

School Equipment List

Students are expected to always have a private reading book with them.

- A robust and spacious bag such as a rucksack – clearly named as many students have the same bags.
 - Small, fashionable, 'man bags' or handbags are not fit for this purpose. We would prefer students to have a bag big enough to contain both sport kit plus all the text and exercise books required for a day's learning, however, if this is not feasible a small kit bag can be used for their sports kit.
- Water Bottle
- Transparent Pencil Case
- **Black** or **Blue** Pens for Writing – students should use the pen that helps them write in the clearest and neatest fashion
- HB Graphite Pencils
- Colouring Pencils
- Highlighter Pens – please make sure that one of the highlighters is **BLUE** in colour
- **Red** and **Green** Biro's
- Rubber
- Glue Stick
- Small Scissors
- A Clear Rigid 30cm Ruler
- Scientific Calculator – Casio or similar are recommended
- Maths Set or a Protractor and a pair of Compasses

Many parents/carers find it beneficial to keep a duplicate learning equipment kit at home.

Please make sure that everything is clearly named.
