

# Unleash Your Potential

Sherpa 6 isn't your *typical company*. We're always looking for ideas that disrupt the status quo and finding new ways to support our dismounted Soldiers.

Join Sherpa 6 and experience firsthand what it's like to work for a company that knows and understands its veterans. Your knowledge and know-how are critical to your success at Sherpa 6 and we want to help you reach your full potential.

Are you ready to disrupt the status quo?

## Opportunity

for personal and professional growth

Sherpa 6 is a dynamic, innovative company with a culture that fosters and encourages our employees to pursue their passion. We offer a flexible work environment where you work with and are mentored by the top minds in the industry.

## Innovation

in creating adaptable solutions

Whether we are experimenting with new technology or developing a software program to support existing technology, Sherpa 6 engineers and FSRs are working with the latest technological advances and are always looking to the future.

## Leadership

with honesty and integrity

Sherpa 6 management is focused on creating a cultural environment where all employees feel welcome and free to express themselves. As a disabled veteran owned business, Sherpa 6 focuses on the values shared by our veterans and non-veterans alike.

## Dedication

to supporting the dismounted Soldier

We develop software to support our dismounted Soldiers in combat scenarios. Our mission is to provide technology tools and training to create the best experience for our Soldiers and to make their efforts on and off the battlefield a success.

## Disrupting the status quo

The Sherpa 6 team combines years of expertise developing solutions for the dismounted Soldier. We are the answer for all design, development, and engineering needs. We're a full service firm that can take any concept from inception to completion, supporting all phases of a project.

## You're the Missing Piece of the Puzzle

Sherpa 6 is a fast growing company with 55 years of combined leadership experience in providing groundbreaking technology support for our dismounted Soldiers in the battlefield. **Are you ready to join the Sherpa 6 team?**

### Sherpa 6 Field Support

We employ experienced veterans to help provide support and sustainment for our software solutions. Our Field Support Representatives work directly with deployed Soldiers and are some of the most knowledgeable and experienced in the industry.

### Software Engineering

Our engineers have an extensive history developing and supporting new initiatives. The diverse background of the engineering team makes them key influencers in our software development programs.

### Cutting Edge Technology

When you work at Sherpa 6, you'll be at the forefront of the latest technological advances. Our projects include some of the most advanced technologies used in the military today, tomorrow and beyond.

### Dedicated to You

We want to help you grow in your career and make a successful transition. We value your experience gained during your service as it is crucial to helping us succeed in our mission of supporting our dismounted Soldiers.
