Reminder: Claims for March 2022 Data Month Due by October 3

September 15, 2022

Providers must submit original claims or revisions for the March 2022 data month (snapshot taken on April 1, 2022) by **11:59 p.m. ET on October 3, 2022**. As a reminder, the 6-month filing period for claims began with the March 2022 data month.

Filing Period for Claims

Service providers have 6 months from the snapshot date to submit original claims or upward revisions. If the 1st of the month of the six-month deadline falls on a weekend or holiday, service providers can certify on the first business day following the 1st. For example, a provider is able to submit their claim for the March 2022 data month by October 3 (October 1 falls on a Saturday).

The administrative period for completing upward revisions (revisions that result in a higher payment) is the same for submitting original claims – 6 months. There is no time restriction for submitting downward revisions (revisions that result in a lower payment than previously claimed). Please note that revisions for the January and February 2022 data months are not accepted.

Original claims or upward revisions submitted after 11:59 p.m. ET on October 3, 2022 for the March 2022 data month will not be accepted.
