DOG SELLER PRE-LICENSE INSPECTION REPORT
 s. 173.41, Wis. Stats.
 Ch. ATCP 16, Wis. Admin. Code

License Number 514401-DS	Date of Inspection 1/23/2023
------------------------------------	--

GPS Coordinates (if changed) sent to GIS: Driveway

Legal Entity Stokhaus Media, LLC	Doing Business as (if different) Stokeshire Designer Doodles
--	--

Location Address W4954 County Road O (Secondary location) Medford, WI 54551 County Taylor	The entity is: <input type="checkbox"/> Animal control facility <input type="checkbox"/> Animal shelter <input checked="" type="checkbox"/> Dog breeder <input type="checkbox"/> Dog dealer <input type="checkbox"/> Research facility
--	--

More than one location under this license? Yes No

More than one licensed location? Yes No

Other locations at which dogs are kept or raised? Yes No

I. INSPECTION COMPLIANCE REVIEW
 Check the appropriate box for **Compliant (C)**, **Non-Compliant (N/C)** or **Not Applicable (N/A)** with State regulations.

DOG CARE; GENERAL ATCP 16.20

	C	N/C	N/A
1. Food and water If noncompliant, check the items that were NOT COMPLIANT (1)(a)-(f) <input type="checkbox"/> Feeding frequency adequate (at least once a day). <input type="checkbox"/> Size of ration and nutritional content adequate (based on dog's age, condition, size, weight). <input type="checkbox"/> Wholesome, uncontaminated, palatable & stored properly. <input type="checkbox"/> Amount and quality of fresh water adequate. <input type="checkbox"/> Food and water containers suitable <input type="checkbox"/> Adequate sanitization of food and water containers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Animal health and veterinary care If noncompliant, check the items that were NOT COMPLIANT (2)(a)-(f) <input type="checkbox"/> Dogs are handled properly and in a humane manner <input type="checkbox"/> Daily body, mobility and behavior checks are completed by caretaker <input type="checkbox"/> Dogs suspected of communicable disease are isolated <input type="checkbox"/> Dogs are adequately groomed (nails trimmed, no hair matting) <input type="checkbox"/> Dogs are examined by veterinarian for adequate health care and licensee adheres to veterinarian recommendations <input type="checkbox"/> Sick or injured dogs receive timely veterinarian care or humanely euthanized	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Exercise If noncompliant, check the items that were NOT COMPLIANT (4) <input type="checkbox"/> Daily access to exercise area is provided where a running stride can be achieved <input type="checkbox"/> Dogs are not left unattended while performing repetitive physical activity (treadmill) unless for good cause	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>4. Dog grouping and separation If noncompliant, check the items that were NOT COMPLIANT (5)(a)-(d)</p> <ul style="list-style-type: none"> <input type="checkbox"/> Compatible grouping of dogs <input type="checkbox"/> Females in season appropriately separated from intact males <input type="checkbox"/> Aggressive dogs are separated <input type="checkbox"/> Puppies under 4 months appropriately separated 	<p>C <input checked="" type="checkbox"/></p>	<p>N/C <input type="checkbox"/></p>	<p>N/A <input type="checkbox"/></p>
<p>5. Behavior and socialization If noncompliant, check the items that were NOT COMPLIANT (6)(a)-(e)</p> <ul style="list-style-type: none"> <input type="checkbox"/> Daily contact with other compatible dogs is provided unless there is good cause <input type="checkbox"/> Daily positive human contact and socialization provided other than feeding time <input type="checkbox"/> Play objects or other forms of inanimate enrichment in primary enclosure is provided unless denied for good cause <input type="checkbox"/> Dogs have contact, activity, and enrichment, unless there is good cause <input type="checkbox"/> There is a written plan for meeting these behavioral and socialization requirements 	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>
<p>6. Dogs 5 months or older are vaccinated against rabies by a veterinarian or veterinary technician under 453.05(2)(d) 95.21(2)(a)</p>	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>
DOG IMPORTS			
<p>1. Dogs imported to Wisconsin 10.80 If noncompliant, check the items that were NOT COMPLIANT</p> <ul style="list-style-type: none"> <input type="checkbox"/> Dog is accompanied by a valid CVI approved by the department <input type="checkbox"/> Dog has a current rabies vaccination administered by a licensed veterinarian. Wisconsin accepts both valid one-year and three-year rabies vaccines <input type="checkbox"/> A veterinarian statement, signature and date of signature "Dogs have been inspected and show no signs of infectious disease . . ." <input type="checkbox"/> Valid issuance and expiration dates. A CVI is valid for 30 days from the date of inspection 10.06(5) 	<p>C <input checked="" type="checkbox"/></p>	<p>N/C <input type="checkbox"/></p>	<p>N/A <input type="checkbox"/></p>
<p>2. Sexually intact canines purchased or obtained from auctions outside Wisconsin have not been imported to Wisconsin without an import permit and negative B. canis test conducted within 30 days prior to import. (Test method must be approved by DATCP). See Order AH Docket No, 35PM09126-1 Amendment 1</p>	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>
<p>3. Dogs found to be positive on a heartworm test in the state of origin have not been imported to Wisconsin without meeting one of the following requirements: See Policy DIS-001</p> <ul style="list-style-type: none"> <input type="checkbox"/> Completing the appropriate treatment protocol as recommended by the American Heartworm Society (see https://www.heartwormsociety.org). The veterinarian must state that the dog was treated for heartworm and record all treatment dates on the CVI. <input type="checkbox"/> Obtaining a special permit from the state veterinarian granting permission to import an untreated heartworm positive dog. 	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>
DOGS KEPT INDOORS ATCP 16.22			
<p>1. Primary enclosures If noncompliant, check the items that were NOT COMPLIANT (1)(b) 173.41(10)(d)2</p> <ul style="list-style-type: none"> <input type="checkbox"/> Enclosure is structurally sound and maintained in good repair <input type="checkbox"/> Enclosure has dirt floor (dirt floors are prohibited) <input type="checkbox"/> Metal wire mesh floor is coated and has adequate gauge to prevent injury <input type="checkbox"/> Floor openings are small enough to prevent dog's foot from passing through <input type="checkbox"/> Floor and interior surfaces keep dogs clean, dry, and safe from injuries <input type="checkbox"/> Floor and interior surfaces regularly cleaned and sanitized 	<p>C <input checked="" type="checkbox"/></p>	<p>N/C <input type="checkbox"/></p>	<p>N/A <input type="checkbox"/></p>
<p>2. Stacked primary enclosures If noncompliant, check the items that were NOT COMPLIANT (1)(c)</p> <ul style="list-style-type: none"> <input type="checkbox"/> Floor of top enclosure is not higher than 52" from floor of room <input type="checkbox"/> Stacked arrangement provides for safe dog handling, adequate ventilation and temperature control, easy cleaning and sanitization and inspection. <input type="checkbox"/> Front side of stacked enclosures are ventilated and have solid floor for easy cleaning/sanitization <input type="checkbox"/> Stacked enclosures are stable when filled to maximum capacity with dogs <input type="checkbox"/> Dogs in stacked enclosures are not exposed to excreta, urine, dirt or debris falling from higher enclosures 	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input checked="" type="checkbox"/></p>

		C	N/C	N/A
<p>3. Primary enclosures for one or more dogs that get at least 30 minutes of exercise a day If noncompliant, check the items that were NOT COMPLIANT (2)</p> <p><input type="checkbox"/> Floor area of enclosure meets size requirements for the largest dog (see fact sheet)</p> <p><input type="checkbox"/> Floor area of enclosure meets size requirements for additional dogs (see fact sheet)</p> <p><input type="checkbox"/> Height of enclosure is adequate for tallest dog</p> <p><input type="checkbox"/> Each dog in primary enclosure has access for at least 30 minutes each day to a run or exercise area</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>4. Primary enclosures for one or more dogs that get at least 120 minutes of exercise a day If noncompliant, check the items that were NOT COMPLIANT (3)</p> <p><input type="checkbox"/> No more than one dog is kept in the enclosure</p> <p><input type="checkbox"/> Floor area of enclosure is adequate for the size of dog (see fact sheet)</p> <p><input type="checkbox"/> Height of enclosure adequate for the size of dog</p> <p><input type="checkbox"/> The dog has access for at least 120 minutes a day to a run or exercise area</p>		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<p>5. Run or exercise area If noncompliant, check the items that were NOT COMPLIANT (2)(e)&(3)(d)</p> <p><input type="checkbox"/> Area is large enough for the dog's size and temperament, considering the number of dogs that may use the area at the same time</p> <p><input type="checkbox"/> Area is large enough for the dog to achieve a running stride</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>6. Whelping enclosures If noncompliant, check the items that were NOT COMPLIANT (4)</p> <p><input type="checkbox"/> Enclosure is appropriate for breed</p> <p><input type="checkbox"/> Enclosure has solid floor in area accessible to puppies</p> <p><input type="checkbox"/> Enclosure is tall enough for the dam to stand normally and comfortably</p> <p><input type="checkbox"/> Enclosure is large enough for dam to lie down and stretch out for all puppies to nurse</p> <p><input type="checkbox"/> Enclosure is large enough for the number and temperament of the puppies</p> <p><input type="checkbox"/> Enclosure includes area that is only accessible to and large enough for dam</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>7. Nursery enclosures (weaning-4 months) If noncompliant, check the items that were NOT COMPLIANT (5)</p> <p><input type="checkbox"/> Enclosure is large enough to allow all puppies to turn around, stand up, lie down and exercise normal postural movements</p> <p><input type="checkbox"/> Enclosure is large enough to encourage socialization and exercise</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>8. Temporary enclosure for one dog If noncompliant, check the items that were NOT COMPLIANT (6)</p> <p><input type="checkbox"/> Dog is kept in enclosure for no more than 12 hours</p> <p><input type="checkbox"/> No more than one dog is kept in the enclosure</p> <p><input type="checkbox"/> Enclosure is long enough to accommodate entire length of dog (from tip of nose to base of tail)</p> <p><input type="checkbox"/> Enclosure is tall enough for dog to stand normally, turn around and lie down</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>9. Lighting, temperature and ventilation If noncompliant, check the items that were NOT COMPLIANT (7)</p> <p><input type="checkbox"/> Adequate light for proper care, maintenance and inspection and diurnal lighting cycle</p> <p><input checked="" type="checkbox"/> Adequate heating and cooling to protect dogs (based on breed) from temperatures and humidity that may be injurious to their health</p> <p><input type="checkbox"/> Adequate fresh or filtered air to maintain health of dogs and minimize odor, drafts, ammonia levels and moisture</p>		<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<p>10. Cleaning and sanitation If noncompliant, check the items that were NOT COMPLIANT (8)</p> <p><input type="checkbox"/> Excreta is removed daily or more often as needed</p> <p><input type="checkbox"/> Enclosures and areas cleaned rinsed and sanitized appropriately to be free of dirt, debris and disease hazards</p> <p><input type="checkbox"/> Enclosures are cleaned and sanitized before new dog is placed in it</p> <p><input type="checkbox"/> Dogs are removed from enclosure before it is cleaned and sanitized and are returned to the area after it is dry</p> <p><input type="checkbox"/> Solid surface or bedding is appropriate for breed and maintained in clean, dry condition</p>		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

DOGS KEPT OUTDOORS ATCP 16.24

		C	N/C	N/A
1. Dogs kept outdoors If noncompliant, check the items that were NOT COMPLIANT (1)		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/> Dog's breed, age, health and physical condition are suited to outdoor temperatures and conditions <input type="checkbox"/> Dog is acclimated to outdoor temperatures and variations that may occur				
2. Outdoor primary enclosure; minimum area and construction If noncompliant, check the items that were NOT COMPLIANT (2)&(3)		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/> Size of primary enclosure meets size requirements for an individual dog (see fact sheet) <input type="checkbox"/> Size of primary enclosure meets size requirements for additional dogs (see fact sheet) <input type="checkbox"/> Constructed and maintained to prevent escape <input type="checkbox"/> If any portion of the primary enclosure is covered by a roof or screen, it must be at least 12" above the standing height of the tallest dog in the enclosure				
3. Shelter, shade and windbreak If noncompliant, check the items that were NOT COMPLIANT (4)		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/> Outdoor primary enclosure contains at least one dog shelter that complies with dog shelter requirements below <input type="checkbox"/> Primary enclosure has adequate shade to protect all dogs, without crowding, from direct sunlight at times when heat stress may occur <input type="checkbox"/> Primary enclosure has windbreak adequate to shelter all dogs from wind				
4. Dog shelter If noncompliant, check the items that were NOT COMPLIANT (5)		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/> Is made of durable material and has 4 sides, a roof and flat solid floor <input type="checkbox"/> It's interior is accessible by all dogs in primary enclosure <input type="checkbox"/> It's large enough to accommodate all dogs without crowding <input type="checkbox"/> It's tall enough for largest dog to stand normally <input type="checkbox"/> It's constructed/maintained to prevent injury, provide protection from predators, and to allow dogs to retain or dissipate body heat and remain dry and clean				
5. Tethering If noncompliant, check the items that were NOT COMPLIANT (6)		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/> Dog is of a breed that can tolerate tethering <input type="checkbox"/> Dog can tolerate tethering based on age, health and physical condition <input type="checkbox"/> Dog can easily enter and lie down in a dog shelter that complies with the dog shelter requirements above <input type="checkbox"/> Dog is not pregnant or nursing <input type="checkbox"/> Tether cannot become entangled with any object <input type="checkbox"/> Tether has an anchor swivel <input type="checkbox"/> Tether is at least 6 feet long and of sufficient length for the size of dog <input type="checkbox"/> Tether is attached to a non-tightening collar or harness of sufficient size <input type="checkbox"/> Tether is used for a dog at an animal control facility or shelter for no more than 4 hours a day, complies with tethering requirements, and has caretaker on premises				
6. Runs or exercise areas If noncompliant, check the items that were NOT COMPLIANT (7)		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Dogs kept outdoors have at least 30 minutes a day to run/exercise <input type="checkbox"/> Area is large enough for the dog's size and temperament, considering the number of dogs that may use the area at the same time <input type="checkbox"/> Area is large enough for the dog to achieve a running stride <input type="checkbox"/> Area includes a shaded area large enough to shade all dogs using it without crowding				
7. Facility maintenance If noncompliant, check the items that were NOT COMPLIANT (8)		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> Facilities maintained to protect health and safety of dogs <input type="checkbox"/> Excreta removed from outdoor primary enclosures daily <input type="checkbox"/> Pests and parasites controlled as necessary to maintain dog health and comfort <input type="checkbox"/> Bedding maintained in clean, dry condition or bedding is not provided but solid resting place is appropriate for dog's breed, age, health and physical condition.				

TRANSPORTING DOGS ATCP 16.26

<p>1. Portable enclosures If noncompliant, check the items that were NOT COMPLIANT (3)</p> <ul style="list-style-type: none"> <input type="checkbox"/> Constructed of water-resistant and cleanable material <input type="checkbox"/> Designed to keep all dogs clean and dry <input type="checkbox"/> Designed to protect the health and safety of dogs <input type="checkbox"/> Has ventilation openings to ensure dogs' comfort <input type="checkbox"/> Securely closes when in use <input type="checkbox"/> Cleaned and sanitized between use and more often as necessary <input type="checkbox"/> When on a transport vehicle, enclosure must be: <ul style="list-style-type: none"> <input type="checkbox"/> Positioned so each dog has access to sufficient air for normal breathing <input type="checkbox"/> Positioned for emergency removal of dogs <input type="checkbox"/> Positioned to protect all dogs from the elements <input type="checkbox"/> Positioned to protect dogs from excreta falling from above <input type="checkbox"/> Secured to prevent reasonably foreseeable movement that may injure dogs 	<p>C <input checked="" type="checkbox"/></p>	<p>N/C <input type="checkbox"/></p>	<p>N/A <input type="checkbox"/></p>
<p>2. Care of dogs during transport If noncompliant, check the items that were NOT COMPLIANT (2)</p> <ul style="list-style-type: none"> <input type="checkbox"/> Dogs protected from hypothermia and hyperthermia (heated/cooled if necessary) <input type="checkbox"/> Adequate space to turn, stand and lie down (except in transport for training, trialing and hunting) <input type="checkbox"/> Access to food at least once a day and adequate access to water <input type="checkbox"/> Dogs separated from each other, if necessary (females in season, aggressive dogs, puppies) <input type="checkbox"/> Dogs visually inspected every 4 hours <input type="checkbox"/> Dogs are removed from vehicle at least every 12 hours to urinate, defecate and exercise (unless vehicle is equipped for such needs) <input type="checkbox"/> Dogs are removed from vehicle in a timely fashion upon reaching destination 	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>
<p>3. Transport vehicles If noncompliant, check the items that were NOT COMPLIANT (3)</p> <ul style="list-style-type: none"> <input type="checkbox"/> Vehicle is equipped to provide fresh or filtered air without injurious drafts to dogs <input type="checkbox"/> Cargo space construction and maintenance adequate to minimize the ingress of exhaust from the vehicle 	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>

PROHIBITED CONDUCT ATCP 16.28

Person has not:			
<p>1. Prevented DATCP employee from performing his/her duties</p>	<p>C <input checked="" type="checkbox"/></p>	<p>N/C <input type="checkbox"/></p>	<p>N/A <input type="checkbox"/></p>
<p>2. Physically assaulted a DATCP employee</p>	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>
<p>3. Refused or failed to produce required records or responded to department subpoena or investigative demand (without just cause)</p>	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>
<p>4. Violated s. 95.13 (misrepresenting breeds) or 95.19 (diseased animals), Stats</p>	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>
<p>5. Accepted custody or control of a dog from any person knowing that person is required to be licensed as a dog seller unless all of the following apply:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Person took control of the dog to protect its health, safety or welfare <input type="checkbox"/> The person notified the department 	<p><input checked="" type="checkbox"/></p>	<p><input type="checkbox"/></p>	<p><input type="checkbox"/></p>

II. FUTURE COMPLIANCE INSPECTION REQUIREMENTS

GENERAL LICENSE REQUIREMENTS S. ATCP 16.02

1. Dog seller license must be posted in a prominent place. (4)
2. Dog Seller license number must be listed in advertisements. (5)
3. Dog seller must post in a prominent place a copy of the most recent inspection report related to that location [16.12(5)(b)]

RECORD KEEPING S. ATCP 16.14

1. Records must be made available to the department for inspection and copying and be kept in written or readily readable electronic form. (1)
2. Records must be retained for at least 5 years. (1)
3. Complete records must be kept of each location at which dogs are kept, including: (2)
 - Address of each location where dogs are kept.
 - Name of individual responsible for administering that location
 - Name and address of home custody provider, if applicable
4. Complete records must be kept for each dog, including any dog the person consigns to a home custody provide, including: (3)(a)-(i)
 - Breed of dog recorded
 - Sex of dog recorded
 - Date of birth or approximate age recorded
 - Color of dog recorded
 - Distinct markings on dog recorded
 - Official individual animal identification (tag, tattoo, microchip) and any other ID, if any assigned
 - Statement that the dog was born under license holder's custody or legal control, if that is the case
 - If dog was not born under the license holder's custody / control, all of the following:
 - o date on which license holder acquired custody or control
 - o name and address of person from whom dog was acquired
 - o person's USDA animal care facility license or registration number (if any)
 - If dog is no longer under the license holder's custody or control, all of the following:
 - o date on which the dog left custody / control of licensee
 - o disposition of dog
 - o identity of the person whom assumed custody / control
 - CVI that accompanied dog when it entered or left the licensee's custody / control
 - Vaccination information
 - Observation information
 - Treatment that occurred & who administered the healthcare
 - Breed registration records kept, if applicable

DOGS SOLD/TRANSFERRED/ADOPTED - CERTIFICATE OF VETERINARY INSPECTION (CVI) REQUIRED S. ATCP 16.16

1. Dogs must be at least 7 weeks old to sell/adopt. ATCP 16.18
2. Dogs found to be positive on a heartworm test may not be sold/transferred/adopted without meeting one of the following requirements: See Policy DIS-001
 - Completing the appropriate treatment protocol as recommended by the American Heartworm Society (see <https://www.heartwormsociety.org>). The veterinarian must state that the dog was treated for heartworm and record all treatment dates on the CVI.
 - Disclosing that the dog is heartworm positive and is untreated. The licensee must submit to the state veterinarian for approval a signed statement from the buyer/recipient/adopter saying that the dog will be treated with the appropriate treatment.

3. CVI must be a valid form issued by the department. See import fact sheet	(3)
4. Dogs sold must be accompanied by a valid CVI containing all of the following information	(1)&(4)
<input type="checkbox"/> Name and address of seller. (4)(a) <input type="checkbox"/> The number, breed, sex and age of dog(s) <input type="checkbox"/> Whether the dog is spayed, neutered or sexually intact <input type="checkbox"/> Vaccination record of the dog listing all of the following: <ul style="list-style-type: none"> <input type="checkbox"/> The type of vaccine <input type="checkbox"/> The manufacturer of the vaccine <input type="checkbox"/> The serial and lot numbers of the vaccine <input type="checkbox"/> The date administered & person administering the vaccine <input type="checkbox"/> If a dog was imported to Wis, valid information on the CVI that accompanied the dog must be replicated on the CVI that will accompany the dog when sold. <input type="checkbox"/> Documentation showing that the dog has tested negative on an approved Brucellosis test, if dog(s) is sold at public auction & is not spayed / neutered. <input type="checkbox"/> A veterinarian statement, signature and date of signature "Dogs have been inspected and show no signs of infectious disease . . ." <input type="checkbox"/> Valid issuance and expiration dates. A CVI must be signed by the veterinarian within 10 days after the veterinarian completes the examination on which the CVI is based. The CVI is valid for 30 days after the date on which the veterinarian completed the exam.	
5. The CVI must be distributed to buyer, seller and issuing veterinarian.	(6)
6. A CVI may be re-used for a dog sold prior to the expiration of a CVI previously issued for that dog if the seller keeps a copy of the CVI in his/her record and provides a copy of the CVI to the buyer.	(7)(a)
7. A CVI may incorporate information from a prior unexpired CVI for the same dog but must include a statement from the veterinarian identifying the prior CVI. "The (identify pertinent info incorporated from prior certificate) on this certificate has been copied from the attached CVI issued by (name of veterinarian who issued the prior certificate) at (address) and (date)."	(7)(b)
8. A CVI may only be written and updated by a veterinarian.	
III. NEXT ACTION	
<input checked="" type="checkbox"/> One Year Inspection <input type="checkbox"/> Routine <input type="checkbox"/> Re-inspection <input type="checkbox"/> Follow-up <input type="checkbox"/> Compliance	
INSPECTOR / CONSULTANT SIGNATURE	DATE

Stokhaus Media, LLC (Stokeshire Designer Doodles – secondary location)

- License type: Dog seller (Dog breeder)
- Breed(s): Golden retriever, Poodle, English sheepdog, Australian shepherd, Bernese MTN dog, Poodle mix
- Website(s): <http://www.wisconsin designerdoodles.com/>; <http://www.facebook.com/stokeshire designerdoodles>
- Hours of operation: Upon appointment
- Previous Department inspection: NONE
- Veterinarian / Veterinary Clinic(s):
 - Medford Veterinary Clinic (Medford, WI)

Facility notes / comments:

This location is the secondary location under the license. This location includes a residence and a pole-shed building.

PRIMARY ENCLOSURES – (Residence) Some dogs may be kept in the home and cared for in a pet-like fashion. The heated garage has designated dog enclosures that may be when necessary. These enclosures are constructed of welded-wire panels / x-pens upon a cement flooring. (Pole shed) Other dogs at this location may be kept within an unheated pole shed building. Within this building are five (5) primary enclosures. Enclosures have an indoor portion constructed of welded-wire panels upon a cement flooring/ rubber mats and an attached outdoor run constructed of welded-wire panels. Outdoor runs are covered by an overhanging roof. Each enclosure has an indoor floor area of approximately 25 ft² (dimension: 5' x 5') and an outdoor floor area of approximately 25 ft² (dimension: 5' x 5').

WHELPNG / NURSERY ENCLOSURES – Dams whelp & nurse litters within an enclosure in the heated garage of the residence. An enclosure constructed of x-pen panels is used. Cleanable flooring, a whelping box, and a litter box are provided. When puppies get older they are transitioned into a larger enclosure. This enclosure is constructed of x-pen panels upon a cleanable flooring.

EXERCISE – (Residence) Dogs are allowed to roam the yard when supervised. (Pole shed) Dogs kept within this building have access to outdoor runs through their dog doors. These runs connect to a larger exercise pen. Dogs are able to have access to this larger spaces multiple times/ day or for extended periods of time.

OUTDOOR FACILITIES – The location has a large, fenced exercise yard adjacent to the pole-shed.

- Many dogs within the licensee's dog breeding program are in guardian homes (home custody providers) within Wisconsin and neighboring states.
- In 2023 the licensee plans to renovate the pole-shed building and convert it into a designated dog housing area. The indoor housing area will have temperature-controls and will serve as the primary dog housing space for adult dogs and litters of puppies.

Inspection summary:**January 23, 2023**

(10:00 am) – Colin Benell (Companion Animal Inspector, DATCP) conducted a pre-licensing inspection of the dog breeding facility and dog records at W4954 County Road O, Medford, WI. Benell was accompanied and assisted by James Stokes (Owner of property & Stokhaus Media, LLC).

Dog inventory: 7 adult/ juvenile dogs (within breeding program), 1 puppy.

Based upon the results of the pre-licensing inspection a FULL STATUS license is recommended.

Deficiencies:

ATCP 16.22 Dogs kept indoors. The following requirements apply to an indoor facility at which a person keeps dogs pursuant to a license under s. ATCP 16.02 (1):

(7) Lighting, temperature and ventilation.

(b) An indoor facility shall have adequate heating and cooling, and shall be heated at a minimum of 50 degrees Fahrenheit. The indoor facility shall be heated or cooled as necessary to keep temperatures within appropriate limits, based on the dog breeds kept at the facility and the ability of those breeds to acclimate to temperature variation. Dogs shall be protected from heat, cold and humidity that may be injurious to their health.

- At the time of the inspection the weather was cold, wintery conditions with an air temperature of approximately 20°F. Five (5) dogs were being kept indoors within the pole shed building. The space was not heated and was found to have an air temperature of approximately 35-40° F. Due to the absence of dog shelters, this space was found to be inadequately heated to provide dogs with protection from the cold.

This deficiency was corrected shortly after the inspection with the installation of dog shelters within each indoor enclosure. The construction of these enclosures complied with provisions under ATCP 16.24.

Inspection result:

Based upon the findings from the pre-licensing inspection a FULL status license is recommended to be issued.

Discussion with Stokhaus Media, LLC:

- The minimum age requirement and certificate of veterinary inspection (CVI) requirements were discussed. SM stated puppies are not sold before 7 weeks of age and that they are examined by a veterinarian prior to sale. Benell explained the CVI requirement and that each customer is to get a copy of a CVI. Benell explained the Wisconsin Intra-state DS CVI.
- License renewal and inspection procedures were discussed.
- SM was made aware of the requirement to post the license and most recent inspection report in accordance with ATCP 16.12(5)(b) and ATCP 16.02(4)(a).
- SM was made aware of the requirement to post the license number on any advertisements in accordance with ATCP 16.02(5).
- Import requirements were discussed under ATCP 10.80(1).
- B. Canis was discussed and educational materials were provided.

Notes:

- Benell reviewed the record keeping requirements with SM and provided recommendations for maintaining such records. Primarily electronic records were being kept. Puppies recently sold were at least 7 weeks of age when sold. All indoor and outdoor facilities were observed to be in good condition and clean. All housing had adequate sanitation, lighting, ventilation, and air temperature. All dogs on premises were observed to be in good body condition, well groomed, and appeared to have adequate food, water, inanimate enrichment, and exercise on the date of the inspection.

Recommendations: NONE
