

Data Privacy Statement

The purpose of this Data Privacy Statement (hereinafter referred to as the "Statement") is to inform data subjects (hereinafter referred to as the "Subjects") about how we collect, store and process their personal data.

The Union Internationale Motonautique (hereinafter referred to as "UIM") recognizes the importance of keeping Subjects' data confidential and protecting their privacy rights. We developed this Statement to provide you with information on how we process your personal data when you visit UIM websites, intranet or extranet, apply for a UIM Superlicence, UIM SeriesLicence, UIM daily Superlicences, apply for an international record, apply for international racing event organization or participate in UIM activities.

Other UIM websites, apps and products that do not include a link to this Statement and include a link to a different UIM privacy policy are governed by that privacy statement.

"Personal data" is information relating to an identified or identifiable natural person.

The Subject acknowledges that the collection and processing of Data by UIM is necessary for providing specific Services the Subject might be using, but also for the preservation of the legitimate interests of UIM and for the fulfilment of legal obligations incumbent upon UIM.

Data collection purposes

- UIM processes the personal data of individuals who enroll to participate in competitions and championships for the purpose of managing registrations and participation to such events. UIM also processes the personal data of individuals who apply for UIM Superlicence, UIM SeriesLicence, UIM Daily Superlicence
- UIM processes the personal data of individuals who are appointed by the UIM or elected to be part of a Commission, Committee or Working Group or to bring their expertise as consultant
- Similarly, UIM collects and processes personal data of contact persons working for providers of services required by the federation (e.g. hotels, interpreters, translators, technical companies, etc.) to successfully run meetings and events.
- UIM processes the personal data of individuals who register to attend meetings, conferences or other events it organizes for the purpose of managing registration and participation to such events.
- Technical data, on the other hand, are processed automatically and anonymously to improve your browsing experience and collect user statistics.

As part of the Services, UIM collects the following Data (contemplative, non-exhaustive list) from Subjects:

- Identification data: personal identification data (name, surname, title, picture, etc.).
- Identification data issued by public authorities and other registers: identity cards, passports, driver's licenses.
- Location data: personal addresses of Subjects.
- Communication and electronic identification data: telephone number, e-mail address, social media accounts.
- Professional data: job title, function.

Subjects will be required to provide UIM with some personal information when registering for Superlicence, SeriesLicence and daily licence.

Subjects will have to provide information to interact with our webstore and our training platform.

As external stakeholders, Subjects may be required to provide personal data when registering for UIM newsletter or events or otherwise interacting with our website.

Information Collected from Third Parties - Subcontractors

As part of its Services, UIM may also collect data from third parties. Data collected from third parties is treated in the same way as Data collected directly from the Subjects.

Methods of Data Processing and Retention Schedule

Data is processed by UIM - or by third parties selected on the basis of their reliability and competence, as well as by duly appointed data controllers - solely for the purposes specified.

UIM retains the Data for as long as necessary for the fulfilment of the Purposes for which it was collected. UIM will keep data for as long as Subjects continue to be a designated person within an organization or other entity that UIM is in contact with for reasons pertaining to championships, records, events, research or any other business relationship. UIM also will keep data for as long as Subjects agree to receive our newsletter.

One of the UIM's responsibilities is to retain powerboat sport history and keep records of its actions. Because of this, the data stored in our competition database, International records database, events database and other functional databases will not be automatically deleted.

Security measures are applied to prevent the risk of loss of data, unlawful or improper use and unauthorized access.

Access to Data and Data Transfers

UIM is a global federation. To offer UIM's services, we may need to transfer your personal data to a National Authority (NA) or event organizer or contracted partner/promoter in other countries.

The Data transmitted to UIM will be known and used by UIM employees for the sole purpose of performing the Services that constitute the purpose for which the Data was collected.

As part of the performance of the Services, UIM may transmit the Data to third parties. UIM does not sell or rent the Data to any third party.

Finally, UIM may have to share the personal data:

- To put the needed Services at the Subjects disposal;
- Where permitted or required by law to comply with a valid legal process;
- To protect and defend UIM's rights or property, including the security of its products and services;
- To protect the personal safety, property or other rights of the public, UIM or its employees.

When UIM has the legal obligation to disclose Data to third parties, UIM will take all reasonable steps to notify the Subjects in advance, unless otherwise required by law.

Privacy, Security and Data Protection

UIM undertakes to ensure that there are adequate levels of protection of Data.

Subjects' Data will be transmitted to and stored on UIM's servers, access to which is strictly limited. UIM has taken the appropriate technical and organizational precautions to ensure that its servers are accessible exclusively to duly authorized persons, as well as special precautions about the protection of its technical environment (e. g. use of anti-viruses and Firewalls).

Social Networks

Third-party social networks that provide interactive plug-ins or social networking features (e.g., to allow you to connect to Facebook or Google to find friends to add as connections or to "Like" a page) on UIM websites or mobile apps, may use cookies or other methods (e.g., web beacons) to gather information regarding your use of our websites and apps. The use of such information by a third party depends on the privacy policy available on that social network's website, which we encourage you to carefully review. Such third parties may use these cookies or other tracking methods for their own purposes by relating information about your use of our site with any of your Personal Information that they may have.
