

## NexTech Solutions – NTS

**Our Mission:** NTS empowers our people to solve difficult problems by challenging the status quo; delivering uncompromising technology, unrivaled services, and unwavering support to our clients.

**NTS Careers:** At NTS, we invest in our employees and make sure that everyone is appreciated, listened to, involved, and challenged. Our team of driven professionals work together to solve the impossible, and we're always looking for individuals that can help us push to greater levels of business excellence.

As a veteran-owned business, we are committed to veteran hiring by recruiting, employing, and retaining our nation's heroes. We recognize the value our veterans bring to the workplace with their skills, understanding, and expertise.

**A culture of creativity:** At NTS, we believe diversity drives innovation. We believe in building a culture where looking through the lens of others is valuable to the way we do business. If you're driven to perform and love the freedom of creativity, you'll fit right in. We approach our work fearlessly, learn quickly, improve constantly, and celebrate our wins at every turn. Everyone is welcome – as an inclusive workplace, our employees are comfortable bringing their authentic whole selves to work. All are welcome to join the NTS Family.

### What does that mean for transitioning Rangers?

We seek to hire military Veterans because we know they get our customers. Our culture is based on the values and ethics familiar to those who serve and wish to continue to serve. We understand how the skills you honed and development serving can translate to our business.

### What do we expect from you?

Bring you and your passion for the mission with you in all you do. Bring an attitude of humility and strength as you work alongside others who share your passion for War Fighter. If you are passionate and seek to continue to support the mission and those serving, you'll never be closer to supporting the mission than being part of the NTS Family, other than being boots on the ground. If this sounds like you, please reach out to our HR Manager who would love to set up a time to meet you to determine if not only are you a good fit for NTS, but are we the new family you seek to join. We feel you are interviewing us as much as we are interviewing you!
