

### **Who We Are**

Ops Tech Alliance (OTA) was founded by former National Security and Special Operations professionals with over 100 years of combined experience and was formed with a singular focus: to bridge the gap between operations and technology to enable mission success.

### **Our Vision**

To empower individuals and organizations with the tools to function safely in the virtual domain.

### **Our Mission**

We are bridging the gap between operations and technology to protect citizens, organizations, and government but you against domestic and national security threats.

### **Our Priorities**

*People* – the most important part to our success and company culture. *Trust* – We establish trust from the first interaction and extend it through service execution. *Purpose* – We constantly pursue our vision in every endeavor. *Legacy* – Building a more secure world for our future generations.

### **What does this mean for Rangers?**

We know Rangers provide a unique blend of leadership, discipline, teamwork, adaptability, and solutions for any organization. We invite you to apply on our careers page, but you can also contact us directly and we'll do our best to get you onto our team.
