

CONTRACT LUMBER

DONT JUST DO A JOB. ***BUILD A FUTURE.***

WHO WE ARE.

Contract Lumber is a family-owned and operated business with over three decades of experience in the building industry. Over that time, we have created strategic alliances with our customers, maximizing their efficiency and profitability while solidifying relationships that ensure longterm shared success. In working toward this goal, we have positioned ourselves to be one of the most successful building materials suppliers in every market we are in.

WHAT THAT MEANS FOR YOU.

The foundation of everything we achieve is a team of employees who strive to exceed expectations at every turn. Just like the Rangers dedicate themselves to ethics-guided leadership, the Contract Lumber team is guided by a mission based on integrity and ingenuity. This makes us an ideal fit for servicemen and servicewomen transitioning from the military to the civilian workforce.

With roles available in skilled labor, truck driving, management, and more, there are unlimited opportunities for growth and development for motivated employees. We offer benefits that consistently exceed industry standards including health insurance, 401k matching, and profit sharing.

You can find all of our [current career opportunities](#) in all of our locations [here](#).

WHAT'S NEXT.

Working for Contract Lumber isn't just doing a job. It's *building a future*. We are excited to build alongside you.
