

STAY CONNECTED

DURING NATURAL DISASTERS

T-Mobile

GET READY:

Take steps to prepare

- Check **NOAA's National Weather Service** and the **National Hurricane Center** to get tips and track storms.
- **Make a disaster kit** with a list of emergency numbers and waterproof, resealable bags and chargers.
- Download the **Red Cross** and **FEMA** apps, subscribe to local authorities' text alerts and social networks.
- Enable **Wireless Emergency Alerts** on your phone.
- Keep your mobile devices fully charged.

KNOW WHAT TO DO:

Be ready for power outages and other interruptions

- Set up **Wi-Fi Calling**.
***IMPORTANT:** If you call 911 using Wi-Fi Calling, give the operator your address.*
- Keep calls to a minimum and as short as possible or send text messages.
- Enable your phone's battery saving mode and dark mode to conserve charge.

STAY UPDATED:

Find T-Mobile's latest info

- Visit **My T-Mobile** or call 611 from your phone for support and questions.
- Check the **T-Mobile Newsroom** for the latest information on our emergency response.
