

Leading the way

in branded cool solutions

Experts in refrigerated merchandising

From concept to launch in five simple steps

- Step 1** Tell us your product pack size.
- Step 2** Outline the market channel that you wish to target.
- Step 3** We will propose the appropriate product solutions.
- Step 4** Send us your artwork.
- Step 5** Agree roll out plan, timescale, quantity, asset management administration.

Service is taken care of by our network of technicians.

Add a product activation pack and we will deliver that as well.

Staycold products have been independently rated as some of the most efficient in Europe. Combine this with the potential tax advantages of the Carbon Trust's Enhanced Capital Allowance Scheme and Eco Vadis's top tier vendor Assessment of Staycold and you have an unbeatable combination.

Refurbishment programme

Make the most of your investment with our refurbishment programme.

We will collect your chiller, run electrical safety and refrigeration tests, change branding, hygienically clean, repackage and redeliver your unit. All this work is done to a high standard by our refrigeration refurbishment team and you can rest assured your chiller fleet is earning for you. Please contact us for details.

TV screen fridge with wifi connectivity

On-shelf Merchandising Systems:

Shelf organisers, pusher systems or gravity feed, we work with all the major suppliers.

We can ensure compatibility with bar code label requirements.

Large warehouse to store your products

Nationwide delivery

Full asset management services

It's easy and reassuring to buy from Staycold...

Large warehouse to store your products

Our secure warehousing will ensure your fleet is ready for despatch when you want it.

Comprehensive nationwide delivery service

Most deliveries are booked in according to a postcode schedule allowing for better forward planning with the outlet. Next day and timed AM / PM delivery options available.

Unpacking and positioning of the cabinet

This can be arranged for most sites. Selection of this option minimises the health and safety risk to staff and customers alike. Packaging is removed from the premises and recycled.

You can select an option to have the old cooler removed and recycled at the same time as the new one is installed. WEEE obligations are discharged.

Asset Management and E Commerce:

Staycold can offer E-Commerce solutions and EDI integration to maximise operational efficiency. Full asset management services can also be selected.

A proven track record of success

As a supplier to major brands such as Heineken and SAB Miller, choosing Staycold is a safe and reliable choice. Through our major customers we have supplied Sydney 2000 Olympics (Fosters), London 2012 (Heineken) and Glasgow 2014 Commonwealth Games (AG Barr) showing that Staycold has expertise at large events as well as individual deliveries to a single pub or shop.

Please call our helpful sales staff for advice on any aspect of your cooling needs.
