

About:

Executive Protection International GK (EPINT) is a licensed and insured Security and Executive Logistics & Support firm headquartered in Tokyo, Japan. EPINT specializes in providing personal protective services for corporate executives, government officials and celebrities, static and mobile guards for construction sites, retail space, transportation facilities, private residences, neighborhoods, business and commercial properties, local communities, datacenters and government installations, transportation assets (bilingual drivers, executive sedans, vans, buses, etc.), tour guides, personal concierges, translators/interpreters, disaster and emergency response, First Aid/CPR/AED training and certification, risk analyses, security surveys, due diligence investigations, business intelligence, employee background checks, and executive logistics and support. We also provide electronic surveillance systems and a full range of cyber security training, courses of instruction, organizational assessments, audits, and Red Cell penetration tests and exercises.

EPINT is internationally recognized for fielding the highest caliber of experienced, trained, and disciplined Operators, to include those security officers who have been specially selected to join the ranks of the elite *Tokyo Rangers*®. EPINT is also the only Japan-headquartered security company whose team members regularly travel outside Japan to conduct security-related operations.

How we help transitioning Rangers:

For Rangers currently residing in the Asia-Pacific (APAC) Region, especially Japan, then we would like to know of your presence. And if any are interested in becoming involved in the security industry, as we regularly call on reliable operators to provide various security-related services throughout APAC, then please drop us a line.

How to contact us:

You can send us a message via email: admin@ex-pr-int.com

Thank you for your service. Most importantly, thank you for your service to the Ranger Regiment. **RLTW!**
