (10) calendar days, excluding holidays and emergency closings, after the Accused Student has been notified of the charge(s). The Student Judicial Officer/security officer will meet with each student one at a time, starting with the complainant and followed by the respondent. The Judicial Affairs Coordinator/security officer may also meet with other witnesses as the person sees fit.
6. After a Student Referral/Person of Concern form has been filed and the initial investigation completed, the Judicial Affairs Coordinator may impose an Interim Suspension, but only if the Judicial Affairs Coordinator determines the suspension to be appropriate to:
 - (a) Protect the safety and well-being of members of the College community or to protect College property.
 - (b) Protect the Complainant and/or Accused Student's own physical or emotional safety and well-being.
 - (c) Prevent or deter disruption of, or interference with, the normal operations of the College.
7. During the Interim Suspension, an Accused Student may be denied access to all or part of the College (including classes) and/or all other College activities or privileges for which the Accused Student might otherwise be eligible, and be deemed Persona Non-Grata, as the Judicial Affairs Coordinator may determine.
8. The Interim Suspension does not replace the Student Judicial System process. The Accused Student will be notified in writing of the Interim Suspension and the reasons for the Interim Suspension.
9. Conduct Meeting(s) regarding charges to the Accused Student includes but is not limited to fact finding and investigation of the conduct issue, which can occur in one meeting or over the course of multiple meetings. Upon the conclusion of the Conduct Meeting(s), the Judicial Affairs Coordinator will issue the formal decision to the student in the Decision Letter.
10. The Accused Student has the right to appeal an adverse decision rendered by the Judicial Affairs Coordinator within 15 calendar days, excluding holidays and emergency closings.
11. Stark State College has a legal requirement to report crimes or suspected crimes to law enforcement as defined in Chapter 2921 of the Ohio Revised Code as well as other reporting requirements established by law or policy.

Disciplinary Actions:

If a student should be found in violation of the Student Code of Conduct, the following sanctions may be imposed:

1. Oral reprimand
2. Formal written reprimand
3. Administrative probation
4. A definite period of suspension
5. Expulsion
6. Educational workshop
7. Counseling referral
8. Community service

Monetary fines also may be levied on students to cover the cost of labor, materials, and time to repair damaged items.

APPEAL PROCEDURE:

1. Accused Students who wish to appeal the conduct decision/sanction(s) must begin the formal process within 15 calendar days, excluding holidays and emergency closings, from the date the decision was rendered. Additionally, this entire process of appealing a conduct decision/sanction(s) is intended to proceed expediently and be completed within 30 calendar days, excluding holidays and emergency closings, from the date the decision/sanction was rendered.
2. The student may take the student code of conduct appeal to the final stage by appealing in writing to the Provost and Chief Academic Officer for a hearing with the Code of Conduct Appeal Committee. The Provost appoints the ad-hoc committee. The committee shall consist of three faculty or staff members and two students. The committee members shall not be from the division in which the incident occurred or in which the student's major is located. One of the faculty or staff members shall serve as the chair of the ad-hoc committee as designated by the Provost and Chief Academic Officer.
3. The final appeal is a presentation before the Code of Conduct Appeal Committee. All parties involved will have the opportunity to call witnesses and introduce relevant documentation. A written record of the hearing will be prepared by the chair of the committee. The purpose of the appeal is to determine whether the conduct decision/sanction(s) was determined fairly in light of the charge and information presented, and in conformity with prescribed procedures. Any inquiry into fairness shall consider, at a minimum:
 - (a) Whether the Accused Student had a reasonable opportunity to prepare and to present a response to the charge. Deviations from prescribed procedures will not be a basis for sustaining an appeal unless such deviations might reasonably have led to a different decision and/or different sanctions than imposed.

- (b) Whether there were facts presented that, if believed by the Student Judicial Affairs Officer, were sufficient to establish that a violation of the Student Code of Conduct occurred.
 - (c) Whether the decision/sanction(s) imposed were appropriate for the violation of the Student Code of Conduct, which the Accused Student was found to have committed.
4. Within 10 calendar days, excluding holidays and emergency closings, after the hearing, a record of the Code of Conduct Appeal Committee hearing and the Committee's recommendation will be forwarded to the Provost and Chief Academic Officer by the Chair of the Committee for consideration and review. Within 10 calendar days, excluding holidays and emergency closings, of receiving the findings and recommendations, the Provost and Chief Academic Officer will review the results of the proceedings and notify the grievant, respondent (if any), and Code of Conduct Appeal Committee members in writing of their decision to accept, reject, or modify the hearing committee's findings and recommendations. The decision of the Provost and Chief Academic Officer will be final and binding upon all parties.

A Web-delivered course is delivered over the Web, although the student may be required to attend a proctored test. A Web-mixed course could be a mix of the previously mentioned course types but may also include other modalities. Students should carefully read the course description that appears in the course schedule to determine if a course is Web based, what type of Web course it is, and any special requirements for that particular course.

Types of Web Courses

Web-Enhanced Course (Web 1) - This is a traditional face-to-face course that has a Web site where the instructor may post course information. The student may be required to utilize email, chat rooms, discussion boards, or Web-based testing.

Web-Enabled Course (Web 2) - Students attend class for approximately 50 percent of the regularly scheduled class time. Students must physically attend on the dates and times listed in the class schedule. The remaining class time is replaced with asynchronous online learning. This type of course offers the student the advantage of weekly face-to-face interaction with the instructor and classmates, while also offering the convenience of fewer visits to the College and the availability of course materials online. The course site may contain the syllabus, homework assignments, or handouts; and students may be required to utilize Email, chat rooms, discussion boards, and/or Web-based testing. Instructors may require proctored testing in-person at Stark State College or another testing facility or virtual proctoring using college-approved software. Web-enabled courses are identified with a W2 in the class schedule.

Web-Delivered Course (Web 3) - All classroom time is replaced with asynchronous online learning. This type of course is sometimes called an online or eLearning course. All instruction is conducted asynchronously online. Instructors may require proctored testing in-person at Stark State College or another testing facility or virtual proctoring using college-approved software. Web-delivered courses are identified with a W3 in the class schedule.

Web-Flex Course (Web 4)—Web 4 (W4) courses may combine diverse modalities of delivery and the use of technologies like live streaming software or other virtual learning options. Students may be required to physically attend classes and/or login to class on specific day(s) and time(s) and/or participate in asynchronous online learning. Date, time, financial, and technology requirements may vary by course. Students interested in taking a W4 course should review the course description and specific semester course attribute on *mystarkstate* or contact the department chair for additional details. Instructors may require proctored testing in-person at Stark State College or another instructor-approved testing facility or virtual proctoring using college-approved software. Web-Flex courses are identified with a W4 in the class schedule and meet the following definitions:

- b. W4B – All synchronous online learning and on-campus attendance required.
- c. W4C – Majority required synchronous online with some asynchronous online learning.
- d. W4D – Majority required synchronous online with some on-campus attendance.

Includes both instructional staff who are hired to teach an academic degree-credit course and those hired to teach a developmental or ESL course; whether the latter three categories earn college credit is immaterial. Admissions data are collected for the current fall reporting period. Data are collected on admissions requirements, the number of applicants, admitted students, the number of admitted students that subsequently enrolled, and percentiles for ACT and SAT test scores. The number of applicants, admitted, and enrolled students is disaggregated by gender; enrolled students are further disaggregated by part-time and full-time status. Prior to the 2014-15 data collection cycle, Admissions was part of the Institutional Characteristics components. In 2014-15, it became part of the Winter data collection.

This amount may differ from the aid amount that is disbursed to a student. For example, a student may accept aid that was awarded by the institution but then leave the institution prior to the aid being disbursed. In this case, because the student accepted the aid, the aid would be reported to IPEDS, even though it was NOT actually disbursed to the student.

Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average for food and housing and other expenses. Cost of attendance data are collected in the Institutional Characteristics (IC) component of IPEDS, and financial aid data are collected in the Student Financial Aid (SFA) component of IPEDS.

Calculation of FTE students (using fall student headcounts)	The number of FTE students is calculated based on fall student headcounts as reported by the institution on the IPEDS Enrollment (EF) component (Part A). The full-time equivalent (headcount) of the institution's part-time enrollment is estimated by multiplying the factors noted below times the part-time headcount. These are then added to the full-time enrollment headcounts to obtain an FTE for all students enrolled in the fall. This formula is used to produce an FTE that is used annually in the Digest of Education Statistics. <ul style="list-style-type: none"> • Part-time undergraduate enrollment <ul style="list-style-type: none"> ◦ Public 4-year (.403543) ◦ Private (not-for-profit and for-profit) 4-year (.392857) ◦ Public 2-year and <2-year (.335737) ◦ All other institutions (.397058) • Part-time graduate enrollment <ul style="list-style-type: none"> ◦ Public 4-year (.361702) ◦ Private (not-for-profit and for-profit) 4-year (.382059)
Calculation of FTE students (using instructional activity)	The number of FTE students is calculated based on the credit and/or clock hours reported by the institution on the IPEDS 12-month enrollment (E12) component and the institution's calendar system , as reported on the IC Header component. The following table indicates the level of instructional activity used to convert the credit and/or clock hours reported to an indicator of full-time equivalents (FTE students): - Quarter calendar system

These are leases where the institution in substance acquires the capital asset or the right to use it for most or all of its economic life through a lease arrangement. FASB standards require institutions to recognize such assets in their financial statements and also to recognize the lease payment obligations as liabilities . The lease is basically considered a form of financing used to acquire the capital asset.
Capital outlay	The cost of acquiring plant assets, adding to plant assets, and adding utility to plant assets for more than one accounting period.
Capitalize	To place in service as a long-term asset. These assets are expected to be used by the institution for a period in excess of one year (e.g., land, buildings or patents).

The primary focus is to develop challenging academic standards and promote the development of activities that integrate academic and vocational and technical instruction. The Act also outlines various opportunities for states and local areas to integrate vocational education and workforce investment systems. However, new and strict barriers are placed on linkages between vocational education and School-to-Work programs.

Carnegie Classification 2005: Basic classification	The Basic Classification is an update of the traditional classification framework developed by the Carnegie Commission on Higher Education in 1970 to support its research program, and later published in 1973 for use by other researchers. Although this classification has undergone many changes over the years, the current release involves some significant changes from

	previous editions. For a complete description and technical details visit the Carnegie Foundation Website at http://www.carnegiefoundation.org/classifications
Carnegie Classification 2005: Enrollment profile classification	This classification describes the overall student population, by grouping institutions according to the mix of students enrolled at the undergraduate and graduate/professional levels. Exclusively undergraduate institutions are further broken down by level (two-year and four-year). For institutions with both undergraduate and graduate/professional students, institutions are grouped according to the distribution of full-time equivalent students across the two levels, giving an approximate measure of the student population's "center of gravity." As a result, it reflects important differences with respect to educational mission as well as institutional climate and culture-differences that can have implications for infrastructure, services, and resource allocation. For a complete description and technical details visit the Carnegie Foundation Website at http://www.carnegiefoundation.org/classifications
Carnegie Classification 2005: Graduate instructional program	As a companion to the Undergraduate Instructional Program classification, this classification examines the nature of graduate education, with a special focus on the mix of graduate programs. In this classification, a single graduate-level degree qualifies an institution for inclusion. The classification is based on the level of graduate degrees awarded (master's/professional or doctoral), the number of fields represented by the degrees awarded, and the mix or concentration of degrees by broad disciplinary domain. The classification has two parts: one for institutions that do not award the doctorate, and one for doctoral-level institutions (based on the record of degree conferrals, not program offerings). Within each group, institutions are then classified with respect to the breadth of graduate offerings and the concentration of degrees in certain fields or combinations of fields. For a complete description and technical details visit the Carnegie Foundation Website at http://www.carnegiefoundation.org/classifications
Carnegie Classification 2005: Size and setting classification	This classification describes institutions' size and residential character. Because residential character applies to the undergraduate student body, exclusively graduate/professional institutions are not included. For a complete description and technical details visit the Carnegie Foundation Website at http://www.carnegiefoundation.org/classifications
Carnegie Classification 2005: Undergraduate instructional program	The instructional program classification is based on three pieces of information: the level of undergraduate degrees awarded (associate's or bachelor's), the proportion of bachelor's degree majors in the arts and sciences and in professional fields, and the extent to which an institution awards graduate degrees in the same fields in which it awards undergraduate degrees. The distinction between arts and sciences and professional undergraduate majors is one that has been made in the Classification since 1987 (but only for undergraduate colleges), and researchers and others in the higher education community have made similar distinctions. The previous analysis has been extended and elaborated by (1) applying it to almost all baccalaureate-level institutions, (2) making finer distinctions along the arts and sciences - professions continuum, and (3) recognizing a "middle ground" where the two domains exist in relative balance with respect to graduating students' major concentrations. For a complete description and technical details visit the Carnegie Foundation Website at http://www.carnegiefoundation.org/classifications
Carnegie Classification 2005: Undergraduate profile	This classification describes the undergraduate population with respect to three characteristics: the proportion who attend part- or full-time; achievement characteristics of first-year students; and the proportion of entering students who transfer in from another institution. Each of these captures important differences in the nature of the undergraduate population. They do not imply differences in the quality of undergraduate education, but they have implications for how an institution serves its students. For a complete description and technical details visit the Carnegie Foundation Website at http://www.carnegiefoundation.org/classifications

It allows institutions to "assign" all faculty and staff to distinct categories. The EAP collects information on all employees on the institution's payroll as of November 1 of the reporting year, by full- and part-time status; by function or occupational category; and by faculty status and tenure status. Institutions with medical schools are required to report their medical school employees separately. (Term used in IPEDS HR survey component prior to 2012-13)

Students reported are those enrolled in courses creditable toward a degree or other recognized postsecondary credential; students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus or extension centers; and high school students taking college courses for credit. Institutions report annually the number of full- and part-time students, by gender, race/ethnicity, and level (undergraduate and graduate, including doctor's – professional practice students); the total number of full- and part-time undergraduate degree/certificate-seeking students (first-time entering, transfer-ins, and continuing/returning) and full- and part-time undergraduate non-degree/non-certificate students); and retention rates . In even-numbered years, data are collected for state of residence of first-time students and for the number of those students who graduated from high school or received high school equivalent certificates in the past 12 months. Also in even-numbered years, 4-year institutions are required to provide enrollment data by gender, race/ethnicity, and level for selected fields of study. In odd-numbered years, data are collected for enrollment by age category by student level and gender.
Fall Staff (S)	This data, now part of the IPEDS Human Resources (HR) component, was previously a separate collection. Only institutions with 15 or more full-time employees are required to report annually (prior to 2016-17, data was collected biennially, for odd-numbered years). Institutions report the numbers of full- and part-time employees as of November 1 of the reporting year; full-time faculty by contract length and salary class intervals; number of other persons employed full-time by primary occupational activity and salary class intervals; part-time employees by primary occupational activity; tenure of full-time faculty by academic rank; and new hires by primary occupational activity. Most data are provided by race/ethnicity and gender. Prior to 2001, this collection also requested the number of persons donating (contributing) services or contracted for by the institution. Between 1987 and 1991, the Fall Staff data were collected in cooperation with the U.S. Equal Employment Opportunity Commission (EEOC). The Supplementary Educational Opportunity Grants (SEOG) are made directly to institutions of higher education, which select students for the awards.
Federal Work Study (FWS)	A part-time work program awarding on- or off-campus jobs to students who demonstrate financial need. FWS positions are primarily funded by the federal government (federal share), but are also partially funded by other organizations, including the institution (non-federal share). FWS is awarded to eligible students by the college as part of the student's financial aid package. The maximum FWS award is based on the student's financial need, the number of hours the student is able to work, and the amount of FWS funding available at the institution. This is a type of Title IV Aid, but it is not considered grant or loan aid to students.
Fellowships	These are grants-in-aid and trainee stipends to graduate students . Fellowships do not include funds for which services to the institution must be rendered, such as payments for teaching, or loans.
FICE (Federal Interagency Committee on Education) code	A 6-digit identification code originally created by the Federal Interagency Committee on Education (FICE). The code was used to identify all schools doing business with the Office of Education during the early sixties. 	financial resources and expenditures. Specific data elements include such items as institutional revenues by source (e.g., tuition and fees, government, private gifts); institutional expenses by function (e.g., instruction , research, student services); physical plant assets and indebtedness; and endowment investments. Institutions may use different survey forms depending on the control of institution (e.g. public, private not-for-profit, or private for-profit) and the accounting standards followed by the institution (e.g. FASB or GASB).
Financial aid	Federal Work Study, grants, loans to students (government and/or private), assistantships, scholarships , fellowships , tuition waivers, tuition discounts, employer aid (tuition reimbursement) and other monies (other than from relatives/friends) provided to students to meet expenses. This excludes loans to parents.
FIPS (Federal Information Processing Standards) code	Standardized numeric or alphabetic codes issued by the National Institute of Standards and Technology (NIST) to ensure uniform identification of geographic entities throughout all federal government agencies.
First-professional	<p>The use of this term was discontinued in IPEDS as of the 2010-11 data collection, when use of the new postbaccalaureate award categories became mandatory.</p> <p>May refer to a degree, certificate, or level of student.</p> <p>A first-professional degree was an award that required completion of a program that met all of the following criteria: (1) completion of the academic requirements to begin practice in the profession; (2) at least 2 years of college work prior to entering the program; and (3) a total of at least 6 academic years of college work to complete the degree program, including prior required college work plus the length of the professional program itself. First-professional degrees may be awarded in the following 10 fields:</p> <ul style="list-style-type: none"> • Chiropractic (D.C. or D.C.M.) • Dentistry (D.D.S. or D.M.D.) • Law (L.L.B., J.D.) • Medicine (M.D.) • Optometry (O.D.) • Osteopathic Medicine (D.O.) • Pharmacy (Pharm.D.) • Podiatry (D.P.M., D.P., or Pod.D.) • Theology (M.Div., M.H.L., B.D., or Ordination) • Veterinary Medicine (D.V.M.) <p>A first-professional certificate was an award that required completion of an organized program of study designed for persons who had completed the first-professional degree. Examples could be refresher courses or additional units of study in a specialty or subspecialty.</p> <p>A first-professional student was a student enrolled in one of these programs.</p> <p>The 12-month FTE for first-professional students was calculated using the unduplicated headcounts reported on the 12-month enrollment component. Since the 12-month unduplicated headcounts do not differentiate between full-time and part-time students, an estimation was used. The ratio of full-time to part-time first-professional students from the previous collection year fall enrollment (which corresponds to the same academic year students) was calculated, and this ratio was applied to the 12-month unduplicated headcount. Adding the resulting full-time and one-third part-time student estimates results in the FTE for first-professional students.</p>
First-time student (undergraduate)	A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level . This includes students enrolled in academic or occupational programs . This reporting model and standards, followed primarily by some institutions with taxing authority, used the same financial reporting standards as state and local governments.
GASB model using GASB 34 & 35	GASB Statements 34 and 35 require all governmental colleges and universities to issue financial statements using the reporting model and standards of those statements. The required implementation date is based on annual revenues , with implementation dates from years beginning after June 15, 2001, to June 15, 2003. The two previous models are the GASB governmental model and the AICPA College and University Audit Guide model .
GED (General Educational Development)	This term normally refers to the tests of General Educational Development (GED), which provide an opportunity to earn a high school credential. FASB and GASB standards differ somewhat on when to recognize contributions or nonexchange revenues, with FASB standards generally causing revenues to be recognized earlier in certain circumstances.
Governing board	An entity that ensures on behalf of the public the performance of an institution or a group of institutions. Responsibilities of the board may include appointing, supporting, and monitoring the president of the institution; reviewing educational and public service programs; insisting on strategic planning; and, ensuring good management and adequate resources.

Graduation Rates (GR)	This annual component of IPEDS was added in 1997 to help institutions satisfy the requirements of the Student Right-to-Know legislation. Data are collected on the number of students entering the institution as full-time, first-time, degree/certificate-seeking undergraduate students in a particular year (cohort), by race/ethnicity and gender; the number completing their program within 150 percent of normal time to completion; the number that transfer to other institutions if transfer is part of the institution's mission. Prior to 2007, institutions who offered athletically-related student aid were asked to report, by sport, the number of students receiving aid and whether they completed within 150 percent of normal time to completion. Now, these institutions only need to report a URL where the athletic data is located on their website, when available. GR automatically generates worksheets that calculate rates, including average rates over 4 years.

Examples are research projects, training programs, student financial assistance, and similar activities for which amounts are received or expenses are reimbursable under the terms of a grant or contract, including amounts to cover both direct and indirect expenses. Includes Pell Grants and reimbursement for costs of administering federal financial aid programs. Grants and contracts should be classified to identify the governmental level - federal, state, or local - funding the grant or contract to the institution; grants and contracts from other sources are classified as nongovernmental grants and contracts. GASB institutions are required to classify in financial reports such grants and contracts as either operating or nonoperating.

As the control file for the entire IPEDS system, IC constitutes the sampling frame for all other NCES surveys of postsecondary institutions. It also helps determine the specific IPEDS screens that are shown to each institution. This component collects the basic institutional data that are necessary to sort and analyze not only the IC DATA, but also all other IPEDS DATAs. IC data are collected for the academic year, which generally extends from September of one calendar year to June of the following year. Specific data elements currently collected for each institution include: institution name, address, telephone number, control or affiliation, calendar system, levels of degrees and awards offered, types of programs, application information, student services, and accreditation. Net Assets	The excess of assets over liabilities or the residual interest in the institution's assets remaining after liabilities are deducted. The change in net assets results from revenues , gains , expenses , and losses . FASB institutions classify net assets into three categories: permanently restricted , temporarily restricted , and unrestricted . This term is similar to the "Net position" term used by GASB institutions.
Net deferred tax asset	A deferred tax asset is recognized for temporary differences that will result in deductible amounts in future years and for carryforwards. For example, a temporary difference is created between the reported amount and the tax basis of a liability for estimated expenses if, for tax purposes, those estimated expenses are not deductible until a future year. Settlement of that liability will result in tax deductions in future years, and a deferred tax asset is recognized in the current year for the reduction in taxes payable in future years. A valuation allowance is recognized if, based on the weight of available evidence, it is more likely than not that some portion or all of the deferred tax asset will not be realized.
Net deferred tax liability	A deferred tax liability is recognized for temporary differences that will result in taxable amounts in future years. For example, a temporary difference is created between the reported amount and the tax basis of an installment sale receivable if, for tax purposes, some or all of the gain on the installment sale will be included in the determination of taxable income in future years. Because amounts received upon recovery of that receivable will be taxable, a deferred tax liability is recognized in the current year for the related taxes payable in future years.

The change in net position results from revenues , gains , expenses , and losses . GASB institutions classify net position into three categories: invested in capital, net of related debt; restricted (with separate displays of restricted-expendable and restricted-nonexpendable net assets); and unrestricted. Net position beginning with the 2013-14 collection includes deferred inflows and outflows of resources, per change from GASB Statement 63 and 65. This term is similar to the "Net assets" term used by FASB institutions.
Net price	The <i>Higher Education Act, as amended (2008)</i> , defines institutional net price as "the average yearly price actually charged to first-time, full-time undergraduate students receiving student aid at an institution of higher education after deducting such aid." In IPEDS, average institutional net price is generated by subtracting the average amount of federal, state/local government, or

	institutional grant and scholarship aid from the total cost of attendance . Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average for food and housing and other expenses. Cost of attendance data are collected in the Institutional Characteristics (IC) component of IPEDS, and financial aid data are collected in the Student Financial Aid (SFA) component of IPEDS. (Term used in IPEDS prior to 2022-23).

Noncurrent assets	Assets that are not reasonably expected to be realized in cash or sold or consumed during the next normal operating cycle (normally one year) of the institution. Liquidity or nearness to cash is not the basis for determining classification as current or noncurrent. Thus cash investments intended for liquidation of liabilities due beyond the one-year period are noncurrent assets, as would assets segregated for the liquidation of long-term debts (including amounts due within the next operating cycle). Assets designated to be used to acquire, construct, or improve capital assets would be noncurrent.
Noncurrent liabilities	Liabilities whose liquidation is not reasonably expected to require the use of resources classified as current assets or the creation of other current liabilities within the next year. This includes the noncurrent portion of long-term debt and long-term accrued liabilities (such as for compensated absences, claims and judgments, and post-employment/post-retirement benefits); liability for refundable advances to the federal government for the Perkins Loan Program and similar loan programs; and debt due within the next operating cycle, if payment will be made from segregated assets classified as noncurrent assets .
Nonmandatory transfers	Transfers from current funds to other fund groups made at the discretion of the governing board to serve a variety of objectives, such as additions to loan funds , funds functioning as endowment (quasi-endowment) , general or specific plant additions, voluntary renewals and replacement of plant, and prepayments on debt principal.
Nonoperating	GASB requires that revenues and expenses be separated between operating and nonoperating. Operating revenues and expenses result from providing goods and services. Nonoperating activities are those outside the activities that are part of the operating activities of the institution. Most government appropriations are nonoperating because they are not generated by the operations of the institution. Investment income is nonoperating in most instances because institutions are not engaged in investing as an operating activity. Gifts are defined as nonoperating. Nonexchange transactions generate nonoperating revenues.

Further, Section 104 requires each institution that participates in any Title IV program and is attended by students receiving athletically-related student aid to submit a report to the Secretary of Education annually. This report is to contain, among other things, graduation/completion rates of all students as well as students receiving athletically-related student aid by race/ethnicity and gender and by sport, and the average completion or graduation rate for the four most recent years. These data are also required to be disclosed to parents, coaches, and potential student athletes when the institution offers athletically-related student aid.
